PRINCIPAL'S PEN

Hello Families,

I am so excited to report that we had 99% attendance for parent/teacher conferences. It is always so encouraging when turnout is high and teachers can share student progress and growth with families. It is also great to have families in the building looking at student art, and bulletin boards full of student work and seeing their child being given a "shout out" for good deeds and work ethic.

What other ways can you be involved in our school community?

Join the PTC!

Why join the PTC?

Come meet new people in a fun, welcoming environment. You'll connect with other families with kids your child's age, your child's teachers, and school staff!

Connect to important school and community resources that you can use to support your child's academic, social, and emotional well-being.

What does the PTC do?

The PTC organizes school events such as school dances, book fairs, and talent shows.

The PTC uses funds raised from these events to support the schools in many ways such as playground equipment, classroom supplies, dinner during conferences for teachers, and teacher appreciation days.

The PTC also helps organize and support a yearly field day.

These are only some of the past events organized by the PTC. Come and lend your voice and ideas to the PTC and support our school!

Our next meeting is on May 7 at 2:45 in the school cafeteria. There will be snacks available and a coloring station for kids who need to accompany their parents.

See you there!

2ND GRADE DISCUSSED CHANGING STATES OF MATTER

The class experimented to see what happens when you put candy in warm water. They determined that some candy melted, some got squishy and some retained their shape. Thank you to Lola's mom who volunteered to assist the class.
