Maranacook Elementary

Physical Education

Mr. Lajoie

We are a few weeks into our throwing and catching unit where we are learning many cooperative skills and starting some competitive games. Throwing and catching is always a student favorite as there are so many great games and activities we get to do. With all competitive games we discuss the importance of good sportsmanship, wanting to win but respecting those we get to play against and the only way we truly win in PE is by giving our best effort.

Grades K-2 are learning about underhand throws and beginning to learn how to throw overhand in a mature pattern that will lead to accuracy and greater distances. Grades 3-5 are still practicing our overhand throws with games like Boom city, Monster ball and mini games during our station day.

I always lead new skills with a talk about how we get better at things, **Practice, Practice, Practice!!!!** Your kids are awesome so get out there and be awesome with them and let them show you their new (or old) throwing skills.

SHOE CORNER

Cold weather means winter boots and warm gear for an active outdoor recess. It also means an **extra pair of sneakers** for gym class and all indoor activities.

Boots are better than crocs but still not the right gear for gym class. A wet and dirty gym floor is slippery and unsafe. Help me keep the children safe and active by sending them with sneakers.

Mr. Lajoie PE Days:

Mon: Readfield
Tue: Wayne
Wed: Manchester
Thurs: Manchester
Fri: Readfield
