## **Remote Day Lunch Sign Ups**

Parents and guardians – as winter weather approaches, please note that the school board has approved both remote learning days and storm days to handle any severe weather events or other situations that may disrupt normal school operations. If the superintendent decides to use a remote learning day in lieu of a snow day. The board opted to include two remote learning days in this year's school calendar. We will assign work for students to complete from home on those dates - please see the appropriate school level plans for the remote day that will be shared in this newsletter. If you would like to sign up for breakfast/lunch for remote days please use the following link: <https://forms.gle/YByLYrccoYgiAr3z8> The calendar also designates two full snow days when no remote work will be required, should inclement weather force schools to close. Check the district website and local media for announcements on remote learning days, delays, or closures this winter. If you have any questions on emergency day policies, please contact your school principal.

Superintendent Charette

With the winter season upon us, it is important your child dresses appropriately for recess. Please ensure your child has the following winter attire: jacket, snow pants, boots, hat and mittens. We do not want them spending the remainder of the day in wet clothing. Thank you for your support at home.

December RES ROCKS Celebration will held on December 20th. We are working hard as a school to earn a Pre Vacation Hot Chocolate Party. We would love your help to make this happen, if you are able. The items can be dropped off at the front office at any time. Thank you in advance for helping us kick off vacation with some fun.
