South Burlington Community,

As building leaders of the South Burlington School District, we are unwavering in our commitment to supporting our students, staff, and community. This includes our support of the Board approved FY 26 budget.

As a team, we confronted the fiscal challenges, recognizing the profound impact on our community. We recognize the difficult and painful decisions this process has required, including reductions to valuable staff, programs, and resources that have been integral to the success of our schools.

Our focus remains steadfast: passing the Board approved budget that prioritizes the needs of our students given the constraints and ensures continued success. Now is the time for all of us to come together and rally behind this budget that will go to vote on March 4th.

We stand united in this purpose as your building leaders. Together, we will continue to prioritize the well-being of our community and do all we can to help our students thrive. Let's move forward with strength, unity, and a shared commitment to our schools and the future of our community.

Respectfully,

John Craig, SBHS Acting Principal
Suzanne Gruendling, FHTMS Principal
Mike Jabour, Director of Student Activities
Olivia Kane, Orchard Principal
Lissa McDonald, RMCS Principal
Holly Rouelle, GCS Principal
