

St. Joseph School Community Partnership Program

2023-2024

St. Joseph Church and School have been a part of the Conway community since 1879. We have produced successful business and community leaders over the past 144 years, and we recognize that we haven't done it alone. It is through the support of our Community Partners that St. Joseph School has thrived and is still committed to providing quality education to the future leaders of the Conway community.

Your business is important to us and our community, and we would like to thank all who have supported us in the past and hope you will continue to support St. Joseph School through our Community Partnership Program. By partnering with us, you are ensuring that faith, academics, and service remain integrated in shaping leaders of tomorrow. In return, we wish to promote your business to the community through many avenues--mailings, ads on school social media and in school communications, our school website, signage around campus, and much more.

Our Community Partnership Program includes a large range of partnership levels offering different avenues of promotion for your business. Simply fill out the enclosed form and return the form to the school. You can pay by check, or you may also contact our School Business Manager, Mrs. Cathy White, 501-329-5741, to give via credit card.

Thank you for supporting St. Joseph School!

Mrs. Teri Breeding
