SECTION 1—Board Governance and Operations

1.1—Legal Status and Membership of the Board of Directors

By the authority of Article 14 of the Arkansas Constitution, the General Assembly has provided that locally elected school boards will be responsible for the lawful operation and maintenance of its local schools.

While the Board has a broad range of powers and duties, its individual members only have authority when exercising their responsibilities in a legally convened meeting acting as a whole. The sole exception is when an individual member has been delegated authority to represent the Board for a specific, defined purpose. In matters such as personnel discipline, expulsions, and student suspensions initiated by the superintendent, the Board serves as a finder of fact, not unlike a jury. For this reason, the board should not be involved in or, to the extent practicable, informed of the facts or allegations of such matters prior to a board hearing or those disciplinary matters in which the Board could become involved.

It is the policy of the Ouachita River School Board that its actions will be taken with due regard for its legal responsibilities and in the belief that its actions shall be in the best interests of its students and the District as a whole.

The board shall consist of seven members elected by zone by the qualified electors of their designated zone in the Ouachita River School District. Each member is elected for a term of five years. The expiration dates of the terms are staggered so that no more than two members' regular terms expire in one year.

A board member must be a bona fide resident and a qualified elector of the zone they represent. The Board of Directors shall have authority to fill any vacancy, as prescribed by law, which may occur in that body until the next school election.

1.2—Board Organization and Vacancies

The Board shall elect a president, vice president, secretary, and legislative liaison at the first regular meeting following the annual September school election. In the case of a run-off election, the officers shall be elected at the first regular meeting following the runoff election. The Ouachita River School District is located in two counties Montgomery and Polk. The president and secretary shall not be residents of the same county. Officers shall serve one-year terms and perform those duties as prescribed by policy of the Board. The board shall elect a primary board disbursing officer and an alternate board disbursing officer.

When the position of an officer of the board becomes vacant, the officer's position shall be filled for the remainder of the year in the same manner as for the annual election of officers after the annual school election. Election of Board officers shall not occur except on a once per year basis or to fill an officer vacancy.

Vacancies

A vacancy shall exist on the Board if a board member:

1. Moves his or her bona fide permanent residence outside the boundaries of the school district;
2. Fails to physically attend three (3) consecutive regular meetings of the school district board of directors;
3. Fails to physically attend six (6) regularly scheduled board meetings of the school board of directors in a calendar year;
4. Fails to receive the mandatory hours of training within the statutory time period;
5. Is convicted of a felony;
6. Is called to active military duty;
7. Has served a full-length term as a holdover and has not subsequently been elected to another term;⁵
8. Resigned from the school board of directors; or
9. Dies.

If credible evidence of a vacancy existing due to numbers 1 through 4 is presented to the president, vice president, or secretary of a school district board of directors, a majority of the members of the school district board of directors shall:

- Vote on whether to appoint an independent investigator to investigate the credible evidence presented; and
- Hold a hearing on the existence of a vacancy.⁶

A vacancy does not exist for numbers 2, 3, and 4 if the reason for the member's absences or failure to receive training is either:

- a. Military service of the board member; or
- b. Illness of the board member that is verified by a written sworn statement of the board member's attending physician.

When a vacancy occurs on the board of directors, a successor to a vacated position shall be appointed:

- I. If at least a quorum of the Board remains, by the remaining Board of Directors within thirty (30) days for vacancies resulting from numbers 1 through 8 above and up to sixty (60) days for vacancies due to the board member's death; or
- II. If less than a quorum of the Board remains or the Board fails to fill the vacancy within the time permitted, by the county quorum court.

The successor to a vacant position must be registered to vote in the District and, if applicable, reside in the zone of the vacant position.⁷

When a vacancy on the Board resulted from a board member's failure to receive the required training within the statutory time period, the board shall not appoint the individual who failed to receive the required training to fill the vacancy.

Except for a temporary vacancy due to military service, an individual appointed to fill a vacancy shall serve until the annual school election following the appointment. An individual appointed to fill a temporary vacancy due to military service shall serve until either the Board member who has been called to active military service returns and notifies the Board secretary of his/her desire to resume service on the Board or the Board member's term expires. If a Board member's term expires while the board member is on active military duty, the board member may run for re-election; if re-elected, the re-elected Board member's temporary vacancy shall be filled again in the manner prescribed in this policy.

The secretary of the school district board of directors shall notify the county clerk of an appointment to the school district board of directors within five (5) days of the appointment being made. The notice shall include the name of the appointed board member and the expiration date of his or her term.

An individual appointed to fill a vacancy must submit proof of having received the oath of office to the county clerk before the individual may assume any duties.

1.6—Board Member Voting

Establishment of a Quorum

A quorum of the Board is a majority of the membership of the Board. No vote or other board action may be taken unless there is a quorum present. Except as provided in Policy 1.6.1—ATTENDING MEETINGS REMOTELY¹, a Board member must be physically present at a meeting to be counted toward establishing a quorum or to be eligible to vote. A majority of the quorum voting affirmatively is necessary for the passage of any motion. A quorum must be physically present for a board to enter executive session for any reason.

Voting and failure to vote

Except as provided in Policy 1.6.1—ATTENDING MEETINGS REMOTELY¹, all Board members, including the President, shall vote on each motion, following a second² and discussion of that motion.

Failure of any Board member to vote, while physically present in the meeting room, shall be counted as a “no” vote, i.e., a vote against the motion.

Only those votes taken by the Board in open session are legally binding. No motion made or vote taken in executive session is legally binding, although a non-binding, unofficial and non-recorded vote may be taken in executive session to establish consensus or further discussion.

Abstentions from Voting

In order for a Board member to abstain from voting, he must declare a conflict and remove himself from the meeting room during the vote. A Board member who removes himself/herself from a meeting during a vote due to a conflict of interest shall not be considered present at the meeting for the purpose of establishing a quorum until the member returns to the meeting after the vote.

In accordance with Policy 1.6.1, a board member who is attending remotely shall be treated as having left the room for any vote on an item discussed in executive session even if the board member is remotely present for the vote. The minutes shall record the board member attending remotely by name and describe the board member as non-voting in accordance with A.C.A. § 6-13-619(d)(3)(B)(ii).¹

1.9—Policy Formulation

The Board affirms through its policies and its policy adoption process, its belief that:

- 1) The schools belong to the people who create them by consent and support them by taxation;
- 2) The schools are only as strong as an informed citizenry and knowledgeable school staff allow them to be; and
- 3) The support is based on knowledge of, understanding about, and participation in the efforts of its public schools.

The following shall be the guidelines for policy adoption for the Ouachita River School District.

General Policies

Policies that are not personnel policies may be recommended by:

- The Board or any member of the Board;
- The Superintendent, Assistant Superintendent, any other administrator or employee of the District
- Committee appointed by the Board; or
- Any member of the public.

Policies adopted by the Board shall be within the legal framework of the State and Federal Constitutions; appropriate State and Federal statutes; State rules; Federal regulations; and court decisions.

Except for personnel policies, when reviewing a proposed policy, the Board may elect to adopt, amend, refer back to the person proposing the policy for further consideration, take it under advisement, reject it, or refuse to consider the proposal.

Licensed and Classified Personnel Policies

Personnel policies (including employee salary schedules) shall be created, amended, or deleted in accordance with State law:

(1) Board Proposals:

The Board may adopt a proposed personnel policy by a majority vote. Such policies may be proposed to the Board by a Board member or the Superintendent. The Board may choose to adopt the proposal, as a proposal only, by majority vote.

Following the adoption of a proposed personnel policy, the proposal must be presented to the appropriate Personnel Policy Committee (PPC). Such presentation shall be in writing, to all members of the Committee.

When the PPC has possessed the proposed personnel policy for a minimum of ten (10) working days from the date the PPC received the proposed policy (i.e., ten (10) workdays, not including weekends or state or national holidays), the Chairman of the PPC, or the Chairman's designee, shall be placed on the Board of Director's meeting agenda to make an oral presentation to the Board to address the proposed policy. Following the presentation, the Board may vote at the same meeting at which the proposal is made, or, in any case, no later than the next regular Board meeting to:

- (a) Adopt the Board's original proposed policy as a policy;
- (b) Adopt the PPC's counter proposed policy as a policy; or
- (c) Refer the PPC's counter proposed policy back to the PPC for further study and revision. Any such referral is subject to the same adoption process as a proposed policy originating from the board.

The Board may vote on the proposed policy at the same meeting at which the proposal is made, or, in any case, no later than the next regular Board meeting. In voting on a proposed policy from the PPC, the Board may:

- (a) Adopt the proposal;
- (b) Reject the proposal; or
- (c) Refer the proposal back to the Personnel Policies Committee for further study and revision.

When the Board is revising the licensed and classified personnel salaries, the Board of Directors shall, as required by Arkansas law, review and approve by a written resolution any employee's salary increase of five percent (5%) or more for the employee.¹

A copy of all personnel policies shall be signed by the president of the Board of Directors and kept in a central records location.

All personnel policies must be sent to the PPC for the minimum ten (10) days regardless of the intended effective date of the policy.

Effective date of policy changes:

All personnel policy changes enacted during one fiscal year will become effective on the first day of the following fiscal year, July 1. This specifically includes any changes made between May 1 and June 30 to ensure compliance with state or federal laws; state rules; federal regulations; or the Division of Elementary and Secondary Education Commissioner's Memos. In addition, changes to policies to maintain compliance with state or federal laws; state rules; federal regulations; or Commissioner's Memos that are after June 30 but are adopted within ninety (90) days from the effective date of the legal change that created the need for the policy adoption shall become effective on the final date of adoption.

Changes made to personnel policies between May 1 and June 30 that are **not** made to ensure compliance with state or federal laws; state rules; or federal regulations will take effect on July 1 of the same calendar year provided no later than five (5) working days after final board action, a notice of the change is sent to each

affected employee by first class mail to the address on record in the personnel file.² The notice of the change must include:

- a. The new or modified policy or policies provided in a form that clearly shows the additions underlined and the deletions stricken;
- b. A statement that due to the change(s), the employee has the power to unilaterally rescind his/her contract for a period of thirty (30) days after the school board took final action on the policy (policies). The rescission must be in the form of a letter of resignation within the thirty (30) day period.

Except for policy changes to ensure compliance with changes in the law that are adopted within the ninety (90) day window, for a policy change to be made effective prior to July 1 of the following fiscal year, a vote must be taken of all licensed personnel or all classified personnel, as appropriate, with the vote conducted by the appropriate PPC.

If, by a majority vote, the affected personnel approve, the policy becomes effective as of the date of the vote, unless otherwise specified by the Board in requesting such vote. No staff vote taken prior to final board action will be considered effective to make a policy change.

All non-personnel policy changes may become effective upon the Board's approval of the change, unless the Board specifies a different date.

The District shall create, revise, and adopt a District student media policy in conjunction with the District's student media advisor(s) and appropriate District administrators.

The District's personnel policy committees shall annually review the District's student discipline policies along with State and District discipline data. Based on the committees' annual review, the committees may recommend changes to such policies to the Board of Directors.³

Parents, students, and school district personnel, including teachers, shall be involved in the development of student discipline policies.⁴

Board members who are elected to serve an initial or non –continuous term shall obtain a minimum of nine (9) hours of training by December 31 of the year following their election and a minimum of six (6) hours of training by December 31 of each calendar year thereafter. The initial nine (9) hours of training a board member receives shall include:

- Information regarding school safety and student discipline.

Board members who have served on the Board for twelve (12) or more consecutive months are required to obtain a minimum of six (6) hours of training by December 31 of each calendar year. Hours a board member obtains in excess of the required minimums may be carried forward through December 31 of the third (3rd) calendar year following the year in which the hours were earned.

The superintendent shall annually prepare a report of on board training hours to be presented to the Board at the Board's regular January meeting. The report shall be presented in a table format with a row for each board member and columns for each of the following:

1. The hours of training each school board member received between January 1 and December 31 of the previous calendar year;

3. The sum of numbers 1 and 2; and
4. The number of training hours the board member was required to receive during the previous calendar year.

A board member who provides the necessary documentation demonstrating that the failure to receive the required hours of training was due to military service or a serious illness shall have until December 31 of the current calendar year to receive both the hours of training for the current calendar year and those the board member failed to obtain during the previous calendar year.

The training shall be focused on topics relevant to school laws, school operations, and the powers, duties, and responsibilities of the members of the board of directors. The responsibilities include, but are not limited to: legal requirements; role differentiation; financial management; improving student achievement; reading and interpreting an audit report; the duties and responsibilities of the various levels of employees within the district as well as those of the board of directors; and information regarding school safety and student discipline.

The district is responsible for maintaining a record of the hours of training received by each board member. Board members shall make a concerted effort to submit documentation of training they have received to the superintendent or the superintendent's designee. In the absence of such documentation, the district shall attempt to obtain records of training received from training providers.

Such training may be obtained from an institution of higher learning, from instruction provided by the Division of Elementary and Secondary Education (DESE), the Arkansas School Boards Association, or from other providers approved by the DESE.

A statement regarding the number of hours of training received each preceding calendar year shall be:

- Part of the district's comprehensive school plan and goals;
- Published in the same way as other components of the comprehensive plan and goals are required to be published;
- Part of the annual school performance report required to be submitted to, and published by the DESE.

Board members shall be reimbursed, from school funds, for expenses relating to such training and board members shall be paid a per diem stipend for days necessary to attend such training with the amount of such stipend to be determined by the Board in July of each year.¹

1.13—Superintendent / Board Relationship

The Board's primary responsibility is to develop, working collaboratively with the community, a vision and mission for the District. The Board formulates and adopts policies to achieve that vision and elects a Superintendent to implement its policies. The Board and the Superintendent and the relationship between them set the tone for the district to follow. The relationship is enhanced when both parties understand their roles and carry them out in an ethical and professional manner working to develop a relationship of mutual trust and respect.

The Superintendent and staff are responsible for administering the Board's policies and will be held responsible for the effective administration and supervision of the District. The Superintendent is authorized to develop and implement administrative regulations to fulfill the Board's policies, provided such regulations are consistent with the intent of the Board's policies.

1.14—Meeting Agenda

The agenda guides the proceedings of the Board meeting. The Superintendent shall prepare the agenda with consultation from the Board President. Other members of the Board who desire to have an item placed on the monthly agenda may do so by contacting the Superintendent or, in writing, the Board President by the date established in this policy and the item will be duly considered for inclusion.

The chairman of the PPC, or the chairman's designee, shall be placed on the Board of Director's meeting agenda to make an oral presentation to the Board to address either a personnel policy proposed by the Board that the PPC committee has possessed for no less than 10 work days or a personnel policy that the PPC wishes to propose to the Board.

District patrons wishing to have an item placed on the Board meeting's agenda must submit their requests, in writing to the Superintendent, at least 5 days prior to the meeting of the Board. The written request must be sufficiently descriptive to enable the Superintendent and Board President to fully understand and evaluate its appropriateness to be an agenda item. Such requests may be accepted, rejected, or referred back to the individual for further clarification.

The Superintendent shall notify the Board President of all written requests to be placed on the agenda along with the Superintendent's recommendation concerning the request. No item shall be placed on the agenda that would operate to prejudice the Board concerning a student or personnel matter that could come before the Board for disciplinary or employment considerations or that is in conflict with other District policy or law.

Patrons whose written request to be placed on the meeting's agenda has been accepted shall have a time limit set by the board President. The speaker shall limit his/her comments to the approved topic/issue or forfeit his/her right to address the Board. The members of the Board will listen to the patron's presentation, but shall not respond to the presenter during the meeting in which the presentation is made. The Board may choose to discuss the issue presented at a later meeting, but is under no obligation to do so.

The Superintendent shall be responsible for Board members receiving copies of the Agenda with all accompanying pertinent information at least five (5) days prior to the meeting.

1.18—District Audits

The District's annual audit serves as an important opportunity for the Board of Directors to review the fiscal operations and health of the district. As such, it is vital Board members receive sufficient explanation of each audit report to enable the members to understand the report's findings and help them better understand the District's fiscal operations.

The District shall have an audit conducted annually within the timelines prescribed by law. The audit shall be conducted by Arkansas Legislative Audit or through the audit services of a private certified public accountant(s) approved by the Board.

The Board of Directors shall review each annual audit at the first regularly scheduled board meeting following the receipt of the audit if the District received the audit prior to ten (10) days before the regularly scheduled meeting. If the audit report is received less than ten (10) days prior to a regularly scheduled board meeting, the board may review the report at the next regularly scheduled board meeting following the ten (10) day period.

The Superintendent shall present sufficient supporting/background information relating to the report's findings and recommendations which will enable the Board of Directors to direct the Superintendent to take appropriate action in the form of a motion or motions relating to each finding and recommendation contained in the audit report. Actions to be taken will be in sufficient detail to enable the Board of Directors to monitor the District's progress in addressing substantial findings and recommendations and subsequently determine that they have been corrected. The minutes of the Board's meeting shall document the review of the audit's findings and recommendations along with any motions made by the Board or actions directed to be taken by the Superintendent or designee.

2.3.A – Duties of the Principal

1. Qualifications - Must meet the requirements as set forth by the State Department of Education for a Class A School.
2. Election - Shall be elected by the Board of Education upon the recommendation of the superintendent at the regular February meeting of the Board.
3. Dismissal - Same procedures as set forth under instructional staff.
4. The principal shall have the responsibility of maintaining proper staff relations with all officers of the school system. Their specific responsibilities shall be:
 - A. To guide, supervise, and evaluate the instructional and guidance program of the school.
 - B. To guide and evaluate the work of all personnel assigned to the school under him/her.
 - C. To supervise the operation and maintenance of buildings, grounds, and other school property assigned to their care.
 - D. They must study the needs of the students individually and collectively.
 - E. The overall discipline of the school is directly the responsibility of the principals. They do have the right, however, to insist that teachers and others give them their cooperation.

- F. They must be able to get the truth out of those violating school regulations. Failure to do this could encourage children to follow a pattern of making false statements in order to defend themselves.
- G. They should deal strongly with those pupils sent to their office by individual teachers. A teacher is not likely to send any child to the principal or superintendent's office without a good cause, but when he does, he must know that he/she is going to get the strongest backing possible, if after checking, the child is actually guilty.
- H. They should know what is going on by moving about the buildings and grounds, observing teachers, pupils, athletic and other groups. By doing this an alert administrator will be constantly in contact with situations that need their attention.
- I. The principal must look far enough ahead to keep their schedule running smoothly at all times.
- J. They should be friendly and courteous at all times, meeting all visitors to the school.
- K. The principal should be the first person at the school building before any school program.
- L. They should see that all equipment is back in place as soon as possible after a school program is over.
- M. They should insist on good housekeeping. This adds to the personality of any school room or building.
- N. They should hold regular teachers' meetings. They have the authority to require teachers to attend these meetings and insist that they meet on time.
- O. Cases of student illness or injury should be reported to the principal immediately. The principal should contact the parent if possible and see that the student gets home or to his family doctor. A sick or injured child must not be permitted to go home alone. Indications of contagious or communicable diseases and *serious* injury should be reported to the Superintendent's office by the principal.
- P. The principal shall make a schedule of teachers and the dates they have basketball game duty.

Guidelines for Compliance with AR Law 6-17-113

All principals must report an incident to local law enforcement for investigation and to the Board for adjudication when:

A principal has:

- direct knowledge, OR has received information leading to reasonable belief that a student has committed:
- a felony on school property, OR
- a felony while under school supervision, OR
- a violent criminal act against: teacher, principal, employee or student.

Incidents That Must be Reported:

Crimes against Persons:

Report the incident when the result of a student's conduct is believed to be:

- death (capital murder, first degree murder, manslaughter)
- deprivation of liberty of another (kidnapping, first degree false imprisonment)
- physical injury to another (first and second degree battery)
- others were put at risk of death or serious physical injury (aggravated assault)

Crimes against property:

Report the incident when it is believed that:

- property was taken by deception or theft and value of property is over \$200 (theft)
- property was taken by threat or by force (theft, robbery)
- the property taken was a credit card (theft)
- a fire was started (arson and lesser offenses)
- a student remained in school building to commit a crime (burglary)
- a student broke into school building to commit a crime (burglary)
- a student broke into building, structure, vehicle, or object containing money or products. (breaking

and entering)

Sex Offenses:

Report the incident if sexual contact is believed to have occurred:

- by force (rape)
- victim was under age 14 (rape, lesser offenses)
- victim was unable to consent because of mental defect or mental incapacity or because he or she is physically helpless. (rape, lesser offenses)

Drug Offenses:

Report the incident if a student is believed to possess:

- drugs or controlled substances
- drug paraphernalia

Weapons Offense:

Report the incident if a student is believed to possess:

- a bomb
- any firearm
- metal knuckles or similar device

Note:

- A principal has *no discretion whatsoever*. If a principal has reason to believe that an incident has occurred that satisfies the guideline above, the incident *must* be reported, regardless of the age of the student or other mitigating factors. A principal who fails to report a felony is subject to criminal prosecution for that failure.
- Possible defenses to criminal acts should not be considered (self-defense, etc.)
- Do not attempt to distinguish between degrees of involvement when several students are involved. All students who may have participated in or planned an incident should be reported to local law enforcement.
- Do not attempt to distinguish between attempt and a complete crime. A student who has taken substantial steps toward committing a crime described above may have committed a felony and should be reported to local law enforcement.

Principals to Report Possible Students Who May Have Committed Felonies to Local Law Enforcement

All principals of the ORSD shall report incidents that may constitute felonies to local law enforcement agencies for investigation and to this Board for adjudication. A principal shall make such a report when he/she has direct knowledge or has received information leading to a reasonable belief that a student has committed a felony on school property, a felony while under school supervision or a violent criminal act against a teacher, principal, employee or student.

2.3.B Superintendent's Responsibilities for District Security

The board of directors for the Ouachita River School District recognizes that in order to provide its students and staff with some protection from an active shooter situation, or other life threatening situations, appropriate actions must be taken to prevent, or mitigate the horrific damage that can result from such events. In order to meet this challenge, the board is directing the superintendent to have the security of the physical plant reviewed periodically and to implement any viable recommendations that may arrive from these reviews.

The superintendent is now directed to create and maintain an Emergency Response Team, (ERT). The ERT will consist of individuals from each campus. ERT members must be district employees. ERT membership will be on a voluntary basis. ERT members must be mentally ready and willing to meet the demanding challenges that are presented if an active shooter situation or other similar emergency should ever arise at the Ouachita River School District. Prior to being named to the team, each volunteer employee will be carefully screened by the superintendent and pass a psychological evaluation. Once these requirements are met then the employee must successfully complete the Polk or Montgomery County Reserve Officer Course. The County Sheriffs will secure the necessary training opportunities for the ERT members to continue their certifications as Reserve Officers. All ERT members will be required to participate in the random drug screening program. If any member at any time believes they can no longer meet the requirements to serve on the ERT they can resign at any point. Serving on, resigning from, or declining to serve on the ERT will have no bearing on the employee's regular employment contract. All equipment provided to ERT members by the district or any associated grant is the property of the district and must be properly maintained, secured, and returned in accordance with the procedures established by the superintendent. The superintendent is directed to seek input from local law enforcement agencies with the development of the ERT and with ongoing reviews of the ERT and its associated procedures. The superintendent is also directed to seek cooperative training exercises for the ERT with local law enforcement agencies. A "one time only" stipend will be provided to each ERT member to help offset some of the initial expenses of the training and associated supplies.

SECTION 3—LICENSED PERSONNEL

3.1—Licensed Personnel Salary Schedule

The normal base contract period for teachers is 190 days. The salary distribution for a 190 day teacher contract shall be made in twelve installments beginning in August and shall be paid monthly on or about the twentieth of each month but no later than the last day of the month. The checks for June and July will be issued prior to June 30. In the event any employee enters into employment for less than 190 days or whose employment with the district terminates prior to the completion of the contracted number of days, the salary

will be paid according to the number of contract days actually worked. For the purposes of the salary schedule, a teacher will have worked a “year” if he/she works at least 160 days.

For the purposes of this policy, a master’s degree or higher is considered “relevant to the employee’s position” if it is related to education, guidance counseling, or the teacher’s content area and has been awarded for successful completion of a program at the master’s level or higher by an institution of higher education accredited under Arkansas statutory requirements applicable at the time the degree was awarded.

Teachers who have earned additional, relevant degrees or sufficient college hours to warrant a salary change are responsible for reporting and supplying a transcript to the bookkeeper. The appropriate salary increase will be reflected in the next paycheck provided it is at least two weeks from the time the notice and documentation is delivered. All salary changes will be on a “go forward” basis, and no back pay will be awarded.

Arkansas Professional Pathway to Educator Licensure (APPEL) Program

Each employee newly hired by the district to teach under the Arkansas Professional Pathway to Educator Licensure (APPEL) Program shall initially be placed on the salary schedule in the category of a bachelor’s degree with no experience, unless the APPEL program employee has previous teaching experience which requires a different placement on the schedule. Upon receiving his/her initial or standard teaching license, the employee shall be moved to the position on the salary schedule that corresponds to the level of education degree earned by the employee which is relevant to the employee’s position. Employee’s degrees which are not relevant to the APPEL program’s position shall not apply when determining his/her placement on the salary schedule. A teacher with a non-traditional provisional license shall be eligible for step increases with each successive year of employment, just as would a teacher possessing a traditional teaching license.

Licensed Employee Seeking Additional Area or Areas of Licensure

Licensed employees who are working on an alternative licensure plan (ALP) to gain licensure in an additional area are entitled to placement on the salary schedule commensurate with their current license, level of education degree and years of experience. Degrees which are not relevant to the employee’s position shall not apply when determining his/her placement on the salary schedule.

3.2—Licensed Personnel Evaluations

"Beginning administrator" means a building level or district level leader who has not completed three (3) years of experience as a building level or district level administrator.

"Building level or district level leader" means an individual employed by the District whose job assignment is that of a building level or district level administrator or an equivalent role, including an administrator licensed by the State Board of Education, an unlicensed administrator, or an individual on an Administrator Licensure Completion Plan. Building level or district level leader does not include the superintendent, deputy superintendents, associate superintendents, and assistant superintendents.¹

"Novice teacher" is a teacher who has less than three (3) years of public school classroom experience.

"Teacher" has the same definition as A.C.A. § 6-17-2803(16).

Teachers

Teachers will be evaluated under the provisions and timelines of the Teacher Excellence and Support System (TESS).

The superintendent or designee(s) shall develop procedures to govern the evaluation process and timelines for the evaluations.

Teachers will be evaluated under the schedule and provisions required by TESS. All teachers, other than novice teachers, will have a summative evaluation over all domains and components at least once every four (4) years. To establish the initial four (4) -year rotation schedule for teachers, other than novice teachers, to be summatively evaluated, at least one-quarter (1/4) of each school's teachers, other than novice teachers, will be selected for evaluation by drawing names out of a hat.² Novice teachers will receive a summative evaluation in the year following the completion of their novice period and will be added to the four (4) year summative evaluation rotation for following years. A teacher who transfers into the District from another Local Educational Agency (LEA) shall be added to the four (4) year summative evaluation rotation based on when the teacher's most recent summative evaluation was conducted.³

All teachers shall develop a Professional Growth Plan (PGP) annually that identifies professional growth outcomes to advance the teacher's professional skills and clearly links personalized, competency-based

professional learning opportunities to the professional growth outcomes. The teacher's PGP must be approved by the teacher's evaluator. If there is disagreement between a teacher and the teacher's evaluator concerning the PGP, the decision of the evaluator shall be final.

Following a summative evaluation, the teacher shall receive an overall performance rating that is derived from:³

1. A written evaluation of the teacher's performance on all evaluation domains as a whole;
2. The evaluation framework and evaluation rubric appropriate to the teacher's role;
3. Multiple sources of evidence of the teacher's professional practice including, but not limited to:
 - a. Direct observation;
 - b. Indirect observation;
 - c. Artifacts; and
 - d. Data; and
4. Presentations of evidence chosen by the teacher, the evaluator, or both.

The Summative evaluation shall provide an opportunity for the evaluator and the teacher to discuss the review of the evidence used in the evaluation and provide feedback that the teacher can use to improve his/her teaching skills and student learning.

While teachers are only required to be summatively evaluated once every four (4) years, the teacher's evaluator may conduct a summative evaluation in any year.

A teacher shall continue to demonstrate a commitment to student learning in formative years by furthering the teacher's professional growth and development as guided by the teacher's PGP. The teacher's evaluator, or one or more individuals selected by the evaluator, shall support the teacher on an ongoing basis throughout the formative years by:

- Providing teachers with immediate feedback about teaching practices;
- Engaging teachers in a collaborative, supportive learning process; and
- Helping teachers use assessment methods supported by evidence-based research that inform the teacher of student progress and provide a basis for adapting teaching practices.

An overall performance rating is not required in a formative year.

Building Level or District Level Evaluations

Building level or district level leaders will be evaluated under the schedule and provisions required by the Leader Excellence and Development System (LEADS).

The superintendent or designee(s) shall develop procedures to govern the evaluation process and timelines for the evaluations.

Building level or district level leaders, except for beginning administrators, shall have a summative evaluation at least once every four (4) years. To establish the initial four-year rotation schedule for building level or district level leaders, except for beginning administrators, to be summatively evaluated, at least one quarter (1/4) of each school's inquiry category building level or district level leaders will be selected for evaluation by drawing a name out of a hat.² Beginning administrators shall have a summative evaluation in the year following the completion of their beginning administrator period and will be added to the four (4) year summative evaluation rotation for following years. A building level or district level leader who transfers into the District from another LEA shall be added to the four (4) year summative evaluation rotation based on when the building level or district level leader's most recent summative evaluation was conducted.³

A building level or district level leader shall complete a PGP based on the standards and functions determined during the initial summative evaluation meeting with the superintendent or designee. If there is disagreement between a building level or district level leader and the leader's evaluator concerning the PGP, the decision of the evaluator shall be final.

The building level or district level leader shall annually revise his/her PGP and associated documents required under LEADS. In a non-summative evaluation year, his/her job performance will be measured on how well the PGP's goals have been met.

The Superintendent, or designee shall use the evaluation framework and rubric that is appropriate to the role and responsibilities of the building level or district level leader when conducting the building level or district level leader's summative evaluation. The Building level or district level leader's summative evaluation shall result in a written overall performance rating that is based on multiple sources of evidence of the building level or district level leader's professional practice, which may include:

- a. Direct observation;
- b. Indirect observation;
- c. Artifacts; and
- d. Data.

When the Superintendent or designee conducts a summative evaluation, he/she will base the building level or district level leader's continuing employment recommendation on:

- The level of performance based on the performance functions and standards of the evaluation rubric;
- The evidence of teacher performance and growth applicable to the building- or district-level leader; and
- The building- or district-level leader's progression on his or her professional growth plan.

While building level or district level leaders are required to be summatively evaluated once every four (4) - years, the Superintendent or designee may conduct a summative evaluation in any year.

3.4—Licensed Personnel Reduction in Force

The School Board acknowledges its authority to conduct a reduction in force (RIF) when a decrease in enrollment or other reason(s) make such a reduction necessary or desirable. A RIF will be conducted when

the need for a reduction in the work force exceeds the normal rate of attrition for that portion of the staff that is in excess of the needs of the district as determined by the superintendent.

In effecting a reduction in force, the primary goals of the school district shall be: what is in the best interests of the students; to maintain accreditation in compliance with the Standards for Accreditation of Arkansas Public Schools and/or the North Central Association; and the needs of the district. A reduction in force will be implemented when the superintendent determines it is advisable to do so and shall be effected through non-renewal, termination, or both. Any reduction in force will be conducted by evaluating the needs and long- and short-term goals of the school district, and by examining the staffing of the district in each licensure area and/or, if applicable, specific grade levels.

Option 1

If a reduction in force becomes necessary in a licensure area and/or specific grade level(s), the teacher's length of service in the district shall be the initial determining factor. The teacher with the most years of employment as a licensed teacher in the district **as compared to other teachers in the same licensure area and/or specific grade level(s)** shall prevail. Length of service in a classified position shall not count for the purpose of length of service for a licensed position. Total years of service to the district shall include non-continuous years of service. Being employed fewer than one hundred sixty (160) days in a school year shall not constitute a year.

In the event that two (2) employees subject to a RIF have the same length of service, the employee with the higher number of points as determined by the schedule contained in this policy shall be retained. The teacher with the fewer points will be non-renewed or terminated first. In the event two (2) or more employees have the same number of points, the teacher(s) shall be retained whose name(s) appear first in the board's minutes of the date of hire. There is no right or implied right for any teacher to "bump" or displace any other teacher except when permitted by policy 8.30².

Points³

- Years of service in the district—1 point per year
All licensed position years in the district count including non-continuous years.
Service in any position not requiring teacher licensure does not count toward years of service.
Being employed fewer than one hundred sixty (160) days in a school year shall not constitute a year.
- Graduate degree in any area of licensure in which the teacher will be ranked (only the highest level of points apply)
 - 1 point—Master's degree
 - 2 points—Master's degree plus thirty additional hours
 - 3 points—Educational specialist degree
 - 4 points—Doctoral degree
- National Board of Professional Teaching Standards certification—3 points
- Additional academic content areas of endorsement as identified by the State Board—1 point per area
- Licensure for teaching in a State Board identified shortage area—2 points
- Multiple areas and/or grade levels of licensure as identified by the State Board —1 point per additional area or grade level as applicable. For example, a P-4 license or a 5-8 social studies license is each worth one point.

When the District is conducting a RIF, all potentially affected teachers shall receive a listing of licensed personnel with corresponding point totals. Upon receipt of the list, each teacher has ten (10) working days within which to appeal his or her assignment of points to the superintendent whose decision shall be final. Except for changes made pursuant to the appeals process, no changes will be made to the list that would affect a teacher's point total after the list is released.

A teacher with full licensure in a position shall prevail over a teacher with greater points but who is lacking full licensure in that subject area. "Full licensure" means an initial, or standard, non-contingent license to teach in a subject area or grade level, in contrast with a license that is provisional; temporary; conditional on the fulfillment of additional course work or passing exams or any other requirement of the Division of Elementary and Secondary Education, other than the attainment of annual professional development training; or teaching under a waiver from licensure².

Pursuant to any reduction in force brought about by consolidation or annexation and as a part of it, the salaries of all teachers will be brought into compliance, by a partial RIF if necessary, with the receiving district's salary schedule. Further adjustments will be made if length of contract or job assignments change⁴. A Partial RIF may also be conducted in conjunction with any job reassignment whether or not it is conducted in relation to an annexation or consolidation.

(Option 2)

For a period of up to one (1) year from the date of board action on the teacher's non-renewal or termination recommendation, a teacher who is non-renewed from a 1.0 full time equivalent (FTE) position under this policy shall be offered an opportunity to fill any 1.0 FTE position vacancy for which he or she is required to hold a license as a condition of employment and for which he or she is qualified by virtue of education, license, or experience, as determined by the job requirements developed by the superintendent or designee.

A teacher shall not have the right to be recalled to a licensed position that is less than a 1.0 FTE, has less authority or responsibility, or that has a lower compensation level, index or stipend. No right of recall shall exist for non-renewal from a stipend, or non-renewal or reduction of a stipend, or non-renewal to reduce contract length. No teacher shall have any right to be recalled to any position that is for a longer contract period, has greater authority or responsibility, is for greater than the former FTE, or that is at a higher compensation level, index or stipend.

A non-renewed or terminated teacher shall be eligible to be recalled for a period of one (1) year in the reverse order (i.e. the teacher with the highest points will be recalled first and the teacher with the lowest points will be recalled last) of the non-renewal or termination to any position for which he or she is qualified. Notice of vacancies shall be by first class mail to all teachers reasonably believed to be both qualified for and subject to rehire for a particular position and the non-renewed or terminated teachers shall have 10 working days from the date the notification is mailed in which to conditionally accept the offer of a position, with the actual offer going to the qualified teacher with the most points who responds within the 10 day time period. A lack of response, as evidenced by a teacher's failure to respond within 10 working days, or a teacher's express refusal of a position or an employee's acceptance of a position but failure to sign an employment contract within two business days of the contract being presented to the employee shall constitute a rejection of the offered position and shall end the district's obligation to rehire the non-renewed or terminated teacher. No further rights to be rehired because of the reduction in force shall exist.

SECTION TWO⁵

Option A

In the event the district is involved in an annexation or consolidation, teachers from all the districts involved will be ranked according to years of service, licensure, degrees, and training. A year of teaching at an annexed or consolidated district will be counted the same as a year at the receiving or resulting district. No credit for years of service will be given at other public or private schools, or for higher education or Educational Service Cooperative employment.

3.5—Licensed Personnel Contract — Return

An employee shall have thirty (30) days from the date of the receipt of his contract for the following school year in which to return the contract, signed, to the office of the Superintendent. The date of receipt of the contract shall be presumed to be the date of a cover memo¹ which will be attached to the contract.

Failure of an employee to return the signed contract to the office of the Superintendent within thirty (30) days of the receipt of the contract shall operate as a resignation by the employee. No further action on the part of the employee, the Superintendent, or the School Board shall be required in order to make the employee's resignation final.²

3.6—Licensed Personnel Employee Training

For the purposes of this policy, professional development (PD) means a set of coordinated, planned learning activities for District employees who are required to hold a current license issued by the State Board of Education as a condition of employment¹ that:

- a. Is required by statute or the Division of Elementary and Secondary Education (DESE); or
- b. Meets the following criteria:
 - Improves the knowledge, skills, and effectiveness of teachers;
 - Improves the knowledge and skills of administrators and paraprofessionals concerning effective instructional strategies and methods;
 - Leads to improved student academic achievement; and
 - Is researched-based and standards-based.

All employees shall attend all local PD training sessions as directed by his/her supervisor.

As part of the District's School District Support Plan (SDSP), the District shall develop and implement a professional development plan (PDP) for its licensed employees. The District's PDP shall, in part, align District resources to address the PD activities identified in each school's school-level improvement plan (SLIP) and incorporate the licensed employee's professional growth plan (PGP). The PDP shall describe how the District's categorical funds will be used to address deficiencies in student performance and any identified academic achievement gaps between groups of students. At the end of each school year, the District shall evaluate the PD activities' effectiveness at improving student performance and closing achievement gaps.

Each licensed employee shall receive a minimum of thirty-six (36) hours of PD annually to be fulfilled between July 1 and June 30.² A licensed employee may be required to receive more PD than the minimum when necessary to complete the licensed employee's PGP.³ All licensed employees are required to obtain thirty-six (36) hours of approved PD each year over a five-year period as part of their licensure renewal requirements. PD hours earned in excess of each licensed employee's required number of hours in the designated year cannot be carried over to the next year.

Licensed employees who are prevented from obtaining the required PD hours due to their illness or the illness of an immediate family member as defined in A.C.A. § 6-17-1202 have until the end of the following school year to make up the deficient hours. Missed hours of PD shall be made up with PD that is substantially similar to that which was missed and can be obtained by any method, online or otherwise, approved by ADE. This time extension does not absolve the employee from also obtaining the following year's required hours of PD. Failure to obtain required PD or to make up missed PD could lead to disciplinary consequences, up to termination or nonrenewal of the contract of employment.

The goal of all PD activities shall be improved teaching and learning knowledge and skills that result in individual, team, school-wide, and District-wide improvement designed to ensure that all students demonstrate proficiency on the state's academic standards. The PDP shall be research-based and standards-based and in alignment with applicable DESE Rules and/or Arkansas code.

Teachers, administrators, and paraprofessionals shall be involved in the design, implementation, and evaluation of the plan for their own PD offerings. The results of the evaluation made by the participants in each program shall be used to continuously improve PD offerings and to revise the SLIP.

Flexible PD hours (flex hours) are those hours that an employee is allowed to substitute PD activities, different than those offered by the District, but are still aligned to the employee's PGP, the employee's school's SLIP, or the District's PDP. The District shall determine on an annual basis how many, if any, flex hours of PD it will allow to be substituted for District scheduled PD offerings. The determination may be made at an individual building, a grade, or by subject basis. The District administration and the building principal have the authority to require attendance at specific PD activities. Employees must receive advance approval from the building principal for activities they wish to have qualify for flex PD hours. To the fullest extent possible, PD activities are to be scheduled and attended such that teachers do not miss their regular teaching assignments. Six (6) approved flex hours credited toward fulfilling the licensed employee's required hours shall equal one (1) contract day. Hours of PD earned by an employee that are in excess of the employee's required hours, but are either not at the request of the District or not pre-approved by the building principal, shall not be credited toward fulfilling the required number of contract days for that employee.⁴ Hours earned that count toward the licensed employee's required hours also count toward the required number of contract days for that employee. Employees shall be paid their daily rate of pay for PD hours earned at the request of the District that necessitate the employee work more than the number of days required by their contract.⁵

Teachers and administrators who, for any reason, miss part or all of any scheduled PD activity they were required to attend, must make up the required hours in comparable activities, which are to be pre-approved by the employee's appropriate supervisor.

To receive credit for his/her PD activity, each employee is responsible for obtaining and submitting documents of attendance, or completion for each PD activity he/she attends. Documentation is to be submitted to the building principal or designee. The District shall maintain all documents submitted by its employees that reflect completion of PD programs, whether such programs were provided by the District or an outside organization.

To the extent required by DESE Rules, employees will receive up to six (6) hours of educational technology PD that is integrated within other PD offerings, including taking or teaching an online or blended course.

The following PD shall count toward a licensed employee's required PD hours to the extent the District's PDP or the employee's school's SLIP includes such training, is approved for flex hours, or is part of the employee's PGP and it provides him/her with knowledge and skills for teaching:

- Students with intellectual disabilities, including Autism Spectrum Disorder;

- Culturally and linguistically diverse students;

Licensed personnel who meet the requirements of this paragraph, the associated statute, and DESE Rules shall be entitled to one (1) hour of PD for each hour of approved preparation.

Licensed personnel shall receive five (5) PD hours for each credit hour of a graduate level college course that meets the criteria identified in law and applicable DESE rules. Employees who do not receive or furnish documentation of the required annual PD jeopardize the accreditation of their school and academic achievement of their students. 3.7—Licensed Personnel Bus Driver Drug Testing

Definitions

“Clearinghouse” means the Federal Motor Carrier Safety Administration Commercial Driver's License Drug and Alcohol Clearinghouse.

“Database” means the Commercial Driver Alcohol and Drug Testing Database of the Office of Driver Services of the Arkansas Department of Finance and Administration.

“Safety-sensitive function” includes:

- a. All time spent inspecting, servicing, and/or preparing the vehicle;
- b. All time spent driving the vehicle;
- c. All time spent loading or unloading the vehicle or supervising the loading or unloading of the vehicle; and
- d. All time spent repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

“School Bus” is a motorized vehicle that meets the following requirements:

1. Is designed to carry more than ten (10) passengers;
2. Is privately owned and operated for compensation, or which is owned, leased or otherwise operated by, or for the benefit of the District; and
3. Is operated for the transportation of students from home to school, from school to home, or to and from school events.¹

Scope of Policy

Each person hired for a position that allows or requires the employee to operate a school bus shall meet the following requirements:

1. The employee shall possess a current driver's license authorizing the individual to operate the size school bus the individual is being hired to drive²;

2. Have undergone a physical examination, which shall include a drug test,³ by a licensed physician or advanced practice nurse within the past two years; and
3. A current valid certification of school bus driver in service training.⁴

Each person's initial employment for a job entailing a safety-sensitive function is conditioned upon:

- The district receiving a negative drug test result for that employee;⁵
- The employee submitting an electronic authorization through the Clearinghouse for the District to run a full query of the employee's information in the Clearinghouse; and
- The employee's signing a written authorization for the District to request information from:
 - The Database;⁶ and
 - Any U.S. Department of Transportation regulated employers who have employed the employee during any period during the two (2) years prior to the date of the employee's application.

All employees who perform safety-sensitive functions shall annually⁷ submit a written authorization for the District to conduct a limited query of the employee's information from the Clearinghouse. The District shall perform a limited query of all employees who perform safety-sensitive functions at least once each school year. If the District's limited query of the Clearinghouse shows that information exists in the Clearinghouse that may prohibit the employee from performing safety-sensitive functions, the District shall conduct a full query of the Clearinghouse on the employee within twenty-four (24) hours of conducting the limited query. If the District is unable to conduct a full query within twenty-four (24) hours due to the twenty-four (24) hours falling on a weekend, holiday, or other day the District is closed or due to the failure of the employee to authorize the District to receive information resulting from the full query of the Clearinghouse, the employee shall not be permitted to perform any safety-sensitive function until the District conducts the full query and the results confirm that the employee's Clearinghouse record contains no prohibitions on the employee performing safety-sensitive functions.

Methods of Testing

The collection, testing methods and standards shall be determined by the agency or other medical organizations chosen by the School Board to conduct the collection and testing of samples. The drug and alcohol testing is to be conducted by a laboratory certified pursuant to the most recent guidelines issued by the United States Department of Health and Human Services for such facilities. ("Mandatory Guidelines for Federal Workplace Drug Testing Programs").

Requirements

Employees shall be drug and alcohol free from the time the employee is required to be ready to work until the employee is relieved from the responsibility for performing work and/or any time they are performing a safety-sensitive function. In addition to the testing required as an initial condition of employment, employees shall submit to subsequent drug tests as required by law and/or regulation. Subsequent testing includes, and/or is triggered by, but is not limited to:

1. Random tests;
2. Testing in conjunction with an accident;
3. Receiving a citation for a moving traffic violation; and
4. Reasonable suspicion.

Prohibitions

- A. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater;

- B. No driver shall use alcohol while performing safety-sensitive functions;
- C. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol;
- D. No driver required to take a post-accident alcohol test under # 2 above shall use alcohol for eight (8) hours following the accident or until he/she undergoes a post-accident alcohol test, whichever occurs first;
- E. No driver shall refuse to submit to an alcohol or drug test in conjunction with # 1, 2, and/or 4 above;
- F. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when using any controlled substance, except when used pursuant to the instructions of a licensed medical practitioner who, with knowledge of the driver's job responsibilities, has advised the driver that the substance will not adversely affect the driver's ability to safely operate his/her vehicle. It is the employee's responsibility to inform his/her supervisor of the employee's use of such medication;
- G. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive or has adulterated or substituted a test specimen for controlled substances.

Violation of any of these prohibitions may lead to disciplinary action being taken against the employee, which could include termination or non-renewal.

Testing for Cause

Drivers involved in an accident in which there is a loss of another person's life shall be tested for alcohol and controlled substances as soon as practicable following the accident. Drivers shall also be tested for alcohol within eight (8) hours and for controlled substances within thirty two (32) hours following an accident for which they receive a citation for a moving traffic violation if the accident involved: 1) bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or 2) one or more motor vehicles incurs disabling damage as a result of the accident requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.⁸

Refusal to Submit

Refusal to submit to an alcohol or controlled substance test means that the driver:

- Failed to appear for any test within a reasonable period of time as determined by the employer consistent with applicable Department of Transportation agency regulation;
- Failed to remain at the testing site until the testing process was completed;
- Failed to provide a urine specimen for any required drug test;
- Failed to provide a sufficient amount of urine without an adequate medical reason for the failure;
- Failed to undergo a medical examination as directed by the Medical Review Officer as part of the verification process for the previous listed reason;
- Failed or declined to submit to a second test that the employer or collector has directed the driver to take;
- Failed to cooperate with any of the testing process; and/or
- Adulterated or substituted a test result as reported by the Medical Review Officer.

School bus drivers should be aware that refusal to submit to a drug test when the test is requested based on a reasonable suspicion can constitute grounds for criminal prosecution.

Consequences for Violations

Drivers who engage in any conduct prohibited by this policy, who refuse to take a required drug or alcohol test, refuse to sign or electronically authorize the request for information required by law, or who exceed the acceptable limits for the respective tests shall no longer be allowed to perform safety-sensitive functions.

Actions regarding their continued employment shall be taken in relation to their inability to perform these functions and could include termination or non-renewal of their contract of employment.⁹

Drivers who exhibit signs of violating the prohibitions of this policy relating to alcohol or controlled substances shall not be allowed to perform or continue to perform safety-sensitive functions if they exhibit those signs during, just preceding, or just after the period of the work day that the driver is required to be in compliance with the provisions of this policy. This action shall be based on specific, contemporaneous, articulatable observations concerning the behavior, speech, or body odors of the driver. The Superintendent or his/her designee shall require the driver to submit to "reasonable suspicion" tests for alcohol and controlled substances. The direction to submit to such tests must be made just before, just after, or during the time the driver is performing safety-sensitive functions. If circumstances prohibit the testing of the driver the Superintendent or his/her designee shall remove the driver from reporting for, or remaining on, duty for a minimum of twenty-four (24) hours from the time the observation was made triggering the driver's removal from duty.

If the results for an alcohol test administered to a driver is equal to or greater than 0.02, but less than 0.04, the driver shall be prohibited from performing safety-sensitive functions for a period no less than twenty-four (24) hours from the time the test was administered. Unless the loss of duty time triggers other employment consequence policies, no further other action against the driver is authorized by this policy for test results showing an alcohol concentration of less than 0.04.

Reporting Requirements

The District shall report the following information about an employee who performs safety-sensitive functions to the Clearinghouse by the close of the third (3rd) business day following the date the District obtained the information:¹⁰

1. An alcohol confirmation test result with an alcohol concentration of 0.04 or greater;
2. A negative return-to-duty test result;
3. A refusal to take an alcohol test;
4. A refusal to test determination; however, if the refusal to test determination is based on the employee's admission of adulteration or substitution of the specimen, the District shall only report the admissions made to the specimen collector; and
5. A report that the driver has successfully completed all follow-up tests as prescribed in the Substance Abuse Professional report.

The District shall report the following violations for an employee who performs safety-sensitive functions by the close of the third (3rd) business day following the date the District obtains actual knowledge of:¹¹

1. On-duty alcohol use;
2. Pre-duty alcohol use;
3. Alcohol use following an accident; and
4. Controlled substance use.

3.8—Licensed Personnel Sick Leave (Option A)

Definitions

1. “Employee” is a full-time employee of the District.
2. “Sick Leave” is absence from work due to illness, whether by the employee or a member of the employee’s immediate family, or due to a death in the family. The principal shall determine whether sick leave will be approved on the basis of a death outside the immediate family of the employee.
3. “Current Sick Leave” means those days of sick leave for the current contract year, which leave is granted at the rate of one day of sick leave per contracted month, or major part thereof with the minimum number of sick days granted for a 190 days contract being 10.
4. “Accumulated Sick Leave” is the total of unused sick leave, up to a maximum of one hundred twenty (120) days accrued from previous contract, but not used.
5. “Immediate family” means an employee’s spouse, child, grandchild, sibling, parent, mother or father-in-law, or any other relative provided the other relative lives in the same household as the employee.

Sick Leave

The principal has the discretion to approve sick leave for an employee to attend the funeral of a person who is not related to the employee, under circumstances deemed appropriate by the principal.

Employees who are adopting or seeking to adopt a minor child or minor children may use up to 15 sick leave days in any school year for absences relating to the adoption, including time needed for travel, time needed for home visits, time needed for document translation, submission or preparation, time spent with legal or adoption agency representatives, time spent in court and bonding time. See also, 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE, which also applies. Except for bonding time, documentation shall be provided by the employee upon request.

Pay for sick leave shall be at the employee’s daily rate of pay, which is that employee’s total contracted salary, divided by the number of days employed as reflected in the contract. Absences for illness in excess of the employee’s accumulated and current sick leave shall result in a deduction from the employee’s pay at the daily rate as defined above.

At the discretion of the principal (or Superintendent), and, if FMLA if applicable, subject to the certification or recertification provisions contained in policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE the District may require a written statement from the employee’s physician documenting the employee’s illness. Failure to provide such documentation of illness may result in sick leave not being paid, or in dismissal.

An employee shall be credited with one (1) day of sick leave in the event the employee used one (1) day of sick leave on a mandatory professional development (PD) day so long as the employee makes up the missed mandatory PD day on a noncontract day. Costs and expenses associated with the make-up PD shall be the responsibility of the employee unless agreed to in writing by the superintendent or the superintendent's designee for the expenses to be covered by the District.

Should a teacher be absent frequently during a school year, and said absences are not subject to FMLA leave, and if such a pattern of absences continues, or is reasonably expected to continue, the Superintendent may relieve the teacher of his/her assignment (with Board approval) and assign the teacher substitute duty at the teacher's daily rate of pay. Should the teacher fail, or otherwise be unable, to report for substitute duty when called, the teacher will be charged a day of sick leave, if available or if unavailable, the teacher will lose a day's wages at his/her daily rate of pay.

Temporary reassignment may also be offered or required in certain circumstances as provided in 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE.

If the employee's absences are not subject to the FMLA or are in excess of what is protected under the FMLA, excessive absenteeism, to the extent that the employee is not carrying out his assigned duties to an extent that the education of students is substantially adversely affected (at the determination of the principal or Superintendent) may result in dismissal.

Sick Leave and Family Medical Leave Act (FMLA) Leave

When an employee takes sick leave, the District shall determine if the employee is eligible for FMLA leave and if the leave qualifies for FMLA leave. The District may request additional information from the employee to help make the applicability² determination. If the employee is eligible for FMLA leave and if the leave qualifies under the FMLA, the District will notify the employee, in writing of the decision within five (5) workdays. If the circumstances for the leave as defined in policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE don't change, the District is only required to notify the employee once of the determination regarding the applicability of sick leave and/or FMLA leave within any applicable twelve (12) month period. To the extent the employee has accrued paid sick leave, any sick leave taken that qualifies for FMLA leave shall be paid leave and charged against the employee's accrued leave including, once an employee exhausts his/her accrued sick leave, vacation or personal leave. See 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE.

Sick Leave and Outside Employment

Sick leave related absence from work (e.g. sick leave for personal or family illness or accident, Workers Comp, and FMLA) inherently means the employee is also incapable of working at any source of outside employment. Except as provided in policy 3.44, if an employee who works a non-district job while taking district sick leave for personal or family illness or accident, Workers Comp, or FMLA shall be subject to discipline up to and including termination.

Certified staff, who has worked at least 5 years for the Ouachita River School District, will be paid for each day of accumulated sick leave when their employment with the district has ended. The rate of pay for accumulated sick leave will be at the rate of \$70.00 a day.

Sick days accumulated above the 120 days maximum shall be paid to the teacher at the end of the year at the daily rate of \$70.00 for their position. In preparation for teacher retirement or T-Dropping, options on application of days will be given. The teacher participating in the program must have been employed by the district a minimum of five (5) contract years.

Option 1: The teacher may take half at the end of year 27 (up to 60 days) and half at the end of year 28 (up to 60 days).

Option 2: The teacher may take all or part at the end of year 28 (up to 120).

Option 3: The employee preparing to enter retirement may elect to draw their accumulated sick leave over their final two years of service (with less than 27 years of service or age 60). Intent of retirement must be submitted in writing prior to payment of accumulated days.

Option 4: The teacher preparing to leave the TDROP program may elect to draw their accumulated sick leave over their final two years in the TDROP program.

Emergency Leave

A member of the instructional staff who is absent because of the death of a member of the immediate family may be granted, not to exceed five days in any school year, a leave of absence without reduction of salary. Absences for such cause will be considered as separate and distinct from the absences due to personal illness; shall be determined on an annual basis; and shall not be accumulative. The district will pay the cost of the substitute teacher in case of death in the family. Employees may use sick leave days to attend funerals of persons not meeting the definition of immediate family.

Maternity Leave

A teacher who becomes pregnant shall provide a written notice thereof to the principal and superintendent as soon as pregnancy has been medically determined. The pregnant employee must submit with such notice a written statement from a physician which shall include the anticipated date of delivery, the date until which the physician believes the employee will be physically able to continue job duties, the physician's comments as to whether or not any restrictions of job activities are recommended and a commitment from the physician to notify the school authorities of any change in the patient's condition which might affect ability to perform job duties. The employee will normally be permitted to continue teaching as long as the doctor feels that the teacher is able to teach. However, the district may review the employee's job performance during the pregnancy, may request a supplemental statement from the physician as to current physical condition, and in the event the school authorities conclude that the employee's job performance is unsatisfactory, the employee may be required to take a leave of absence at an earlier date. A teacher shall remain on maternity leave until the doctor certifies that the teacher is able to return to work.

The teacher employed to teach while the regular teacher is on maternity leave shall be classified as a substitute that is teaching only while the teacher is on maternity leave.

Organ Donor

In any calendar year a public school employee is entitled to leave in order to serve as an organ donor or a bone marrow donor as stated in AR Law 21-4-215.

Other Leave

The superintendent may grant further leave of absence without pay under certain extenuating circumstances when request is presented in writing. Request for leave should be made as far in advance as possible.

Employees of Ouachita River School District will be granted leave for the purpose of participating in military training programs or other official duties made available by the Arkansas National Guard or of the reserve branches of the armed forces and for the purpose of participating in the civil defense and public health training programs made available by the United States Public Health Service. This leave will be granted and will accumulate in accordance with Section 6-17-306 of the Arkansas Code.

On occasions when this leave requires the employee to reimburse the district the cost of the substitute, the rate of reimbursement will be limited to the daily rate of a substitute without a college degree. The exception to

this will be when the leave is taken in a manner that requires the hiring of a substitute long-term (more than 30 consecutive days in the same classroom). The employee will reimburse the district for the full cost of the long-term substitute if one is hired under these conditions.

3.9—Licensed Personnel Sick Leave Bank

Employees of the District may transfer sick leave days to another employee who has absences for sickness in excess of their current and accumulated sick leave. The transfer must be done in writing, and the forms to transfer the days may be obtained from the Superintendent's office. Sick leave days cannot be transferred to an employee who has any current or accumulated sick leave. A transfer or transfers may not result in a balance of sick leave for the receiving employee and may not be in excess of the days in balance of the donating employee.

Multiple Contract Transfer

Employees of the District who have a bus contract and another classified/certified contract may donate any remaining sick leave from one contract to another. The transfer must be done in writing and the forms to transfer the days may be obtained from the Superintendent's Office. Sick leave cannot be transferred, if the employee has any current or accumulated sick leave remaining in the sick leave bank he/she is transferring into. A transfer or transfers may not result in a balance of sick leave for the receiving contract and may not be in excess of the days in balance of the donating contract.

Bus Leave will transfer as 2 days of sick leave to any 1 day of sick leave for a classified/certified contract. Any contract classified/certified will transfer as 1 day of sick leave.

Spousal Donations

District employees who are husband and wife are eligible to utilize each other's sick leave. Written permission must be received for each day of donated sick leave.

3.10—Licensed Personnel Planning Time

The superintendent is responsible for ensuring master schedules are created which determine the timing and duration of each teacher's planning and scheduled lunch periods. Planning time is for the purpose of scheduling conferences, instructional planning, and preparation. Each teacher will have the ability to schedule these activities during his/her designated planning time. Teachers may not leave campus during their planning time without prior permission from their building level supervisor.

The planning time shall be in increments of not less than forty (40) minutes and shall occur during the student instructional day unless a teacher requests, in writing, to have his/her planning time occur outside of the student instructional day. For the purposes of this policy, the student instructional day means the time that students are required to be present at school.

3.11—Licensed Personnel Personal and Professional Leave

Personal Leave

For the district to function efficiently and have the necessary personnel present to effect a high achieving learning environment, employee absences need to be kept to a minimum. The district acknowledges that there are times during the school year when employees have personal business that needs to be addressed during the school day. Each full-time employee shall receive two (2) days of personal leave per contract year. Up to four days of personal leave may be accumulated from one contract year to the next. The leave may be taken in increments of no less than half a day. The maximum number of personal days available in a contract year is four provided the employee has accumulated those days. Unused personal days above the four available will be converted to sick leave at the end of each contract year.

Employees shall take personal leave or leave without pay for those absences which are not due to attendance at school functions and do not qualify for other types of leave (for sick leave see Policy 3.8, for professional leave see below).

School functions, for the purposes of this policy, means:

1. Athletic or academic events related to the school district; and
2. Meetings and conferences related to education.

For employees other than the superintendent, the determination of what activities meet the definition of a school function shall be made by the employee's immediate supervisor or designee. For the superintendent, the school board of directors shall determine what activities meet the definition of a school function. In no instance shall paid leave in excess of allotted vacation days and/or personal days be granted to an employee who is absent from work while receiving remuneration from another source as compensation for the reason for their absence.

Any employee desiring to take personal leave may do so by making a written request to his supervisor at least twenty-four (24) hours prior to the time of the requested leave. The twenty-four hour requirement may be waived by the supervisor when the supervisor deems it appropriate.

Employees who fail to report to work when their request for a personal day has been denied or who have exhausted their allotted personal days, shall lose their daily rate of pay for the day(s) missed (leave without pay). While there are instances where personal circumstances necessitate an employee's absence beyond the allotted days of sick and/or personal leave, any employee who requires leave without pay must receive advance permission (except in medical emergencies and/or as permitted by policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE) from their immediate supervisor. Failure to report to work without having received permission to be absent is grounds for discipline, up to and including termination.

Professional Leave

"Professional Leave" is leave granted for the purpose of enabling an employee to participate in professional activities (e.g., teacher workshops or serving on professional committees) which can serve to improve the school District's instructional program or enhances the employee's ability to perform his duties. Professional leave will also be granted when a school District employee is subpoenaed for a matter arising out of the employee's employment with the school District. Any employee seeking professional leave must make a written request to his immediate supervisor, setting forth the information necessary for the supervisor to make

an informed decision. The supervisor's decision is subject to review and overruling by the superintendent. Budgeting concerns and the potential benefit for the District's students will be taken into consideration in reviewing a request for professional leave.

Applications for professional leave should be made as soon as possible following the employee's discerning a need for such leave, but, in any case, no less than two (2) weeks before the requested leave is to begin, if possible.

If the employee does not receive or does not accept remuneration for his/her participation in the professional leave activity and a substitute is needed for the employee, the District shall pay the full cost of the substitute. If the employee receives and accepts remuneration for his/her participation in the professional leave activity (e.g. scholastic audits), the employee shall forfeit his/her daily rate of pay from the District for the time the employee misses. The cost of a substitute, if one is needed, shall be paid by the District.

3.12—Licensed Personnel Responsibilities in Dealing with Sex Offenders on Campus

Individuals who have been convicted of certain sex crimes must register with law enforcement as sex offenders. Arkansas law places restrictions on sex offenders with a Level 1 sex offender having the least restrictions (lowest likelihood of committing another sex crime), and Level 4 sex offenders having the most restrictions (highest likelihood of committing another sex crime).

While Levels 1 and 2 place no restrictions prohibiting the individual's presence on a school campus, Levels 3 and 4 have specific prohibitions. These are specified in Policy 6.10—SEX OFFENDERS ON CAMPUS (MEGAN'S LAW) and it is the responsibility of district staff to know and understand the policy and, to the extent requested, aid school administrators in enforcing the restrictions placed on campus access to Level 3 and Level 4 sex offenders.

It is the intention of the board of directors that district staff not stigmatize students whose parents or guardians are sex offenders while taking necessary steps to safeguard the school community and comply with state law. Each school's administration should establish procedures so attention is not drawn to the accommodations necessary for registered sex offender parents or guardians.

3.13—Licensed Personnel Public Office

An employee of the District who is elected to the Arkansas General Assembly or any elective or appointive public office (not legally constitutionally inconsistent with employment by a public school district) shall not be discharged or demoted as a result of such service.

No sick leave will be granted for the employee's participation in such public office. The employee may take personal leave or vacation (if applicable), if approved in advance by the Superintendent, during his absence.

Prior to taking leave, and as soon as possible after the need for such leave is discerned by the employee, he must make written request for leave to the Superintendent, setting out, to the degree possible, the dates such leave is needed.

An employee who fraudulently requests sick leave for the purpose of taking leave to serve in public office may be subject to nonrenewal or termination of his employment contract.

3.14—Licensed Personnel Jury Duty

Employees are not subject to discharge, loss of sick leave, loss of vacation time or any other penalty due to absence from work for jury duty, upon giving reasonable notice to the District through the employee's immediate supervisor.

The employee must present the original (not a copy) of the summons to jury duty to his supervisor in order to confirm the reason for the requested absence.

Employees shall receive their regular pay from the district while serving jury duty, and shall reimburse the district the stipend they receive for jury duty, and shall reimburse the district from the stipend they receive for jury duty, up to, but not to exceed, the cost of the substitute hired to replace the employee in his/her absence. Payment received from the court for mileage shall not be considered part of the stipend received for jury duty.

3.15—Licensed Personnel Leave — Injury from Assault

Any teacher who, while in the course of their employment, is injured by an assault or other violent act; while intervening in a student fight; while restraining a student; or while protecting a student from harm, shall be granted a leave of absence for up to one (1) year from the date of the injury, with full pay.

A leave of absence granted under this policy shall not be charged to the teacher's sick leave. In order to obtain leave under this policy, the teacher must present documentation of the injury from a physician, with an estimate for time of recovery sufficient to enable the teacher to return to work, and written statements from witnesses (or other documentation as appropriate to a given incident) to prove that the incident occurred in the course of the teacher's employment.

3.16—Licensed Personnel Reimbursement for Purpose of Supplies

Prekindergarten through sixth grade teachers shall be allotted the amount required by law to be used by the teacher in his/her classroom or for class activities. The amount shall be credited to an account from which the teacher shall be reimbursed for his/her covered purchases to the extent funds are available in the account.

For the purposes of this policy, pre-kindergarten through sixth grade teachers shall be allotted the greater of:

1. Twenty dollars (\$20) per student enrolled in the teacher's class for more than fifty percent (50%) of the school day at the end of the first three (3) months of the school year; or
2. Five hundred dollars (\$500).

Teachers may purchase supplies and supplementary materials from the District at the District's cost to take advantage of the school's bulk buying power. To do so, teachers shall complete and have approved by their building principal a purchase order for supplies which will then be purchased on the teacher's behalf by the school and subtracted from the teacher's total supply and material allocation. Teachers may also purchase materials and supplies using their own funds and apply for reimbursement by submitting itemized receipts. Supplies and materials purchased with school funds, or for which the teacher is reimbursed with school funds, are school property, and should remain on school property except to the extent they are used up or consumed or the purchased supplies and/or materials are intended/designed for use away from the school campus. Unused allotments shall not be carried over from one fiscal year to the next.

3.17—Policy Deleted

This policy was repealed as Policies 4.18, 4.20, and 6.5 more accurately address the District's responsibilities. We have reserved the policy number for future use.

3.18—Licensed Personnel: Outside Employment

An employee of the District may not be employed in any other capacity during regular working hours.

An employee may not accept employment outside of his district employment which will interfere, or otherwise be incompatible with the District employment, including normal duties outside the regular work day; nor shall an employee accept other employment which is inappropriate for an employee of a public school.

The Superintendent, or his designee(s), shall be responsible for determining whether outside employment is incompatible, conflicting or inappropriate.

When a licensed employee is additionally employed by the District in either a classified capacity or by a contract to perform supplementary duties for a stipend or multiplier, the duties, expectations, and obligations of the primary licensed position employment contract shall prevail over all other employment duties unless the needs of the district dictate otherwise.¹ If there is a conflict between the expectations of the primary licensed position and any other contracted position, the licensed employee shall notify the employee's building principal as far in advance as is practicable. The building principal shall verify the existence of the conflict by contacting the supervisor of the secondary contracted position. The building principal shall determine the needs of the district on a case-by-case basis and rule accordingly. The principal's decision is final with no appeal to the Superintendent or the School Board. Frequent conflicts or scheduling problems could lead to the non-renewal or termination of the classified contract of employment or the contract to perform the supplementary duties.

Sick Leave and Outside Employment

Sick leave related absence from work (e.g. sick leave for personal or family illness or accident, Workers Comp, and FMLA) inherently means the employee is also incapable of working at any source of outside employment. Except as provided in policy 3.44, if an employee who works a non-district job while taking district sick leave for personal or family illness or accident, Workers Comp, or FMLA shall be subject to discipline up to and including termination.

3.19—Licensed Personnel Employment

All prospective employees must fill out an application form provided by the District, in addition to any resume provided, all of which information is to be placed in the personnel file of those employed.

If the employee provides false or misleading information, or if he withholds information to the same effect, it may be grounds for dismissal. In particular, it will be considered a material misrepresentation and grounds for termination of contract of employment if an employee's licensure status is discovered to be other than as it was represented by an employee or applicant, either in writing on application materials or in the form of verbal assurances or statements made to the school district.

It is grounds for termination of contract of employment if an employee fails a criminal background check or receives a true report on the Child Maltreatment Central Registry check.¹

All teachers who begin employment in the 2023-2024 school year and each school year thereafter shall demonstrate proficiency or awareness in knowledge and practices in scientific reading instruction as is applicable to their teaching position by completing the prescribed proficiency or awareness in knowledge and practices of the scientific reading instruction credential either as a condition of licensure or within one (1) year for teachers who are already licensed or employed as a teacher under a waiver from licensure.

Before the superintendent may make a recommendation to the Board that an individual be hired by the District, the superintendent shall check the Arkansas Educator Licensure System to determine if the individual has a currently suspended or revoked teaching license. An individual with a currently suspended license or whose license has been revoked by the State Board of Education is not eligible to be employed by the District; this prohibition includes employment as a substitute teacher, whether directly employed by the District or providing substitute teaching services under contract with an outside entity.

The Ouachita River School District is an equal opportunity employer and shall not discriminate on the grounds of race, color, religion, national origin, sex, age, pregnancy, sexual orientation, gender identity, disability, or genetic information.

Inquiries on nondiscrimination may be directed to the Superintendent ³, who may be reached at 143 Polk Road 96 Mena, AR 71953 or 479-394-2348⁴.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

For further information on notice of non-discrimination or to file a complaint, visit <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm>; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

In accordance with Arkansas law⁵, the District provides a veteran preference to applicants who qualify for one of the following categories:

1. a veteran without a service-connected disability;
2. a veteran with a service-connected disability; and
3. a deceased veteran's spouse who is unmarried throughout the hiring process.

For purposes of this policy, "veteran" is defined as:

- a. A person honorably discharged from a tour of active duty, other than active duty for training only, with the armed forces of the United States; or
- b. Any person who has served honorably in the National Guard or reserve forces of the United States for a period of at least six (6) years, whether or not the person has retired or been discharged.

In order for an applicant to receive the veteran preference, the applicant must be a citizen and resident of Arkansas, be substantially equally qualified as other applicants, and do all of the following:

1. Indicate on the employment application the category the applicant qualifies for;
2. Attach the following documentation, **as applicable**, to the employment application:
 - Form DD-214 indicating honorable discharge;
 - A letter dated within the last six months from the applicant's command indicating years of service in the National Guard or Reserve Forces as well as the applicant's current status;
 - Marriage license;
 - Death certificate;
 - Disability letter from the Veteran's Administration (in the case of an applicant with a service-related disability).

Failure of the applicant to comply with the above requirements shall result in the applicant not receiving the veteran preference; in addition, meeting the qualifications of a veteran or spousal category does not guarantee either an interview or being hired.

All applications will be viewed on their individual abilities, certifications, and qualifications. Applicants will be judged on legal requirements, specific job requirements, and how well they would meet the needs of the ORSD School District. The ORSD School District reserves the right to reject any or all applications and leave the position unfilled if a suitable candidate is not found. It is not the policy of the ORSD to pay the fee required for the Criminal Record check(s) required (AR Law 6-17-414 and 6-17-411) before employing a new employee. Prospective employees (both classified and licensed) are responsible for paying the required fee. All instructional personnel shall have teaching certificates, duly recorded with the superintendent, that legally qualify them for the work to which they are assigned.

Transcripts - All educational personnel shall file one copy of their college transcripts in the Superintendent's office. This transcript file must be kept up to date.

Duties - Each teacher will be under the general direction of the superintendent of schools and immediately responsible to the principal for executing the policies of the Board of Education as they relate to the function of the school, to the classroom, and to the immediate contact with pupils and parents. The teacher's specific responsibilities shall be:

1. To direct and evaluate the learning experience of the pupil in both curricular and extra-curricular activities.

2. To provide guidance to the pupil which will promote the welfare and proper educational development of the student.
3. To seek professional aid of the school principal and superintendent.
4. To be responsible for child accounting.
5. To document personal contact with the parent/guardian of each student assigned to them. At least one parent contact per year in the high schools and one each semester in the elementary schools is required. More frequent contact with parents is desirable especially for students who may be having academic or behavioral difficulties.
6. To administer the classroom and its program.
7. To provide for the care and protection of school property.
8. To participate in the business and activities of the school faculty.
9. To cooperate with and participate in the planning and evaluation of the school program.
10. To take part in the in-service training program of the school.
11. To maintain cordial and workable relationship with colleagues.
12. To perform other duties as may be assigned.
13. To maintain good discipline in the classroom at all times.

The school day begins at 7:45 and ends at 3:30.

Staff members are elected annually by the Board of Education on recommendation by the Principal and the Superintendent.

All offers to renew contracts shall be made by the Board at its regular meeting in March. All offers to renew annual contracts shall expire if not accepted in writing and returned to the superintendent's office within 30 days of the date of issuance. The contract shall be for a minimum of 190 days. Any non-probationary teacher new to the Ouachita River School District may, by a majority vote of the School Board, be placed on a one year probation.

Assignments are general; they do not involve specific positions. All teachers, principals, and other staff members are subject to assignment and/or transfer at the direction of the Superintendent with the approval of the Board of Education.

When transfers are to be made, a conference of all employees concerned shall be held with the Superintendent before final decision is made. The disposition of the case shall be in writing by the Superintendent to all parties involved.

A written notice of resignation will be filed with the superintendent at least 60 days prior to the effective date of resignation. Under extenuating circumstances, the Board may waive such notice.

Employees shall be reimbursed for personal and/or travel expenses incurred while performing duties or attending workshops or other employment-related functions, provided that prior written approval for the activity for which the employee seeks reimbursement has been received from the Superintendent, principal (or other immediate supervisor with the authority to make school approvals), or the appropriate designee of the Superintendent and that the teacher's attendance/travel was at the request of the district.

It is the responsibility of the employee to determine the appropriate supervisor from which he must obtain approval.

Reimbursement claims must be made on forms provided by the District and must be supported by appropriate, original receipts. With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. It is specifically forbidden for employees to engage in political activities on the school grounds or during work hours. The following activities are forbidden on school property:

1. Using students for preparation or dissemination of campaign materials;
2. Distributing political materials;
3. Distributing or otherwise seeking signatures on petitions of any kind;
4. Posting political materials; and
5. Discussing political matters with students, in the classroom, in other than circumstances appropriate to the Frameworks and/or the curricular goals and objectives of the class.

3.24—Licensed Personnel Debts

For the purposes of this policy, "garnishment" of a district employee is when the employee has lost a lawsuit to a judgment creditor who brought suit against a school district employee for an unpaid debt, has been awarded money damages as a result, and these damages are recoverable by filing a garnishment action against the employee's wages. For the purposes of this policy, the word "garnishment" excludes such things as child support, student loan or IRS liens or voluntary deductions levied against an employee's wages.

All employees are expected to meet their financial obligations. If an employee writes "hot" checks or has his income garnished by a judgment creditor, dismissal may result.

An employee will not be dismissed for having been the subject of one (1) garnishment. However, a second or third garnishment may result in dismissal.

At the discretion of the Superintendent, he or his designee may meet with an employee who has received a second garnishment for the purpose of warning the employee that a third garnishment will result in a recommendation of dismissal to the School Board.

At the discretion of the Superintendent, a second garnishment may be used as a basis for a recommended dismissal. The Superintendent may take into consideration other factors in deciding whether to recommend dismissal based on a second garnishment. Those factors may include, but are not limited to, the amount of the debt, the time between the first and the second garnishment, and other financial problems which come to the attention of the District.

Date Adopted: August 28, 2008

3.25—Licensed Personnel Grievances

The purpose of this policy is to provide an orderly process for employees to resolve, at the lowest possible level, their concerns related to the personnel policies or salary payments of this district.

Definitions

“Employee” means any person employed under a written contract by this school district.

“Grievance” means a claim or concern raised by an individual employee of this school district related to the interpretation, application, or claimed violation of the personnel policies, including salary schedules; federal laws and regulations; state laws and rules; or terms or conditions of employment. Other matters for which the means of resolution are provided or foreclosed by statute or administrative procedures shall not be considered grievances. Specifically, no grievance may be entertained against a supervisor for directing, instructing, reprimanding, or “writing up” an employee under his/her supervision.¹ A group of employees who have the same grievance may file a group grievance.

“Group Grievance” means a grievance that may be filed as a group all of the following criteria are met and the group’s issue is a subject that may be grieved under this policy’s definition of grievance: The group has a well-defined common interest in the facts and/or circumstances of the grievance; and

1. The group has designated an employee spokesperson to meet with administration and/or the board; and
2. All individuals within the group are requesting the same relief.

Simply meeting all of the criteria above alone does not ensure that the subject presented by the group is eligible to be grieved.

“Immediate Supervisor:” means the person immediately superior to an employee who directs and supervises the work of that employee.

“Working day” means any weekday other than a holiday whether or not the employee under the provisions of their contract is scheduled to work or whether they are currently under contract.

Process

Level One: An employee who believes that he/she has a grievance shall inform that employee’s immediate supervisor that the employee has a potential grievance. Except for a grievance concerning back pay, the employee must inform his/her immediate supervisor of the existence of a potential grievance within five (5) working days of the occurrence of the grievance. The supervisor shall schedule a conference with the employee to hear the employee’s potential grievance that shall be held no later than five (5) working days after the supervisor is informed of the existence of the potential grievance and offer the employee an opportunity to have a witness or representative who is not a member of the employee’s immediate family present at their conference. If the grievance is not advanced to Level Two within five (5) working days following the conference, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

If the grievance cannot be resolved by the immediate supervisor, the employee can advance the grievance to Level Two. To do this, the employee must complete the top half of the Level Two Grievance Form within five (5) working days of the discussion with the immediate supervisor, citing the manner in which the specific personnel policy was violated that has given rise to the grievance, and submit the Grievance Form to his/her immediate supervisor. The supervisor will have ten (10) working days to respond to the grievance using the

bottom half of the Level Two Grievance Form which he/she will submit to the building principal or, in the event that the employee's immediate supervisor is the building principal, the superintendent.

Level Two (when appeal is to the building principal): Upon receipt of a Level Two Grievance Form, the building principal will have ten (10) working days to schedule a conference with the employee filing the grievance. The principal shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the principal will have ten (10) working days in which to deliver a written response to the grievance to the employee. If the grievance is not advanced to Level Three within five (5) working days from the date of the principal's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

Level Two (when appeal is to the superintendent): Upon receipt of a Level Two Grievance Form, the superintendent will have ten (10) working days to schedule a conference with the employee filing the grievance. The superintendent shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the superintendent will have ten (10) working days in which to deliver a written response to the grievance to the employee.

Level Three: If the proper recipient of the Level Two Grievance was the building principal, and the employee remains unsatisfied with the written response to the grievance, the employee may advance the grievance to the superintendent by submitting a copy of the Level Two Grievance Form and the principal's reply to the superintendent within five (5) working days of his/her receipt of the principal's written reply. The superintendent will have ten (10) working days to schedule a conference with the employee filing the grievance. The superintendent shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the superintendent will have ten (10) working days in which to deliver a written response to the grievance to the employee.

Appeal to the Board of Directors: An employee who remains unsatisfied by the written response of the superintendent may appeal the superintendent's decision to the Board of Directors within five (5) working days of his/her receipt of the Superintendent's written response by submitting a written request for a board hearing to the superintendent². If the grievance is not appealed to the Board of Directors within five (5) working days of his/her receipt of the superintendent's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

The school board will address the grievance at the next regular meeting of the school board, unless the employee agrees in writing to an alternate date for the hearing. Based on a review of the Level Two Grievance Form and the superintendent's reply, the board shall:

- a. For a grievance filed as an individual, determine if the grievance, on its face, is a subject that may be grieved under district policy.
- b. For a grievance that is filed as a group grievance, review the composition of the group and either:
 - Rule that the group has met the requirements to qualify as a group grievance and then determine whether the matter of the grievance is, on its face, a subject that may be grieved under District policy; or
 - Rule that the composition of the group does not meet the definition of a group grievance under District policy.

If the Board rules that the grievance, whether filed as an individual or as a group, is not a subject that may be grieved, the matter shall be considered closed. If the Board rules that the composition of the group does not meet the definition of a group grievance under District policy, employees who had filed a grievance as part of

a group grievance that the Board ruled to not meet the policy's definition of a group grievance may choose to subsequently file an individual grievance by starting with Level One of the process; in such cases, a grievance will be considered to be timely filed if the notification of the employee's supervisor requirement under Level 1 is made within five (5) work days of the Board meeting where the Board ruled that the proposed group grievance did not meet the policy's definition of a group grievance.

If the Board rules the grievance to be a subject that may be grieved, they shall immediately commence a hearing on the grievance. All parties have the right to representation at the appeal hearing by a person of their own choosing except that no party shall be represented by an individual who is a member of the employee's immediate family. The employee shall have no less than ninety (90) minutes to present his/her grievance, unless a shorter period is agreed to by the employee, and both parties shall have the opportunity to present and question witnesses. The hearing shall be open to the public unless the employee requests a private hearing. If the hearing is open to the public, the parent or guardian of any student under the age of eighteen (18) years who gives testimony may elect to have the student's testimony given in closed session. At the conclusion of the hearing, if the hearing was closed, the Board of Directors may excuse all parties except board members and deliberate, by themselves, on the hearing. At the conclusion of an open hearing, board deliberations shall also be in open session unless the board is deliberating the employment, appointment, promotion, demotion, disciplining, or resignation of the employee. A decision on the grievance shall be announced no later than the next regular board meeting.

Records

Records related to grievances will be filed separately and will not be kept in, or made part of, the personnel file of any employee.

Reprisals

No reprisals of any kind will be taken or tolerated against any employee because he/she has filed or advanced a grievance under this policy.

3.26—Licensed Personnel Sexual Harassment

The Ouachita River School District is committed to providing an academic and work environment that treats all students and employees with respect and dignity. Student achievement and amicable working relationships are best attained in an atmosphere of equal educational and employment opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational and work environment and will not be tolerated.

The District believes the best policy to create an educational and work environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District's written procedures governing the formal complaint grievance process;¹
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students and employees can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Education program or activity” includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee:
 - a. Conditions the provision of an aid, benefit, or service of the District on an individual’s participation in unwelcome sexual conduct;² or
 - b. Uses the rejection of unwelcome sexual conduct as the basis for academic decisions affecting that individual;²
2. The conduct is:
 - a. Unwelcome; and
 - b. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District’s education program or activity; or
 - c. Constitutes:
 - d. Sexual assault;
 - e. Dating violence
 - f. Domestic violence; or
 - g. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District’s educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; non-employees and students; employees; and employees and non-employees.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Employees who believe they have been subjected to sexual harassment are encouraged to submit a report to their immediate supervisor, an administrator, or the Title IX coordinator. Under no circumstances shall an employee be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the sexual harassment. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - ✚ The identities of the parties involved in the incident, if known;
 - ✚ The conduct allegedly constituting sexual harassment; and
 - ✚ The date and location of the alleged incident, if known;

- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District's personnel policies and code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation ; this includes evidence:
 - Whether obtained from a party or other source,;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)³ days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)³ days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. site visits;
 - d. Methods used to gather other evidence,; and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's personnel policies or code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal

for these reasons does not preclude action under another provision of the District's personnel policies or code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed;
2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
3. Implement appeal procedures equally for both parties;
4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

- ✚ Any individual who has made a report or complaint of sex discrimination;
- ✚ Any individual who has made a report or filed a formal complaint of sexual harassment;
- ✚ Any complainant;
- ✚ Any individual who has been reported to be the perpetrator of sex discrimination;
- ✚ Any respondent; and
- ✚ Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Administrative Leave⁶

The District may place a non-student employee respondent on administrative leave during the pendency of the District's grievance process.

Retaliation Prohibited

Employees who submit a report or file a formal complaint of sexual harassment,; testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for personnel policy violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student or employee to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any employee who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, termination. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Employees who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including termination. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:

- The basis for the District’s conclusion that its response was not deliberately indifferent; and
- Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District’s education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Employees are advised that they enjoy no expectation of privacy in any aspect of their computer use, including email, and that under Arkansas law both email and computer use records maintained by the district are subject to disclosure under the Freedom of Information Act. Consequently, no employee or student-related reprimands or other disciplinary communications should be made through email.

Passwords or security procedures are to be used as assigned, and confidentiality of student records is to be maintained at all times. Employees must not disable or bypass security procedures, compromise, attempt to compromise, or defeat the district’s technology network security, alter data without authorization, disclose passwords to other staff members or students, or grant students access to any computer not designated for student use. The District will also monitor users through direct observation and/or other means, to ensure that they are not accessing inappropriate materials. The term "harmful to minors" is defined by the Communications Act of 1934 (47USC Section 254 [h] [7]) as meaning any picture, image, graphic, or other visual that (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Snow days may be made up from holidays during the calendar year as noted on the school calendar. The other make up days are added at the end of the school year. The first week of June should not be considered as available until we reach a point in the year when inclement weather is no longer a factor.

Act 1469 of 2009 Requires a minimum of five additional days in the calendar to make up inclement weather or other unusual circumstances.

3.30—Parent-Teacher Communication

The district recognizes the importance of communication between teachers and parents/legal guardians. To help promote positive communication, parent/teacher conferences shall be held once each semester. Parent-teacher conferences are encouraged and may be requested by parents or guardians when they feel they need to discuss their child’s progress with his/her teacher.

Teachers are required to communicate during the school year with the parent(s), legal guardian(s), or care-giving adult or adults in a student’s home to discuss the student’s academic progress unless the student has been placed in the custody of the Department of Human Services and the school has received a court order prohibiting parent or legal guardian participation in parent/teacher conferences¹. More frequent communication is required with the parent(s) or legal guardian(s) of students who are performing below grade level.

All parent/teacher conferences shall be scheduled at a time and place to best accommodate those participating in the conference. Each teacher shall document the participation or non-participation of parent(s)/legal guardian(s) for each scheduled conference.

If a student is to be retained at any grade level or denied course credit, notice of, and the reasons for retention shall be communicated promptly in a personal conference.

3.31—Drug Free Workplace - Licensed Personnel

The conduct of district staff plays a vital role in the social and behavioral development of our students. It is equally important that the staff have a safe, healthful, and professional environment in which to work. To help promote both interests, the district shall have a drug free workplace. It is, therefore, the district’s policy that

district employees are prohibited from the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances, illegal drugs, inhalants, alcohol, as well as inappropriate or illegal use of prescription drugs. Such actions are prohibited both while at work or in the performance of official duties while off district property; violations of this policy will subject the employee to discipline, up to and including termination.

To help promote a drug free workplace, the district shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the district's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance abuse programs, and the penalties that may be imposed upon employees for drug abuse violations. (Insert substance abuse resources here.)¹

Should any employee be found to have been under the influence of, or in illegal possession of, any illegal drug or controlled substance, whether or not engaged in any school or school-related activity, and the behavior of the employee, if under the influence, is such that it is inappropriate for a school employee in the opinion of the superintendent, the employee may be subject to discipline, up to and including termination. This policy also applies to those employees who are under the influence of alcohol while on campus or at school-sponsored functions, including athletic events.

An employee living on campus or on school owned property is permitted to possess alcohol in his/her residence. The employee is bound by the restrictions stated in this policy while at work or performing his/her official duties.

Possession, use or distribution of drug paraphernalia by any employee, whether or not engaged in school or school-related activities, may subject the employee to discipline, up to and including termination. Possession in one's vehicle or in an area subject to the employee's control will be considered to be possession as though the substance were on the employee's person.

It shall not be necessary for an employee to test at a level demonstrating intoxication by any substance in order to be subject to the terms of this policy. Any physical manifestation of being under the influence of a substance may subject an employee to the terms of this policy. Those physical manifestations include, but are not limited to: unsteadiness; slurred speech; dilated or constricted pupils; incoherent and/or irrational speech; or the presence of an odor associated with a prohibited substance on one's breath or clothing.

Should an employee desire to provide the District with the results of a blood, breath or urine analysis, such results will be taken into account by the District only if the sample is provided within a time range that could provide meaningful results and only by a testing agency chosen or approved by the District. The District shall not request that the employee be tested, and the expense for such voluntary testing shall be borne by the employee.

Any incident at work resulting in injury to the employee requiring medical attention shall require the employee to submit to a drug test, which shall be paid at the District's worker's compensation carrier's expense. Failure for the employee to submit to the drug test or a confirmed positive drug test indicating the use of illegal substances or the misuse of prescription medications shall be grounds for the denial of worker's compensation benefits in accordance with policy 3.44—LICENSED PERSONNEL WORKPLACE INJURIES AND WORKERS' COMPENSATION.²

Any employee who is charged with a violation of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances or alcohol, or of drug paraphernalia, must notify his/her immediate supervisor within five (5) week days (i.e., Monday through Friday, inclusive, excluding holidays) of

being so charged. The supervisor who is notified of such a charge shall notify the Superintendent immediately.

If the supervisor is not available to the employee, the employee shall notify the Superintendent within the five (5) day period.

Any employee so charged is subject to discipline, up to and including termination. However, the failure of an employee to notify his or her supervisor or the Superintendent of having been so charged shall result in that employee being recommended for termination by the Superintendent.

Any employee convicted of any criminal drug statute violation for an offense that occurred while at work or in the performance of official duties while off district property shall report the conviction within 5 calendar days to the superintendent. Within 10 days of receiving such notification, whether from the employee or any other source, the district shall notify federal granting agencies from which it receives funds of the conviction. Compliance with these requirements and prohibitions is mandatory and is a condition of employment.

Any employee convicted of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances, or of drug paraphernalia, shall be recommended for termination.

Any employee who must take prescription medication at the direction of the employee's physician, and who is impaired by the prescription medication such that he/she cannot properly perform his/her duties shall not report for duty. Any employee who reports for duty and is so impaired, as determined by his/her supervisor, will be sent home. The employee shall be given sick leave, if owed any. The District or employee will provide transportation for the employee, and the employee may not leave campus while operating any vehicle. It is the responsibility of the employee to contact his/her physician in order to adjust the medication, if possible, so that the employee may return to his/her job unimpaired. Should the employee attempt to return to work while impaired by prescription medications, for which the employee has a prescription, he/she will, again, be sent home and given sick leave, if owed any. Should the employee attempt to return to work while impaired by prescription medication a third time the employee may be subject to discipline, up to and including a recommendation of termination.

Any employee who possesses, uses, distributes or is under the influence of a prescription medication obtained by a means other than his/her own current prescription shall be treated as though he was in possession, possession with intent to deliver, or under the influence, etc. of an illegal substance. An illegal drug or other substance is one which is (a) not legally obtainable; or (b) one which is legally obtainable, but which has been obtained illegally. The District may require an employee to provide proof from his/her physician and/or pharmacist that the employee is lawfully able to receive such medication. Failure to provide such proof, to the satisfaction of the Superintendent, may result in discipline, up to and including a recommendation of termination.

A report to the appropriate licensing agency shall be filed within seven (7) days of:

- 1) A final disciplinary action taken against an employee resulting from the diversion, misuse, or abuse of illicit drugs or controlled substances; or
- 2) The voluntary resignation of an employee who is facing a pending disciplinary action resulting from the diversion, misuse, or abuse of illicit drugs or controlled substances.

The report filed with the licensing authority shall include, but not be limited to:

- The name, address, and telephone number of the person who is the subject of the report; and
- A description of the facts giving rise to the issuance of the report.

When the employee is not a healthcare professional, law enforcement will be contacted regarding any final disciplinary action taken against an employee for the diversion of controlled substances to one (1) or more third parties.

3.32—Licensed Personnel Family Medical Leave *

The Family and Medical Leave Act (FMLA) offers job protection for leave that might otherwise be considered excessive absences. Employees need to carefully comply with this policy to ensure they do not lose FMLA protection due to inaction or failure to provide the District with needed information. The FMLA provides up to twelve (12) work weeks (or, in some cases, twenty-six (26) weeks) of job-protected leave to eligible employees with absences that qualify under the FMLA. While an employee can request FMLA leave and has a duty to inform the District, as provided in this policy, of foreseeable absences that may qualify for FMLA leave, it is the District’s ultimate responsibility to identify qualifying absences as FMLA or non-FMLA. FMLA leave is unpaid, except to the extent that paid leave applies to any given absence as governed by the FMLA and this policy.

SECTION ONE– FMLA LEAVE GENERALLY

Definitions

“Eligible Employee” is an employee who has:

1. Been employed by the District for at least twelve (12) months, which are not required to be consecutive; and
2. Performed at least 1250 hours of service during the twelve (12) month period immediately preceding the commencement of the leave.¹

“FMLA” is the Family and Medical Leave Act

“Health Care Provider” means:

- a. A doctor of medicine or osteopathy who is authorized to practice medicine or surgery (as appropriate) by the State in which the doctor practices;
- b. Podiatrists, dentists, clinical psychologists, optometrists, and chiropractors (limited to treatment consisting of manual manipulation of the spine to correct a subluxation as demonstrated by X-ray to exist) authorized to practice in the State and performing within the scope of their practice as defined under State law;
- c. Nurse practitioners, nurse-midwives, clinical social workers and physician assistants who are authorized to practice under State law and who are performing within the scope of their practice as defined under State law;
- d. Christian Science Practitioners listed with the First Church of Christ, Scientist in Boston, Massachusetts. Where an employee or family member is receiving treatment from a Christian Science practitioner, an employee may not object to any requirement from an employer that the employee or family member submit to examination (though not treatment) to obtain a second or third certification from a health care provider other than a Christian Science practitioner except as otherwise provided under applicable State or local law or collective bargaining agreement; or
- e. Any other person determined by the U.S. Secretary of Labor to be capable of providing health care services.

“Instructional Employee” is an employee whose principal function is to teach and instruct students in a class, a small group, or an individual setting and includes athletic coaches, driving instructors, preschool teachers, and special education assistants such as signers for the hearing impaired. The term does not include, and the special rules related to the taking of leave near the end of a semester do not apply to: teacher assistants or aides who do not have as their principal job actual teaching or instructing, administrators, counselors, librarians, psychologists, and curriculum specialists.

“Intermittent leave” is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced leave schedule is a leave schedule that reduces an employee’s usual number of working hours per workweek, or hours per workday. A reduced leave schedule is a change in the employee’s schedule for a period of time, normally from full-time to part-time.

“Next of Kin”, used in respect to an individual, means the nearest blood relative of that individual.

“Parent” is the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a son or a daughter. This term does not include parents “in-law.”

“Serious Health Condition” is an injury, illness, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider.

“Son or daughter”, for numbers 1, 2, or 3 below: is a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen (18), or age eighteen (18) or older and “incapable of self-care because of a mental or physical disability” at the time that FMLA leave is to commence.²

“Year” the twelve (12) month period of eligibility shall begin on July first of each school-year.³

Policy

The provisions of this policy are intended to be in line with the provisions of the FMLA. If any conflict(s) exist, the Family and Medical Leave Act of 1993, as amended, shall govern.

Leave Eligibility

The District will grant up to twelve (12) weeks of leave in a year in accordance with the FMLA, as amended, to its eligible employees for one or more of the following reasons:

1. Because of the birth of a son or daughter of the employee and in order to care for such son or daughter;
2. Because of the placement of a son or daughter with the employee for adoption or foster care;
3. To care for the spouse, son, daughter, or parent, of the employee, if such spouse, son, daughter, or parent has a serious health condition;
4. Because of a serious health condition that makes the employee unable to perform the functions of the position of such employee; and
5. Because of any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces. (See Section Two)
6. To care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury. (See Section Two)

The entitlement to leave for reasons 1 and 2 listed above shall expire at the end of the twelve (12) month period beginning on the date of such birth or placement.

A legally married couple who are both eligible employees employed by the District may not take more than a combined total of twelve (12) weeks of FMLA leave for reasons 1, 2, or to care for a parent under number 3.

Provisions Applicable to both Sections One and Two

District Notice to Employees

The District shall post, in conspicuous places in each school within the District where notices to employees and applicants for employment are customarily posted, a notice explaining the FMLA's provisions and providing information about the procedure for filing complaints with the Department of Labor.⁴

Designation Notice to Employee

When an employee requests FMLA leave or the District determines that an employee's absence may be covered under the FMLA, the District shall provide written notice within five (5) business days (absent extenuating circumstances) to the employee of the District's determination of his/her eligibility for FMLA leave.⁵ If the employee is eligible, the District may request additional information from the employee and/or certification from a health care provider to help make the applicability⁶ determination. After receiving sufficient information as requested, the District shall provide a written notice within five (5) business days (absent extenuating circumstances) to the employee of whether the leave qualifies as FMLA leave and will be so designated.⁷

If the circumstances for the leave don't change, the District is only required to notify the employee once of the determination regarding the designation of FMLA leave within any applicable twelve (12) month period.

Employees who receive notification that the leave request does not qualify under the FMLA are expected to return to work; further absences that are not otherwise excused could lead to discipline for excessive absences, or termination for job abandonment.

Concurrent Leave Under the FMLA

All FMLA leave is unpaid unless substituted by applicable accrued leave. The District requires employees to substitute any applicable accrued leave (in the order of sick, personal, or vacation leave as may be applicable) for any period of FMLA leave.⁶

An employee who does not have enough accrued leave to cover the number of days of FMLA leave taken shall not have his/her number of contract days altered because some of the FMLA leave taken was unpaid.

Working at another Job while Taking FMLA for Personal or Family Serious Medical Condition

No employee on FMLA leave for their own serious medical condition may perform work at another, non-district job while on FMLA leave. Except as provided in policy 3.44, employees who do perform work at another, non-district job while on FMLA leave for their own serious medical condition will be subject to discipline, which could include termination or nonrenewal of their contract of employment.

No employee on FMLA leave for the serious medical condition of a family member may perform work at another, non-district job while on FMLA leave. Employees who do perform work at another, non-district job while on FMLA leave for the serious medical condition of a family member will be subject to discipline, which could include termination or nonrenewal of their contract of employment.

Health Insurance Coverage

The District shall maintain coverage under any group health plan for the duration of FMLA leave the employee takes at the level and under the conditions coverage would have been provided if the employee had continued in active employment with the District. Additionally, if the District makes a change to its health insurance benefits or plans that apply to other employees, the employee on FMLA leave must be afforded the opportunity to access additional benefits and/or the same responsibility for changes to premiums. Any changes made to a group health plan that apply to other District employees, must also apply to the employee on FMLA leave. The District will notify the employee on FMLA leave of any opportunities to change plans or benefits. The employee remains responsible for any portion of premium payments customarily paid by the employee. When on unpaid FMLA leave, it is the employee's responsibility to submit his/her portion of the cost of the group health plan coverage to the district's business office on or before it would be made by payroll deduction.⁸

The District has the right to pay an employee's unpaid insurance premiums during the employee's unpaid FMLA leave to maintain the employee's coverage during his/her leave. The District may recover the employee's share of any premium payments missed by the employee for any FMLA leave period that the District maintains health coverage for the employee by paying his/her share. Such recovery shall be made by offsetting the employee's debt through payroll deductions or by other means against any monies owed the employee by the District.

An employee who chooses to not continue group health plan coverage while on FMLA leave is entitled to be reinstated on the same terms as prior to taking the leave, including family or dependent coverages, without any qualifying period, physical examination, exclusion of pre-existing conditions, etc.⁹

If an employee gives unequivocal notice of an intent not to return to work, or if the employment relationship would have terminated if the employee had not taken FMLA leave, the District's obligation to maintain health benefits ceases.

If the employee fails to return from leave after the period of leave the employee was entitled has expired, the District may recover the premiums it paid to maintain health care coverage unless:

- a. The employee fails to return to work due to the continuation, reoccurrence, or onset of a serious health condition that entitles the employee to leave under reasons 3 or 4 listed above; and/or
- b. Other circumstances exist beyond the employee's control.

Circumstances under “a” listed above shall be certified by a licensed, practicing health care provider verifying the employee’s inability to return to work.

Reporting Requirements During Leave

Unless circumstances exist beyond the employee’s control, the employee shall inform the district every two (2) weeks¹⁰ during FMLA leave of his/her current status and intent to return to work.

Return to Previous Position

An employee returning from FMLA leave is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment. An equivalent position must involve the same or substantially similar duties and responsibilities, which must entail substantially equivalent skill, effort, and authority. Specifically, upon returning from FMLA leave, a teacher may be assigned to another position that is not necessarily the same as the teacher’s former job assignment. The employee may not be restored to a position requiring additional licensure or certification.

The employee’s right to return to work and/or to the same or an equivalent position does not supersede any actions taken by the District, such as conducting a RIF, that the employee would have been subject to had the employee not been on FMLA leave at the time of the District’s actions.

Provisions Applicable to Section One

Employee Notice to District

Foreseeable Leave

When the need for leave is foreseeable for reasons 1 through 4 listed above, the employee shall provide the District with at least thirty (30)days' notice, before the date the leave is to begin, of the employee's intention to take leave for the specified reason. An eligible employee who has no reasonable excuse for his/her failure to provide the District with timely advance notice of the need for FMLA leave may have his/her FMLA coverage of such leave delayed until thirty (30)days after the date the employee provides notice.

If there is a lack of knowledge of approximately when the leave will be required to begin, a change in circumstances, or an emergency, notice must be given as soon as practicable. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

When the need for leave is for reasons 3 or 4 listed above, the eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the District subject to the approval of the health care provider of the spouse, son, daughter, or parent of the employee.

If the need for FMLA leave is foreseeable less than thirty (30)days in advance, the employee shall notify the District as soon as practicable. If the employee fails to notify as soon as practicable, the District may delay granting FMLA leave for the number of days equal to the difference between the number of days in advance that the employee should have provided notice and when the employee actually gave notice.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case.

Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required, unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Medical Certification

Second and Third Opinions: In any case where the District has reason to doubt the validity of the initial certification provided, the District may require, at its expense, the employee to obtain the opinion of a second health care provider designated or approved by the employer. If the second opinion differs from the first, the District may require, at its expense, the employee to obtain a third opinion from a health care provider agreed upon by both the District and the employee. The opinion of the third health care provider shall be considered final and be binding upon both the District and the employee.

Recertification: The District may request, either orally or in writing, the employee obtain a recertification in connection with the employee's absence, at the employee's expense, no more often than every thirty (30) days unless one or more of the following circumstances apply:

- The original certification is for a period greater than thirty (30) days. In this situation, the District may require a recertification after the time of the original certification expires, but in any case, the District may require a recertification every six (6) months.
- The employee requests an extension of leave;
- Circumstances described by the previous certification have changed significantly; and/or
- The district receives information that casts doubt upon the continuing validity of the certification.

The employee must provide the recertification within fifteen (15) calendar days after the District's request.

No second or third opinion on a recertification may be required.

The District may deny FMLA leave if an eligible employee fails to provide a requested certification.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave for reasons 1 (as applicable), 2, 3, or 4 above, the District requires employees to substitute accrued sick, vacation, or personal leave for the period of FMLA leave.¹¹

To the extent the employee has accrued paid vacation or personal leave, any leave taken that qualifies for FMLA leave for reasons 1 or 2 above shall be paid leave and charged against the employee's accrued leave.

Workers Compensation: FMLA leave may run concurrently with a workers' compensation absence when the injury is one that meets the criteria for a serious health condition. To the extent that workers compensation benefits and FMLA leave run concurrently, the employee will be charged for any paid leave accrued by the employee at the rate necessary to bring the total amount of combined income up to 100% of usual contracted daily rate of pay. If the health care provider treating the employee for the workers compensation injury certifies the employee is able to return to a "light duty job," but is unable to return to the employee's same or equivalent job, the employee may decline the District's offer of a "light duty job." As a result, the employee may lose his/her workers' compensation payments, but for the duration of the employee's FMLA leave, the employee will be paid for the leave to the extent that the employee has accrued applicable leave.

Return to Work¹²

If the District's written designation determination that the eligible employee's leave qualified as FMLA leave under reason 4 above stated that the employee would have to provide a "fitness-for-duty" certification from a health care provider for the employee to resume work, the employee must provide such certification prior to returning to work. The employee's failure to do so voids the District's obligation to reinstate the employee under the FMLA and the employee shall be terminated.

If the District's written designation determination that the eligible employee's leave qualified as FMLA leave under reason 4 above stated that the employee would have to provide a "fitness-for-duty" certification from a health care provider for the employee to resume work **and** the designation determination listed the employee's essential job functions, the employee must provide certification that the employee is able to perform those functions prior to returning to work. The employee's failure to do so or his/her inability to perform his/her job's essential functions voids the District's obligation to reinstate the employee under the FMLA and the employee shall be terminated.

Failure to Return to Work

In the event that an employee is unable or fails to return to work within FMLA's leave timelines, the superintendent will make a determination at that time regarding the documented need for a severance of the employee's contract due to the inability of the employee to fulfill the responsibilities and requirements of his/her contract.

Intermittent or Reduced Schedule Leave

To the extent practicable, employees requesting intermittent or reduced schedule leave shall provide the District with not less than thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave.

Eligible employees may only take intermittent or reduced schedule leave for reasons 1 and 2 listed above if the District agrees to permit such leave upon the request of the employee. If the District agrees to permit an employee to take intermittent or reduced schedule leave for such reasons, the agreement shall be consistent with this policy's requirements governing intermittent or reduced schedule leave. The employee may be transferred temporarily during the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties.

Eligible employees may take intermittent or reduced schedule FMLA leave due to reasons 3 or 4 listed above when the medical need is best accommodated by such a schedule. The eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider.

When granting leave on an intermittent or reduced schedule for reasons 3 or 4 above that is foreseeable based on planned medical treatment, the District may temporarily transfer non-instructional, eligible employees for the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. The employee will not be required to take more FMLA leave than necessary to address the circumstances requiring the need for the leave.

If an eligible employee who meets the definition of an instructional employee requests intermittent or reduced schedule leave for reasons 3 or 4 above that is foreseeable based on planned medical treatment and the employee would be on leave for greater than twenty percent (20%) of the total number of working days in the period during which the leave would extend, the district may require the employee to elect either to:

- a. Take medical leave for periods of a particular duration, not to exceed the duration of the planned medical treatment; or
- b. Transfer temporarily to an available alternative position offered by the employer that the employee is qualified for, has equivalent pay and benefits, and better accommodates recurring periods of leave than the regular employment position of the employee.

If the employee chooses to transfer to an alternative position, the alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. The employee will not be required to take more FMLA leave than necessary to address the circumstances requiring the need for the leave.

An eligible instructional employee who needs intermittent leave or leave on a reduced leave schedule for reasons 3 or 4 above may not be transferred to an alternative position during the period of the employee's intermittent or reduced leave schedule if, based on the foreseeable planned medical treatment, the employee would be on leave for twenty percent (20%) or less of the total number of working days over the period the leave would extend.

Instructional employees are not required to request intermittent leave when the instructional employee's FMLA leave spans a period when school is closed, such as for winter, spring, or summer breaks; in addition, the time the school is closed is not counted when calculating the amount of FMLA leave the instructional employee has used.

Leave taken by eligible instructional employees near the end of the semester

In any of the following scenarios, if the District chooses to require the eligible, instructional employee to stay on leave until the end of the semester, only the portion of the leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. The required non-FMLA leave will not be considered excessive absenteeism.

Leave more than five (5) weeks prior to end of the semester

If the eligible, instructional employee begins leave, due to reasons 1 through 4 listed above, more than five (5) weeks prior to the end of the academic term, the District may require the employee to continue taking leave until the end of the semester, if:

1. The leave is of at least three (3) weeks duration; and
2. The return to employment would occur during the three (3) week period before the end of the semester.

Leave less than five (5) weeks prior to end of the semester

If the eligible, instructional employee begins leave, due to reasons 1, 2, or 3 listed above, during the period that commences five (5) weeks prior to the end of the academic term, the District may require the employee to continue taking leave until the end of the semester, if:

- a. The leave is of greater than two (2) weeks duration; and
- b. The return to employment would occur during the two (2) week period before the end of the semester.

Leave less than three (3) weeks prior to end of the semester

If the eligible, instructional employee begins leave, due to 1, 2, or 3 listed above, during the period that commences three (3) weeks prior to the end of the semester and the duration of the leave is greater than five (5) working days, the District may require the employee to continue to take leave until the end of the semester.

SECTION TWO- FMLA LEAVE CONNECTED TO MILITARY SERVICE

Leave Eligibility

The FMLA provision of military associated leave is in two categories. Each one has some of its own definitions and stipulations. Therefore, they are dealt with separately in this Section of the policy. Definitions different than those in Section One are included under the respective reason for leave. Definitions that are the same as in Section One are NOT repeated in this Section.

QUALIFYING EXIGENCY

An eligible employee may take FMLA leave for any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces. Examples include issues involved with short-notice deployment, military events and related activities, childcare and school activities, the need for financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, and other activities as defined by federal regulations.¹³

Definitions

“Covered active duty” means:

- in the case of a member of a **regular** component of the Armed Forces, duty during deployment of the member with the armed forces to a foreign country; and
- in the case of a member of a **reserve** component of the Armed Forces, duty during deployment of the member with the armed forces to a foreign country under a call to order to active duty under a provision of law referred to in section 101(a)(13)(B) of title 10, United States Code.

“Son or daughter on active duty or call to active duty status” means the employee's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the employee stood in loco parentis, who is on active duty or call to active duty status, and who is of any age.

Certification¹⁴

The District may require the eligible employee to obtain certification to help the district determine if the requested leave qualifies for FMLA leave for the purposes of a qualifying exigency. The District may deny FMLA leave if an eligible employee fails to provide the requested certification.

Employee Notice to District

Foreseeable Leave

When the necessity for leave for any qualifying exigency is foreseeable, whether because the spouse, son, daughter, or parent of the employee is on covered active duty, or because of notification of an impending call or order to covered active duty, the employee shall provide such notice to the District as is reasonable and practicable regardless of how far in advance the leave is foreseeable. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case.

Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave for any qualifying exigency, the District requires employees to substitute accrued vacation, or personal leave for the period of FMLA leave.

Intermittent or Reduced Schedule Leave

Eligible employees may take intermittent or reduced schedule leave for any qualifying exigency. The employee shall provide the district with as much notice as is practicable.

Leave taken by an eligible instructional employee more than five (5) weeks prior to end of the semester

If an eligible, instructional employee begins leave due to any qualifying exigency more than five (5) weeks prior to the end of the semester, the District may require the employee to continue taking leave until the end of the semester, if:

1. The leave is of at least three (3) weeks duration; and
2. The return to employment would occur during the three (3) week period before the end of the semester.

If the District chooses to require the eligible, instructional employee to stay on leave until the end of the semester, only the portion of the leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement.

SERIOUS ILLNESS

An eligible employee is eligible for leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury under the following conditions and definitions.

Definitions

"Covered Service member" is:

1. A member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
2. A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five (5) years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

"Outpatient Status", used in respect to a covered service member, means the status of a member of the Armed Forces assigned to:

- a. A military medical treatment facility as an outpatient; or
- b. A unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

"Parent of a covered service member" is a covered service member's biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered service member. This term does not include parents "in law."

“Serious Injury or Illness”:

- A. In the case of a member of the Armed Forces, including the National Guard or Reserves, it means an injury or illness incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member’s office, grade, rank, or rating; and
- B. In the case of a veteran who was a member of the Armed Forces, including a member of the National Guard or Reserves, at any time during a period as a covered service member defined in this policy, it means a qualifying (as defined by the U.S. Secretary of Labor) injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member’s active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

“Son or daughter of a covered service member” means a covered service member’s biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered service member stood in loco parentis, and who is of any age.²

“Year”, for leave to care for the serious injury or illness of a covered service member, the twelve (12) month period begins on the first day the eligible employee takes FMLA leave to care for a covered service member and ends twelve (12) months after that date.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member shall be entitled to a total of twenty-six (26) weeks of leave during one twelve (12) month period to care for the service member who has a serious injury or illness as defined in this policy. An eligible employee who cares for such a covered service member continues to be limited for reasons 1 through 4 in Section One and for any qualifying exigency to a total of twelve (12) weeks of leave during a year as defined in this policy. For example, an eligible employee who cares for such a covered service member for sixteen (16) weeks during a twelve (12) month period could only take a total of ten (10) weeks for reasons 1 through 4 in Section One and for any qualifying exigency. An eligible employee may not take more than twelve (12) weeks of FMLA leave for reasons 1 through 4 in Section One and for any qualifying exigency regardless of how little leave the eligible employee may take to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury.

If a legally married couple are both eligible employees employed by the District, the legally married couple are entitled to a combined total of twenty-six (26) weeks of leave during one twelve (12) month period to care for their spouse, son, daughter, parent, or next of kin who is a covered service member with a serious injury or illness, as defined in this policy. The leave taken by a legally married couple who care for such a covered service member continues to be limited to a total of twelve (12) weeks of FMLA leave for reasons 1 through 4 in Section One and for any qualifying exigency during a year, as defined in this policy, regardless of whether or not the legally married couple uses less than a combined total of fourteen (14) weeks to care for a covered service member with a serious injury or illness; moreover, the legally married couple’s twelve (12) weeks are combined when taken for reasons 1, 2, or to care for a parent under reason 3 in Section One.

For example, a legally married couple who are both eligible employees and who care for such a covered service member for sixteen (16) weeks during a twelve (12) month period could:

- 1. Each take up to ten (10) weeks for reason 4 in section 1 or a qualifying exigency;
- 2. Take a combined total of ten (10) weeks for reasons 1, 2, or to care for a parent under reason 3 in Section One; or
- 3. Take a combination of numbers 1 and 2 that totals ten (10) weeks of leave.

Medical Certification¹⁵

The District may require the eligible employee to obtain certification of the covered service member's serious health condition to help the District determine if the requested leave qualifies for FMLA leave. The District may deny FMLA leave if an eligible employee fails to provide the requested certification.

Employee Notice to District

Foreseeable Leave

When the need for leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury is clearly foreseeable at least thirty (30) days in advance, the employee shall provide the District with no less than thirty (30) day notice before the date the employee intends for the leave to begin for the specified reason. An eligible employee who has no reasonable excuse for his/her failure to provide the District with timely advance notice of the need for FMLA leave may have his/her FMLA coverage of such leave delayed until thirty (30) days after the date the employee provides notice.

If the need for FMLA leave is foreseeable less than thirty (30) days in advance, the employee shall notify the District as soon as practicable. If the employee fails to notify as soon as practicable, the District may delay granting FMLA leave for an amount of time equal to the difference between the length of time that the employee should have provided notice and when the employee actually gave notice.

When the need for leave is to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury, the employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the district subject to the approval of the health care provider of the spouse, son, daughter, or parent of the employee.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case. Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required, unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury, the District requires employees to substitute accrued sick, vacation, or personal leave for the period of FMLA leave.

Intermittent or Reduced Schedule Leave

To the extent practicable, employees requesting intermittent or reduced schedule leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury shall provide the District with at least thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave.

Eligible employees may take intermittent or reduced schedule FMLA leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury when the medical need is best accommodated by such a schedule. The eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider.

When granting leave on an intermittent or reduced schedule to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury that is foreseeable based on planned medical treatment, the District may temporarily transfer non-instructional eligible employees for the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. Specifically, upon returning from FMLA leave, an employee may be assigned to another position that is not necessarily the same as the employee's former job assignment. The employee will not be required to take more FMLA leave than necessary to address the circumstances requiring the need for the leave.

If an eligible employee who meets the definition of an instructional employee requests intermittent or reduced schedule leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury that is foreseeable based on planned medical treatment and the employee would be on leave for greater than twenty percent (20%) of the total number of working days in the period during which the leave would extend, the District may require the employee to choose either to:

- a. Take medical leave for periods of a particular duration, not to exceed the duration of the planned medical treatment; or
- b. Transfer temporarily to an available alternative position offered by the employer that the employee is qualified for, has equivalent pay and benefits, and better accommodates recurring periods of leave than the regular employment position of the employee.

If the employee chooses to transfer to an alternative position, the alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. Specifically, upon returning from FMLA leave, a teacher may be assigned to another position that is not necessarily the same as the teacher's former job assignment. The employee will not be required to take more FMLA leave than necessary to address the circumstances that required the need for the leave.

An eligible instructional employee, who needs intermittent leave or leave on a reduced leave schedule leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury, may not be transferred to an alternative position during the period of the employee's intermittent or reduced leave schedule if, based on the foreseeable planned medical treatment, the employee would be on leave for twenty percent (20%) or less of the total number of working days over the period the leave would extend.

Leave taken by eligible instructional employees near the end of the academic semester

In any of the following scenarios, if the district chooses to require the eligible, instructional employee to stay on leave until the end of the semester, only the portion of the leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. The excess non-FMLA leave will not be considered excessive absenteeism.

Leave more than five (5) weeks prior to end of the semester

If the eligible, instructional employee begins leave, for any qualifying exigency or to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury more than five (5) weeks prior to the end of the semester, the District may require the employee to continue taking leave until the end of the semester, if:

1. The leave is of at least three (3) weeks duration; and

2. The return to employment would occur during the three (3) week period before the end of the semester.

Leave less than five (5)weeks prior to end of the semester

If the eligible, instructional employee begins leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury during the period that commences five (5) weeks prior to the end of the semester, the District may require the employee to continue taking leave until the end of the semester, if:

- a. The leave is of greater than two (2)weeks duration; and
- b. The return to employment would occur during the two (2) week period before the end of the semester.

Leave less than three (3)weeks prior to end of the semester

If the eligible, instructional employee begins leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury during the period that commences three (3) weeks prior to the end of the semester and the duration of the leave is greater than five (5) working days, the District may require the employee to continue to take leave until the end of the semester.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

District staff are required to help enforce implementation of the district's anti-bullying policy. Students who bully another person are to be held accountable for their actions whether they occur on school equipment or property; off school property at a school-sponsored or school-approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops. Students are encouraged to report behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, to their teacher or the building principal. The report may be made anonymously.

District employees are held to a high standard of professionalism, especially when it comes to employee-student interactions. Actions by a District employee towards a student that would constitute bullying if the act had been performed by a student shall result in disciplinary action, up to and including termination. This policy governs bullying directed towards students and is not applicable to adult on adult interactions. Therefore, this policy does not apply to interactions between employees. Employees may report workplace conflicts to their supervisor.¹ In addition to any disciplinary actions, the District shall take appropriate steps to remedy the effects resulting from bullying.

3.40—Licensed Personnel Duties as Mandated Reporters

It is the statutory duty of school district employees to:

- If the employee has reasonable cause to suspect child abuse or maltreatment, then the employee shall directly and personally report these suspicions to the Arkansas Child Abuse Hotline; by calling 1-800-482-5964; by calling the child maltreatment hotline at 1-800-482-5964 and submitting a report through fax to the child maltreatment hotline; or if the employee can demonstrate that the child maltreatment, neglect, or abuse is not an emergency, then the employee may notify the child maltreatment hotline through submission of a fax only. Failure to report suspected child abuse, maltreatment, or neglect through the Hotline can lead to criminal prosecution and individual civil liability of the person who has this duty. Notification of local or state law enforcement does not satisfy the duty to report; only notification by means of the Child Abuse Hotline discharges this duty.
- If the employee has a good faith belief that there is a serious and imminent threat to the public based on a threat made by an individual regarding violence in or targeted at a school that has been communicated to the employee in the ordinary course of his/her professional duties, then the employee shall make every attempt to immediately notify law enforcement of the serious and imminent threat to the public and have notified law enforcement within twenty-four (24) hours of learning of the serious and imminent threat to the public.

The duty of mandated reporters to report suspected child abuse or maltreatment or serious and imminent threats to the public is a direct and personal duty, and cannot be assigned or delegated to another person. There is no duty to investigate, confirm or substantiate statements a student may have made which form the basis of the reasonable cause to believe that the student may have been abused or subjected to maltreatment by another person or that form the basis of the serious and imminent threat to the public; however, a person with a duty to report may find it helpful to make a limited inquiry to assist in the formation of a belief that child abuse, maltreatment, or neglect has occurred; that a serious and imminent threat to the public exists; or to rule out such a belief¹.

Employees and volunteers who notify the Child Abuse Hotline or who report serious and imminent threats to the public to law enforcement in good faith are immune from civil liability and criminal prosecution.

By law, no school district or school district employee may prohibit or restrict an employee or volunteer from directly reporting suspected child abuse, maltreatment, or a serious and imminent threat to the public, or require that any person notify or seek permission from any person before making a report to the Child Abuse Hotline or law enforcement.

3.41—Licensed Personnel Video Surveillance and Other Monitoring

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on district property and in or on district vehicles to notify students, staff, and visitors that video cameras may be in use. Violations of school personnel policies or laws caught by the cameras and other technologies authorized in this policy may result in disciplinary action. The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording.

Videos, automatic identification, or data compilations containing evidence of a violation of district personnel policies and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or staff handbook; any release or viewing of such records shall be in accordance with current law.

Staff who vandalize, damage, defeat, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities. Video recordings may become a part of a staff member's personnel record.

3.42—Obtaining and Releasing Student's Free and Reduced Price Meal Eligibility Information Obtaining Eligibility Information

A fundamental underpinning of the National School Lunch and School Breakfast Programs (Programs) is that in their implementation, there will be no physical segregation of, discrimination against, or overt identification of children who are eligible for the Program's benefits. While the requirements of the Programs are defined in much greater detail in federal statutes and pertinent Code of Federal Regulations, this policy is designed to help employees understand prohibitions on how the student information is obtained and/or released through the Programs. Employees with the greatest responsibility for implementing and monitoring the Programs should obtain the training necessary to become fully aware of the nuances of their responsibilities.

The District is required to inform households with children enrolled in District schools of the availability of the Programs and of how the household may apply for Program benefits. However, the District and anyone employed by the district is **strictly forbidden** from **requiring** any household or student within a household from submitting an application to participate in the program. There are NO exceptions to this prohibition and it would apply, for example, to the offer of incentives for completed forms, or disincentives or negative consequences for failing to submit or complete an application. Put simply, federal law requires that the names of the children shall not be published, posted or announced in any manner.

In addition to potential federal criminal penalties that may be filed against a staff member who violates this prohibition, the employee shall be subject to discipline up to and including termination.

Releasing Eligibility Information

As part of the district's participation in the National School Lunch Program and the School Breakfast Program, the district collects eligibility data from its students. The data's confidentiality is very important and is governed by federal law. The district has made the determination to release student eligibility status or information² as permitted by law. Federal law governs how eligibility data may be released and to whom. The district will take the following steps to ensure its confidentiality:

Some data may be released to government agencies or programs authorized by law to receive such data without parental consent, while other data may only be released after obtaining parental consent. In both instances, allowable information shall only be released on a need to know basis to individuals authorized to receive the data. The recipients shall sign an agreement with the district specifying the names or titles of the persons who may have access to the eligibility information. The agreement shall further specify the specific purpose(s) for which the data will be used and how the recipient(s) shall protect the data from further, unauthorized disclosures.

The superintendent shall designate the staff member(s) responsible for making eligibility determinations. Release of eligibility information to other district staff shall be limited to as few individuals as possible who shall have a specific need to know such information to perform their job responsibilities. Principals, counselors, teachers, and administrators shall not have routine access to eligibility information or status.

Each staff person with access to individual eligibility information shall be notified of their personal liability for its unauthorized disclosure and shall receive appropriate training on the laws governing the restrictions of such information.

3.43—Duty of Licensed Employees to Maintain License in Good Standing

3.44—Licensed Personnel Workplace Injuries and Workers' Compensation

The district provides Workers' Compensation (WC) Insurance, as required by law. Employees who sustain **any** injury at work must immediately notify their immediate supervisor, or in the absence of their immediate supervisor notify the District Treasurer¹. An injured employee must fill out a Form N and the employee's supervisor will determine whether to report the claim or to file the paperwork if the injury requires neither medical treatment or lost work time. While many injuries will require no medical treatment or time lost at work, should the need for treatment arise later, it is important that there be a record that the injury occurred. All employees have a duty to provide information and make statements as requested for the purposes of the claim assessment and investigation.

The District may discipline an employee, up to and including termination of the employee's contract, if it is discovered that the employee:

1. Deliberately made false statements concerning the origin of an injury or the circumstances surrounding the injury; or
2. submitted a WC claim that the employee knew to be based substantially or entirely on false information.

An employee shall not be disciplined solely because the District's WC carrier denied the employee's WC claim.

For injuries requiring medical attention, the district will exercise its right to designate the initial treating physician and an injured employee will be directed to seek medical attention, if necessary, from a specific physician or clinic. In addition, employees whose injuries require medical attention shall submit to a drug test, which shall be paid at the District's WC carrier's expense. Failure for the employee to submit to the drug test or a confirmed positive drug test indicating the use of illegal substances or the misuse of prescription medications shall be grounds for the denial of WC benefits.²

A WC absence may run concurrently with FMLA leave (policy 3.32) when the injury is one that meets the criteria for a serious health condition. To the extent that WC benefits and FMLA leave run concurrently, the employee will be charged for any paid leave accrued by the employee at the rate necessary to bring the total amount of combined income up to 100% of usual contracted daily rate of pay. If the health care provider treating the employee for the WC injury certifies the employee is able to return to a "light duty job," but is unable to return to the employee's same or equivalent job, the employee may decline the District's offer of a "light duty job." As a result, the employee may lose his/her WC payments, but for the duration of the employee's FMLA leave, the employee will be paid for the leave to the extent that the employee has accrued applicable leave.

Employees who are absent from work in the school district due to a WC claim may not work at a non-district job until they have returned to full duties at their same or equivalent district job; those who violate this prohibition may be subject to discipline up to and including termination. This prohibition does NOT apply to an employee who has been cleared by his/her doctor to return to "light duty" but the District has no such position available for the employee and the employee's second job qualifies as "light duty".

To the extent an employee has accrued sick leave and a WC claim has been filed, an employee:

- Will be charged for a day's sick leave for ~~the~~ all days missed until such time as the WC claim has been approved or denied;
- Whose WC claim is accepted by the WC insurance carrier as compensable and who is absent for eight (8) or more days shall be charged sick leave at the rate necessary, when combined with WC benefits, to bring the total amount of combined income up to 100% of the employee's usual contracted daily rate of pay;

- Whose WC claim is accepted by the WC insurance carrier as compensable and is absent for fourteen (14) or more days will be credited back that portion of sick leave for the first seven (7) days of absence that is not necessary to have brought the total amount of combined income up to 100% of the employee's usual contracted gross pay.

3.45—Licensed Personnel Social Networking and Ethics

Definitions

Social Media Account: a personal, individual, and non-work related account with an electronic medium or service where users may create, share, or view user-generated content, including videos, photographs, blogs, podcasts, messages, emails or website profiles or locations, such as Facebook, Twitter, LinkedIn, MySpace, or Instagram.

Professional/education Social Media Account: an account with an electronic medium or service where users may create, share, or view user-generated content, including videos, photographs, blogs, podcasts, messages, emails or website profiles or locations, such as Facebook, Twitter, LinkedIn, MySpace, or Instagram.

Blogs: are a type of networking and can be either social or professional in their orientation. Professional blogs are encouraged and can provide a place for teachers to post homework, keep parents up-to-date, and interact with students concerning school related activities. Social blogs are discouraged to the extent they involve teachers and students in a non-education oriented format.

Policy

Technology used appropriately gives faculty new opportunities to engage students. District staff are encouraged to use educational technology, the Internet, and professional/education social networks to raise student achievement and to improve communication with parents and students. Technology and social media accounts also offer staff many ways they can present themselves unprofessionally and/or interact with students inappropriately.

It is the duty of each staff member to appropriately manage all interactions with students, regardless of whether contact or interaction with a student occurs face-to-face or by means of technology, to ensure that the

appropriate staff/student relationship is maintained. This includes instances when students initiate contact or behave inappropriately themselves.

Public school employees are, and always have been, held to a high standard of behavior. Staff members are reminded that whether specific sorts of contacts are permitted or not specifically forbidden by policy, they will be held to a high standard of conduct in all their interactions with students. Failure to create, enforce and maintain appropriate professional and interpersonal boundaries with students could adversely affect the District's relationship with the community and jeopardize the employee's employment with the district.

The Division of Elementary and Secondary Education (DESE) *Rules Governing the Code of Ethics for Arkansas Educators* requires District staff to maintain a professional relationship with each student, both in and outside the classroom. The School Board of Directors encourages all staff to read and become familiar with the Rules. Conduct in violation of the DESE *Rules Governing the Code of Ethics for Arkansas Educators*, including, but not limited to conduct relating to the inappropriate use of technology or online resources, may be reported to the Professional Licensure Standards Board (PLSB) and may form the basis for disciplinary action up to and including termination.

Staff members are discouraged from creating personal social media accounts to which they invite students to be friends or followers.¹ Employees taking such action do so at their own risk and are advised to monitor the site's privacy settings regularly.

District employees may set up blogs and other professional/education social media accounts using District resources and following District guidelines¹ to promote communications with students, parents, and the community concerning school-related activities and for the purpose of supplementing classroom instruction. Accessing professional/education social media during school hours is permitted.

Staff are reminded that the same relationship, exchange, interaction, information, or behavior that would be unacceptable in a non-technological medium, is unacceptable when done through the use of technology. In fact, due to the vastly increased potential audience that digital dissemination presents, extra caution must be exercised by staff to ensure they don't cross the line of acceptability. A good rule of thumb for staff to use is, "if you wouldn't say it in class, don't say it online."

Whether permitted or not specifically forbidden by policy, or when expressed in an adult-to-adult, face-to-face context, what in other mediums of expression could remain private opinions, including "likes" or comments that endorse or support the message or speech of another person, when expressed by staff on a social media website, have the potential to be disseminated far beyond the speaker's desire or intention. This could undermine the public's perception of the individual's fitness to educate students, thus undermining the teacher's effectiveness. In this way, the expression and publication of such opinions could potentially lead to disciplinary action being taken against the staff member, up to and including termination or nonrenewal of the contract of employment.

Accessing social media websites for personal use during school hours is prohibited, except during breaks or preparation periods. Staff are discouraged from accessing social media websites on personal equipment during their breaks and/or preparation periods because, while this is not prohibited, it may give the public the appearance that such access is occurring during instructional time. Except when expressly authorized by the employee's job duties, staff shall not access social media websites using district equipment at any time, including during breaks or preparation periods, except in an emergency situation or with the express prior permission of school administration. Except when expressly authorized by the District employee's job duties and when District procedures have been followed, all school district employees who participate in social media websites shall not post any school district data, documents, photographs taken at school or of

students, logos, or other district owned or created information on any website. Further, the posting of any private or confidential school district material on such websites is strictly prohibited. The posting of prohibited material or posting without following proper procedures may result in disciplinary action against the District employee, up to and including termination or non-renewal.

Specifically, the following forms of technology based interactivity or connectivity are expressly permitted or forbidden:²

Privacy of Employee's Social Media Accounts

In compliance with A.C.A. § 11-2-124, the District shall not require, request, suggest, or cause a current or prospective employee to:

1. Disclose the username and/or password to his/her personal social media account;
2. Add an employee, supervisor, or administrator to the list of contacts associated with his/her personal social media account;
3. Change the privacy settings associated with his/her personal social media account; or
4. Retaliate against the employee for refusing to disclose the username and/or password to his/her personal social media account.

The District may require an employee to disclose his or her username and/or password to a personal social media account if the employee's personal social media account activity is reasonably believed to be relevant to the investigation of an allegation of an employee violating district policy; local laws; state laws and rules; or federal laws and regulations. If such an investigation occurs, and the employee refuses, upon request, to supply the username and/or password required to make an investigation, disciplinary action may be taken against the employee, which could include termination or nonrenewal of the employee's contract of employment with the District.

Notwithstanding any other provision in this policy, the District reserves the right to view any information about a current or prospective employee that is publicly available on the Internet.

In the event that the district inadvertently obtains access to information that would enable the district to have access to an employee's personal social media account, the district will not use this information to gain access to the employee's social media account. However, disciplinary action may be taken against an employee in accord with other District policy for using district equipment or network capability to access such an account. Employees have no expectation of privacy in their use of District issued computers, other electronic device, or use of the District's network. 3.46— Licensed Personnel Vacations

240 day or greater contracted employees are credited with 10 days of vacation at the beginning of each fiscal year. This is based on the assumption that a full contract year will be worked. If an employee fails to finish the contract year due to resignation or termination, the employee's final check will be reduced at the daily rate for any days used but not earned.

Instructional Employees may not generally take vacation days during instructional time. All vacation time must be approved, in advance to the extent practicable, by the superintendent or designee. If vacation is requested, but not approved, and the employee is absent from work in spite of the vacation denial, disciplinary action will be taken against the employee, which may include termination or nonrenewal.

No employee shall be entitled to more than 15 days of vacation as of the first day of each fiscal year. The permissible carry forward includes the 10 days credited upon the start of the fiscal year. Employees having accrued vacation totaling more than 15 days as of the date this policy is implemented shall not be eligible to increase the number of days carried forward during their employment with the district. 3.49---Teachers' Removal of Students from Classroom

Note and advisement: This policy is adopted by the Board of Directors in order to bring the District into compliance with the Division of Elementary and Secondary Education rules concerning student discipline, and to incorporate the provisions of A.C.A. § 6-18-511. However, teachers should be aware that federal law governing a student's Individual Education Program (IEP) or 504 plan, or status as an individual with a disability will supersede Arkansas law. In many cases, removing a student from a classroom due to behavioral problems, will violate a student's IEP, violate a student's 504 plan, or constitute discrimination against the student due to a disability that affects the student's ability to conform his or her behavior. Teachers have been successfully sued for IEP and 504 plan violations in other jurisdictions, and teachers need to understand that violating a student's rights is outside of the scope of his or her employment, and no insurance is available or provided by the school district for either legal defense or to pay a money judgment. Teachers who rely on this law and this policy to exclude a student with special needs or a disability are assuming a grave personal risk.¹

A teacher may remove a student from class whose behavior the teacher has documented to be repeatedly interfering with the teacher's ability to teach the students in the class or whose behavior is so unruly, disruptive or abusive that it interferes with the ability of the student's other classmates to learn. Students who have been removed from their classroom by a teacher shall be sent to the principal's or principal's designee's office for appropriate discipline.

The teacher's principal or the principal's designee may:

1. Place the student into another appropriate classroom;
2. Place the student into in-school suspension;
3. Return the student to the class; or
4. Take other appropriate action consistent with the District's student discipline policies and state and federal law.

If a teacher removes a student from class two (2) times during any nine-week grading period, the principal or the principal's designee may not return the student to the teacher's class unless a conference has been held for the purpose of determining the cause of the problem and possible solutions. The conference is to be held with the following individuals present:

1. The principal or the principal's designee;
2. The teacher;
3. The school counselor;
4. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis; and
5. The student, if appropriate.

However, the failure of the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis to attend the conference does not prevent any action from being taken as a result of the conference.

3.50—Administrator Evaluator Certification

Continuing Administrators

The Superintendent or designee shall determine and notify in writing by August 31 of each year those currently employed administrators who will be responsible for conducting Teacher Excellence Support System (hereinafter TESS) summative evaluations who are not currently qualified to fulfill that role. All currently employed administrators so notified shall have until December 31 of the contract year to successfully complete all training and certification requirements for evaluators as set forth by the Division of Elementary and Secondary Education (DESE). It shall constitute just and reasonable cause for nonrenewal of the contract of employment for any administrator who is required to obtain and maintain TESS evaluator certification, as a term and condition of employment, to fail to do so by December 31 of any contract year. No

administrator may conduct a summative evaluation unless they have successfully completed all training and certification requirements for evaluators required by the DESE.

Newly Hired or Promoted Administrators

All newly hired or newly promoted administrators, as a term and condition of their acceptance of their contract of employment for their administrative position, are required to obtain and maintain evaluator certification for TESS on or before December 31 of the initial administrative contract year, unless they are explicitly excused from such a contractual requirement by board action at the time of the hire or promotion. It shall constitute just and reasonable cause for nonrenewal of the contract of employment for any newly hired or newly promoted administrator who is required to obtain and maintain TESS evaluator certification, as a term and condition of employment, to fail to do so by December 31 of any contract year. No administrator may conduct a summative evaluation unless they have successfully completed all training and certification requirements for evaluators required by the DESE.

2. Any family member of the District employee, administrator, official, or agent;
3. The employee, administrator, official, or agent's partner; or
4. An organization that currently employs or is about to employ one of the above.

3.005 Non-Fraternization Policy

It is the policy of the Ouachita River School District to maintain an environment and school climate conducive to learning, which promotes appropriate maturation and development of our students. In an appropriate school environment, the staff maintains a professional adult/student relationship with students at all times whether teaching or otherwise providing support and guidance to students, even outside of the school day. Staff holds a position of trust in relation to our students. To engage in relationships other than the professional adult/student relationship with our students is to breach that trust.

Staff is strictly prohibited from engaging in personal relationships with students which are outside the professional adult/student relationship OR which may give the appearance of being outside the professional adult/student relationship. This prohibition applies to in school or out of school situations so long as the staff member is an employee of the ORSD and a student is enrolled in the District.

This Policy Explicitly Prohibits:

- a) sexual, romantic, dating or flirting relationships between staff and students;
- b) touching between student and staff that give the appearance of intimacy between student and staff;
- c) conversations or correspondence, including telephone conversations and e-mail, of a sexual, or romantic nature or which give the appearance of intimacy between staff and student;

- e) any behavior which gives the appearance that staff and student have a relationship prohibited by this policy.

Staff Disciplinary Action

Staff that violates this policy is subject to disciplinary action including immediate termination if the circumstances warrant. Staff that violates this policy is also subject to reporting to law enforcement authorities if the conduct is believed to constitute a crime under Arkansas law. A child abuse report will be made if abuse is suspected from the circumstances of the violation of this policy.

Employee Reporting Responsibility

All employees of the ORSD are required to report any conduct which may be a violation of this policy to the building supervisor. If a parent, student or person other than a District employee, reports a potential violation of this policy, such reports are to be immediately relayed to the building supervisor. Building supervisors are required to immediately report violations of this policy to the Superintendent. Failure to report conduct which may be a violation of this policy or to relay a report by a parent, student or non-employee may result in disciplinary action or immediate termination if the circumstances warrant.

SECTION 4—STUDENTS

4.1—Residence Requirements

“In loco parentis” means relating to the responsibility to undertake the care and control of another person in the absence of:

1. Supervision by the person's parent or legal guardian; and
2. Formal legal approval.

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District¹ and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District's schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools.² A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.³

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.⁴

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

Students may enter kindergarten if they will attain the age of five (5) on or before August 1 of the year in which they are seeking initial enrollment. Any student who has been enrolled in a state-accredited or state-approved kindergarten program in another state for at least sixty (60) days, will become five (5) years old during the year in which he/she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon written request to the District. Any student who was enrolled in a state-accredited or state-approved kindergarten program in another state or in a kindergarten program equivalent in another country, becomes a resident of this state as a direct result of active military orders or a court-ordered change of custody, will become five (5) years of age during the year in which he or she is enrolled in kindergarten, and meets the basic residency requirement for school attendance may be enrolled in kindergarten upon a written request to the District.

Any child who will be six (6) years of age on or before October 1 of the school year of enrollment and who has not completed a state-accredited kindergarten program shall be evaluated by the district and may be placed in the first grade if the results of the evaluation justify placement in the first grade and the child's parent or legal guardian agrees with placement in the first grade; otherwise the child shall be placed in kindergarten.

Any child may enter first grade in a District school if the child will attain the age of six (6) years during the school year in which the child is seeking enrollment and the child has successfully completed a kindergarten program in a public school in Arkansas.

Any child who has been enrolled in the first grade in a state-accredited or state-approved elementary school in another state for a period of at least sixty (60) days, who will become age six (6) years during the school year in which he/she is enrolled in grade one (1), and who meets the basic residency requirements for school attendance may be enrolled in the first grade.

Students who move into the District from an accredited school shall be assigned to the same grade as they were attending in their previous school (mid-year transfers) or as they would have been assigned in their previous school. Private school students shall be evaluated by the District to determine their appropriate grade placement. Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

Prior to the child's admission to a District school:²

1. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall furnish the child's social security number, or if they request, the district will assign the child a nine (9) digit number designated by the Division of Elementary and Secondary education.

 - a. A birth certificate;
 - b. A statement by the local registrar or a county recorder certifying the child's date of birth;
 - c. An attested baptismal certificate;
 - d. A passport;
 - e. An affidavit of the date and place of birth by the child's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis;

3. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall indicate on school registration forms whether the child has been expelled from school in any other school district or is a party to an expulsion proceeding. Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³
4. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.

4.4—Student Transfers

The Ouachita River School District shall review and accept or reject requests for transfers, both into and out of the district, on a case by case basis at the July and December regularly scheduled board meetings.¹

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school.² The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student’s appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³

Except as otherwise required or permitted by law,⁴ the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student’s parents. The District and the resident district may enter into a written agreement with the student or student’s parents to provide transportation to or from the District, or both.

4.5—School Choice

Standard School Choice

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan¹ that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE).² As a result of the desegregation order/desegregation plan¹, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption.³ The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.⁴

Definition

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

Transfers into the District

Capacity Determination and Public Pronouncement

The Board of Directors will annually adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District has a lack of capacity by the District having reached ninety percent (90%) of the maximum student population in a program, class, grade level, or school building authorized by the Standards or other State/Federal law.⁵

The District shall advertise in appropriate broadcast media and either print media or on the Internet to inform students and parents in adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline; the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made in the spring, but in no case later than March 1.⁶

Application Process

The student's parent shall submit a school choice application on a form approved by DESE to this District and the student's resident district. Except for students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, the transfer

application must be postmarked, emailed, or hand delivered on or before May 1 of the year preceding the fall semester the applicant would begin school in the District. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base, applications postmarked, emailed, or hand delivered on or after May 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Students who have a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base may submit an application and transfer at any time if the student's application:

1. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
2. Includes the parent's or guardian's military transfer orders; and
3. Includes the parent's or guardian's proof of residency on the military base.

The approval of any application for a choice transfer into the District is potentially limited by the applicant's resident district's statutory limitation of losing no more than three percent (3%) of its past year's student enrollment due to Standard School Choice. As such, any District approval of a choice application prior to July 1 is provisional pending a determination that the resident district's three percent (3%) cap has not been reached. The superintendent shall contact a student's resident district to determine if the resident district's three percent (3%) cap has been met.

No earlier than January 1 of each year, the Superintendent will consider all properly submitted applications for School Choice. By July 1, the Superintendent shall notify the parent and the student's resident district, in writing, of the decision to accept or reject the application.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted, in writing, with the notification letter stating a reasonable timeline by which the student shall enroll in the District by taking the steps detailed in the letter, including submission of all required documents. If the student fails to enroll within the stated timeline, or if all necessary steps to complete the enrollment are not taken, or examination of the documentation indicates the applicant does not meet the District's stated capacity standards, the acceptance shall be null and void.⁷

A student, whose application has been accepted and who has enrolled in the District, is eligible to continue enrollment until completing his/her secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; chooses to return to his/her resident district; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students

are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who enrolls in the District through Standard School Choice is eligible to remain in the District until completing his/her secondary education.

Students whose applications have been accepted and who have enrolled in the district shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, or disability.

Rejected Applications

The District may reject an application for a transfer into the District under Standard School Choice due to a lack of capacity. However, the decision to accept or reject an application may not be based on the student's previous academic achievement, athletic or other extracurricular ability, English proficiency level, or previous disciplinary proceedings other than a current expulsion.⁸

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. If the provisionally approved applicant subsequently does not enroll in the District, the provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District.

An application may be provisionally rejected if the student's application was beyond the student's resident district's three percent (3%) cap. The student's resident district is responsible for notifying this District that it is no longer at its three percent (3%) cap. If a student's application was provisionally rejected due to the student's resident district having reached its three percent (3%) cap and the student's resident district notifies this District that it has dropped below its three percent (3%) cap prior to July 1, then the provisional rejection may be changed to a provisional acceptance and the student would have to meet the acceptance requirements to be eligible to enroll in the District.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. Unless the student's application was rejected due to the application not being timely received by both the resident and nonresident districts, a student whose application was rejected may request a hearing before the State Board of Education to reconsider the application. The request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Any applications that are denied due to the student's resident district reaching the three percent (3%) limitation cap shall be given priority for a choice transfer the following year in the order that the District received the original applications.

Transfers Out of the District

All Standard School Choice applications shall be granted unless the approval would cause the District to have a net enrollment loss (students transferring out minus those transferring in) of more than three percent (3%) of the average daily membership on October 1 of the immediately preceding year. By December 15 of each year, DESE shall determine and notify the District of the net number of allowable choice transfers. Students are not counted for the purpose of determining the three percent (3%) cap if the student transfers:

- Through Opportunity School Choice due to the school receiving a rating of "F" or a district classified as in need of Level 5 Intensive Support under A.C.A. § 6-18-227;
- Due to the district's identification of Facilities Distress under A.C.A. § 6-21-812; or
- Through the Foster Child School Choice under A.C.A. § 6-18-233.

If, prior to July 1, the District receives sufficient copies of requests from other districts for its students to transfer to other districts to trigger the three percent (3%) cap, it shall notify each district the District received Standard School Choice applications from that it has tentatively reached the limitation cap. The District will use confirmations of approved choice applications from receiving districts to make a final determination of which applications it received that exceeded the limitation cap and notify each district that was the recipient of an application to that effect.⁹ The District shall immediately notify all receiving districts if it should drop back below its three percent (3%) cap prior to July 1.

When the last successful application requesting to transfer out of the District before the District's three percent (3%) cap was triggered belonged to an individual who was a member of a group of siblings who applied to transfer out of the District, the District shall allow all members of the individual's sibling group to transfer out of the District even though these applications are beyond the District's transfer cap.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences:

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the May 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District¹⁰

For the purposes of this section of the policy, a "lack of capacity"¹¹ is defined as when the receiving school has reached the maximum student-to-teacher ratio allowed under federal or state law, the DESE Rules for the Standards for Accreditation, or other applicable rules. There is a lack of capacity if, as of the date of the application for Opportunity School Choice, ninety-five percent (95%) or more of the seats at the grade level at the nonresident school are filled.

Unless there is a lack of capacity¹¹ at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District¹⁰ or from the student's resident district into the District if:

- Either:
 - The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or
 - The student's assigned school has a rating of "F"; and
- The student's parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student's request to transfer by no earlier than January 1 and no later than May 1 of the school year before the school year the student intends to transfer to both the sending and receiving school districts.

A student is not required to meet the May 1 application deadline if the student has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base. The student may transfer at any time if the student's application:

- a. Is filed with the nonresident school district within fifteen (15) days of the parent's or guardian's arrival on the military base;
- b. Includes the parent's or guardian's military transfer orders; and
- c. Includes the parent's or guardian's proof of residency on the military base.

Except for those students who are applying to transfer within the time permitted due to the student's parent or guardians' military service or seeking to transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, and the student's resident district whether the Opportunity School Choice application has been accepted or rejected by no later than July 1 of the school year the student is seeking to enroll. If the student is seeking a transfer due to the student's parent or guardian's military service or seeking a transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected within fifteen (15) days from receipt of the student's application. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection.¹² A parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via hand delivery or certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

A student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to provide transportation to and from the transferring district.¹³

Transfers out of, or within, the District¹⁰

If a District school receives a rating of "F" or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in:

1. A school district that has not been classified by the State Board as in need of Level 5 Intensive Support; or
2. If there is more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school within the District that is nearest to the student's legal residence that does not have a rating of "F"; or
3. If there is not more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school that does not have a rating of "F" within a School district that has not been classified by the State Board as in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.¹⁴

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

4.5F—School Choice Capacity Resolution

Whereas:

- The Board of Directors of the Ouachita River School District has approved by a vote of the Board, the following capacity resolution for school choice applicants for the ____ school-year under the provisions of policy 4.5—SCHOOL CHOICE and applicable Arkansas law.
- Applicants, whose applications meet the provisions of policy 4.5—SCHOOL CHOICE, will be sent a provisional acceptance notification letter which will give instructions on the necessary steps and timelines to enroll in the District. Provisional acceptance shall be determined prior to July 1 with a final decision to be made by July 1 based on the district's available capacity for each academic program, class, grade level, and individual school.
- Applications will not be accepted if the applications:
 - Are not received or postmarked on or before May 1, unless the application is from a student who has a parent or guardian who is an active-duty member of the military and who has been transferred to and resides on a military base and the application is received within the fifteen (15) day period and accompanied by relevant documentation;

- Are to a student's resident district that has declared itself exempt due to an existing desegregation order; or
- Would exceed the applicant's resident district's statutory limitation on student transfers out of its district, unless the application is part of a sibling pair and the other sibling's application was the application that reached the district's statutory limit.
- The district reserves to itself the ability to determine, based on an examination of student records obtained from the prior district, and other information, whether any student would require a different class, course or courses, program of instruction, or special services than originally applied for. If such an examination determines that capacity has been reached in the appropriate class, course or program of instruction, or that additional staff would have to be hired for the applicant, the District shall rescind the original provisional acceptance letter and deny the Choice transfer for that student.
- The district reserves to itself the ability to decline to accept under school choice any student whose acceptance would require the district to add additional staff, for any reason.

THEREFORE, let it be resolved that these shall constitute the School Choice openings at the beginning of the School Choice enrollment period for the school-year _____.

4.5F2—School Choice Provisional Acceptance Letter

Dear _____,

The application you submitted for student's name has been provisionally accepted. While the school's name looks forward to welcoming student's name as a student, to further the application process and to better assist the district in determining the proper placement of student's name, please submit the information listed below to district or school's address by enter date. Failure to submit the information requested by the date specified shall void and nullify this letter's provisional acceptance. In addition to the information you submit, records may be requested from the student's current district/school, and final acceptance may depend on the content of those records as to appropriate grade placement, program placement or services required. A student who has not previously attended an Arkansas public school or did not attend an Arkansas public school in the previous academic year may be evaluated by the district prior to final acceptance, and the results of that evaluation could impact final acceptance.

1. For students applying to enroll in first grade or higher: a copy of the student's transcript from the school where the student is currently enrolled. The student's permanent record, including the original transcript, will be requested from the school immediately following the student's actual enrollment in our district.
2. Proof of the student's age; This can be a 1) birth certificate; 2) A statement by the local registrar or a county recorder certifying the child's date of birth; 3) An attested baptismal certificate; 4) A passport; 5)

An affidavit of the date and place of birth by the child's parent or guardian; 6) United States military identification; or 7) Previous school records.

3. The student's health care needs at school.
4. Student's name age appropriate immunization record or an exemption granted for the previous school-year and a statement of whether or not the parent is intending to continue the exemption for the upcoming school year.

After reviewing the submitted documentation the District will determine if the applicant meets the District's capacity standards and notify you of its decision by insert date. Please note that the acceptance of an application can be reversed if it is determined that the application is in violation of student's name's resident district's limitation cap for available school choice transfers or if the resident district has reached its statutory cap for transfers out of its district.

Respectfully,

4.5F3—School Choice Acceptance Letter

Dear Parent's name,

I am pleased to inform you that the application you submitted for student's name has been accepted pending enrollment of student's name by insert date, however, failure to enroll student's name by this date will render this offer of acceptance null and void.

I look forward to welcoming student's name as part of the school or District's name and/or mascot.

Once your child has enrolled in school with us this coming school-year, student's name will be eligible to continue enrollment in the district until completing high school or is beyond the legal age of enrollment provided the student meets the applicable statutory and District policy requirements all other District students must meet (with the exception of residency in the District) to continue District enrollment. This information is contained in the student handbook. You will be required to fill out a choice renewal form each year by insert date which can be picked up in our district's central office located at insert address.

Please Note: The "insert District's name" has no control over when a student's resident district might reach its statutory limit on allowable transfers out of its district. While we consider it unlikely, there is always the possibility that we could be forced to withdraw this acceptance if the resident district determines it reached its statutory cap for transfers out of its district prior to your student's application date to our District. You will be notified immediately should that rescission of acceptance be necessary. We apologize for this unavoidable uncertainty.

Respectfully,

4.5F4—School Choice Rejection Letter

____ Your child does not meet the openings identified for the coming school-year identified in the Board of Directors Resolution adopted on insert date.

The specific reason for rejection is that acceptance would cause the district to have to add:

- f. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
- g. A signature of the parent or legal guardian.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

A student who has been temporarily issued items, resources, supplies, materials, or other property belonging to the District is eligible for enrollment in a home school during the school year after:

- The items, resources, supplies, materials, or other property belonging to the District have been returned to the District;
- The items, resources, supplies, materials, or other property belonging to the District have been paid for; or
- The semester has ended.

The superintendent or the board of directors may waive the required five (5) school day waiting period for a student's enrollment in home school during a semester if the superintendent or the board of directors is satisfied with the return of temporarily issued items, resources, supplies, materials, or other District property.

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

4.7—Absences

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school, whether in person or digitally, is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and

participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in synchronous digital courses shall be determined in the same manner as for District students attending courses in person.¹

Attendance Guidelines:

In order to be in compliance with the Ouachita River School District attendance policy students shall abide by the following guidelines and will be coded accordingly:

SCHOOL BUSINESS (SB)

1. Participation in any school related event during school hours. (it is the school official's responsibility to communicate to the office the list of participants)
2. College Tours WITHOUT a school official. (it is the students responsibility to obtain a letter from the institution in which they visited)
3. 4-H sanctioned activities. (students are responsible for providing documentation regarding the activity)
4. Military recruitment or training. (it is the students responsibility to provide documentation regarding the absence)

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.⁴

MEDICAL (MD)

In order to be coded as a medical absence the student, parent, legal guardian, or person having lawful control of the student; or person standing in loco parentis must provide a medical note from the following:

1. Medical Doctor or hospital
2. Dentist
3. Eye Doctor
4. Counselor
5. Or any establishment that pertains to the health and well-being of the student
6. School Nurse (the absence can only be coded MD if the nurse has sent the student home. The School Nurse shall communicate with the office in this case.)

COURT (C)

Anytime a student has a legal obligation he/she must provide the appropriate documentation.

EXTENUATING CIRCUMSTANCES (EXC)

The student's absence will only qualify for this code if the parent, legal guardian, or person having lawful control of the student; or person standing in loco parentis has met with the principal or designee about the situation in which the absence pertains. It will then be at the discretion of the principal or designee.

IN-SCHOOL SUSPENSION (ISS)

The in-school suspension will provide discipline for students while allowing them to stay at school.

*****DURING THE PERIOD OF THEIR SUSPENSION, THE STUDENT SERVING ISS SHALL NOT ATTEND OR PARTICIPATE IN ANY SCHOOL-SPONSORED ACTIVITIES DURING THE IMPOSED SUSPENSION.*****

OUT-OF-SCHOOL SUSPENSION (OSS)

The out-of-school suspension is a discipline action intended for students to serve off campus.

*****DURING THE PERIOD OF THEIR SUSPENSION, THE STUDENT SERVING OSS SHALL NOT ATTEND OR PARTICIPATE IN ANY SCHOOL-SPONSORED ACTIVITIES DURING THE IMPOSED SUSPENSION. ALSO, DURING THE PERIOD OF THEIR SUSPENSION, STUDENTS SERVING OSS ARE NOT PERMITTED ON CAMPUS EXCEPT TO ATTEND A STUDENT/PARENT/ADMINISTRATOR CONFERENCE.*****

ABSENCES

Absences WILL NOT be coded as excused or unexcused. Any absence not defined by the above attendance guidelines shall be considered an absence and will be coded (A) for Absent.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.⁴

Students with (12)⁵ absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has (6⁵) absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified⁶. Notification shall be by telephone, email, or letter.

Whenever a student exceeds (12⁵) absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student, the student's parent; legal guardian; person having lawful control of the student; or person standing in loco parentis, and the school or district administrator or designee.⁷

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student's operator's license unless he/she meets certain requirements specified in the statute.

4.8—Make-Up Work

Students who miss school due to an excused absence shall be allowed to make up the work they missed during their absence under the following rules:¹

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.²
2. Teachers are responsible for providing the missed assignments when asked by a returning student.²
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.²
4. Make-up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.³
6. Make-up work which is not turned in within the make-up schedule for that assignment shall receive a zero.⁴
7. Students are responsible for turning in their make-up work without the teacher having to ask for it.²
8. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
9. As required/permitted by the student's Individual Education Program or 504 Plan.

Work may not be made up for credit for unexcused absences **unless** the unexcused absences are part of a signed agreement as permitted by policy 4.7—ABSENCES.⁵

Work for students serving an out-of-school suspension or expulsion shall be in accordance with the District's programs, measures, or alternative means and methods to continue student engagement and access to education during the student's period of suspension or expulsion, including offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.⁶

In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health during a disease outbreak are to be made up as set forth in Policy 4.57—IMMUNIZATIONS.

4.9—Tardies

Promptness is an important character trait that District staff is to encourage to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

High School:

A student who is not in the room and seated when the bell sounds is tardy. A student who is checking in school 15 minutes or less after the bell rings will be counted tardy. A student that checks into school more than 15 minutes after the bell rings will be counted absent.

Elementary:

Arrival, Dismissal, and Early Dismissal

Students go to class each morning at 7:45 a.m. Non-bus students should not arrive before 7:30 a.m. All students that arrive between 7:30 and 7:45 must go to the Cafeteria upon arrival. Students choosing to eat breakfast at school should eat prior to going to their homeroom class. Students who arrive at school after 8:00 a.m. should be accompanied to the office by an adult.

A student who arrives after 8:00 and before 8:30 will be counted tardy.

A student who arrives after 8:30 will be counted absent ½ day a.m.

A student who leaves school between 8:30 and 11:30 will be counted absent ½ day a.m.

A student who leaves school between 11:30 and 3:15 will be counted absent ½ day p.m.

Students that leave and return to school during the same day will be counted absent according to the amount of time missed.

o **Less than 1 hour – tardy notation**

o **1 – 3 hours – ½ day absence**

o **More than 3 hours – full day absence**

4.11—Equal Educational Opportunity

No student in the Ouachita River School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the

benefits of, or subjected to discrimination under any educational program or activity sponsored by the District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.¹

Inquiries on non-discrimination may be directed to Superintendent², who may be reached at 479-394-2348³.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

4.12—Student Organizations/Equal Access

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non-instructional time;
4. Employees or agents of the school are present at religious meetings only in a non-participatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Non-school persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternalities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program.

4.13—Privacy of Students' Records/Directory Information

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parent of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days¹ of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information (PII) from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses PII from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release PII in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Ouachita River School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his/her records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his/her designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, "directory information" about a student may be made available to the public, military recruiters, post-secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements.⁴ "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance, his/her placement on the honor roll (or the receipt of other types of honors), as well as

his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be beyond the control of the District. "Directory information" also includes a student identification (ID) number, user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems and a student ID number or other unique personal identifier that is displayed on a student's ID badge, provided the ID cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password or other factor known or possessed only by the authorized user.

A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under Family Educational Rights and Privacy Act (FERPA) does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education (DOE) at

4.13F—Objection to Publication of Directory Information

(Not to be filed if the parent/student has no objection)

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Ouachita River School District of directory information, as defined in Policy No. 4.13 (Privacy of Students' Records), concerning the student named below. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, *etc.*, is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters _____

Deny disclosure to Institutions of postsecondary education _____

Deny disclosure to Potential employers _____

Deny disclosure to all public and school sources _____

Selecting this option will prohibit the release of directory information to the three categories listed above along with all other public sources (such as newspapers), AND result in the student's directory information not being included in the school's yearbook and other school publications.

Deny disclosure to all public sources _____

Selecting this option will prohibit the release of directory information to the first three categories listed above along with all other public sources (such as newspapers), but permit the student's directory information to be **included** in the school's yearbook and other school publications.

4.14—Student Media and the Distribution of Literature

The Superintendent and the student media advisors(s)¹ shall jointly develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and the time(s), place(s), and manner(s) of the dissemination of student media, which shall include timelines for the review of materials.

Definitions

"School-sponsored media" means all student media that are:

- Supported financially by the school;
- Supported by the use of school facilities; or
- Produced in conjunction with a class.

“Student journalist” means a student who gathers, writes, edits, photographs, records, video tapes, or prepares information for dissemination in student media.

“Student media” means any means of communication that are:²

- Prepared, substantially written, published, or broadcasted by a student;
- Distributed or generally made available, either free of charge or for a fee, to members of the student body; and
- Prepared under the direction of a student media advisor.

“Student media” does not include media that is intended for distribution or transmission solely in the classroom in which it is produced.

“Student media advisor” means an individual who is employed, appointed, or designated by the District to supervise or provide instruction with respect to student media.

Student Media

While the District recognizes a student’s right of expression under the First Amendment of the Constitution of the United States, school-sponsored media does not provide an open public forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District’s administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

7. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
8. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
9. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.
10. Prohibited media includes those that:
 - a. Are obscene as to minors;
 - b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials, and made with knowledge of their falsity or a reckless disregard of the truth;
 - c. Constitute an unwarranted invasion of privacy as defined by state law;
 - d. Suggest or urge the commission of unlawful acts on the school premises;
 - e. Suggest or urge the violation of lawful school regulations;
 - f. Scurrilously attacks ethnic, religious, or racial groups; or
 - g. Harass, threaten, or intimidate a student.

Student Media on School Web Pages

Student media displayed on school web pages shall follow the same guidelines as listed above and shall also:

1. Not contain any non-educational advertisements;

2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student's photograph when associated with the student's name unless written permission has been received from the student's parent or student if over the age of eighteen (18);
3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

Student Distribution of Non-school Literature, Publications, and Materials

A student or group of students who distribute ten (10) or fewer copies of the same non-school-sponsored literature, publications, or materials shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school-sponsored materials³ shall have school authorities⁴ review their non-school-sponsored materials at least three (3) school days⁴ in advance of their desired time of dissemination. School authorities shall review the non-school-sponsored materials, prior to their distribution and will bar from distribution those non-school-sponsored materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution.⁶ Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school-sponsored materials. The regulations shall:

1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
2. Be uniformly applied to all forms of non-school-sponsored materials;
3. Allow no interference with classes or school activities;
4. Specify times, places, and manner where distribution may and may not occur⁷; and
5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.⁸

Students shall be responsible for the removal of excess literature that is left at the distribution point for more than 3 days.⁹

4.15—Contacts with Students While at School

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal.¹ Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having

lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

CONTACT BY PROFESSIONAL LICENSURE STANDARDS BOARD INVESTIGATORS

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

4.16—Student Visitors

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is strongly discouraged, unless approved by the principal and scheduled in advance. This includes visits made by former students, friends, and/or relatives of teachers or students. Any visitation to the classroom shall be allowed only with the permission of the school principal and all visitors must first register at the office.

4.17—Student Discipline

The Ouachita River Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and

whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to: a felony or an act that would be considered a felony if committed by an adult; an assault or battery; drug law violations; or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.¹

The District shall incorporate the District's implementation of positive behavioral supports in accordance with Policy 4.60 in the application of student discipline.

The District's personnel policy committees shall annually review the District's student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the Ouachita River School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

4.18—Prohibited Conduct

Students and staff require a safe and orderly learning environment that is conducive to high student achievement. Certain student behaviors are unacceptable in such an environment and are hereby prohibited by the Board. Prohibited behaviors include, but shall not be limited to the following:

1. Disrespect for school employees and failing to comply with their reasonable directions or otherwise demonstrating insubordination;
2. Disruptive behavior that interferes with orderly school operations;
3. Willfully and intentionally assaulting or threatening to assault or physically abusing any student or school employee;
4. Possession of any weapon that can reasonably be considered capable of causing bodily harm to another individual;
5. Possession or use of tobacco in any form on any property owned or leased by any public school;
6. Willfully or intentionally damaging, destroying, or stealing school property;
7. Possession of any paging device, beeper, or similar electronic communication devices on the school campus during normal school hours unless specifically exempted by the administration for health or other compelling reasons;

4.19—Conduct to and From School and Transportation Eligibility

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices.¹ The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive district bus transportation if they meet the following requirements.² The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

4.20—Disruption of School

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal's designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the students, the class, or with the ability of the student's classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

4.21—Student Assault or Battery

A student shall not threaten, physically abuse, attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any

gestures; vulgar, abusive, or insulting language; taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common acceptance, is calculated to:

- a. Cause a breach of the peace;
 - b. Materially and substantially interfere with the operation of the school; or
 - c. Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.
- Students guilty of such an offense may be subject to legal proceedings in addition to any student disciplinary measures.

4.22—Weapons and Dangerous Instruments

Definitions

“Firearm” means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

“Possession” means having a weapon on the student’s body or in an area under the student’s control.

“Weapon” means any:

- Firearm;
- Knife;
- Razor;
- Ice pick;
- Dirk;
- Box cutter;
- Nunchucks;
- Pepper spray, mace, or other noxious spray;
- Explosive;
- Taser or other instrument that uses electrical current to cause neuromuscular incapacitation; or
- Any other instrument or substance capable of causing bodily harm.

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy, shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon before or after school while:

- In a school building;
- On or about school property;
- At any school sponsored activity or event;
- On route to or from school or any school sponsored activity; or
- Off the school grounds at any school bus stop.

If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of one (1) year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis.¹

Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property.² Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs; hunting safety or military education; or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.

Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pips, or under any other name or descriptor.

4.24—Drugs and Alcohol

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Ouachita River School District shall possess, attempt to possess, consume, use, distribute, sell, buy, attempt to sell, attempt to buy, give to any person, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy. This policy applies to any student who: is on or about school property; is in attendance at school or any school sponsored activity; has left the school campus for any reason and returns to the campus; or is on route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to: alcohol, or any alcoholic beverage; inhalants or any ingestible matter that alter a student's ability to act, think, or respond; LSD, or any other hallucinogen; marijuana, cocaine, heroin, or any other narcotic drug; PCP; amphetamines; steroids; "designer drugs"; look-alike drugs; or any controlled substance.

The sale, distribution, or attempted sale or distribution of over-the-counter (OTC) medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited. The possession or use of OTC medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited except as permitted under Policy 4.35—STUDENT MEDICATIONS.

4.25—Student Dress and Grooming

The Ouachita River Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast of a female. This prohibition does not apply, however to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

4.26—Gangs and Gang Activity

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.
5. Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

4.27—Student Sexual Harassment

The Ouachita River School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District's written procedures governing the formal complaint grievance process;¹
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Education program or activity" includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

"Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

3. A District employee:
 - c. Conditions the provision of an aid, benefit, or service of the District on an individual's participation in sexual conduct;² or
 - d. Uses the rejection of sexual conduct as the basis for academic decisions affecting that individual;²
4. The conduct is:
 - h. Unwelcome; and
 - i. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
 - j. Constitutes:

- k. Sexual assault;
- l. Dating violence
- m. Domestic violence; or
- n. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District’s educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person’s alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to **any** District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant’s wishes with respect to supportive measures;

- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District’s offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District’s grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - ✚ The identities of the parties involved in the incident, if known;
 - ✚ The conduct allegedly constituting sexual harassment; and
 - ✚ The date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District’s code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular “party”, “complainant”, or “respondent” include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist,

or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;

- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation; this includes evidence:
 - Whether obtained from a party or other source;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)³ days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)³ days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

7. Identification of the allegations potentially constituting sexual harassment;
8. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:

- f. Any notifications to the parties;
 - g. Interviews with parties and witnesses;
 - h. site visits;
 - i. Methods used to gather other evidence,; and
 - j. Hearings held;
9. Findings of fact supporting the determination;
 10. Conclusions regarding the application of the District's code of conduct to the facts;
 11. A statement of, and rationale for, the result as to each allegation, including:
 - d. A determination regarding responsibility;
 - e. Any disciplinary sanctions imposed on the respondent; and
 - f. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
 12. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- e. The existence of a procedural irregularity that affected the outcome of the matter;
- f. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- g. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- h. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

8. Notify the other party in writing when an appeal is filed;
9. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
10. Implement appeal procedures equally for both parties;
11. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
12. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
13. Issue a written decision describing the result of the appeal and the rationale for the result; and
14. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

- ✚ Any individual who has made a report or complaint of sex discrimination;
- ✚ Any individual who has made a report or filed a formal complaint of sexual harassment;
- ✚ Any complainant;
- ✚ Any individual who has been reported to be the perpetrator of sex discrimination;
- ✚ Any respondent; and
- ✚ Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Emergency removal⁶

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment,; testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of

interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Definition

For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and electronic device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Technology Protection Measures

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. - (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;

- (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Internet Use and Safety

The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- interacting with other individuals on social networking websites and in chat rooms;

- Cyberbullying awareness; and
- Cyberbullying response.

Misuse of Internet

The opportunity to use the District’s technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district’s technology network security or Internet filtering software;
- The altering of data without authorization;
- Disclosing, using, or disseminating passwords, whether the passwords are the student’s own or those of another student/faculty/community member, to other students;
- Divulging personally identifying information about himself/herself or anyone else either on the Internet or in an email unless it is a necessary and integral part of the student’s academic endeavor. Personally identifying information includes full names, addresses, and phone numbers.
- Using electronic devices for any illegal activity, including electronic device hacking and copyright or intellectual property law violations;
- Using electronic devices to access or create sexually explicit or pornographic text or graphics;
- Using electronic devices to violate any other policy or is contrary to the Internet safety and electronic device use agreement.

4.30—Suspension from School

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days,¹ including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

3. Is in violation of school policies, rules, or regulations;
4. Substantially interferes with the safe and orderly educational environment;
5. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
6. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:

- a. The student shall be given written notice or advised orally of the charges against him/her;
- b. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
- c. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents, legal guardians, person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:²

- A primary call number;
 - The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.³

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.³

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

4.31—Expulsion

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days¹ following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, who gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco

parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property.² The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion. The District's program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

4.32—Search, Seizure, and Interrogations

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community.¹ School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness; however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal’s designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

4.33—Student Vehicles

Students who have presented a valid driver’s license and proof of insurance to the appropriate office personnel, may drive their vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student’s building principal.

Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

4.34—Communicable Diseases and Parasites

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant Staphylococcus aureus), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis A, B, or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally).¹ A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any blood borne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57—IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

4.35—Students Medications

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer or otherwise authorized by this policy, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration while at school. The parent or legal guardian shall bring the student's medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student, the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given OTC medications to the extent giving such medications are included in the student's IHP.

The district's supervising registered nurse is responsible for creating procedures for the administration of medications on and off campus.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school's intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and rules.¹

Schedule II Medications²

Option 2: Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse)¹ shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence³ shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation.⁵ A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.⁴

4.45—Smart Core Curriculum and Graduation Requirements for the Classes of 2022, 2023, 2024, and 2025

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a *Smart Core Waiver Form* to not participate. While Smart Core is the default option, a *Smart Core Information Sheet* and a *Smart Core Waiver Form*¹ will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed waiver form in the student's permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum **providing** they would be able to complete the required course of study by the end of their senior year.² Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process³ to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:⁴

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school's counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph.⁵

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. The additional required units may be taken from any electives offered by the district.⁶ There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

The courses may be in a blended learning, online-based, or other technology-based format.⁷ In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

4.47— Possession and Use of Cell Phones and Other Electronic Devices

Students are responsible for conducting themselves in a manner that respects the rights of others. Possession and use of any electronic device, whether district or student owned, that interferes with a positive, orderly classroom environment does not respect the rights of others and is expressly forbidden.

To protect the security of statewide assessments, no electronic device, as defined in this policy, shall be accessible by a student at any time during assessment administration unless specifically permitted by a student's individualized education program (IEP) or individual health plan;¹ this means that when a student is taking an AESAA assessment, the student shall not have his/her electronic device in his/her possession. Any student violating this provision shall be subject to this policy's disciplinary provisions. The prohibition in this policy does not extend to the electronic device the District provides the student for the student's use during assessment administration to the extent the student is using the District provided device to complete the assessment.

As used in this policy, "electronic devices" means anything that can be used to transmit or capture images, sound, or data.

Misuse of electronic devices includes, but is not limited to:

1. Using electronic devices during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms;

5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person.

Use of an electronic device is permitted to the extent it is approved in a student's IEP or it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Before and after normal school hours, possession of electronic devices is permitted on the school campus. The use of such devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

A parent shall obtain approval from the student's building principal before operating a student-tracking safety device at school or at a school-sponsored event if the device has recording or listen-in capability. The District requires the device's recording and listen-in technology to be disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The District prohibits unauthorized audio or visual recordings or transmission of audio or images of other students. The student's parent shall agree in writing to the requirement for the device's recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device's recording or listening-in capabilities were used in violation of this policy before the student safety tracking device may be on campus or at a school-sponsored event.

The student and/or the student's parents or guardians expressly assume any risk associated with students owning or possessing electronic devices. Students misusing electronic devices shall have them confiscated. Confiscated devices may be picked up at the school's administration office by the student's parents or guardians.² Students have no right of privacy as to the content contained on any electronic devices that have been confiscated.³ A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32—SEARCH, SEIZURE, AND INTERROGATIONS.

Students who use school issued cell phones and/or computers for non-school purposes, except as permitted by the district's Internet/computer use policy, shall be subject to discipline, up to and including suspension or expulsion. Students are forbidden from using school issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including expulsion.⁴

No student shall use any wireless communication device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property. Violation may result in disciplinary action up to and including suspension.⁵

4.48—Video Surveillance and Other Student Monitoring

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased¹ which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time greater than two weeks after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook;² any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

4.49—Special Education

In accordance with the Individuals With Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes, the district shall provide a free appropriate public education and necessary related services to all children with disabilities who reside:

- Within the district boundaries; or
- Outside of the District boundaries but are enrolled in the District.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes

governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities.¹ Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

4.50— School Meal Modifications

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district's Director of Child Nutrition¹ a medical statement completed by a State licensed healthcare professional, which includes:²

- Physicians, including those licensed by:
 - The Arkansas State Medical Board;
 - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
 - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student's disability that is sufficient to understand how the disability restricts the student's diet;
2. An explanation of what must be done to accommodate the disability, which may include:
 - a. Food(s) to avoid or restrict;
 - b. Food(s) to substitute;
 - c. Caloric modifications; or
 - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district's Director of Child Nutrition¹ shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student's disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child's disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District's 504 Coordinator³, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

The district will not prepare meals outside the normal menu to accommodate a family's religious or personal health beliefs.

4.51— Food Service Prepayment

Meal Charges¹

The district does not provide credit for students to charge for a la carte or other food and beverage items available for purchase in the school food service areas. A la carte or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:²

- Submitting cash or check payment at the school offices with the secretary, Administration Office, or at the designated payment box³;
- Depositing funds through the District's online service; EZSchoolPay link located on the <http://www.ouachitariversd.org> website, Facebook, and/or on the Home Access Center (HAC).

A student's parents will be contacted by authorized District personnel regarding a student's prepaid account balance at the following times:⁴ Emails will be sent out through an automated system on Thursday mornings at 6:00 a.m. or by letter given to the student every Thursday, if no email address is on file.

Unpaid Meal Access⁶

In accordance with Arkansas law, the District allows students whose accounts do not have enough funds to purchase a meal to receive an unpaid reimbursable meal at no charge. The district will notify a student's parents:

- When the student's prepaid account balance has dropped to the point that the student will begin receiving unpaid meals.

The unpaid meals provided to students will be the same reimbursable meal as the other students. Students who have submitted proper documentation to receive a meal modification in accordance with Policy 4.50—SCHOOL MEAL MODIFICATIONS shall receive the same type of modification for an unpaid meal.

4.52—Students Who Are Foster Children

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (“DHS”), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.¹

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.²

Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.³

A foster child’s grades shall not be lowered due to absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.⁴

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:⁵

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law; state law; the standards for accreditation; or other applicable State rule or Federal regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
 - The Foster Child School Choice Act;
 - Opportunity Public School Choice Act;
 - The Public School Choice Act of 2015; or
 - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

4.53— Placement of Multiple Birth Siblings

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
 - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
 - Detrimental to the educational achievement of one or more of the siblings;
 - Disruptive to the siblings' assigned classroom learning environment; or
 - Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Superintendent. The Superintendent's decision regarding the appeal shall be final.

4.54 – Student Acceleration

The Board believes that acceleration is an effective and research-based intervention for the academic growth of students who are ready for an advanced or faster-paced curriculum. Acceleration can allow a student to move through the traditional educational setting more rapidly, based on assessed readiness, capability, and motivation. At the same time, the Board understands that acceleration is not a replacement for gifted education services or programs.

Generally, acceleration can occur through one of two broad categories: content based and grade based. Grade based acceleration shortens the number of years a student would otherwise spend in K-12 education, while content based acceleration occurs within the normal K-12 time span. Either form of acceleration can be triggered by either a parent/guardian, student, or community member's request or by the referral of school personnel. In either case, the process of determining the appropriateness of the request shall be under the direction of the district/school¹ Gifted and Talented Program Coordinator. The district/school¹ Gifted and Talented Program Coordinator shall convene the Acceleration Placement Committee² and communicate with the individuals necessary for the Acceleration Placement Committee to make an informed decision, which shall include the student's parents or guardians.³

While the needs of the student should dictate when acceleration decisions are considered, the Board believes the optimal time for referrals is in the spring, which gives adequate time for working through the determination

process and for preparing those concerned for a smooth transition to the acceleration beginning in the following school-year.

The District's Gifted and Talented (GT) Program Coordinator¹ will create a written format to govern the referral and determination process, which shall be made available to any parent or staff member upon request.

The parents/guardians of any student whose request for acceleration has been denied may appeal the decision, in writing to the District's GT Coordinator¹. The District's GT Coordinator¹ and the Acceleration Placement Committee will again thoroughly review the case study that was completed on the student. Upon completion of the review, the Committee will either request additional new testing be conducted to help the Committee make its determination or it will uphold the initial decision. The Committee's decision may not be further appealed.

4.55—Student Promotion and Retention

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

At least once each semester, the Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria.¹ If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;
- d. A 504/special education representative (if applicable); and
- e. The student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the

conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student² shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student's SSP shall:³

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below² who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances.⁴ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.⁵

4.56—Extracurricular Activities-Secondary Schools

Definitions:

“Academic Courses” are those courses for which class time is scheduled, which can be credited to meet the minimum requirements for graduation, which is taught by a teacher required to have State licensure in the course or is otherwise qualified under Arkansas statute, and has a course content guide which has been approved by the Division of Elementary and Secondary Education (DESE). Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by DESE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.¹

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.¹

“Supplemental Improvement Program (SIP)” is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the current Arkansas Activities Association (AAA) Handbook.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s

participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments excepted)². Additionally, a student's participation in, and the District's operation of, extracurricular activities shall be subject to the following policy. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances.³ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.⁴

A student who enrolls in the district and meets the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

Interscholastic Activities

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.⁵

ACADEMIC REQUIREMENTS: Junior High

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The first semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The second semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed (4) academic courses the previous semester which count toward his/her high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

ACADEMIC REQUIREMENTS: Senior High

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and either:

1. Have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester; or
2. If the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA the student must be enrolled and successfully participating in an SIP to maintain their competitive interscholastic extracurricular eligibility.

STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

ARKANSAS ACTIVITIES ASSOCIATION

In addition to the foregoing rules, the district shall abide by the rules of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless he or she is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.⁶

Intrascholastic Activities

AAA Governed Activities

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.⁷

Non-AAA Governed Activities

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. 4.56.1—Extracurricular Activities-Elementary Schools

Definitions

“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student's educational experience. At the same time, the Board believes that a student's participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity¹ (tournaments or other similar events excepted with approval of the principal).² All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

A student may lose his/her eligibility to participate in extracurricular activities when, in the opinion of the school's administration, the student's participation in such an activity may adversely jeopardize his/her academic achievement. Students may also be denied permission to participate in extracurricular activities as a consequence of disciplinary action taken by the administration for inappropriate behavior.³

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this

paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances.⁴ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.⁵

A student who enrolls in the district and meets the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

4.56.2—Extracurricular Activity Eligibility for Home Schooled Students

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to rules of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.¹

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone² as permitted by this policy.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if the superintendent of the

student's resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in an interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of his or her enrollment in a home school.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one course³ in the District's school where the student is intending to participate in an interscholastic activity.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;⁴
- permission slips, waivers, physical exams; and
- participation or activity fees.

A home-schooled student who is not a resident of the District may begin participating in interscholastic activities:

- a. Immediately upon being approved for participation for all interscholastic activities other than athletic activities; and
- b. One (1) calendar year after being approved to participate in interscholastic activities that are athletic activities unless the approval is prior to July 1 of the school year the student would have been enrolled in seventh (7th) grade if the student were enrolled in public school.

A home-schooled student who is not a resident of the District and is prohibited under this policy from participating in an interscholastic activity that is an athletic activity for one (1) calendar year may immediately participate in rehearsals, tryouts, practices, auditions, classes, or other endeavors associated with the interscholastic activity.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A student who withdraws from an Arkansas Activities Association member school to be home-schooled shall not participate in an interscholastic activity in the resident school district for a minimum of three hundred sixty-five days after the student withdraws from the member school.

4.57—Immunizations

Definitions

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

"Serologic testing" refers to a medical procedure used to determine an individual's immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against¹:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

- A. Licensed physician;
- B. Health department;
- C. Military service;
- D. Official record from another educational institution in Arkansas; or
- E. An immunization record printed off of the statewide immunization registry with the Official Seal of the State of Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted as a history of varicella disease must be documented by a licensed physician, advanced practice nurse, doctor of osteopathy, or physician assistant. Valid proof of immunization and of immunity based on serological testing shall be entered into the student’s record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;
- 2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student’s next immunization;
- 3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
- 4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student’s admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student’s temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for no fewer than twenty-one (21) days or even longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.²

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.³

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization; ~~and~~
- The number of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH;
- The percentage of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

Notes: ¹ The table showing the age appropriate immunizations is referred to as "Table I" in the Division of Elementary and Secondary Education (DESE) rules and as "Table II" in ADH rules.

² You can amend this sentence to reflect your school's practice for when teachers are required to have their lesson plans ready in advance.

³ Your district may choose to adopt a different schedule such as docking the work a certain percentage for each day it is late.

4.58—Food Sharing and its Removal from Food Service Area

Food Sharing Table

In an effort to reduce wasted food and to provide students access to healthy foods when possible, the District shall have in the district cafeteria a food sharing table located at the end of the service line. Prior to leaving the service line, students may place on or retrieve items from the table, at no additional charge, any of the following:

- Raw whole fruit traditionally eaten without the peel (e.g. bananas and oranges);
- Raw whole fruit traditionally eaten with the peel provided the fruit is wrapped to prevent contamination (e.g. apples and grapes);
- Raw whole vegetables provided the vegetable is wrapped to prevent contamination (e.g. carrot sticks);
- Milk; and
- Juice.

Fruit and vegetables to be shared are to be placed into a designated container on the table.³ Milk and juice to be shared are to be placed in an ice-filled cooler. Milk and juice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the table to place an item for sharing after the student has left the service line.

At all times, the sharing table will be under the supervision of the food service staff. Remaining items should be discarded at the end of the meal period, and no item may remain on the table for longer than four (4) hours.

Removing Food Items from the Food Service Area

No student shall remove school provided food items from the food service area at the end of the meal period, especially milk, juice, and other items requiring temperature controlled environments.

Except for food service workers as required by their job duties, District employees may only remove school provided food items from the food service area when required by a 504 plan or a student's IEP.

4.59—Academic Course Attendance by Private School and Home Schooled Students

The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered by the District. The District will place a list of courses that a private school or home schooled student may request to attend on its website by:¹

1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than:¹

- a. August 1 for Fall semester courses; or
- b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis.

The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student's request for attendance if the District's acceptance would:²

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student's attendance;
- Cause the District to provide educational services the District does not currently provide at a financial burden to the District; or
- Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home schooled student shall:

- Indicate the course(s) the private school or home schooled student is interested in attending;
- If the course(s) the private school or home schooled student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home schooled student intends to attend the physical course or the digital course;
 - Submit, along with the student's application, a copy of the student's transcript indicating that the student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the course(s) the student desires to attend at the District;
- Agree to follow the District's discipline policies; and
- Submit immunization documentation required by Policy 4.57—IMMUNIZATIONS.

A private school or home schooled student who fails to attend an academic course by the eleventh (11) day of class or who is absent without excuse for eleven (11) consecutive days during the semester shall be dropped from the course; however, a private school or home schooled student shall not be considered truant for unexcused absences from the course(s) the student is attending at the District.

Private school or home schooled students shall receive a final grade and transcript for each academic course the student completes.

The responsibility for transportation of any private school or home schooled student attending academic courses in the District shall be borne by the student or the student's parents.

The opportunity provided to home schooled students under this policy is in addition to the opportunity provided in Policy 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS.

- Hitting;
- Pinching;
- Slapping;
- Using a water spray;
- Using noxious fumes;

"Behavioral intervention" means the implementation of a service, support, or strategy to teach and increase appropriate behavior or substantially decrease or eliminate behavior that is dangerous, inappropriate, or otherwise impedes the learning of a student.

"Behavior Intervention Plan" (BIP) means a written plan that:

- Is developed by a problem-solving and intervention team and delineates emotional, social, or behavioral goals for a student and the steps that the school, student, parent of the student, and others

will take to positively support the progress of the student towards the student's emotional, social, or behavioral goals;

- Is comprised of practical and specific strategies to increase or reduce a defined behavior or one (1) or more patterns of behavior exhibited by a student; and
- Includes the following at a minimum:

"Chemical restraint" means the use of a drug or medication to control the behavior of a student or restrict the free movement of the student; however, chemical restraint does not include the use of medication that is prescribed by a licensed physician, or other qualified health professional acting within the scope of the individual's professional authority under state law, for the standard treatment of a medical or psychiatric condition of a student and is administered as prescribed by the licensed physician or other qualified health professional acting within the scope of the individual's professional authority under state law.

"Crisis" means a situation in which a student engages in a behavior that threatens the health and safety of the student or others and includes without limitation a situation in which the student becomes aggressive or violent at school and is unable to regain self-control without posing a danger of injury to himself or herself or others.

"Crisis intervention" means the implementation of a service, support, or strategy to immediately stabilize a crisis and prevent the crisis from reoccurring after the crisis ends.

"Dangerous behavior" means the behavior of a student that presents an imminent danger of serious physical harm to the student or others; however, dangerous behavior does not include the following:

- Disrespect;
- Noncompliance;
- Insubordination; or
- Destruction of property that does not create an imminent danger.

"De-escalation" means the use of a behavior management technique that helps a student increase the student's control over the student's emotions and behavior and results in a reduction of a present or potential level of danger that in turn reduces the level of imminent danger of serious physical harm to the student or others.

"Emergency" means a serious and unexpected situation that requires immediate action and which may be dangerous.

"Functional Behavior Assessment" (FBA) means a problem analysis step that:

- Occurs within the context of data-based problem-solving and involves:

- The review of existing records and other sources of information;
- Diagnostic or historical interviews;
- Structured academic or behavioral observations; and

- Is performed with the goal of determining why a specific problem or situation is occurring in order to directly link a strategic intervention to an assessment and solve or resolve the specific problem or situation.

"Imminent danger" means an existing dangerous situation that could reasonably be expected to immediately cause death or serious physical harm.

"Mechanical restraint" means the use of a device or equipment to restrict the free movement of a student; however, mechanical restraint does not include a device that is used by trained school personnel or a student for a specific and approved therapeutic purpose or safety purpose for which the device was designed or prescribed or a vehicle safety restraint that is appropriately used in the manner for which it was designed during the transport of a student in a moving vehicle.

"Physical escort" means a temporary touching or holding of the hand, wrist, arm, shoulder, or back of a student for the purpose of redirecting or inducing the student to move to a safe location.

"Physical restraint" means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arm, leg, or head freely; however, physical restraint does not include a physical escort.

"Positive behavioral support" means the application of behavior analysis that:

- Is used to achieve socially important behavior change;
- Occurs at the:
 - Prevention level for all students in a school;
 - Strategic intervention level for a student who is not responding, from a social-emotional and behavioral perspective, to the prevention level; and
 - Intensive service or crisis-management level for a student who needs multifaceted or comprehensive behavioral or mental health services; and
- Involves a planned and collaborative school-wide approach that is implemented with a goal:
 - Of establishing a positive and supportive school environment that:
 - Teaches and reinforces prosocial behavior in a student;
 - Holds a student positively accountable for meeting an established behavioral expectation; and
 - Maintains a level of consistency throughout the implementation process; and
 - That is accomplished by using positive behavioral programs, strategies, or approaches.

"Prone restraint" means restraining a student in a face-down position on the floor or another surface and applying physical pressure to the body of the student to keep the student in the prone position.

"Serious physical harm" means bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

"Supine restraint" means the restraint of a student in a face-up position on the student's back on the floor or another surface and with physical pressure applied to the body of the student to keep the student in the supine position.

Positive Behavioral Supports

The District shall implement positive behavioral supports to be used at the:

1. Prevention level for each student in a school;
2. Strategic intervention level for a student who is not responding, from a social, emotional, or behavioral perspective, to the prevention level; and
3. Intensive service or crisis-management level for a student who needs multifaceted or comprehensive behavioral or mental health services.

The District's positive behavioral support shall include:

- a. The teaching and reinforcing of interpersonal, social, problem solving, conflict resolution, and coping skills to a student;
- b. Holding a student positively accountable for meeting an established behavioral expectation;
- c. Maintaining a high level of consistency through the implementation of the positive behavioral support process; and
- d. The following interrelated activities:
 -  Providing a school-wide approach to the discipline and safety of each student rather than an approach to only the behavior problem of a single student;
 -  Focusing on preventing the development and occurrence of problem behavior;
 -  Regularly reviewing behavior data to adapt the District's procedures to meet the needs of every student; and
 -  Providing a multitiered approach to academic and behavioral services and support to meet the academic and behavioral achievement needs of each student.

The following principles shall form the basis of the District's positive behavioral support system and conflict resolution or de-escalation approach:

1. A student has the right to be treated with dignity;
2. A student should receive necessary academic, social, emotional, and behavioral support that is provided in a safe and least-restrictive environment possible;
3. Positive and appropriate academic, social, emotional, or behavioral intervention, as well as mental health support, should be provided routinely to each student who needs the intervention or support;
4. Behavioral intervention should emphasize prevention as part of the District's system of positive behavioral support; and
5. Each student who exhibits an ongoing behavior that interferes with the student's learning or the learning of others, and who is nonresponsive to effectively implemented classroom or administrative intervention, should receive additional intensive behavioral intervention that is based on a FBA and data-based problem solving.

Problem Solving and Intervention Team

A problem-solving and intervention team shall be established for each student who exhibits social, emotional, or behavioral difficulty that may escalate, if not addressed, to potentially dangerous behavior. The problem-solving and intervention team shall include at least one (1) member who is an academic and behavioral assessment and intervention professional.

A student's problem-solving and intervention team shall:

- a. Work with the teachers of a student to complete a FBA of the student and an assessment of any problematic situations involving the student;

- b. Consider the need for a BIP with the goal of preventing or resolving the social, emotional, or behavioral difficulty of the student and developing a response that will de-escalate and stabilize a potential emergency situation that approaches the danger level; and
- c. Regularly review the data on incidents involving the use of physical restraint on the student and adjust, as necessary, the procedures concerning the use of physical restraint on the student.

Special education procedures shall be followed if a student is suspected of having a disability that relates to behavioral concerns.

Physical Restraint

Except in the case of a clearly unavoidable emergency situation in which a trained member of school personnel is not immediately available due to the unforeseeable nature of the emergency situation, the physical restraint of a student shall only be used by a member of school personnel who is appropriately trained to administer physical restraint.

When using physical restraint on a student, school personnel shall:

- use the least restrictive technique necessary to end imminent danger or serious physical harm to a student and others;
- Use the safest method available and appropriate to the situation;
- Consider the health and safety of a student, including without limitation whether the student has an existing medical condition that makes the use of physical restraint inadvisable;
- Not restrict the ability of a student to communicate unless the use of a less restrictive technique will not prevent imminent danger of serious physical harm to the student or others;
- Use only the amount of force that is reasonably necessary to protect a student or others from imminent danger of serious physical harm to the student or others;
- Not verbally abuse, ridicule, humiliate, taunt, or engage in any other similar action towards the student; and
- continuously and visually observe and monitor the student while the student is under physical restraint.

Physical restraint of a student shall only be used for a limited period of time and shall not be used:

- When imminent danger or serious physical harm to the student or others dissipates;
- If a medical condition occurs that puts the student at risk of harm;
- Unless the behavior of the student poses an imminent danger of serious physical harm to the student or others;
- After the threat of imminent danger of serious physical harm to the student or others dissipates; or
- In the following manner:
 - To punish or discipline the student;
 - To coerce the student;
 - To force the student to comply;
 - To retaliate against the student;
 - To replace the use of an appropriate educational or behavioral support;
 - As a routine safety measure;
 - As a planned behavioral intervention in response to behavior of the student that does not pose an imminent danger of serious physical harm to the student or others;
 - As a convenience for school personnel; or
 - To prevent property damage unless the act of damaging property committed by the student poses an imminent danger or serious physical harm to the student and others.

Even in an emergency, supine restraint shall not be used on a student except by a staff person who has been certified by a crisis intervention training program and the certified staff person determines that supine restraint is required to provide safety for the student and others.

At no time shall school personnel use the following on a student:

- ✚ Mechanical restraint;
- ✚ Chemical restraint;
- ✚ Aversive behavioral interventions that compromise health and safety;
- ✚ Physical restraint that is life-threatening or medically contraindicated; or
- ✚ Prone restraint or other restraint that restricts the breathing of a student.

Following the first incident of physical restraint used on a student, an FBA shall be conducted unless a previous FBA was conducted for the same behavior that was at issue when the physical restraint was used.

The use of physical restraint on a student as a planned behavioral intervention shall not be included in a student's IEP, 504 Plan, BIP, individual safety plan, or other individual planning document but may be considered as a crisis intervention if appropriate for the student. A student's IEP team or 504 Plan team shall consider whether an FBA should be performed; if a BIP should be developed for the student or if a student's existing BIP should be revised; and if additional behavioral goals and interventions should be included in the student's existing IEP or 504 Plan.

Parents may submit complaints regarding an incident involving the use of physical restraint on their student. A complaint shall be referred for review to the appropriate school personnel:

- The student's problem-solving and intervention team;
- The student's IEP team; or
- The student's 504 Plan team.

A complaint by a parent shall be handled by the appropriate District staff in the same manner as a debrief following the use of physical restraint on a student.¹

Use of a physical restraint technique that is abusive shall be reported to the Child Abuse Hotline and law enforcement.

Reports and Debriefing

After the occurrence of an incident involving physical restraint of a student, the building principal, or the principal's designee, shall be notified of the incident as soon as possible but by no later than the end of the school day when the incident occurred.

The student's parent shall be notified of the incident of the use of physical restraint via verbal or electronic communication as soon as possible but by no later than the end of the school day when the incident occurred. In the event the student's parent is unable to be notified via verbal or electronic communication within twenty-four (24) hours after the incident occurred, then the parent shall be mailed written notification of the incident within forty-eight (48) hours after the incident occurred.

school personnel involved in the incident shall document the incident in a written report, which is to be completed within twenty-four (24) hours after the incident occurred. The written report of the incident shall:

1. Include all information contained in the Division of Elementary and Secondary Education (DESE) Physical Restraint or Seclusion Incident Record and Debriefing Report;
2. Be maintained in the student's education record; and
3. Be provided to the student's parent within one (1) school day of the completion of the report.

A debriefing meeting shall be held within two (2) school days after the incident occurred. The following school personnel shall be present at the debriefing meeting:²

- a. A member of school personnel who was present during the incident;
- b. A member of school personnel who was in the proximity of the student on whom physical restraint was used immediately before and during the time of the incident;
- c. A school administrator; and
- d. Any other member of school personnel determined to be appropriate by the District.

The purpose of the debriefing meeting shall be to:

- Determine whether the procedures used during the incident were necessary;
- Evaluate the use of any behavioral supports and de-escalation techniques by school personnel before and during the incident;
- Evaluate the school district's positive behavioral supports system and prevention techniques in order to minimize future use of physical restraint; and
- If a trained member of school personnel was not immediately available due to the unforeseeable nature of the emergency situation when the incident occurred:
 - Reevaluate the training needs of school personnel;
 - Reevaluate the physical restraint policy and practices; and
 - Develop a plan to prevent a future incident.

At a debriefing meeting, school personnel shall:

1. Consider relevant information in the student's education record, including without limitation:
 - a. The concerns of the student's parent;
 - b. The student's social and medical history;
 - c. The student's FBA, if one exists; and
 - d. The student's BIP, if one exists;
2. Consider relevant information from the teachers, parents, and other District professionals;
3. Discuss whether positive behavior supports were appropriately implemented;
4. Discuss the duration and frequency of the use of physical restraint on the student;
5. Discuss appropriate action that may be taken to prevent and reduce the need for physical restraint;
6. Consider whether additional intervention and support is necessary for the student;
7. Consider whether additional intervention and support is necessary for school personnel; and
8. Consider how and when to debrief a person who was not present at the debriefing meeting, including without limitation:
 - a. The student;
 - b. The student's parent; and
 - c. Other school personnel or students who witnessed the incident.

DESE's Physical Restraint or Seclusion Incident Record and Debriefing Report, or an alternative report that includes the same information, shall be completed during the debriefing meeting. A copy of the report shall be:

- Submitted to the building principal;³
- Mailed to the student's parent within two (2) days of the date on which the debriefing meeting was held; and
- Maintained as part of the student's education record along with other documents consulted during the debriefing meeting.

- Evaluate and modify a parent, family, and community engagement plan.¹

Each SLIP shall include a literacy plan that includes a curriculum program and a professional development program that is aligned with the District's literacy needs and is based on the science of reading.

Some of the data that shall be considered when developing the SLIP includes, but is not limited to:²

- Statewide assessment results;
- Interim assessment results;
- Similarly situated school's SLIPs; and
- Evaluation(s), including staff, student, and community feedback, of the existing SLIP.

The SLIP is to be reviewed on an ongoing basis with reports to the board on the implementation progress of the SLIP throughout the year of implementation. If the District's data reflects a disproportionality in equitable access to qualified and effective teachers and administrators, the District shall develop and implement strategies to provide equitable access as part of the SDSP.

If forty percent (40%) or more of the District's students scored "in need of support" on the prior year's statewide assessment for reading, the District shall develop a literacy plan as part of the SDSP that includes:

- ✚ Goals for improving reading achievement throughout the District; and
- ✚ Information regarding the prioritization of funding, including without limitation, Enhanced Student Achievement funding, for strategies to improve reading achievement throughout the District.

The District shall post the District's SDSP to the District's website under State-Required Information, including any updates to the District's SDSP.⁵

Therefore, the Board desires that unnecessary duplication of work among the various grades and schools be eliminated and that courses of study and their corresponding content guides be coordinated effectively.

The Board of Education is responsible for reviewing and approving all instructional programs offered by the District as well as approving significant changes to courses or course materials before they are implemented. The Superintendent is responsible for making curriculum recommendations.

Each school shall review each curriculum area annually to address the continued relevancy, adequacy, and cost effectiveness of individual courses and instructional programs and to ensure each area is aligned with the current curriculum frameworks and course content standards approved by the State Board of Education.¹ Each school’s administration shall implement a monitoring process to ensure that the instructional content of each course offered is consistent with the content standards and curriculum frameworks approved by the State Board of Education.²

The District shall not purchase curriculum for the District’s reading program that is not from the list of curricula approved by the Division of Elementary and Secondary Education.³

"Curriculum" means: the sequences of public school student learning expectations, pacing, materials, and resources that are used to teach the Arkansas academic standards and the processes for evaluating mastery of the Arkansas academic standards at particular points in time throughout the kindergarten through grade twelve (K-12) educational program.

"Gender identity" means the same as is used in the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, which defines it as a category of social identity and refers to an individual's identification as male, female, or, occasionally, some category other than male or female.

"Sexual orientation" means an individual's actual or perceived orientation as heterosexual, homosexual, or bisexual.

Instructional and supplemental materials, including classroom events or activities associated with classroom instruction, are selected for their compatibility with the District's educational program and their ability to help fulfill the District's educational goals and objectives. Individuals wishing to challenge or express concerns about instructional or supplemental materials, including classroom events or activities associated with classroom instruction, may do so by filling out a *Challenge to Instructional Material* form available in the school's office.

The contesting individual may present a copy of the form to the principal and request a conference be held at a time of mutual convenience. Prior to the conference, the principal shall consult with the teacher regarding the contested material. In the conference, the principal shall explain to the contesting individual the criteria used for the selection of the material and its relevancy to the educational program as well as any other pertinent information in support of the use of the material.

Following the conclusion of the meeting, the principal shall have five (5) working days to submit a summary of the concerns expressed by the individual and the principal's response to those concerns to the Superintendent¹.

If the contesting individual is not satisfied with the principal's response, the individual may, after the five (5) working day period, request a meeting with the Superintendent where the individual shall present the same *Challenge to Instructional Material* form previously presented to the principal. The Superintendent shall explain to the contesting individual the criteria used for the selection of the material and its relevancy to the educational program as well as any other pertinent information in support of the use of the material.²

Following the conclusion of the meeting, the Superintendent shall have five (5) working days to write a summary of the concerns expressed by the individual and the Superintendent's response to those concerns. The Superintendent shall create a file of his/her response along with a copy of the principal's response and a copy of the contesting individual's *Challenge to Instructional Material* form.

If, after meeting with the Superintendent, the contesting individual is not satisfied with the Superintendent's response regarding the appropriateness of the instructional or supplemental material, he/she may appeal the Superintendent's decision to the Board. The Superintendent shall present the contesting individual's *Challenge to Instructional Material* form to the Board at the next regularly scheduled meeting along with the written responses to the challenge. The Board may elect, if it so chooses, to hear brief verbal presentations from the parties involved in the challenge.

The Board shall decide at that meeting or their next regularly scheduled meeting whether to retain the material, limit the availability of the material, or remove the material from the school. The Board's primary consideration in reaching its decision shall be if the instructional and supplemental materials, including classroom events or activities associated with classroom instruction, are:

- Misleading;
- Factually inaccurate; or
- Otherwise inappropriate for the intended educational use.

In addition to the notification requirements under Policy 5.5 and all other challenge rights under this policy, parents and legal guardians may opt their students out of any of the following by submission of form 5.6F2 regardless of whether any of the listed items are offered as part of a sex education class or program or as part of any other class, activity, or program except when the item is directly related to a requirement under the Arkansas academic standards; a District employee is responding to questions posed by students during class regarding sex education, sexual orientation, or gender identity as it relates to a topic of instruction; or a District employee refers to the sexual orientation or gender identity of a historical person, group, or public figure when such information provides necessary context in relation to a topic of instruction:

5.7—Selection of Library / Media Center Materials

The ultimate authority for the selection and retention of materials for the schools' media centers rests with the Board of Education which shall serve as a final arbiter in resolving a challenge to any media center materials. Licensed media center personnel shall make the initial selections in consultation with school and district licensed staff. Materials selected shall be in accordance with the guidelines of this policy.

The purpose of the schools' libraries/media centers is to supplement and enrich the curriculum and instruction offered by the District. Promoting the dialogue characteristic of a healthy democracy necessitates the maintenance of a broad range of materials and information representing varied points of view on current and historical issues. In the selection of the materials and resources to be available in each library/media center consideration will be given to their age appropriateness. Materials should be available to challenge the different interests, learning styles, and reading levels of the school's students and that will help them attain the District's educational goals.

Selection Criteria

The criteria used in the selection of media center materials shall be that the materials:

1. Support and enhance the curricular and educational goals of the district;
2. Are appropriate for the ages, learning styles, interests, and maturity of the schools' students, or parents in the case of parenting literature;
3. Contribute to the examination of issues from varying points of view and help to broaden students understanding of their rights and responsibilities in our society;
4. Help develop critical thinking skills;
5. Are factually and/or historically accurate, in the case of non-fiction works and/or serve a pedagogical purpose;
6. Have literary merit as perceived by the educational community; and
7. Are technically well produced, physically sound (to the extent appropriate), and represent a reasonably sound economic value.

Retention and Continuous Evaluation

Media center materials shall be reviewed regularly to ensure the continued appropriateness of the center's collection to the school's curriculum and to maintain the collection in good repair. Those materials no longer meeting the selection criteria, have not been used for a long period of time, or are too worn to be economically repaired shall be withdrawn from the collection and disposed of. A record of withdrawn media materials including the manner of their disposal shall be maintained for a period of three years.

Gifts

Gifts to the media centers shall be evaluated to determine their appropriateness before they are placed in any media center. The evaluation shall use the same criteria as for all other materials considered for inclusion in the media centers. Any items determined to be unacceptable shall be returned to the donor or disposed of at the discretion of the media specialist. The media centers shall have a list of desired items to give to prospective donors to aid them in their selection of materials to donate.

Challenges:

The parent of a student affected by a media selection, a District employee, or any other resident of the district may formally challenge the appropriateness of a media center selection by following the procedure outlined in this policy. The challenged material shall remain available throughout the challenge process.

Before any formal challenge can be filed, the individual contesting (hereinafter complainant) the appropriateness of the specified item shall request a conference through the principal's office with a licensed media center employee. The complainant shall be given a copy of this policy and the *Request for Formal Reconsideration Form* prior to the conference. The meeting shall take place at the earliest possible time of mutual convenience, but in no case later than five (5) working days from the date of the request unless it is by the choice of the complainant.

In the meeting, the media specialist shall explain the selection criteria and how the challenged material fits the criteria. The complainant shall explain his/her reasons for objecting to the selected material. If, at the completion of the meeting, the complainant wishes to make a formal challenge to the selected material, he/she may do so by completing the *Request for Formal Reconsideration Form* and submitting it to the principal's office.

To review the contested media, the principal shall select a committee of five (5) or seven (7) licensed personnel consisting of the principal as chair and at least one media specialist. The remaining committee members shall be personnel with curriculum knowledge appropriate for the material being contested and representative of diverse viewpoints. The task of the committee shall be to determine if the challenged material meets the criteria of selection. No material shall be withdrawn solely for the viewpoints expressed within it and shall be reviewed in its entirety and not selected portions taken out of context.

The principal shall convene a meeting after a reasonable time for the committee members to adequately review the contested material and the *Request for Formal Reconsideration Form* submitted by the complainant. The complainant shall be allowed to present the complaint to the committee after which time the committee shall meet privately to discuss the material. The committee shall vote by secret ballot to determine whether the contested material shall be removed from the media center's collection. A member from the voting majority shall write a summary of the reasons for their decision. A notice of the committee's decision and the summary shall be given (by hand or licensed mail) to the complainant.

If the decision is to not remove the material, the complainant may appeal the committee's decision to the district Board of Directors by filing a written appeal to the Superintendent within 5 working days of the committee's decision or of written receipt of the decision. The Superintendent shall present the original complaint and the committee's decision along with the summary of its reasons for its position plus a recommendation of the administration, if so desired, to the Board within 15 days of the committee's decision. The Board shall review the material submitted to them by the Superintendent and make a decision within thirty (30) of receipt of the information. The Board's decision is final.

5.8—Use of Copyrighted Materials

Use of Copyrighted Work in Face-to-Face Classroom

The Board of Education encourages the enrichment of the instructional program through the proper use of supplementary materials. To help ensure the appropriate use of copyrighted materials, the Superintendent, or his designee, will provide district personnel with information regarding the “fair use” doctrine of the U.S. Copyright Code as detailed in the “Agreement on Guidelines for Classroom Copying in Not-for-Profit Educational Institutions with Respect to Books and Periodicals” and “Guidelines for Educational Uses of Music.”

Use of Copyrighted Works in Digital Transmissions

Definitions

“Class session” means the length of time provided for students to access the materials necessary for the completion of course assignments and tests. Depending on the copyrighted work’s overall importance to the course, which can vary from a single assignment to an entire course focusing on the copyrighted work, the class session will end on:

- The date set by the teacher for an assignment to be submitted; or
- The date on the school calendar for the end of classes.

“Course packs” are premade compilations of book excerpts; newspaper, magazine, and journal articles; and instructor-authored materials.

"Mediated Instructional activities" includes textbooks, workbooks, and course packs.

"Transmission" is the remote accessing, whether on or off campus, by students of a copyrighted work by means of a closed circuit television, an educational television channel, or in a digital format on a password protected secure webpage.

The District recognizes that advances in technology have resulted in the need for guidelines for the use of copyrighted materials that are transmitted to students through a digital network. While the requirements to use a copyrighted work in a digital transmission have many similarities to those required to use a copyrighted work in a face-to-face classroom, Federal law places several additional requirements on the District's teachers, IT staff, and librarians for the use of a digitally transmitted copyrighted work. The District is dedicated to providing the tools necessary for teachers, IT staff, and librarians to meet these additional Federal requirements.

The District shall make sure the server where materials are stored is secured, whether the server is located locally or remotely.

The District's Informational Technologies staff shall develop the proper protocols and train teachers on their use in order to ensure:

1. The transmission of the copyrighted work is limited to only the students enrolled in the course;
 - Each student shall have a unique ID and password for accessing digital courses/materials; or
 - Each course shall have a unique password to access course materials; and
 - The password to access the course materials shall be changed immediately following the close of the course.
2. To prevent students from retaining or further disseminating the copyrighted work for more than one class session;
 - The print function will be disabled;
 - A transparency shall be placed over any literary work, sheet music, or photograph;
 - Audio and video transmissions will be set to be streamed; and
 - The link to the webpage with a copyrighted work shall be deactivated at the end of the applicable class session.

Teachers who wish to provide copyrighted works to students through a digital transmission as part of a digital course as well as teachers wishing to supplement a face-to-face classroom course with a digital transmission must meet applicable copyright statutes and policy 5.11—DIGITAL LEARNING COURSES as well as the following requirements in order to use a copyrighted work:

- A. The use of the copyrighted work(s), whether in whole or in part, must be a part of regular classroom instruction and must be directly related and of material assistance to the course content;
- B. The extent of a copyrighted work that is used must comply with one or more of the following criteria:
 - The entirety of a non-dramatic literary or musical work may be used. A non-dramatic literary work includes poems and short stories. A non-dramatic musical work covers all music that is not part of an opera or musical and does not cover the use of the music video format of a song.
 - Dramatic literary and musical works as well as videos may only be used in limited portions. Dramatic literary and musical works may only be used in the same amount as set forth in the requirements for a face-to-face classroom while videos, including music videos, may only have the portion used that is directly related to the subject of the class session and may not be transmitted in their entirety.
 - Still images or slides that a teacher would have used in the ordinary course of a face-to-face classroom session on a projector or a transparency may be used in a transmission.
 - Works primarily produced or marketed for use in the digital education market may not be transmitted.
 - Works the teacher had knowledge or reasonably believes to be unlawfully made or acquired may not be used.

- Mediated Instructional activities may not be transmitted.
- C. A statement that works may be subject to copyright shall be placed in at least one of the following areas to provide notice to students of copyright status:
- Course syllabus;
 - Home webpage for the course;
 - Webpage for the particular class session; and/or
 - Webpage with the copyrighted work.

The teacher and the District librarian shall work together when making digital copies of copyrighted work from physical or analog versions and shall fulfill the following requirements:

- I. The amount converted is only the amount allowed by law; **and**
- II. The District has no digital copy of the copyrighted work available; **or**
- III. The District's digital copy of the copyrighted work that is available has technological protections that prevent the use of the copyrighted work in the manner prescribed by law.

The District will not be responsible for any employee violations of the use of copyrighted materials.

5.9—Computer Software Copyright

The District shall observe copyright laws governing computer software reproduction. Unless specifically allowed by the software purchase agreement, the Copyright Act allows the purchaser of software to:

1. Make one copy of software for archival purposes in case the original is destroyed or damaged through mechanical failure of a computer. However, if the original is sold or given away, the archival copy must be destroyed;
2. Make necessary adaptations to use the program; and/or
3. Add features to the program for specific applications. These improvements may not be sold or given away without the copyright owner's permission.

The District shall abide by applicable licensing agreements before using computer software on local-area or wide-area networks.

5.10—Religion in the Schools

The First Amendment of the Constitution states that “Congress shall make no law respecting the establishment of religion, or prohibiting the free exercise thereof...” As the Supreme Court has stated (*Abington School District v. Schempp*, 374 U.S. 203) the Amendment thus, “embraces two concepts—freedom to believe and freedom to act. The first is absolute but, in the nature of things, the second cannot be.” Therefore, it is the Board's policy that the school system, as an agency of the government, shall be neutral in matters regarding religion and will not engage in any activity that either advocates or disparages religion. The District shall assume no role or responsibility for the religious training of any student.

The need for neutrality does not diminish our school system's educational responsibility to address the historical role of religion in the development of our culture. Since we live in a diverse society, the District's goal shall be to address the subject of religion objectively in such a way that it promotes an understanding of, and tolerance for, each other's religious or non-religious views.

Discussions concerning religious concepts, practices, or disciplines are permissible when presented in a secular context in their relation to an inclusive study of religion or to the study of a particular region or country. The discussions shall be such that they are objective and academically informational and do not advocate nor denigrate any particular form of religious practice

Accommodation will be considered for those portions of instructional activities in the schools that unduly burden a student's sincere religious belief provided such accommodation doesn't amount to a significant change in curriculum, program, or course of instruction and when it is possible that a substitution of equally rigorous material that advances the same instructional goals can be arranged. Parents and students are advised that such accommodations are easier to grant when the objection is to non-state mandated Framework material than if the material is required by the Frameworks.

A student or the student's parent can request the student's teacher accommodate the student's objection based on a religious belief to an instructional activity. Any such request must be made at least 25 school days prior to the assignment's due date. Any objection must be raised in accordance with this policy's requirements or it will not be considered.

Upon receiving such a request, the student's teacher shall determine within five (5) work days if an accommodation is possible under the provisions of this policy. If the teacher decides to be unreasonable, the student or the student's parent may request a conference with the teacher and the teacher's principal. A requested conference will occur at a time of mutual convenience, but no later than five (5) working days following the request. The principal shall have five (5) working days in which to make a decision on the appeal. If the student, the student's parent, or the teacher is unsatisfied with the principal's decision, it may be appealed to the District Superintendent who shall convene a conference between the student, the parent and the teacher. The requested conference will occur at a time of mutual convenience, but no later than five (5) working days following the request. The Superintendent shall have five (5) working days in which to make a decision on the appeal which shall be final with no further right of appeal.

The teacher in charge of each classroom may, at the opening of school each day, conduct a brief period of silence with the participation of all students in the classroom who desire to participate.*

Students and employees may engage in personal religious practices, such as prayer, at any time, and shall do so in a manner and at a time so that the educational process is not disrupted.

5.11—Digital Learning Courses

Definitions

For the purposes of this policy:

“Blended Learning” is education in which instruction and content are delivered through supervised instruction in a classroom and online delivery of instruction with some element of student control over time, place, path, or pace.

“Digital Learning” means a digital technology or internet-based educational delivery model that does not rely exclusively on compressed interactive video (CIV). Digital learning includes online and blended learning.

“Instructional Materials” means:

1. Traditional books, textbooks, and trade books in printed and bound form;
2. Activity-oriented programs that may include:
 - a. Manipulatives;
 - b. Hand-held calculators;
 - c. Other hands-on materials; and
3. Technology-based materials that require the use of electronic equipment in order to be used in the learning process.

“Online Learning” is education in which instruction and content are delivered primarily over the Internet. The term does not include print-based correspondence education, broadcast television or radio, videocassettes, compact disks and stand-alone educational software programs that do not have a significant Internet-based instructional component.

“Public School Student Accessing Courses at a Distance” means a student who is scheduled for a full course load through the District and attends all classes virtually.

Digital Course Offerings

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format and shall be tailored to meet the needs of each student.

All digitally offered courses shall meet or exceed the State Board of Education's curriculum standards and requirements and be capable of being assessed and measured through standardized or local assessments. Additionally, the District shall ensure there is sufficient infrastructure to handle and facilitate a quality digital learning environment.

As an approved digital learning provider, the District shall annually determine what District created digital learning courses it will provide to our students.¹ The District may also choose to provide digital learning courses by contracting with outside providers of such courses, who have been pre-approved by the Division of Elementary and Secondary Education (DESE). The School Board shall determine the provider method or combination of methods for the District. The Superintendent shall ensure that all digital learning courses provided to District students, regardless of the source of the course, have been approved by DESE.

District created digital courses and any digital courses the district purchases from outside providers shall adhere to the guidelines for the use of digitally transmitted copyrighted materials set forth in Policy 5.8—USE OF COPYRIGHTED MATERIALS as well as applicable statutory requirements.

The District shall require all outside providers to incorporate Policy 5.8 as a condition of the service contract. Failure of the outside provider to abide by Policy 5.8 shall constitute a breach of contract and the outside provider shall be responsible for any costs resulting from such breach.

A student may elect to take any or all of his/her scheduled courses digitally. The student's attendance in the student's digital course(s) shall be determined in accordance with Policy 4.7—ABSENCES.²

The District is responsible for providing all instructional materials for each student who enrolls in a District approved digital learning course.³

Regardless of any other provisions of this policy, the District may restrict a student's access to digital courses when the student's building principal determines the student's participation in such a course would not be academically appropriate based on the student's past performance in digital courses. Furthermore, the student's building principal may revoke a student's eligibility to continue taking a digital learning course if the student's performance during the semester indicates the student is not succeeding in the course.⁴

5.12—Computer Science Internships and Independent Studies

Internships

The Board of Directors believes that students who intend to begin careers immediately upon high school graduation or intend to complete post-secondary training prior to starting a career can benefit from an internship experience. The desired outcomes of the District's internship program include students advancing computer science skills, sharpening soft-skills, and learning new skills while in a workplace environment. The internship program provides intense, competency-based worksite immersion in advanced computer science concepts while linking the internship participants to current resources, information, and guidance from computing professionals.¹

Students who wish to participate in the internship program shall submit an application to the JAG Teacher². In order for a student to be eligible to participate in the internship program, the student must have:

1. Received enough credits to qualify as a junior;
2. Either:
 - Have at least one (1) credit from a Division of Elementary and Secondary Education (DESE) approved computer science course; or

- Submit computer science work product that satisfactorily demonstrates the competencies expected within the DESE Computer Science Standards to JAG Teacher²; and
3. At least a 2.0³ GPA.

The student participating in an internship program is responsible for making sure the JAG Teacher² receives documentation authenticated by the student's supervisor of the hours worked by the student, proof of the student having completed projects, and regular evaluations of the student's work by the student's internship supervisor.

A student who completes a computer science internship shall receive credit for the internship as a Computer Science Flex Credit⁴ based on the amount of documented on-the-job work hours as follows:

- a. Half (1/2) credit for completing sixty (60) on-the-job work hours; or
- b. One (1) credit for completing one hundred twenty (120) on-the-job work hours.

Independent Studies

A Computer Science Independent Study Program shall be designed to enrich the student's computer science educational experience. A student who desires to complete an independent study shall:

1. Either:
2. Have at least one (1) credit from a DESE approved computer science course; or
3. Submit computer science work product that satisfactorily demonstrates the competencies expected within the DESE Computer Science Standards to a local advisor⁵;
4. Develop an educational plan that is tied directly to extending the computer science concepts found within:
 - The most current revision of the Arkansas High School Computer Science Standards;
 - College Board AP Computer Science Principles or A; and/or
 - IB Computer Science SL or HL;
5. Submit the study plan to a local advisor⁵ for approval;
6. Have at least a 2.0³ GPA; and
7. Produce a final product for presentation.

The advisor⁵ is responsible for reviewing, monitoring, and approving the student's study plan. The study plan should include anticipated objectives that allow the advisor to evaluate the student's study progress. The student is responsible for submitting regular written reports to the advisor⁵ concerning the student's progress towards the student's independent study goals.

The student's hours of study shall be documented by the most appropriate of the following methods:⁶

- Being assigned a class period during the instructional day that is dedicated to the student's independent study;
- Using the District's system to track student time for digital courses if the student's attendance and assignments are through a digital classroom; and
- Using another hour tracking system approved by the district Superintendent that provides for accurate tracking of hours and provides safeguards against improper reporting by the student.

A student who completes a computer science independent study shall receive credit for the independent study as a Computer Science Flex Credit⁴ based on the amount of documented study hours as follows:

- a. Half (1/2) credit for completing sixty (60) study hours; or
- b. One (1) credit for completing one hundred twenty (120) study hours.

5.14—Homework

Homework is considered to be part of the educational program of the District. Assignments shall be an extension of the teaching/learning experience that promotes the student's educational development. As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful.

Teachers should be aware of the potential problem students may have completing assignments from multiple teachers and vary the amount of homework they give from day to day.

Parents shall be notified of this policy at the beginning of each school year.

5.15—Grading

Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, persons having lawful control of a student, persons standing in loco parentis, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation, which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine (9) week grading period¹ to keep parents/guardians informed of their student's progress.

The evaluation of each student's performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students' grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

The grades of a child in foster care shall not be lowered due to an absence from school due to:

- (1) A change in the child's school enrollment;
- (2) The child's attendance at a dependency-neglect court proceeding; or
- (3) The child's attendance at court-ordered counseling or treatment.

The grading scale for 1-12 grades in the district shall be as follows. Grade reports for kindergarten may be represented in the form of a skills check list.

A = 100 – 90

B = 89 – 80

C = 79 – 70

D = 69-60

F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be

A = 4 points

B = 3 points

C = 2 points

D = 1 point

F = 0 points

The grade point values for Advanced Placement (AP), approved courses for weighted credit, International Baccalaureate (IB), and approved honor courses shall be one (1) point greater than for regular courses with the exception that an F shall still be worth zero (0) points.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the district with those earned outside the district. Each final grade will be calculated by taking the percent in weeks earned outside the district and combining that with the percent in weeks earned inside the district. For example: If a student earned a 70% in 3 weeks outside the district while earning an 85% in 6 weeks in the district, the average for the 9 weeks period would be an 80%. $(3 \times 70) + (6 \times 85)$ divided by 9 = 80%

5.16—Computer Science Course Prerequisites and Progression

Traditional Progression

A student who has not previously received a computer science credit may elect to take an introductory level computer science course. A student who passes a computer science course level is eligible to take the next level computer science course in the same computer science course emphasis.

Alternative Progression

A student who does not have credit for any computer science course, the introductory level computer science course for the particular computer science emphasis, or the preceding level course for the computer science emphasis may be placed in a computer science course based on any combination of the following factors:¹

- The student's grade point average;
- Recommendation from the student's teacher(s);
- Completion of computer science internships or independent studies;
- Demonstration of previous computer science work by the student; or
- Proficiency report from a computer science proficiency evaluation tool.²

5.21—Advanced Placement, International Baccalaureate, and Honors Courses

Students in grades 7-12 who take advanced placement (AP) courses; International Baccalaureate (IB) courses; honors or concurrent credit college courses;¹ or other courses approved for weighted credit by the Division of Elementary and Secondary Education (DESE) shall be graded according to the following schedule:

A = 100 – 90

B = 89 – 80

C = 79 – 70

D = 69-60

F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be

A = 5 points

B = 4 points

C = 3 points

D = 2 point

F = 0 points

For a student to be eligible to receive weighted credit for an AP, or IB course:

- The course must be taught by an Arkansas licensed teacher who has received the appropriate training required by Arkansas statute and DESE Rule or, for an AP teacher, is in the process of completing an Additional Training Plan; and
- The student takes the applicable AP or IB examination after completing the entire course. Credit shall be given for each grading period during the course of the year, but shall be retroactively removed from a student's grade for any course in which the student fails to take the applicable exam. Students who do not take the applicable exam shall receive the same numeric value for the grade he/she receives in the course as if it were a non-AP or IB course.²

"Honors Courses" are those courses that have been approved by DESE as honors courses. Honors courses must stress higher order learning and be offered in addition to curriculum offerings required by the Standards for Accreditation.

Students who transfer into the district will be given weighted credit for the AP courses; IB courses; honors or concurrent credit college courses;¹ and other courses approved by DESE for weighted credit that were taken for weighted credit at his/her previous school(s) according to the preceding scale.

5.22—Concurrent Credit

A ninth (9th) through twelfth (12th) grade student who successfully completes a college course(s) from an institution approved by the Division of Elementary and Secondary Education (DESE) shall be given credit toward high school grades and graduation at the rate of one (1) high school credit for each three (3) semester hours of college credit. Unless approved by the school's principal, **prior to enrolling for the course**, the concurrent credit shall be applied toward the student's graduation requirements as an elective.

As permitted by the DESE Rules Governing Grading and Course Credit, a student who takes a three (3) semester hour remedial/developmental education course shall receive a half (1/2) credit for a high school career focus elective. The remedial/developmental education course cannot be used to meet core subject area/unit requirements.

Participation in the concurrent high school and college credit program must be documented by a written agreement between:

- The student;
- The student's parent(s) or legal guardian(s) if the student is under the age of eighteen (18);
- The District; and
- The publicly supported community college, technical college, four-year college or university, or private institution of higher education the student attends to take the concurrent credit course.

Students are responsible for having the transcript for the concurrent credit course(s) they've taken sent to their school in order to receive credit for the course(s). Credit for concurrent credit courses will not be given until a transcript is received. Students may not receive credit for the course(s) they took or the credit may be delayed if the transcripts are not received at all or in a timely manner; this may jeopardize students' eligibility for extracurricular activities and/or graduation.¹

Students will retain credit earned through the concurrent credit program that was applied toward a course required for high school graduation from a previously attended, accredited, public school.

A student eligible to receive free or reduced price meals shall not be responsible for any of the costs for the student's first six (6) concurrent credit hours so long as the concurrent credit courses are taught on the District grounds and by a teacher employed by the District.² Any and all costs of concurrent credit courses beyond the six (6) hours permitted, that are not taught on the District's campus, or are not taught by a teacher employed by the District are the responsibility of the student. Students who are not eligible to receive free or reduced price meals are responsible for any and all costs associated with concurrent credit courses.

5.23— Equivalence Between Schools #1*

The Ouachita River School District is committed to providing a quality education for all students in each of the district's schools. The equitable distribution of district resources is one means the district shall use to ensure all of its students receive a quality education. Curriculum materials, instructional supplies, and the percentages of qualified personnel shall be equivalent between all schools in the district when compared on a *grade-span by grade-span basis*¹, *school-by-school basis*¹. Specifically, the goal of the district is to have its students given an equitable opportunity to learn regardless of the school they attend within the district.

The Board understands that the equivalence between schools shall not be measured by such things as:

1. Changes in enrollment after the start of the school year;
2. Varying costs associated with providing services to children with disabilities,
3. Unexpected changes in personnel assignments occurring after the beginning of the school year;
4. Expenditures on language instruction education programs and;

5.29—Wellness Policy

The health and physical well-being of students directly affects their ability to learn. Childhood obesity increases the incidence of adult diseases occurring in children and adolescents such as heart disease, high blood pressure and diabetes. The increased risk carries forward into their adulthood. Research indicates that a healthy diet and regular physical activity can help prevent obesity and the diseases resulting from it. It is understood that the eating habits and exercise patterns of students cannot be magically changed overnight, but at the same time, the Board of Directors believes it is necessary to strive to create a culture in our schools that consistently promotes good nutrition and physical activity.

The problem of obesity and inactivity is a public health issue. The Board of Directors is keenly aware that it has taken years for this problem to reach its present level and will similarly take years to correct. The responsibility for addressing the problem lies not only with the schools and the Division of Elementary and Secondary Education (DESE), but with the community and its residents, organizations and agencies. Therefore, the District shall enlist the support of the larger community to find solutions that improve the health and physical activity of our students.

Wellness Committee

To enhance the district's efforts to improve the health of our students, a School Nutrition and Physical Activity Advisory Committee (SNPAAC) shall be formed. It shall be structured in a way to ensure age-appropriate recommendations are made that correlate to the District's grade configurations.¹ The SNPAAC shall have the powers and responsibilities delegated to it by statute and Rule and are incorporated into this policy by reference.² The overarching goal of the committee shall be to promote student wellness by monitoring how well the District is doing at implementing this policy. The SNPAAC shall use modules 1, 2, 3, 4, 10, and 11 of the Centers For Disease Control' (CDC) School Health Index as a basis for annually assessing each school's progress toward meeting the requirements of this policy. The results of the annual assessment shall be included in the school district's support plan (SDSP), provided to each school's principal, and reported to the board. Goals and objectives for nutrition and physical activity shall also be included in the SDSP.

The SNPAAC shall be made up of Individuals from the following groups to the extent interested persons from each group desire to be included in the development, implementation, and periodic review of the District's wellness policy:³

- Members of the District's Board of Directors;
- School administrators;
- School nutrition personnel;
- Teacher organizations;
- Teachers of physical education;
- Parents;
- Students;
- Professional groups (such as nurses);
- School health professionals (such as school nurses, school counselors, and social workers); and
- Community members.

The SNPAAC shall provide written recommendations to the District's Child Nutrition Director concerning menus and other foods sold in the school cafeteria. Such recommendations shall be based, at least in part, on the information the Committee receives from the District on the requirements and standards of the National School Lunch Program and from menus for the National School Lunch Program and other food sold in the school cafeteria on a quarterly basis.⁴

The SNPAAC will meet at least quarterly. Meeting dates for the SNPAAC will be placed on the District's calendar.

School Health Coordinator

To assist the SNPAAC in ensuring that the District fulfills the requirements of this policy, a District level School Health Coordinator (Designated District Official) shall be appointed. In addition, a school level School Health Coordinator shall be appointed who shall be responsible for assisting the District level School Health Coordinator in ensuring that each school fulfills the requirements of this policy.⁵

Goals

In its efforts to improve the school nutrition environment, promote student health, and reduce childhood obesity, the District will adhere to the DESE Rules Governing Nutrition and Physical Activity Standards And Body Mass Index For Age Assessment Protocols. To promote nutrition, physical activity, and other school based activities that will improve student wellness, the District, working with the SNPAAC, has established the following goals:⁶

1. Implement a grade appropriate nutrition education program that will develop an awareness of and appreciation for nutrition and physical activity throughout the curriculum;
2. Enforce existing physical education requirements and engage students in healthy levels of vigorous physical activity;
3. Strive to improve the quality of physical education curricula and increase the training of physical education teachers;
4. Follow the Arkansas Physical Education and Health Education Frameworks in grades K-12;
5. Not use food or beverages as rewards for academic, classroom, or sports performances;
6. Establish class schedules and bus routes that do not directly or indirectly restrict meal access;
7. Provide students with ample time to eat their meals in pleasant cafeteria and dining areas;
8. Abide by the current allowable food and beverage portion standards;
9. Meet or exceed the more stringent of Arkansas' or the U.S. Department of Agriculture's (USDA) Nutrition Standards for reimbursable meals and a la' carte foods served in the cafeteria;⁷
10. Restrict access to competitive foods as required by law and Rule;
11. Conform new and/or renewed vending contracts to the content restrictions contained in the Rules and reduce district dependence on profits from the sale of competitive foods.
12. Provide professional development to all district staff on the topics of nutrition and/or physical activity;⁸
13. Utilize the School Health Index available from the CDC to assess how well the district is doing at implementing this wellness policy and at promoting a healthy environment for its students.

The schedule of the events shall be by school, approved by the principal, and shall be part of the annual school calendar.

Food and beverages outside of the District's food service programs may not be sold, served, or provided to students in the District's food service areas during meal times.

Elementary students shall not have in-school access to vending machines.

Section 6 – SCHOOL, HOME, AND COMMUNITY RELATIONS

6.1—Communication Goals

The single most significant factor in student achievement is the teacher. The teacher's effectiveness is greatly enhanced when supported by the school community as a whole, the student's home, and the community at large. The Arkansas General Assembly and the Division of Elementary and Secondary Education have demonstrated their understanding of the importance of involving such groups by repeatedly mandating their inclusion in the educational system and process. Communication with staff, parents, grandparents, legal guardians, business, and community members is fundamental to increasing their concern for, and involvement in, raising student achievement.

Communication should be two-way between the District and the public. The communications program shall strive to:

1. Increase mutual understanding, trust, and support between the District and parents, business, and the community as a whole;
2. Keep District staff regularly informed of upcoming District programs and events as well as noteworthy staff and student accomplishments to enable all the staff to help promote positive public relations;
3. Create and disseminate brochures, flyers, and fact sheets that will help parents and community members better understand school policies and procedures and acquaint them with areas where their volunteer services are most needed;
4. Inform legislators of the accomplishments of the District's students and staff, as well as how proposed legislation could affect the district;
5. Maintain good relations with the news media and provide the media with pertinent news releases; and
6. Increase the participation of parents, grandparents, legal guardians, business, and community members in school activities and programs.

The Board will appoint committees, when appropriate, to help the District examine issues facing it. Such committees may include members of the public, students, parents, and school employees, as well as members of the Board. Members may serve until the committee makes its non-binding recommendations to the Board.

Any committee, which includes among its members a member of the School Board, shall operate according to the requirements of the Arkansas Freedom of Information Act.¹

The District's Board of Directors shall hold a meeting by October 15 of each year to provide a report that systematically explains the District's policies, programs, and goals to the community. The District's report shall detail the progress of the District and the District's schools toward accomplishing program goals, accreditation standards, and proposals to correct any deficiencies. The report shall be made available to the public, including by posting a copy on the District's website under State-Required Information no later than ten (10) days following the meeting. The meeting shall provide parents and other members of the community the opportunity to ask questions and make suggestions concerning the District's program.

6.2—Relations with School Support Organizations

The Board recognizes and values the many contributions support organizations make to the District's schools. Parent/teacher organizations and booster clubs work to augment and strengthen the District's educational and extracurricular objectives through the goods and services they provide.

Groups wishing to be recognized as a support organization must have open membership and have their by-laws approved by the school principal, the Superintendent, and the Board. School personnel shall assist approved booster organizations in their efforts to the extent practicable. Meetings of such organizations, cleared through the principal, shall not be subject to school use fees. School staff members are encouraged to attend and participate.

Fund-raising activities are to be approved in advance by the principal or his/her designee. Prior to the donation of equipment and/or supplies to the school, the organization should seek the advice of the principal to help ensure the compatibility of the donation with present school equipment. All equipment donated to the District becomes the property of the District.

6.3—Public Gifts and Donations to the Schools

The District and the Board of Education may receive monetary gifts or donations of goods or services that serve to improve or enhance the goals of the District. Any gifts to the District become the property of the District and are subject to the same regulations as any other District owned property.

It is a breach of ethical standards and a violation of Arkansas law for any Board member, administrator, or District employee to receive a gift of any kind in return for employment with the District or to influence the award of any contract or transaction with the District. All personnel shall examine the "reasonableness" of any gift or donation against its potential for real or perceived violation of the aforementioned ethical standards before accepting any gift or donation in the name of a school or the District.

The Board reserves the right to not accept any gift or donation that would not contribute to the attainment of District goals or that would obligate the District to unacceptable outlays of District resources. The administration shall present for Board consideration and approval any gifts or donations the administration deems could so obligate the District.

The Board will strive to honor the donor's intent regarding gifts earmarked for a specific purpose; however, laws and District's needs change with time and the District reserves the right to adjust the use of any gift to meet current needs of the educational program.

The Board authorizes the superintendent, or the superintendent's designee, to act as the District's official representative for all school-affiliated online fund raisers.¹

6.4—Volunteers

Enlisting the support of volunteers is a way the District can expand the scope of resources and knowledge available to enrich the students' educational experiences, while strengthening the relationship between the school and the community. Volunteers can also perform non-instructional tasks that allow licensed personnel more time to devote to instruction.

The Superintendent shall be responsible for establishing and maintaining a program to coordinate the services volunteers are willing and able to contribute with the needs of District personnel. The program shall establish guidelines to ensure volunteers are aware of pertinent District policies and rules. Volunteers who violate school policies or rules, or knowingly allow students to violate school rules, may be asked to leave the school campus. The guidelines should also include provision for evaluation of the volunteer program and a method for soliciting suggestions from both the volunteers and staff for its improvement.

All volunteers who intend to act as head coaches or assistant coaches must:

1. Be at least twenty-two (22) years of age; and
2. Meet the requirements adopted by the Arkansas Activities Association (AAA) to volunteer for any athletics program for grades seven (7) through twelve (12).

A member of the board of directors of the District or the spouse of a member of the board of directors of the District may not be a registered volunteer for the District unless a majority of the disinterested members of the Board of Directors approves a resolution for the board member or board member's spouse to be a registered volunteer. The resolution approving the board member or board member's spouse to be a registered volunteer shall be effective for only one (1) school year.

A volunteer may act as a head coach in all varsity junior and senior high sports administered by the AAA except in the following sports:

- Football;
- Basketball; and
- Track and field.

Background Checks for Volunteers

For the purposes of this policy, "clear background check" means that:

- A background check was performed on the potential school volunteer in accordance with A.C.A. §§ 12-12-1601 et seq.;
- The potential school volunteer has not committed any of the crimes or offenses contained in A.C.A. §§ 6-17-410, 6-17-411 or 6-17-414 according to both the National and Arkansas background checks;
- The potential school volunteer's name was not found on the Child Abuse Central Registry; and
- The Arkansas Educator Licensure System does not indicate the potential volunteer to:
 - Have a currently suspended or revoked educator's license; or
 - Be the recipient of a current Level 3 or Level 4 public notification of ethics violation.

A person wishing to volunteer in a capacity that requires a background check may not perform volunteer services requiring a background check until a clear background check is received by the District. Once received, a clear background check is good for 5 years¹; a background check renewal must be applied for and a clear background check received prior to the time of renewal or an interruption of permitted volunteer service could occur. A clear background check will be accepted of any individual wishing to volunteer provided it was conducted within the timeframe provided for in this policy.

Option A: The Application for an initial background check may be made through the District administrative office. The District may charge the potential volunteer the same fee charged by the State of Arkansas for performing the check. For a volunteer who has passed his/her previous background check, the District will incur the fee charged by the State of Arkansas for performing a renewal background check.²

Option B: The Application for an initial background check may be made through the District administrative office. The District will incur the fee charged by the State of Arkansas for performing the initial check and any renewal checks.²

A person who failed a previous background check may petition the Board for a waiver from this policy's requirement. The petition shall be accompanied by a signed authorization for disclosure of his or her entire criminal and child abuse registry history. In deciding whether to grant a waiver, the board may take into consideration: the circumstance or circumstances surrounding the act or omission that lead to the conviction, Child Abuse Registry true finding, or the receipt of the Level 3 or Level 4 Public Notification of Ethics Violation; the age of the person at the time of the act or omission; the length of time that has passed without reoffending; and other relevant circumstances. If the Superintendent recommends a waiver be granted, the Board may adopt a resolution by majority vote providing an exception to this policy's requirement for a time period not to exceed five (5) years. The board must consider this matter in open session, and may not confer or deliberate in closed or executive session.

The board shall not have the authority to waive the application of this policy to any potential volunteer who is a Registered Sex Offender or whose educator license has been revoked or is currently suspended.

Clear background checks for school volunteers are required for those individuals who are required to be or who seek to become Registered Volunteers, as defined in A.C.A. § 6-22-102 et seq.³ In addition to volunteers wishing to participate in the registered volunteers program, clear background checks are required for:⁴

Option 3: School volunteers who will volunteer for more than 30 hours in a school year.^{3,5}

No information relating to the application for or receipt of a criminal background check, including that a background check has or has not been applied for, shall be subject to disclosure under the Arkansas Freedom of Information Act, as provided by A.C.A. §§ 12-12-1601 et seq. Requests for background checks and reports on background checks obtained under this policy shall be retained by the district for a minimum of three (3) years.

The District shall maintain the following information on volunteers:

- a. The total number, location, and duties of all volunteers;
- b. The total number of annual hours of service provided by volunteers; and

- c. Any reimbursements made to volunteers for expenses, transportation, or other costs incurred in connection with volunteer services.

Volunteers who are mandated reporters will be made aware of their status as mandated reporters of child maltreatment and will receive training on the responsibilities of a mandated reporter.⁷

6.5—Visitors to the Schools

Parents, grandparents, legal guardians, business, and community members are welcome and encouraged to visit District schools. To minimize the potential for disruption of the learning environment, visitors, for a purpose other than to attend an activity open to the general public, are required to first report to the school's main office. No one shall be exempt from this requirement. Visitors who are Level 3 or Level 4 sex offenders may only enter a school campus under the provisions listed in Policy 6.10.

Parents and legal guardians are encouraged to participate in regularly scheduled visitation events such as school open houses and parent/teacher conferences. Additional conferences are best when scheduled in advance. Conferences shall be scheduled at a time and place to accommodate those participating in the conference. Visits to individual classrooms during class time are permitted on a limited basis with the principal's prior approval and the teacher's knowledge.

Visitors, including parents wishing to with students during the school day shall register first with the office.

The District has the right to ask disruptive visitors to leave its school campuses. Principals are authorized to seek the assistance of law enforcement officers in removing any disruptive visitors who refuse to leave school property when requested to do so.

6.6—Fund Raising

All fund raising activities held in the District or in the name of the District must be pre-approved in writing by the Superintendent and affected school principal. Approval will be predicated on the potential for return relative to the time and energy to be invested in the fund raising. Fund raising that conflicts excessively with and/or detracts from student or teacher instructional time in either the planning or the execution of the activity will not be approved.

Neither an individual school nor the District shall be liable for any contract between clubs or organizations and third parties.

Student participation in any fund raising activity shall:

1. Be voluntary. Students who choose not to participate shall not forfeit any school privileges. It shall not be considered discriminatory to reward those who participate; and
2. Not influence or affect the student's grade.

For purposes of this policy, "Door-to-door sales" means the selling of merchandise outside of the child's home and off the school grounds.

Secondary Schools

Fund raising in the secondary schools may only be done by officially sanctioned student clubs, spirit groups, school PTAs, or parent booster clubs. Student clubs and spirit groups must receive written approval from their sponsor and the school principal before submitting the fund raising proposal to the Superintendent.

Door to door fundraising activities are generally discouraged. If approved, students wishing to participate who are under the age of eighteen (18) must return to their sponsor a signed parental notification and permission form.

Elementary Schools (K-6)

Fund raising in the elementary schools may only be done by the school or a school sponsored organization. Door to door fundraising activities are generally discouraged, but there shall be no more than one (1) such activity per school per school year.

Schools must provide written notification of the following to parents or legal guardians of elementary students who participate in fund raising programs:

1. Student participation in fund raising programs is voluntary;
2. Students who do not participate will not forfeit any school privileges;
3. Students may not participate in fund raising programs without written parental permission returned to school authorities;
4. An elementary student who sells fund raising merchandise door to door must be accompanied by a parent or an adult; and
5. Unless the school provides supervision, parents must accept responsibility for appropriate adult supervision.

Online Fund Raisers¹

All school-affiliated online fund raisers must be approved by the superintendent, or the superintendent's designee. The superintendent, or the superintendent's designee, shall act as the point of contact for all school-affiliated online fund raisers. An employee may be disciplined, up to and including termination, if the employee establishes:

- a. A school-affiliated online fund raiser without the permission of the superintendent, or the superintendent's designee; or

- b. The employee as the point of contact for a school-affiliated fund raiser instead of the superintendent, or the superintendent's designee.

For purposes of this policy, a "school-affiliated online fund raiser" includes, but is not limited to, a fund raiser intended to raise funds for a particular teacher's classroom, grade, student club or organization, or athletic team.

6.7—Complaints

It is a goal of the Board and the District to be responsive to the community it serves and to continuously improve the educational program offered in its schools. The Board or the District welcomes constructive criticism when it is offered with the intent of improving the quality of the system's educational program or the delivery of the District's services.

The Board formulates and adopts policies to achieve the District's vision and elects a Superintendent to implement its policies. The administrative functions of the District are delegated to the Superintendent, who is responsible for the effective administration and supervision of the District. Individuals with complaints concerning personnel, curriculum, discipline (including specific discipline policies), coaching, or the day to day management of the schools need to address those complaints according to the following sequence:

8. Teacher, coach, or other staff member against whom the complaint is directed
9. Principal
10. Superintendent

Other than in the few instances where statutorily allowed or required, student discipline and personnel matters may not be discussed in Board meetings. Individuals with complaints regarding such matters need to follow the sequence outlined above.

Unless authorized by the Board as a whole for a specific purpose, no individual Board member has any authority when acting alone. District constituents are reminded that the Board serves as a finder of fact, not unlike a jury, in matters such as student suspensions initiated by the Superintendent, expulsions, and personnel discipline. For this reason, the board may not be involved or informed prior to a board hearing on particular disciplinary matters.

Complaints that are related to district use or administration of federal funds generated through specific programs identified by the Division of Elementary and Secondary Education (DESE) and authorized in the Elementary and Secondary Education Act¹ may be taken directly from a patron or by referral from DESE. If taken directly from a patron, the complaint may be submitted by either a signed statement or by a certified, recorded deposition or statement in which the complainant is identified. The complaints shall be addressed in the following manner:

1. The complaint shall be referred to the federal programs director,² who shall assemble a team of at least two (2) people to investigate the complaint.

2. Throughout the investigation, sufficient notes and records will be taken and maintained to substantiate the position of the findings of the investigation.
3. The team will interview the complainant and others as necessary to enable the team to make a determination of the validity of the complaint. The team may consult with individuals with knowledge or expertise in the matter which is the subject of the complaint, including legal counsel.
4. The investigation of complaints referred by the DESE shall be completed within thirty (30) calendar days of receipt of the complaint, unless a longer time period has been approved by the DESE.³
5. The investigation of complaints made directly to the district shall be completed within forty (40) calendar days unless there are extenuating circumstances; in such a case, a preliminary report shall be made within forty (40) calendar days of receipt of the complaint, which shall include an explanation of the unusual circumstances requiring additional time to complete the investigation.⁴
6. The report of the conclusions of the investigation shall be given to the complainant. It shall contain:
 - a. A summary of the allegations of the complaint;
 - b. A summary of the investigative actions taken by the team;
 - c. A summary of the findings concerning each alleged violation or implied violation; and
 - d. A statement of corrective actions needed to resolve the issues involved in each allegation and finding of the complaint.

6.8—Distribution of Printed Materials

The District shall devise and maintain a system for distributing District communications and other printed materials between the Administration and the schools. Use of the system by employees or employee organizations shall be with prior approval of the Superintendent or his/her designee.

Distribution of printed materials, flyers, photographs, or other visual or auditory materials not originating within District schools to students or staff shall have prior approval of the Superintendent or his/her designee.

6.9—Media Relations and News Releases

It is important that the District maintain good relations with the media. The Superintendent or his/her designee shall devise and implement a plan for the release of pertinent information to the media regarding educational programs, awards, or other student and staff achievements, and special events. The plan shall not require schools to clear the release of public service announcements through the District Administration prior to their release, but may require schools to obtain the approval of the Superintendent prior to the release of any statistical type data.

The District shall attempt, within reason, to accommodate media requests for interviews and shall endeavor to be fair and impartial in its treatment of media representatives.

The release of information to the media shall be done in a timely manner, either by written releases or by telephone interviews, to keep patrons abreast of newsworthy District achievements and shall strive to be factual and objective with personal opinions duly noted.

The Board encourages students and staff to participate in academic competitions and programs. Awards earned in such endeavors shall be communicated to the media. Award recipients may also be recognized at Board meetings.

6.10—Sex Offenders on Campus (Megan’s Law)

The Ouachita River School District shall work with area law enforcement in a manner consistent with applicable state law and Division of Elementary and Secondary Education Rules to communicate the presence of a sexual offender. When necessary, law enforcement may contact building principals to provide information concerning registered sex offenders. The decision regarding the school principals to be notified rests solely with law enforcement officials; law enforcement officials use a rating system to determine who needs to be notified, which is according to the sex offender’s dangerousness to the community.

In turn, building principals should notify any employee who is regularly in a position to observe unauthorized persons on or near the school’s property in the ordinary course of their employment. Employees notified could include any of the following: aides, bus drivers, coaches, maintenance staff, professional support staff, school level administrative staff, security personnel, teachers’ assistants, and teachers.

It is important that school personnel who receive sex offender notifications understand that they are receiving the sex offender notifications in their official capacity and are **not** to disseminate information about an offender to anyone outside the school. If school personnel are asked about notification information by an organization using school facilities, the organization should be referred to the area law enforcement agency that issued the notice.

Persons **not** to be notified, except at the specific discretion of area law enforcement officials, include: members of parent-teacher organizations, other schools, organizations using school facilities, students, parents or guardians of students, and the press. District personnel may inform the press about procedures that have been put in place and other general topics, but may not reveal the name or any other specifics regarding an offender.

A parent or guardian who is a Level 1 or Level 2 sex offender shall be allowed to enter the school campus to attend parent-teacher conferences or any other activity that is appropriate for a parent, guardian, or community member.

Level 3 and Level 4 sex offenders may only enter the school campus in the following instances:

1. The offender is a student attending school in the district;
2. To attend a graduation or baccalaureate ceremony;
3. It is a non-student contact day according to the school calendar or no school-sponsored event is taking place on campus;
4. The offender is a parent or guardian of a student enrolled in the district and goes directly to the school office to have school personnel deliver medicine, food, or personal items for the student;
5. The offender is a parent or guardian of a student and enters the school campus where the student is enrolled to attend a scheduled parent-teacher conference **and** the offender is escorted to and from the conference by a designated school official or employee.

A Level 3, but not a Level 4, sex offender may attend a school sponsored event for which an admission fee is charged or tickets are sold or distributed if the sex offender:

- Is the parent, guardian, great-grandparent, or is related by blood or marriage within the second (2nd) degree of consanguinity¹ to a student enrolled in the public school;² and
- Notifies the administration of the school in writing at least twenty-four (24) hours before the start of the event that he or she will be attending the event.

A Level 3 and Level 4 sex offender who is the parent or guardian of a child enrolled in the district and who wishes to enter the school campus in which the student is enrolled for any other purpose than those listed above, must give reasonable notice to the school principal or his/her designee. The principal or designee may allow the sex offender to enter upon the campus provided there is a designated school official or employee to escort and supervise the sex offender while they remain on campus. The sex offender shall not enter upon the school campus until such time as a designated school official or employee is available.

Copies of the notification from law enforcement should be kept in a secure place accessible to teachers and staff, but should not be posted on school bulletin boards or made available to students or members of the community at large.

6.11— Parent, Family, and Community Engagement - District

The Ouachita River School District understands the importance of involving parents, families, and the community as a whole in promoting higher student achievement and general good will between the district and those it serves. Therefore, the district shall strive to develop and maintain the capacity for meaningful and productive parent, family, and community engagement that will result in partnerships that are mutually beneficial to the school, students, parents, families, and the community. To achieve such ends, the district shall work to:

1. Involve parents, families, and the community in the development of the long range planning of the district;
2. Give the schools in the district the support necessary to enable them to plan and implement effective parent, family, and community engagement activities;
3. Have a coordinated engagement program where the engagement activities of the district enhance the involvement strategies of other programs such as Head Start, HIPPPY, Parents as Partners, Parents as Teachers, ABC, ABC for School Success, area Pre-K programs, and Even Start;
4. Explain to parents, families, and the community the State’s academic and achievement standards; State and local student assessments; how the district’s curriculum is aligned with the state’s academic standards and assessments; and how parents, families, and the community can work with the district to improve students’ academic achievement;
5. Provide parents and families with the materials and training they need to be better able to help their child achieve. The district may use parent resource centers or other community based organizations to foster parent and family engagement and provide literacy and technology training to parents.

6. Educate district staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent, family, and community engagement programs that will promote positive partnerships between the school and parents, families, and the community;
7. Keep parents, families, and the community informed about parent, family, and community engagement programs, meetings, and other activities they could be involved in. Such communication shall be, to the extent practicable, in a language the parents and families can understand;
8. Find ways to eliminate barriers that work to keep parents and families from being involved in their child's education. This may include providing transportation and child care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;
9. Find and modify other successful parent, family, and community engagement programs to suit the needs of our district;
10. Train parents, families, and the community to enhance and promote the involvement of other parents, families, and members of the community;
11. Provide reasonable support for other parent, family, and community engagement activities as parents, families, and the community may reasonably request.

To ensure the continued improvement of the district's parent, family, and community engagement program, the district will conduct an annual review of its parent, family, and community engagement policies to examine their effect on promoting higher student achievement. The review shall be done by a committee consisting of parents and other community members, certified and classified staff, and member(s) of the administration.

This policy shall be part of the school's Title I plan and shall be distributed to parents of the district's students and provided, to the extent practicable, in a language the parents can understand.

6.12— Parent, Family, And Community Engagement - School

Ouachita River School understands the importance of involving parents, families, and the community as a whole in promoting higher student achievement and general good will between the school and those it serves. Therefore, Ouachita River School shall strive to develop and maintain the capacity for meaningful and productive parent, family, and community engagement that will result in partnerships that are mutually beneficial to the school, students, parents, families, and the community. To achieve such ends, the school shall work to:

1. Involve parents, families, and the community in the development and improvement of Title I programs for the school;

2. Have a coordinated engagement program where the engagement activities of the school enhance the involvement strategies of other programs such as Head Start, HIPPIY, Parents as Partners, Parents as Teachers, ABC, ABC for School Success, area Pre-K programs, and Even Start;
3. Explain to parents, families, and the community the State's academic and achievement standards; State and local student assessments; and how the school's curriculum is aligned with the state's academic standards and assessments; and how parents, families, and the community can work with the school to improve students' academic achievement;
4. Provide parents and families with the materials and training they need to be better able to help their child achieve. The school may use parent resource centers or other community based organizations to foster parent and family engagement and provide literacy and technology training to parents.
5. Educate school staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent, family, and community engagement programs that will promote positive partnerships between the school and parents, families, and the community;
6. Keep parents, families, and the community informed about parent, family, and community engagement programs, meetings, and other activities they could be involved in. Such communication shall be, to the extent practicable, in a language the parents and families can understand;
7. Find ways to eliminate barriers that work to keep parents and families from being involved in their child's education. This may include providing transportation and child care to enable parents to participate, arranging meetings at a variety of times, and being creative with parent/teacher conferences;
8. Find and modify other successful parent, family, and community engagement programs to suit the needs of our school;
9. Train parents, families, and the community to enhance and promote the involvement of other parents, families, and members of the community;
10. Provide reasonable support for other parent, family, and community engagement activities as parents, families, and the community may reasonably request.

To help promote an understanding of each party's role in improving student learning, Ouachita River School shall develop a compact that outlines the responsibilities of parents, students, and the school staff in raising student academic achievement and in building the partnerships that will enable students to meet the State's academic standards.

Ouachita River School shall convene an annual meeting, or several meetings at varying times if necessary to adequately reach parents and families of participating students, to inform parents and families of the school's participation in Title I, its requirements regarding parent, family, and community engagement, and the parents right to be involved in the education of their child.

Ouachita River School shall, at least annually, involve parents, families, and the community in reviewing the school's Title I program and parent, family, and community engagement policy in order to help ensure their continued improvement.

This policy shall be part of the school's Title I plan and shall be distributed to parents of the district's students and provided, to the extent practicable, in a language the parents can understand.

7.5—Purchases of Commodities

Purchases shall be made in accordance with State laws and procurement procedures governing school purchases that are deemed to be in the best interest of the District and are the result of fair and open competition between qualified bidders and suppliers. No bids shall be taken for professional services.

DEFINITIONS

“Commodities” are all supplies, goods, material, equipment, computers, software, machinery, facilities, personal property, and services, other than personal and professional services, purchased on behalf of the District.

“micro-purchases” are purchases with a value of less than ten thousand dollars (\$10,000) when purchased with Federal funds.

“Professional services” are legal, financial advisory, architectural, engineering, construction management, and land surveying professional consultant services.¹

“Specifications” means a technical description or other description of the physical and/or functional characteristics of a commodity.

Commodities

The superintendent shall develop procedures for the procurement of micro-purchases that provide for the distribution of purchases between eligible vendors to the extent possible.

Purchases of commodities with a purchase price of more than \$ 10,000² require prior Board³ approval; however, if an emergency exists, the Superintendent may waive this requirement.

The district shall notify in writing all actual or prospective bidders, offerors, or contractors who make a written request to the district for notification of opportunities to bid. The notification shall be made in sufficient time to allow actual or prospective bidders, offerors, or contractors to submit a bid or other appropriate response.⁴ The board shall accept bids submitted electronically by email or fax for any and all district purchases, unless specified to be submitted by other means or methods, and except those bids which have been specified to have a designated date upon which the bids shall be opened. The superintendent shall be responsible for

ensuring submitted bids, whether written, faxed, or emailed, are retained in accordance with policy 7.15—
RECORD RETENTION AND DESTRUCTION.

The district will not solicit bids or otherwise contract for a sum greater than twenty-five thousand dollars (\$25,000) with vendors that are on the “excluded parties list” if the contract is to be paid from federal grant funds.⁵

All purchases for a Federal program with an estimated purchase price between ten thousand dollars (\$10,000) and twenty-one thousand six hundred four dollars (\$21,604) and all purchases of commodities with an estimated purchase price that equals or exceeds twenty-one thousand six hundred four dollars (\$21,604) shall be procured by soliciting bids.⁶ Specifications shall be devised for all commodities to be bid that are specific enough to ensure uniformity of the bid and yet not so restrictive that it would prevent competitive bidding. The bid specifications shall not include the name or identity of any specific vendor. The Board reserves the right to reject all bids and to purchase the commodity by negotiating a contract.

Bids shall be awarded after careful examination of the details of the bid to determine the best overall value to the District. In instances where the low bid was not accepted, a statement of the reasons the low bid was not accepted shall be attached to the bid. Bidders submitting written bids shall be notified in writing of the bid award.

Whenever possible, a preference will be given to small and minority businesses; women’s business enterprises; and labor surplus area firms.⁸

The District shall provide a preference to Arkansas residents whenever the District is accepting bids to purchase materials and equipment as part of a construction project if:

- a. One (1) or more Arkansas residents who submitted bids made written claim for a preference at the time they submitted a bid; and
- b. An Arkansas resident’s bid does not exceed the lowest qualified bid from a nonresident by more than five percent (5%).

If the qualifications for the Arkansas resident preference are met, then the District shall take the lowest bid from an Arkansas resident regardless of whether the Arkansas resident was one of the individuals who requested the preference.

The following commodities may be purchased with State funds without soliciting bids provided that the purchasing official⁹ determines in writing that it is not practicable to use other than the required or designated commodity or service, and a copy of the written determination is attached to the purchase order:

3. Commodities in instances of an unforeseen and unavoidable emergency;
4. Commodities available only from the federal government;
5. Utility services;
6. Used equipment and machinery;¹⁰ and
7. Commodities available only from a single source.¹¹

Commodity purchases with Federal funds may be purchased without soliciting bids only when one or more of the following circumstances apply:

1. The item is available only from a single source;
2. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
3. The Federal awarding agency or appropriate unit of the Division of Elementary and Secondary Education expressly authorizes the noncompetitive purchase in response to a written request from the District; or

4. After solicitation of a number of sources, competition is determined inadequate.

The District may purchase a new motor vehicle, other than a school bus, without soliciting bids if, at the time of the purchase, the:

- a. Purchase is from a motor vehicle dealer licensed in Arkansas;
- b. Purchase price of the motor vehicle does not exceed the fleet price awarded by the Office of State Procurement; and
- c. Motor vehicle to be purchased is the same make and model motor vehicle as the make and model the fleet price was awarded for by the Office of State Procurement.

Prospective bidders, offerors, or contractors may appeal to the district's superintendent if they believe the district failed to follow district bidding and purchasing policy or state law.

Any award of a contract shall be subject to revocation for ten (10) working days from:

- The initial awarding of the contract; or
- If an appeal is received, resolution of the appeal.

The intent is to provide prospective bidders, offerors, or contractors the opportunity to appeal the bid award if they believe the facts warrant an appeal. Any appeal shall be **in writing by certified mail** and received by the district office, "attention to the superintendent" within seven (7) calendar days following the initial and revocable award of the contract.

If the district receives an appeal of a bid award, they shall notify, in writing, those prospective bidders, offerors, or contractors who have made a written request to the district for notification of opportunities to bid that an appeal has been submitted. The notification shall state:

- that the contract award has been halted pending resolution of the appeal and could be revoked;
- the reasons for the appeal;
- that the recipient of the letter may respond to the protested issues identified in the appeal;
- the date the decision on the appeal will be made and notification sent;
- that if the appeal is upheld, the bidding process will be re-opened;
- that if the bidding is re-opened, changes will be made to the request for bids as necessary to satisfy the reasons for upholding the appeal.¹²

The sole authority to resolve any appeal made relating to this policy shall rest with the superintendent. The superintendent's decision shall be final and conclusive. In the event the district upholds an appeal, the sole responsibility of the district to the aggrieved bidder(s) shall be the re-opening of the bidding process.

Except when prohibited by law¹³, the District reserves the right to extend or renew a contract that was previously awarded under the process governed by this policy and law, provided the extension or renewal meet the following criteria:

1. The equipment and services provided under the extended or renewed contract meets or exceeds the specifications of the original bid.
2. The extended or renewed contract agreement complies with the state of Arkansas's documentation requirements.
3. The cost of the extended or renewed contract is the same or less than the original contract.
4. The extension or renewal is approved by the local school board.

Professional Services

The District does not use a bidding process when procuring professional services. Instead, when the District needs to procure professional services, the District shall:

1. Select three (3) qualified firms;
2. Determine the most qualified firm by considering, at a minimum, the:
 - Specialized experience and technical competence of the firm with respect to the type of professional services required;
 - Capacity and capability of the firm to perform the work in question, including specialized services, within the time limitations fixed for the completion of the project;
 - Past record of performance of the firm with respect to such factors as control of costs, quality of work, and ability to meet schedules and deadlines; and
 - Firm's proximity to and familiarity with the area in which the project is located;
3. Negotiate a contract for the project with the most qualified firm.

When negotiating a contract, the District and the selected firm shall jointly prepare a detailed, written description of the scope of the proposed services. If the District is unable to negotiate a satisfactory contract with the firm selected, negotiations with that firm shall be terminated and the District shall negotiate a contract with the next most qualified firm. In the event the District is unable to negotiate a contract with any of the original selected firms, the District shall reevaluate the necessary professional services, including the scope and reasonable fee requirements, and return to step one.

The District encourages firms who provide professional services to submit annual statements of qualifications and performance data to the District. The District shall request any additional information as needed for a particular public project.

7.10—Public Use of School Buildings

It is the policy of the Board that District school buildings¹ may be used by citizens of the District to conduct lawful meetings for social, civic, or recreational purposes provided such meetings do not interfere with the regular school work and proper protection is afforded the district against the potential costs of such use. The Superintendent shall be responsible, with Board approval, for establishing procedures governing such use of school buildings. The governing procedures shall be viewpoint neutral. Building principals shall be consulted to determine if there exists any conflict with planned school activities prior to other groups being allowed to use school facilities.

The District shall establish a fee schedule for the school facilities the District intends to make available for public use.² The fee schedule shall be individualized for each school facility and shall be based on a formula³ that allows the District to reclaim the actual costs incurred by the District from the use of the facility.

School facilities that do not appear on the District's fee schedule shall not be available to the public.

The District shall also require **any** non-school related group using a district facility to provide proof of having purchased sufficient active and current general liability insurance to cover the damage to, or the cost to entirely replace the structure(s) and furnishing(s), if necessary due to the loss of, or damage to, District property.⁴

School employees are allowed to verbally express their views on a ballot measure other than in an attempt to persuade a student to the employee's point of view.

District employees and members of the Board of Directors may incur incidental expenditure of District funds for travel costs when speaking at an event in which a ballot measure is discussed if the subject matter of the speaking engagement is within the scope of the person's official duties and responsibilities.

Original receipts must accompany all requests for reimbursement to the extent that such receipts are customarily available. For a receipt to be valid it should contain the name of the issuing company, the date, and the amount. Employees are only eligible for reimbursement for travel expenses for travel which has been approved in advance. No cash advances shall be made for travel. Mileage, lodging, and meal expenses will not be reimbursed when incurred for the personal convenience of the employee and not required by the reason for the travel. Reimbursement for travel shall be for the lesser of the cost between travel by air or by car with some consideration allowed for length of time of the method of travel.

To the extent practicable, employees shall have the district pay initial conference and professional development registration fees and associated necessary materials. In the occasional circumstances where this is not practical, the district shall reimburse the employee for such fees if they were authorized in advance and are supported with proper receipts.

The district will not reimburse expenses of any non-school board member or non-employee who accompanies the school board member or employee during his/her school related travel.

Meal expenses incurred by the superintendent or other administrators as necessary, in the performance of their duties when meeting with state officials or consultants may be reimbursed on a prorated, per person basis in line with the mandates of this policy. Such expenses shall only be reimbursed when the expenditure is likely to result in a tangible benefit to the district.

Reimbursable Expenses

Mileage that is driven for a district sanctioned purpose in an employee's personal vehicle shall be reimbursed provided appropriate documentation is submitted establishing the date and time, place, and purpose of the travel. Mileage shall be reimbursed at the current rate authorized by the state/IRS (42 cents per mile) and shall be based on the shortest, most reasonable, route available.

Meals may be reimbursed for travel which necessitates an overnight stay when submitted according to the dictates of this policy. Meals shall be reimbursed for the actual expense incurred up to a daily limit of \$35.00. Reimbursement shall be prorated based on the percent of a day the employee is away on travel. For example, if an employee returns from his/her travel in the afternoon, he/she is only eligible for reimbursement for breakfast and lunch expenditures. Meals shall be reimbursed for the actual expense to the extent that they are not lavish and are reasonable based on circumstances. Except as otherwise specified by this policy, meals are only reimbursable in conjunction with travel requiring an overnight stay. Employees will not be reimbursed for tips.

Meal expenses incurred by the superintendent or other administrators as necessary, in the performance of their duties when meeting with state officials or consultants may be reimbursed on a prorated, per person basis in line with the mandates of this policy. Proper documentation establishing the date and time, place, and purpose of the travel must be submitted along with a receipt for the overnight accommodations. To the extent

practicable, employees shall receive assistance from administrators or their designee in arranging travel plans to help keep expenses to a minimum.

Expenses not covered

The district shall not reimburse the following items/categories of expenses.

- Alcoholic beverages;

Employees who incur reimbursable expenses as defined in this policy may pay for them initially by any means they choose and then submit their request for reimbursement, provided they received prior approval from their principal and submit the proper documentation. The district assumes no responsibility for the payment of any personal credit card charges incurred by a district employee. Employees are not allowed to tip using the school's credit card, if a tip is charged to the school's credit card, it will be the employees responsibility to reimburse the school for the amount of the tip.

7.13—Management and Disposal of District Property

Definitions

For the purposes of this policy, the following definitions apply:

“Commodities” are all supplies, goods, material, computers, software, machinery and other equipment purchased on behalf of the district having a useful life of more than one (1) year and an acquisition cost of one thousand dollars (\$1,000) or more per unit.

“Fair market value” means the amount a reasonable buyer would be willing to pay for a particular piece of property based on an objective set of criteria, which may include, but are not limited to: any improvements or damage to the property; the demand for similar property; the selling price for the property by the producer of the property or re-sale outlets; and the value of the property as determined by an independent appraiser.¹

“Real property” is land and whatever is erected or affixed to land, such as structures or buildings.

“Surplus commodities” are those commodities that are no longer needed, obsolete, irreparable, or worn out.

“Surplus real property” is real property that is not presently needed or foreseen to be needed by the District, and that has been authorized for sale as surplus real property by vote of the School Board. Surplus real property may include unused or underutilized facilities.

“Trash” are those items that would otherwise belong to another category of goods or property defined in this policy, but which, due to the property’s age or an act of God, have less value than it would cost to repair the item. Examples could include, but are not limited to, fire damage, vehicle accidents, extreme age, and/or decline in value of the item.

“Unused or underutilized facility” means a school facility or other real property that:

- As a whole or in a significant portion, is not being used for a public educational, academic, extracurricular, or administrative purpose and the nonuse or underutilization threatens the integrity or purpose of the school facility or other real property as a public education facility; and
- Is not subject to either a lease to a third party for fair market value or an executed offer to purchase by a third party for fair market value as of July 30, 2017.

General Policy

The District’s purchases of commodities shall be in accordance with Policy 7.5—PURCHASES AND PROCUREMENT and, to the extent applicable, the procurement requirements of any granting source of funding used to purchase the commodity. The Superintendent shall develop procedures governing the use, management, and dispersal of commodities. At a minimum, the procedures will cover the following topics:

- labeling all commodities²;
- establishing adequate controls to account for their location, custody, and security;
- annually auditing the inventory of commodities and updating a listing of such commodities to reconcile the audit with the district’s inventory records. The audit will be documented and account for any transfer and/or disposal of a commodity.
- Disposing of surplus commodities and surplus real property, whether purchased in whole or in part with federal grant funds or with local funds.

The disposal of school property must be for the benefit of the school district and consistent with good business principles.

Disposal of Surplus Commodities

The Board of Directors recognizes that commodities sometimes become of no use to the District and thus meet this policy’s definition of surplus commodities.

The Superintendent or designee(s) will determine the objective fair market value (FMV) of surplus commodities. The District will strive to dispose of surplus commodities at or near their FMV.³

The Superintendent may declare surplus any commodity with an FMV of less than one thousand dollars (\$1,000). Surplus commodities with an FMV of less than one thousand dollars (\$1,000) will be periodically sold by the most efficient, cost effective means that is likely to result in sales at or near FMV.

The Superintendent may submit a list of surplus commodities deemed to have a FMV of one thousand dollars (\$1,000) or greater to the Board of Directors for authorization to sell such surplus commodities. Once the Board of Directors has authorized the sale of such surplus commodities, the Superintendent or designee(s) may sell that surplus commodity as the need arises. Items with a FMV of one thousand dollars (\$1,000) or greater will be sold by the most efficient, cost effective means that is likely to result in sales at or near FMV. If the Superintendent chooses to dispose of the surplus items by bid, the Superintendent or designee may set a minimum or reserve price on any item, and may reject all bids. The Superintendent or designee is authorized to accept the high bid provided the high bid is at or near FMV without further Board action unless the high bid comes under the jurisdiction of Arkansas ethics legislation, in which case the provisions of A.C.A. §§ 6-24-101–107 would apply.

If attempts at public sales fail to produce any interested buyers or bidders, such remaining unsold commodities may then, at the discretion of the Superintendent, be disposed of as scrap or junk or be donated to appropriate charitable or education related entities. Computer or technology equipment will be cleansed of data prior to disposal.

Disposal of Surplus Real Property

The Board of Directors recognizes that real property it owns sometimes becomes no longer of use to the District and thus meets this policy's definition of surplus real property.

By February 1 of each year, the District shall submit a report to the Division of Public School Academic Facilities and Transportation (Division) that identifies all unused or underutilized school facilities in the District and the unused or underutilized school facilities, if any, that are designated in the District's facilities master plan to be re-used, renovated, or demolished as part of a specific committed project or planned new construction project.

If the Division classifies a District facility or District real property as being unused or underutilized, the District may appeal the Divisions determination to the Commission for Public School Academic Facilities and Transportation (Commission).

The District shall make unused or underutilized public school facilities available for lease⁴ for no more than FMV⁵ to any open-enrollment public charter school (charter) located within the District's geographic boundaries that makes a request under the charter's statutory right of access unless the District makes an affirmative showing by a preponderance of the evidence to the Commission that:

1. The school facility, or the property to which the school facility is attached, will be needed by the District to accommodate future growth of the District; or
2. Use of the school facility or other real property by a charter would have a materially negative impact on the overall educational environment of an educational campus located within five hundred feet (500') of the school facility or other real property sought to be leased by the charter.

The terms of a lease executed between the District and a charter shall provide that the lease shall be cancelled and be of no effect if the charter:

- a. Fails to use the facility or other real property for direct student instruction or administrative purposes within two (2) years of the effective date of the lease;
- b. Closes, has its charter revoked, or has its charter application denied by the charter authorizer; or

- c. Initially uses the facility or other real property, but then leaves the facility or other real property unused for more than one hundred eighty (180) days.

If requested or agreed to by the charter, The District may sell the unused or underutilized facility or other real property to the charter for FMV.

If the District decides to sell, lease, or otherwise transfer ownership of a District facility, a charter⁶ located within the District's geographic boundaries shall have a right of first refusal to purchase or lease the facility for FMV. The charter's right of first refusal shall continue for two (2) years after the date the District last used the school facility or other real property as an academic facility.

If the District decides to sell or lease a District facility or other real property that has been identified by the Division as an unused or underutilized school facility to a third party that is not a charter, then the District may not sell or lease the facility until the later of:

- Two (2) years after the date the facility or other real property is identified by the division as an unused or underutilized public school facility, so long as no charter has claimed a right of access or a right of first refusal; or
- Three (3) years from the date the District facility or other real property has been identified by the division as an unused or underutilized public school facility if the District designated the facility or other real property to be reused, renovated, or demolished as part of a specific committed project or planned new construction project in the District's facilities master plan.

The District may petition the division for a waiver of the time restrictions for the sale or lease of a District's unused or underutilized facility. The petition shall include a statement that the District believes that no charter would be interested in leasing or purchasing the unused or underutilized school facility. If the District receives a waiver, the District may immediately sell, lease, or otherwise dispose of the unused or underutilized facility. The District may appeal the denial by the Division of a waiver to the Commission.

The Superintendent may submit a request to the Board of Directors for authorization to sell surplus real property. Once the Board of Directors has authorized the sale of such surplus real property, the Superintendent or designated individual(s) may sell that surplus real property as the need arises and this policy allows. The Superintendent or designee(s) shall be responsible for getting a determination of the objective FMV of surplus real property⁵. The district will strive to dispose of surplus items at or near their FMV. The real property may be listed for sale with a real estate broker, and the Superintendent or designated individual may contract on behalf of the district to pay the usual and customary sales commission for such transactions, upon sale of the property.

If the Superintendent chooses to dispose of the surplus items by bid, the Superintendent or designee(s) may set a minimum or reserve price on any item, and may reject all bids. The Superintendent or designee is authorized to accept the high bid⁷ provided the high bid is at or near FMV without further Board action unless the high bid comes under the jurisdiction of Arkansas ethics legislation, in which case the provisions of A.C.A. §§ 6-24-101–107 would apply.

If attempts at public sales fail to produce any interested buyers or bidders, such remaining unsold real property may then, if agreed to by the Superintendent and Board of Directors, be donated to appropriate education related entities, not-for-profit organizations, the county, city, or incorporated town in accordance with the provisions of state law.⁸

Items obtained with federal funds shall be handled in accordance with applicable federal regulations, if any.

The District may not make a part of the disposal of District real property a covenant that prohibits the sale or lease of former District facilities or other real property to a charter that is located within the District's geographic boundaries.

Disposal of Surplus Real Property After Consolidation

Except as otherwise prohibited by this policy, real property of a consolidated school district that is no longer being used for educational purposes and has not been sold, preserved, leased, or donated two (2) years after the effective date of consolidation shall be made available for use by a publicly supported institution of higher education, a technical institute, a community college, a not-for-profit organization, a county, a city, or incorporated town by the Board of Directors for the following purposes:

- Having the real property preserved, improved, upgraded, rehabilitated, or enlarged by the donee;
- Holding of classes by statutorily authorized education related entities; or
- Providing community programs and beneficial educational services, social enrichment programs, or after-school programs.

Trash

Trash, as defined in this policy, may be disposed of in the most cost efficient or effective method available to the district.

School employees who use a school issued cell phone and/or computers for non-school purposes, except as permitted by District policy, shall be subject to discipline, up to and including termination. School employees may be issued District cell phones if their position requires the employee be available at all times for work related emergencies or the employee be available to speak with others on school related business when the employee is away from the office. Employees issued cell phones for such purposes may use the phone for personal use on an “as needed” basis.¹

Students who use school-issued cell phones and/or computers for non-school purposes, except as permitted by Policy 4.47— POSSESSION AND USE OF CELL PHONES AND OTHER ELECTRONIC DEVICES, shall be subject to discipline, up to and including suspension or expulsion.

Except when authorized in the SCHOOL BUS DRIVER'S USE OF MOBILE COMMUNICATION DEVICES policies of 3.51 and 8.24, all employees and students are forbidden from using school-issued cell phones while driving any vehicle at any time. Violation may result in disciplinary action up to and including:²

- Suspension for students; and
- Termination for employees.

Except when authorized in the SCHOOL BUS DRIVER'S USE OF MOBILE COMMUNICATION DEVICES policies of 3.51 and 8.24, no employee or student shall use any device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle which is in motion and on school property. 7.15—Record Retention and Destruction

It is necessary to maintain district records in a manner that provides for efficient document storage and retrieval and is conducive to eliminating unnecessary record retention. Due to the variety of records that may need to be retained and accessed, the superintendent shall ensure that all staff receive appropriate training to understand this policy. Staff shall also understand the possible ramifications to the district and/or themselves for failure to properly maintain records and follow the requirements contained in this policy.

Definitions

“Directly or directly interested” (“directly”) means receiving compensation or other benefits personally or to an individual’s household from the person, business, or entity contracting with the District.

“Indirectly or indirectly interested” (“indirectly”) means that a family member, business, or other entity in which the individual or a family member has a financial interest will receive compensation or benefits.

“Record” is defined for the purposes of this policy, as an item or items, whether electronic or material, that are created by, at the request of, or received by and purposefully retained by a board member, administrator, or employee in the ordinary course of District business. Examples include, but are not limited to:

- Any kind of correspondence;
- Calendars;
- Computer files and documents (which may include drafts);
- Telephone logs;
- Expense records;
- Audio or video recordings that are created for the purpose of monitoring the security of District property, the safety of District students, or open public meetings;
- Documentation related to transactions or contracts for:¹
 - Services with Board members, administrators, employees, or members of their families covered under the statutorily defined ethical restrictions associated with a contract for services provided for the District involving a Board member, administrator, or employee who "directly or indirectly" benefits from the contract;
 - An exemption granted by the Division of Elementary and Secondary Education (DESE) from the statutorily defined ethical restrictions associated with a contract for employment or for services provided for the District that involves a District administrator, board member, or employee.

The superintendent shall be responsible for establishing a schedule for the routine destruction of district records that accommodates the needs of the district. The schedule shall specify the length of retention for any records not specifically delineated by this policy and be distributed to staff on a need-to-know basis according to their respective employment duties and responsibilities. The schedule should accommodate the need for records to be stored as a blend of printed, bound and electronically recorded (e.g., audio tape, video tape, micro-fiche, computer disk) material. The superintendent or designee shall be responsible for determining when there is a need to interrupt the routine destruction of records.¹⁰ When the superintendent or designee makes the decision to cease the routine disposal of records, staff affected by the decision shall be promptly informed of the decision and of the nature of records that are to be retained; such records shall be retained until the superintendent or designee has authorized their destruction. Employee training on the district's records retention schedule shall specifically include information on the records that may need to be retained due to pending disciplinary or legal actions that otherwise would be subject to routine disposal. If an employee has doubt about the need to retain any record otherwise scheduled for destruction, he/she shall consult with the superintendent or designee prior to destroying such records.¹¹

The records' storage system devised by the superintendent and designee(s) shall be organized in a manner that enables the efficient retrieval of data and documents. In retaining and destroying records, no employee shall:

- Destroy, alter, mutilate, conceal, cover up, falsify, or make a false entry in any record that may be connected to a disciplinary matter or lawsuit or to a matter within the jurisdiction of a federal or state agency, in violation of federal law and regulations or state law and rules.
- Alter, destroy or conceal a document, or attempt to do so, with the intent to impair the document's availability for use in a disciplinary matter, lawsuit or an official proceeding or otherwise obstruct, influence or impede any lawsuit or official proceeding, in violation of federal law and regulations or state law and rules.
- Retaliate or discriminate against an employee who refuses to violate this policy or to coerce or threaten an employee to violate this policy.

Failure to follow the requirements set forth in this policy may result in disciplinary action against the employee(s), up to and including termination. The district's board of directors prohibits and will not tolerate any form of reprisal, retaliation or discrimination against any employee who, in good faith, has attempted to comply with this policy.

7.16—Information Technology Security

The superintendent shall be responsible for ensuring the district has the necessary components in place to meet the district's needs and the state's requirements for information technology (IT) security. To aid the superintendent in creating, monitoring, and updating the District's IT Security system, the superintendent shall appoint an information security officer (ISO). The ISO shall be responsible for:

- a) Overseeing the District-wide IT security system;
- b) Development of District IT policies and procedures;
- c) Development and leading of employee training on the IT Security requirements;
- d) Ensuring compliance with the adherence to the Division of Elementary and Secondary Education (DESE) IT Security standards.

The ISO shall work with other IT staff, the superintendent, and district management appointed by the superintendent to develop a District IT Security system necessary to meet the requirements of this policy and DESE's standards. The IT security system shall contain the necessary components designed to accomplish the following:

1. The District IT security system shall contain mechanisms, policies, procedures, and technologies necessary to prevent disclosure, modification, or denial of sensitive information.

For the purposes of the IT Security system, “sensitive data” is any and all student and employee data that is either personally identifiable information (PII) or any non PII information that, if assembled together, would allow a reasonable person to identify an individual. Sensitive data includes, but is not limited to:

- Student personally identifiable information, except as allowed by the Family Educational Rights and Privacy Act (FERPA);¹ and
- Employee personally identifiable information, except as required by Ark. Code Ann. § 6-11-129.

All District employees having access to sensitive information shall receive annual IT security training, which shall emphasize the employee’s personal responsibility for protecting student and employee information.

2. Physical access to computer facilities, data rooms, systems, networks and data will be limited to those authorized personnel who require access to perform assigned duties.

User workstations shall not be left unattended when logged into sensitive systems or data that includes student or employee information. Workstation settings shall be set for automatic log off and require a password for the system to restore from screensavers.

All equipment that contains sensitive information shall be secured to deter theft. No sensitive data shall be retained on laptops and/or remote devices (home computer, thumbdrives, cell phones, CDs, etc.) unless it is encrypted in accordance with the Arkansas State Security Office’s Best Practices.

Server rooms and telecommunication rooms/closets shall be protected by appropriate access control. The rooms shall be segregated from general school or District office areas to restrict access. Server room access control shall be enforced using a key² to allow unescorted access only to IT or management staff who require the access to perform their job functions.

3. Network perimeter controls will be implemented to regulate traffic moving between trusted internal (District) resources and external, untrusted (internet) entities. All network transmission of sensitive data shall enforce encryption where technologically feasible.

The District shall maintain a network configuration management program that includes at a minimum:

- a) A network diagram identifying all connections, addresses, and purpose of each connection including management approval of all high risk internet facing ports such as mail (SMTP/25), file transport protocol (FTP/20-21), etc.
- b) All public facing (internet) servers and workstations segmented on a demilitarized zone (DMZ) that keeps them separate from the internal District network. Segmentation shall be through VLANS³.

All wireless access shall require authentication. The DISTRICT wireless networks will deploy network authentication and encryption in compliance with the Arkansas State Security Office’s Best Practices. Scans for rogue wireless devices will be conducted at a minimum monthly. Any Rogue wireless device shall be disabled.

Remote access with connectivity to the District internal network shall be achieved using encryption. Appropriate WARNING BANNERS shall be implemented for all access points to the District internal network.

4. System and application access will be granted based upon the least amount of access to data and programs required by the user in accordance with a business need-to-have requirement.

The District shall enforce strong password management for:

- Employees and contractors as specified in Arkansas State Security Office Password Management Standard.
- Students as specified in Arkansas State Security Office K-12 Student Password Management Best Practice.

User access shall be limited to only those specific access requirements necessary for an employee to perform his/her job functions. Where possible, segregation of duties shall be utilized to control authorization access.

User access shall be granted and terminated upon timely receipt of a documented access request/termination. All access requests shall require approval by the ISO or designee. Ongoing access shall be reviewed for all users at a minimum annually.

Audit and log files shall be generated and maintained for at least ninety (90) days for all critical security-relevant events, including but not limited to:

- Invalid logon attempts;
- Changes to the security policy/procedures; and
- Failed attempts to access objects by unauthorized users.

IT administrator privileges for operating system(s), database(s), and applications shall be limited to the minimum number of staff required to perform these sensitive duties.

5. Application development and maintenance for in-house developed student or financial applications will adhere to industry processes for segregating programs and deploying software only after appropriate testing and management approvals.

Any custom-built student or financial applications or supporting applications that interface, integrate with, or provide queries and reporting to/from student or financial systems shall be developed using a system development life cycle approach that incorporates at a minimum:

- a) Planning, requirements, and design;
- b) User acceptance testing (UAT);
- c) Code reviews; and
- d) Controlled migration to production.

Any changes to core or supporting applications that provide student or financial processing or reporting shall be implemented in a controlled manner that includes at a minimum:

- Documentation of any change, including changes to both infrastructure and application;
- Management approval of all changes; and
- Controlled migration to production, including testing as appropriate.

6. Monitoring and responding to IT related incidents will be designed to provide early notification of events and rapid response and recovery from internal or external network or system attacks.

The District shall develop and maintain an incident response plan to be used in the event of system compromise that shall include:

- a) Emergency contacts;⁴
- b) Incident containment procedures; and
- c) Incident response and escalation procedures.

7. To ensure continuous critical IT services, the District ISO will develop a business continuity/disaster recovery plan appropriate for the size and complexity of the District IT operations.

The district-wide business continuity plan shall include at a minimum:

- Procedures for performing routine backups at least weekly and the storage of backup media at a secured location other than the server room or adjacent facilities. Backup media shall be stored off-site a reasonably safe distance from the primary server room and retained in a fire resistant receptacle.
- A secondary backup processing location, such as another School or District building, shall be identified.
- A documented calling tree with emergency actions to include:
 - Recovery of backup data;
 - Restoration of processing at the secondary location; and
 - Generation of student and employee listings to ensure an accurate head count.

8. Server and workstation protection software will be deployed to identify and eradicate malicious software attacks such as viruses, spyware, and malware.

Spyware and virus protection software shall be installed, distributed, and maintained on all production platforms, including:

- a) File/print servers;
- b) Workstations;
- c) Email servers;
- d) Web servers; and
- e) Application and database servers.

Malicious software protection shall include:

- Weekly update downloads;
- Weekly scanning;
- The malicious software protection to be in active state (realtime) on all operating servers/workstations.

All security-relevant software patches shall be applied within thirty (30) days and critical patches shall be applied as soon as possible.⁵

7.17—Food Service Prepayment

Meal Charges¹

The district does not provide credit for students to charge for a la carte or other food and beverage items available for purchase in the school food service areas. A la carte or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:²

- Submitting cash or check payment at the school offices with the secretary, Administration Office, or at the designated payment box³;

- Depositing funds through the District’s online service; EZSchoolPay link located on the <http://www.ouachitariversd.org/> website, Facebook, and/or on the Home Access Center (HAC).

A student’s parents will be contacted by authorized District personnel regarding a student’s prepaid account balance at the following times :⁴ Emails will be sent out through an automated system on Thursday mornings at 6:00 a.m. or by letter given to the student every Thursday, if no email address is on file.

Unpaid Meal Access⁶

In accordance with Arkansas law, the District allows students whose accounts do not have enough funds to purchase a meal to receive an unpaid reimbursable meal at no charge. The district will notify a student’s parents:

- When the student’s prepaid account balance has dropped to the point that the student will begin receiving unpaid meals.

The unpaid meals provided to students will be the same reimbursable meal as the other students. Students who have submitted proper documentation to receive a meal modification in accordance with Policy 4.50—SCHOOL MEAL MODIFICATIONS shall receive the same type of modification for an unpaid meal.

7.17.1—Excess Food

Definition

“Excess food” means any food that remains after the serving of breakfast and lunch to students during the school day; however, “excess food” does not include any food that has expired, been opened, or been consumed.

Excess food shall be handled in accordance with U.S. Food and Drug Administration regulations and Arkansas Department of Health rules.

Excess Food Sold a la carte¹

Excess food may be sold a la carte no later than the day immediately following the day the excess food was served in the District’s school meal service.

Donation of Excess Food

When it is not feasible for the District to reuse excess food, excess food may be donated to a non-profit organization, such as a community food bank, homeless shelter, or other nonprofit charitable organization.

The District's Child Nutrition Director (Director), after consultation with and approval by the superintendent, may identify a nonprofit "partner" that will accept the District's excess food. Before the District may donate food to the nonprofit partner, the Director shall obtain a copy of the nonprofit partner's 501(c)(3) documentation and contact information for use when excess food is available for donation.

Whenever excess food is donated, the Director shall document all of the following on the form provided by the Child Nutrition Unit:

1. What, how much and when excess food donations are made;
2. Who picks up the excess food for the nonprofit partner, including a signature along with the date and time of the pick up; and
3. Signature of the child nutrition staff when excess food is donated to the nonprofit partner.

Following the donation of excess food, the Director shall:

- a. Monitor excess food donations;
- b. Report excess food cost to administration; and
- c. Revise planned production and menus to minimize excess food.

The nonprofit partner shall agree to provide the District's students the first opportunity to receive the donated excess food. The superintendent, Director, and nonprofit partner shall work together to adopt procedures² for the providing of excess food to the District's students.

7.18 – Disposal of Non-Negotiated Checks or Unclaimed Property

State law specifies how the district is to dispose of retained funds in the form of issued but non-negotiated checks that have ~~been~~ not been presented for payment within one (1) calendar year. The district shall dispose of these retained funds in accordance with the law and remit the amount of all non-negotiated checks to the Unclaimed Property Division of the Arkansas Auditor's Office.

The district shall make a good faith effort to return physical items that have been left on district property to their rightful owners. When contact information is known for the owner of an item of a non-perishable nature left at the district, the district shall use the information to attempt to contact the owner to inform him/her of the location of the item. Owners of such items shall be given at least three (3) weeks¹ to pick up the item he/she left at the district. If the owner fails to pick up the item within the time allotted, the district may dispose of the item in a manner of its choosing.

7.19—Service Animals in District Facilities

In accordance with the provisions of the Americans with Disabilities Act and Arkansas statutes, service dogs and trained miniature horses¹ (service animals) are permitted for use by individuals with disabilities on district property and in district facilities provided the individuals and their animals meet the requirements and responsibilities covered in this policy.

When an individual with a disability seeks to bring a service animal into a district facility, the district is entitled to ask the individual:

- a. If the animal is required because of a disability; and
- b. What work or task has the animal been trained to perform.²

While the district is not entitled to ask for documentation that the animal has been properly trained, ~~but~~ the individual bringing the animal into a district facility will be held accountable for the animal's behavior.

Any service animal brought into a district facility by an individual with a disability must have been trained to do work or perform tasks for the individual. The work or tasks performed by the service animal must be directly related to the handler's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do **not** constitute work or tasks for the purposes of this policy; no animal brought solely for any of these reasons shall be permitted on school grounds.³

Individuals with disabilities shall be permitted to be accompanied by their service animals in all areas of a public entity's facilities where members of the public, participants in services, programs or activities, or invitees, as relevant, are allowed to go.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control by means of voice control, signals, or other effective means.

A service animal shall be groomed to prevent shedding and dander and shall be kept clean of fleas and ticks.

District staff may ask an individual with a disability to remove a service animal from the premises if:

1. The animal is out of control and the animal's handler does not take effective action to control it;
2. The animal is not housebroken; or
3. Making reasonable accommodations for the service animal's presence would fundamentally alter the nature of the service, program, or activity.

If the district excludes a service animal due to the reasons listed above, the district shall give the individual with a disability the opportunity to participate in the service, program, or activity without having the service animal on the premises.

The District and its staff are not responsible for the care or supervision of a service animal brought onto district property or into district facilities by an individual with a disability. Students with service animals are expected to care for and supervise their animal. In the case of a young child or a student with disabilities who is unable to care for or supervise the service animal, the parent is responsible for providing care and supervision of the animal. Prior to working in the school, any person responsible for providing care and supervision of the animal must go through the same process for background checks as required of all employees of the school system.

The District shall not ask or require an individual with a disability to pay a surcharge, even if people accompanied by pets are required to pay fees, or to comply with other requirements generally not applicable to people without pets.⁴

Individuals should be aware that under Arkansas law the misrepresentation of an animal as a service animal or a service animal in training to a person or entity operating a public accommodation may subject the individual to a civil penalty.

7.19.1—Therapy Animals

Definitions

“Therapy animal” means an animal that is a graduate of a program through an assistance dog organization that is a member of Therapy Dogs International or a similar nonprofit organization that attempts to select the highest standard of training for animals for the purpose of emotional support, well-being, comfort, or companionship to school district students. Therapy animals are the personal property of a school district employee or volunteer and are not owned by the school district. Therapy animals do not meet the definition of “service animals” under the Americans with Disabilities Act.

“Therapy animal handler” means an employee of the school district or volunteer who has received training and passed an evaluation from Therapy Dogs International or a similar nonprofit organization for handling a specific therapy animal and who will be handling and overseeing care of that specific therapy animal for the entire time the animal is on a District campus.

The District recognizes that specially trained therapy animals can provide educational benefits for District students. District staff who wish to have therapy animals made available to students shall submit a plan to the building principal. The proposal shall address all of the following areas:

1. The location for the therapy animal to be kept when the therapy animal is on campus, which must meet all of the following conditions:¹
 - a. Direct access to the outdoors to permit the therapy animal to enter and exit the building without using the building's interior hallways;
 - b. Free of an intake for the building ventilation system or an independent ventilation system;
 - c. Non-porous surfaces, including carpet-free floors, for easy hair removal, cleaning, and sanitation;
2. The proposed therapy animal or the therapy animal service provider:
 - a. The certification the proposed therapy animal has received, including the training required to receive the certification;
 - b. the credentials of the certification providers ;
 - c. Copy(ies) of the temperance evaluation (s) of the proposed therapy animal;
 - d. The credentials of the temperance evaluator(s);
 - e. Proof Demonstrating the therapy animal is current on all vaccinations;
3. Students:
 - a. The set(s) of students whom the therapy animal is intended to serve;
 - b. Proposed training to be provided to students on the appropriate behavior and treatment of the therapy animal;
 - c. Consequences for inappropriate treatment of the therapy animal;
 - d. The anticipated goals for and intended uses of the therapy animal;
4. The therapy animal's handler must provide:
 - a. The individual(s) who will be responsible for handling the therapy animal;
 - b. Training obtained by the proposed handler(s);
 - c. The credentials of the providers of the handler's training;
 - d. Proposed schedule for the handler(s) to provide necessary care for the therapy animal, including exercise, feeding, watering, bodily functions, and any cleanup resulting from caring for the animal; and
 - e. Proof of an insurance policy that provides liability coverage for the therapy animal while on District property.

The building principal may reject the proposal if:

- The proposal does not meet the requirements of this policy;
- The principal does not perceive any educational benefit to be achieved based on the information contained in the proposal;
- The building principal believes that the time required to meet the needs of the therapy animal is inconsistent with the assigned duties of the school employee(s) proposed as the therapy animal's handler(s); or
- The proposal is otherwise inconsistent with the needs of the school or school building.

The building principal shall submit any proposal the principal desires to be approved to the superintendent, or designee, for final review and approval. If the superintendent, or designee, approves the proposal, the superintendent, or designee, shall submit written approval for an individual documented therapy animal or for a therapy animal service before the individual animal or an animal provided by the therapy animal service may be present on a District campus.

Any approved therapy animal program may have its approval suspended or curtailed, at any time, for any reason. District employees shall not receive any additional pay, stipend, or compensation for providing the therapy animal or for being the handler and/or the owner of the therapy animal. The supervision and care of

the approved therapy animal is solely the responsibility of the therapy animal handler(s) when the therapy animal is on a District campus. The therapy animal handler will assume full responsibility and liability for any damage to school district property or injury to district staff, students, or others while the therapy animal is on a District campus. The therapy animal handler must maintain an insurance policy that provides liability coverage for the therapy animal while on District property.

Approved therapy animals must be clean, well groomed, in good health, house broken, and be current on all vaccinations and immunizations. An approved therapy animal shall have appropriate identification identifying it as a therapy animal at all times while on District property. The therapy animal shall be under the control of the therapy animal's handler(s) at all times, which requires the therapy animal be attached to the therapy animal's handler by means of a leash or harness whenever the therapy animal is on District property and outside of its designated room.

The building principal is to receive a verbal report within fifteen (15) minutes of any act of aggression or defensive behavior by the therapy animal towards a human, which includes vocalizations such as growling, or any aggressive or inappropriate behavior by a student directed toward a therapy animal. A full written incident report shall be submitted to both the building principal and the superintendent, or designee, before the close of the following school day. An act of aggression or defensive behavior by a therapy animal shall result in:

- An immediate end of the current student's session with the therapy animal;
- The prohibition of any further interactions between the therapy animal and students for the remainder of the school day; and
- Exclusion of the therapy animal from campus until the superintendent, or designee, completes an investigation and authorizes the therapy animal's return to campus.

At no time will a therapy animal be taken through a District building to meet with a student. Students who have time scheduled with a therapy animal shall go to the room where the therapy animal is located. A student shall not schedule or attend a session with the therapy animal until the student's parents, or the student if over eighteen (18) years of age, provides written authorization for the student to use the services of a therapy animal.

If a student demonstrates symptoms of an allergic reaction during or after a session with the therapy animal, the student's parents shall receive written notification of the possibility of their student's allergy and that the student shall not have any future sessions with the therapy animal. If other student's in the same classroom demonstrate symptoms of an allergic reaction following a student's return to class after a session with the therapy animal, no further sessions with the therapy animal shall be scheduled for students in that classroom and the parents of a student who demonstrated symptoms of an allergic reaction shall receive written notification of their student's possible allergy.

This policy is not intended to, and does not, allow students, parents, or staff to bring emotional support animals onto any District campus. Individuals who bring an animal onto a District campus that does not meet the definition of a service animal under policy 7.19—SERVICE ANIMALS or that has not been approved under this policy shall be asked to leave campus. Repeated violations may result in disciplinary or legal action.²

7.22—Private Sponsorship of Extracurricular Events

The Superintendent, or designee, may negotiate for the private sponsorship of an event to take place during the time allotted for a half-time break of any of the District's interscholastic activities. The amount of time for a half-time break shall not be extended for the event.

The school district shall not discriminate against potential sponsors based on political affiliation, religion, or perceived message. The superintendent, or designee, may decline sponsorship for any of the following reasons:

- The sponsored event would conflict with school or school group presentations;
- The proposed event would be logistically impracticable due to the estimated time, required materials for the event, or for other reasons associated with the implementation of the event;
- The proposed event would make continuation of the interscholastic activity impracticable due to residual mess/trash resulting from the activity; or
- The proposed event would present an unacceptable safety risk to students or viewing audience.

The superintendent's, or designee's, decision to accept or decline the proposed sponsored event shall be final.

Any potential sponsor shall be required to demonstrate proof of an in force, minimum face value one million dollar (\$1,000,000) general liability insurance policy that would cover the event. The sponsor must also agree to indemnify the school against any damages to school property, school employees, students, or bystanders that arise as a result of the sponsored event as well as from any law suits that are filed in response to such damages.

There shall be no live or recorded speech, music, or other media provided by the sponsor used during the sponsored event. A member of the school's administration shall announce the name of the sponsor of the event and shall be present to assist in conducting the event. The school administrator shall be a neutral participant and shall only make content neutral statements during the event. To meet this standard, the administrator shall not promote or act in a manner that creates the appearance, or that could give the impression, that the District sponsors, endorses or otherwise agrees with the product, person/group, or event being promoted by the sponsor. No school employee may act as the representative of a sponsor or wear attire/apparel that is provided by the sponsor or that could be interpreted as promoting the sponsor's interests. Employees or representatives of/affiliated with the sponsor may be present at the event and stand with the member of school administration who is announcing and conducting the event; such employees/representatives of the sponsor may wear clothing identifying them as sponsors of the event.

The superintendent, or designee, shall have the authority to regulate the time, place, and manner of the distribution of promotional materials by the event sponsor. "Promotional materials" includes, but is not limited to, pamphlets, pens/pencils, sports equipment (whether miniature or full sized), or clothing. The event sponsor shall provide the superintendent, or designee, with a complete list of the types of promotional materials the event sponsor intends to distribute at the event so that the superintendent, or designee, may make an informed decision on the time, place, and manner of distribution that would result in the least amount of disturbance with the interscholastic activity.

The superintendent, or designee, should take the following into account when determining the best time, place, and manner of distribution of promotional materials:

- Whether the promotional materials could be a distraction to participants in the interscholastic activity due to the promotional material emitting light or noise;
- Whether the promotional materials have a high possibility of being able to be used against participants of the interscholastic activity to attempt to alter the outcome of the activity;
- The possibility that the promotional materials would be left by recipients to become litter; and
- The possibility that the promotional materials would divert the attention of the audience from the interscholastic activity.

The superintendent, or designee, shall limit the distribution of promotional materials to audience members when they are entering the school building/arena, during the sponsored half-time event, and/or when they are leaving the school building/arena. The superintendent's, or designee's, restrictions on the time, place, and manner of promotional materials shall be final.

Any funds received through private sponsorship shall be placed in the District's Activity Account. The superintendent, or designee, should follow the policy for receiving public gifts or donations when negotiating the sponsorship amount, as set forth in policy 6.3—Public Gifts and Donations to the Schools.

Variable hour employees are not eligible to enroll in a PSELHIP plan. 8.4—Classified Employees Drug Testing

Definitions

“Clearinghouse” means the Federal Motor Carrier Safety Administration Commercial Driver's License Drug and Alcohol Clearinghouse.

“Database” means the Commercial Driver Alcohol and Drug Testing Database of the Office of Driver Services of the Arkansas Department of Finance and Administration.

“Safety-sensitive function” includes:

- e. All time spent inspecting, servicing, and/or preparing the vehicle;

- f. All time spent driving the vehicle;
- g. All time spent loading or unloading the vehicle or supervising the loading or unloading of the vehicle; and
- h. All time spent repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

“School Bus” is a motorized vehicle that meets the following requirements:

- 4. Is designed to carry more than ten (10) passengers;
- 5. Is privately owned and operated for compensation, or which is owned, leased or otherwise operated by, or for the benefit of the District; and
- 6. Is operated for the transportation of students from home to school, from school to home, or to and from school events.¹

Scope of Policy

Each person hired for a position that allows or requires the employee to operate a school bus shall meet the following requirements:

- 1. The employee shall possess a current driver’s license authorizing the individual to operate the size school bus the individual is being hired to drive²;
- 2. Have undergone a physical examination, which shall include a drug test,³ by a licensed physician or advanced practice nurse within the past two years; and
- 3. A current valid certification of school bus driver in service training.⁴

Each person’s initial employment for a job entailing a safety-sensitive function is conditioned upon:

- The district receiving a negative drug test result for that employee;⁵
- The employee submitting an electronic authorization through the Clearinghouse for the District to run a full query of the employee’s information in the Clearinghouse; and
- The employee’s signing a written authorization for the District to request information from:
 - The Database;⁶ and
 - Any U.S. Department of Transportation regulated employers who have employed the employee during any period during the two (2) years prior to the date of the employee’s application.

All employees who perform safety-sensitive functions shall annually⁷ submit a written authorization for the District to conduct a limited query of the employee’s information from the Clearinghouse. The District shall perform a limited query of all employees who perform safety-sensitive functions at least once each school year. If the District’s limited query of the Clearinghouse shows that information exists in the Clearinghouse that may prohibit the employee from performing safety-sensitive functions, the District shall conduct a full query of the Clearinghouse on the employee within twenty-four (24) hours of conducting the limited query. If the District is unable to conduct a full query within twenty-four (24) hours due to the twenty-four (24) hours falling on a weekend, holiday, or other day the District is closed or due to the failure of the employee to authorize the District to receive information resulting from the full query of the Clearinghouse, the employee shall not be permitted to perform any safety-sensitive function until the District conducts the full query and the results confirm that the employee’s Clearinghouse record contains no prohibitions on the employee performing safety-sensitive functions.

Methods of Testing

The collection, testing methods and standards shall be determined by the agency or other medical organizations chosen by the School Board to conduct the collection and testing of samples. The drug and alcohol testing is to be conducted by a laboratory certified pursuant to the most recent guidelines issued by

the United States Department of Health and Human Services for such facilities (“Mandatory Guidelines for Federal Workplace Drug Testing Programs”).

Requirements

Employees shall be drug and alcohol free from the time the employee is required to be ready to work until the employee is relieved from the responsibility for performing work and/or any time they are performing a safety-sensitive function. In addition to the testing required as an initial condition of employment, employees shall submit to subsequent drug tests as required by law and/or regulation. Subsequent testing includes, and/or is triggered by, but is not limited to:

5. Random tests;
6. Testing in conjunction with an accident;
7. Receiving a citation for a moving traffic violation; and
8. Reasonable suspicion.

Prohibitions

- Q. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater;
- R. No driver shall use alcohol while performing safety-sensitive functions;
- S. No driver shall perform safety-sensitive functions within four (4) hours after using alcohol;
- T. No driver required to take a post-accident alcohol test under # 2 above shall use alcohol for eight (8) hours following the accident or until he/she undergoes a post-accident alcohol test, whichever occurs first;
- U. No driver shall refuse to submit to an alcohol or drug test in conjunction with # 1, 2, and/or 4 above;
- V. No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when using any controlled substance, except when used pursuant to the instructions of a licensed medical practitioner who, with knowledge of the driver’s job responsibilities, has advised the driver that the substance will not adversely affect the driver’s ability to safely operate his/her vehicle. It is the employee’s responsibility to inform his/her supervisor of the employee’s use of such medication;
- W. No driver shall report for duty, remain on duty, or perform a safety-sensitive function if the driver tests positive or has adulterated or substituted a test specimen for controlled substances.

Violation of any of these prohibitions may lead to disciplinary action being taken against the employee, which could include termination or non-renewal.

Testing for Cause

Drivers involved in an accident in which there is a loss of another person’s life shall be tested for alcohol and controlled substances as soon as practicable following the accident. Drivers shall also be tested for alcohol within eight (8) hours and for controlled substances within thirty two (32) hours following an accident for which they receive a citation for a moving traffic violation if the accident involved: 1) bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or 2) one or more motor vehicles incurs disabling damage as a result of the accident requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.⁸

Refusal to Submit

Refusal to submit to an alcohol or controlled substance test means that the driver:

- Failed to appear for any test within a reasonable period of time as determined by the employer consistent with applicable Department of Transportation agency regulation;
- Failed to remain at the testing site until the testing process was completed;
- Failed to provide a urine specimen for any required drug test;
- Failed to provide a sufficient amount of urine without an adequate medical reason for the failure;
- Failed to undergo a medical examination as directed by the Medical Review Officer as part of the verification process for the previous listed reason;
- Failed or declined to submit to a second test that the employer or collector has directed the driver to take;
- Failed to cooperate with any of the testing process; and/or
- Adulterated or substituted a test result as reported by the Medical Review Officer.

School bus drivers should be aware that refusal to submit to a drug test when the test is requested based on a reasonable suspicion can constitute grounds for criminal prosecution.

Consequences for Violations

Drivers who engage in any conduct prohibited by this policy, who refuse to take a required drug or alcohol test, refuse to sign the request for information required by law, or who exceed the acceptable limits for the respective tests shall no longer be allowed to perform safety sensitive functions. Actions regarding their continued employment shall be taken in relation to their inability to perform these functions and could include termination or non-renewal of their contract of employment.⁹

Drivers who exhibit signs of violating the prohibitions of this policy relating to alcohol or controlled substances shall not be allowed to perform or continue to perform safety-sensitive functions if they exhibit those signs during, just preceding, or just after the period of the work day that the driver is required to be in compliance with the provisions of this policy. This action shall be based on specific, contemporaneous, articulatable observations concerning the behavior, speech, or body odors of the driver. The Superintendent or his/her designee shall require the driver to submit to "reasonable suspicion" tests for alcohol and controlled substances. The direction to submit to such tests must be made just before, just after, or during the time the driver is performing safety-sensitive functions. If circumstances prohibit the testing of the driver the Superintendent or his/her designee shall remove the driver from reporting for, or remaining on, duty for a minimum of twenty-four (24) hours from the time the observation was made triggering the driver's removal from duty.

If the results for an alcohol test administered to a driver is equal to or greater than 0.02, but less than 0.04, the driver shall be prohibited from performing safety-sensitive functions for a period no less than twenty-four (24) hours from the time the test was administered. Unless the loss of duty time triggers other employment consequence policies, no further other action against the driver is authorized by this policy for test results showing an alcohol concentration of less than 0.04.

Reporting Requirements

The District shall report the following information about an employee who performs safety-sensitive functions to the Clearinghouse by the close of the third (3rd) business day following the date the District obtained the information:¹⁰

6. An alcohol confirmation test result with an alcohol concentration of 0.04 or greater;
7. A negative return-to-duty test result;
8. A refusal to take an alcohol test;

9. A refusal to test determination; however, if the refusal to test determination is based on the employee's admission of adulteration or substitution of the specimen, the District shall only report the admissions made to the specimen collector; and
10. A report that the driver has successfully completed all follow-up tests as prescribed in the Substance Abuse Professional report.

The District shall report the following violations for an employee who performs safety-sensitive functions by the close of the third (3rd) business day following the date the District obtains actual knowledge of:¹¹

5. On-duty alcohol use;
6. Pre-duty alcohol use;
7. Alcohol use following an accident; and
8. Controlled substance use.

8.5— Classified Employees Sick Leave – Option A

Definitions

1. "Employee" is an employee of the District working 20 or more hours per week who is not required to have a teaching license as a condition of his employment. Bus drivers are eligible even if their driving time does not accumulate to 20 hours per week.
2. "Sick Leave" is absence from work due to illness, whether by the employee or a member of the employee's immediate family, or due to a death in the family. The supervisor shall determine whether sick leave will be approved on the basis of a death outside the immediate family of the employee.
3. "Current Sick Leave" means those days of sick leave for the current contract year, which leave is granted at the rate of one day of sick leave per month worked, or major part thereof.
4. "Accumulated Sick Leave" is the total of unused sick leave, up to a maximum of one hundred twenty (120) days accrued from previous contract, but not used.
5. "Immediate family" means an employee's spouse, child, grandchild, sibling, parent, mother or father-in-law, or any other relative provided the other relative lives in the same household as the employee.

Sick Leave

Eligible classified school personnel will receive one day of sick leave for each month of contracted employment each school year, cumulative to 120 days. Sick leave may be used when the employee or a

member of his/her immediate family is sick. For days off above the number of sick leave accumulated, the worker's salary will be reduced a full day's pay for each day off because of illness.

The supervisor has the discretion to approve sick leave for an employee to attend the funeral of a person who is not related to the employee, under circumstances deemed appropriate by the supervisor.

Employees who are adopting or seeking to adopt a minor child or minor children may use up to 15 sick leave days in any school year for absences relating to the adoption, including time needed for travel, time needed for home visits, time needed for document translation, submission or preparation, time spent with legal or adoption agency representatives, time spent in court and bonding time. See also, 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE, which also applies. Except for bonding time, documentation shall be provided by the employee upon request.

Pay for sick leave shall be at the employee's daily rate of pay, which is that employee's hourly rate of pay times the number of hours normally worked per day. Absences for illness in excess of the employee's accumulated and current sick leave shall result in a deduction from the employee's pay at the daily rate as defined above.

At the discretion of the supervisor (or Superintendent), and, if FMLA is applicable, subject to the certification or recertification provisions contained in policy 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE the District may require a written statement from the employee's physician documenting the employee's illness. Failure to provide such documentation of illness may result in sick leave not being paid, or in dismissal.

An employee shall be credited with one (1) day of sick leave in the event the employee used one (1) day of sick leave on a mandatory professional development (PD) day so long as the employee makes up the missed mandatory PD day on a noncontract day. Costs and expenses associated with the make-up PD shall be the responsibility of the employee unless agreed to in writing by the superintendent or the superintendent's designee for the expenses to be covered by the District.

Classified staff having more than 120 days accumulated sick leave at the end of the school year will be paid at the daily rate of \$60.00 a day for each day accumulated above the 120 days. Bus drivers are eligible for this benefit.

A classified staff member, who has worked at least 5 years for the Ouachita River School District, will be paid for each day of accumulated sick leave when their employment with the district has ended. The rate of pay for accumulated sick leave will be at the rate of \$60.00 a day. Bus drivers are eligible for this benefit and will be paid the rate of \$40.00 a day.

In preparation for retirement or T-Dropping, options on application of days will be given. The employee participating in the program must have been employed by the district a minimum of five (5) contract years.

Option 1: The employee may take half at the end of year 27 (up to 60 days) and half at the end of year 28 (up to 60 days).

Option 2: The employee may take all or part at the end of year 28 (up to 120).

Option 3: The employee preparing to enter retirement may elect to draw their accumulated sick leave over their final two years of service (with less than 27 years of service or age 60). Intent of retirement must be submitted in writing prior to payment of accumulated days.

Option 4: The employee preparing to leave the TDROP program may elect to draw their accumulated sick leave over their final two years in the TDROP program.

Employees may use two days per school year for personal business in addition to the sick leave they receive. Unused personal days will accumulate up to four days. Personal days in excess of two at the end of the contract year will roll over into sick days. The maximum number of personal days at the start of the contract year will be four.

Classified staff members may be granted up to five days paid leave per any school year because of a death in the immediate family. Absences for such cause will be considered as separate and distinct from absences due to personal illness, and shall not be cumulative. Employees may use sick leave days to attend funerals of persons not meeting the definition of immediate family.

If the employees absences are not subject to the FMLA or are in excess of what is protected under the FMLA, excessive absenteeism to the extent that the employee is not carrying out his/her assigned duties to the degree that the education of students or the efficient operation of a school or the district is substantially adversely affected (at the determination of the supervisor or Superintendent) may result in dismissal

Sick Leave and Family Medical Leave Act (FMLA) Leave

When an employee takes sick leave, the District shall determine if the employee is eligible for FMLA leave and if the leave qualifies for FMLA leave. The District may request additional information from the employee to help make the applicability determination. If the employee is eligible for FMLA leave and if the leave qualifies under the FMLA, the District will notify the employee in writing, of the decision within five workdays. If the circumstances for the leave as defined in policy 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE don't change, the District is only required to notify the employee once of the determination regarding the applicability of sick leave and/or FMLA leave within any applicable twelve (12) month period. To the extent the employee has accrued paid sick leave, any sick leave taken that qualifies for FMLA leave shall be paid leave and charged against the employee's accrued leave including, once an employee exhausts his/her accrued sick leave, vacation or personal leave. See 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE.

8.6—Sick Leave Bank — Classified Employees

Employees of the District may transfer sick leave days to another employee who has absences for sickness in excess of their current and accumulated sick leave. The transfer must be done in writing, and the forms to transfer the days may be obtained from the Superintendent's office. Sick leave days cannot be transferred to an employee who has any current or accumulated sick leave. A transfer or transfers may not result in a balance of sick leave for the receiving employee and may not be in excess of the days in balance of the donating employee.

Multiple Contract Transfer

Employees of the District who have a bus contract and another classified/certified contract may donate any remaining sick leave from one contract to another. The transfer must be done in writing and the forms to transfer the days may be obtained from the Superintendent's Office. Sick leave cannot be transferred, if the employee has any current or accumulated sick leave remaining in the sick leave bank he/she is transferring into. A transfer or transfers may not result in a balance of sick leave for the receiving contract and may not be in excess of the days in balance of the donating contract.

Bus Leave will transfer as 2 days of sick leave to any 1 day of sick leave for a classified/certified contract. Any contract classified/certified will transfer as 1 day of sick leave.

Spousal Donations

District employees who are husband and wife are eligible to utilize each other's sick leave. Written permission must be received for each day of donated sick leave.

This policy is similar to Policy 3.9. If you change this policy, review 3.9 at the same time to ensure applicable consistency between the two.

8.7—Classified Personnel Personal and Professional Leave

For the district to function efficiently and have the necessary personnel present to effect a high achieving learning environment, employee absences need to be kept to a minimum. The district acknowledges that there are times during the school year when employees have personal business that needs to be addressed during the school day. Each full-time employee shall receive two (2) days of personal leave per contract year. Up to two days of personal leave may be accumulated for a maximum of four in any one contract year. Unused personal leave above the maximum of four will be converted to sick leave at the end of each contract year.

Employees shall take personal leave or leave without pay for those absences which are not due to attendance at school functions and do not qualify for other types of leave (for sick leave see Policy 8.5, for professional leave see below).

School functions, for the purposes of this policy, means:

1. Athletic or academic events related to a public school district; and
2. Meetings and conferences related to education.

The determination of what activities meet the definition of a school function shall be made by the employee's immediate supervisor or designee. In no instance shall paid leave in excess of allotted vacation days and/or personal days be granted to an employee who is absent from work while receiving remuneration from another source as compensation for the reason for their absence.

Any employee desiring to take personal leave may do so by making a written request to his supervisor at least twenty-four (24) hours prior to the time of the requested leave. The twenty-four hour requirement may be waived by the supervisor when the supervisor deems it appropriate.

Employees who fail to report to work when their request for a personal day has been denied or who have exhausted their allotted personal days, shall lose their daily rate of pay for the day(s) missed (leave without pay). While there are instances where personal circumstances necessitate an employee's absence beyond the allotted days of sick and/or personal leave, any employee who requires leave without pay must receive advance permission (except in medical emergencies and/or as permitted by policy 8.23—CLASSIFIED PERSONNEL FAMILY MEDICAL LEAVE) from their immediate supervisor. Failure to report to work without having received permission to be absent is grounds for discipline, up to and including termination.

Personal leave does not accumulate from one contract year to the next.
Personal leave may not be taken the day before or the day after a holiday.

Professional Leave

“Professional Leave” is leave granted for the purpose of enabling an employee to participate in professional activities (e.g., workshops or serving on professional committees) which can serve to improve the school District’s instructional program or enhances the employee’s ability to perform his duties. Professional leave will also be granted when a school District employee is subpoenaed for a matter arising out of the employee’s employment with the school district. Any employee seeking professional leave must make a written request to his immediate supervisor, setting forth the information necessary for the supervisor to make an informed decision. The supervisor’s decision is subject to review and overruling by the superintendent. Budgeting concerns and the potential benefit for the District’s students will be taken into consideration in reviewing a request for professional leave.

Applications for professional leave should be made as soon as possible following the employee’s discerning a need for such leave, but, in any case, no less than two (2) weeks before the requested leave is to begin, if possible.

If the employee does not receive or does not accept remuneration for his/her participation in the professional leave activity and a substitute is needed for the employee, the District shall pay the full cost of the substitute. If the employee receives and accepts remuneration for their participation in the professional leave activity, the employee shall forfeit his/her daily rate of pay from the District for the time the employee misses. The cost of a substitute, if one is needed, shall be paid by the District.

8.8—Classified Personnel Responsibilities in Dealing with Sex Offenders on Campus

Individuals who have been convicted of certain sex crimes must register with law enforcement as sex offenders. Arkansas law places restrictions on sex offenders with a Level 1 sex offender having the least restrictions (lowest likelihood of committing another sex crime), and Level 4 sex offenders having the most restrictions (highest likelihood of committing another sex crime).

While Levels 1 and 2 place no restrictions prohibiting the individual’s presence on a school campus, Levels 3 and 4 have specific prohibitions. These are specified in Policy 6.10—Sex Offenders on Campus (Megan’s Law) and it is the responsibility of district staff to know and understand the policy and, to the extent requested aid school administrators in enforcing the restrictions placed on campus access to Level 3 and Level 4 sex offenders.

It is the intention of the board of directors that district staff not stigmatize students whose parents or guardians are sex offenders while taking necessary steps to safeguard the school community and comply with state law. Each school’s administration should establish procedures so attention is not drawn to the accommodations necessary for registered sex offender parents or guardians.¹

8.9—Public Office – Classified Personnel

An employee of the District who is elected to the Arkansas General Assembly or any elective or appointive public office (not legally constitutionally inconsistent with employment by a public school district) shall not be discharged or demoted as a result of such service.

No sick leave will be granted for the employee’s participation in such public office. The employee may take personal leave or vacation (if applicable), if approved in advance by the Superintendent, during his absence.

Prior to taking leave, and as soon as possible after the need for such leave is discerned by the employee, he must make written request for leave to the Superintendent, setting out, to the degree possible, the dates such leave is needed.

An employee who fraudulently requests sick leave for the purpose of taking leave to serve in public office may be subject to nonrenewal or termination of his employment contract.

8.11—Overtime, Comp-time, and Complying with FLSA

The Ouachita River School District shall comply with those portions of the Fair Labor Standards Act (FLSA) that relate to the operation of public schools. The FLSA requires that covered employees receive compensation for each hour worked at greater than or equal to the applicable minimum wage for workweeks of less than or equal to forty (40) hours.^A It also requires that employees be compensated for workweeks of greater than forty (40) hours at one and a half (1 ½) times their regular hourly rate of pay, either monetarily^B or through compensatory time off^C.

Definitions

“Covered Employees” (also defined as non-exempt employees) are those employees who are not exempt, generally termed classified, and include bus drivers, clerical workers, maintenance personnel, custodians, transportation workers, receptionists, paraprofessionals, food service workers, secretaries, and bookkeepers.

“Exempt Employees” are those employees who are not covered under the FLSA.^D They include administrators and professional employees such as teachers, counselors, registered nurses, and supervisors.¹ Any employee who is unsure of their coverage status should consult with the District’s Administration.

“Overtime” is hours worked in excess of forty (40) per workweek. Compensation given for hours **not** worked such as for holidays or sick days do **not** count in determining hours worked per workweek.^E

“Regular Rate of Pay” includes all forms of remuneration for employment² and shall be expressed as an hourly rate.^F For those employees previously paid on a salary basis, the salary shall be converted to an hourly equivalent. Employees shall be paid for each and every hour worked.

“Straight time pay” is the amount of hourly compensation an employee receives for each hour worked during that week.

“Workweek” is the seven day consecutive period of time from 12:00AM on Sunday to midnight on the following Saturday.³ Each workweek is independent of every other workweek for the purpose of determining the number of hours worked and the remuneration entitled to by the employee for that week.^G

Employment Relationships

The District does not have an employment relationship in the following instances:

1. Between the District and student teachers;
2. Between the District and its students; and
3. Between the District and individuals who as a public service volunteer or donate their time to the District without expectation or promise of compensation.

The District does not have a joint employment relationship in the following instances:

- a. Between the District and off-duty policemen or deputies who are hired on a part-time basis for security purposes or crowd control. The District is separate from and acts independently of other governmental entities.
- b. Between the District and any agency contracted with to provide transportation services, security services, substitute teachers or other temporary employees, or other services.

Hours Worked

Employees shall be compensated for all the time they are required to be on duty^H and shall be paid for all hours worked each workweek. Employees shall accurately record the hours they work each week.^I

The District shall determine the manner to be used by employees to accurately record the hours they work. Each employee shall record the exact time they commence and cease work including meal breaks. Employees arriving early may socialize with fellow workers who are off the clock, but shall not commence working without first recording their starting time.^J

Employees shall sign in/clock in where they start work and sign out/clock out at the site where they cease working. Employees who do not start and end their workday at the same site shall carry a time card or sheet with them to accurately record their times. They shall turn in their time sheets or cards to their immediate supervisor no later than the following Monday morning after reviewing them to be sure that they accurately reflect their hours worked for that week.⁴

Each employee is to personally record his or her own times. Any employee who signs in or out (or who punches a time clock) for another employee or who asks another employee to do so for him or her will be dismissed.

Employees whose normal workweek is less than forty (40) hours and who work more than their normal number of hours in a given workweek may, at the District's option, be given compensatory time for the hours they worked in excess of their normal workweek in lieu of their regular rate pay. Compensatory time given in this manner shall be subject to the same conditions regarding accumulation and use as compensatory time given in lieu of overtime pay.

Breaks and Meals

Each employee working more than twenty (20) hours per week shall be provided two (2), paid, fifteen (15) minute duty free breaks per workday.^K

Meal periods that are less than thirty (30) minutes in length or in which the employee is not relieved of duty are compensable.^L Employees with a bona fide meal period shall be completely relieved of their duty to allow them to eat their meal, which they may do away from their work site, in the school cafeteria, or in a break area.

The employee shall not engage in any work for the District during meal breaks except in rare and infrequent emergencies.

Covered employees who work thirty-five (35) hours a week and receive a duty free meal period shall be entitled⁵ to receive the two (2) paid breaks.

Overtime

Covered employees shall be compensated at not less than one and a half (1.5) times his or her regular rate of pay for all hours worked over forty (40) in a work week.^M Overtime compensation shall be computed on the basis of the hours worked in each week and may not be waived by either the employee or the District. Overtime compensation shall be paid on the next regular payday for the period in which the overtime was earned.^N

The rate of overtime pay for employees who work two (2) or more jobs for the District at different rates of pay shall be determined by creating a weighted average of the different rates (a.k.a. blended rate).^O The weighted average will be calculated by multiplying the number of hours worked during that week for each position by the position's rate of pay, combining the resulting amounts for each position (straight time pay), and dividing the straight time pay by the total number of hours the employee worked in that week. The weighted average

will then be multiplied by one half (0.5), which will then be multiplied by the number of hours the employee worked that week over forty (40).⁵

Provided the employee and the District have a written agreement or understanding before the work is performed,^P compensatory time off may be awarded in lieu of overtime pay for hours worked over forty (40) in a workweek and shall be awarded on a one-and-one-half (1 1/2) time basis for each hour of overtime worked.^Q The District reserves the right to determine if it will award compensatory time in lieu of monetary pay for the overtime worked. The maximum number of compensatory hours an employee may accumulate at a time is twenty (20).⁶ The employee must be able to take the compensatory time off within a reasonable period of time that is not unduly disruptive to the District.

An employee whose employment is terminated with the District, whether by the District or the employee, shall receive monetary compensation for unused compensatory time. Of the following methods, the one that yields the greatest money for the employee shall be used.

6. The average regular rate received by the employee during the last 3 years of employment. Or
7. The final regular rate received by the employee.^R

Overtime Authorization

There will be instances where the district's needs necessitate an employee work overtime. It is the Board's desire to keep overtime worked to a minimum. To facilitate this, employees shall receive authorization from their supervisor in advance of working overtime except in the rare instance when it is unforeseen and unavoidable.

All overtime worked will be paid in accordance with the provisions of the FLSA, but unless the overtime was pre-approved or fit into the exceptions noted previously, disciplinary action shall be taken for failure to follow District policy. In extreme and repeated cases, disciplinary action could include the termination of the employee.

Leave Requests

All covered employees shall submit a leave request form prior to taking the leave if possible. If a request for leave was not possible in advance due to unforeseen or emergency circumstances, the leave form shall be turned in the day the employee returns to work. Unless specifically granted by the Board for special circumstances, the reason necessitating the leave must fall within District policy.

Payment for leave could be delayed or not occur if an employee fails to turn in the required leave form. Leave may be taken in a minimum of four (4) hour increments.⁷

Record Keeping^S and Postings^T

The District shall keep and maintain records as required by the FLSA for the period of time^U required by the act.⁹

The District shall display minimum wage posters where employees can readily observe them.⁹¹⁰

Cooperation with Enforcement Officials^V

All records relating to the FLSA shall be available for inspection by, and District employees shall cooperate fully with, officials from the Department of Labor (DOL) and/or its authorized representatives in the performance of their jobs relating to:

- a. Investigating and gathering data regarding the wages, hours, and other conditions and practices of employment;
- b. Entering, inspecting, and/or transcribing the premises and its records;

- c. Questioning employees and investigating such facts as the inspectors deem necessary to determine whether any person has violated any provision of the FLSA.

8.12— Classified Personnel: Outside Employment

An employee of the District may not be employed in any other capacity during regular working hours.

An employee may not accept employment outside of his district employment which will interfere, or otherwise be incompatible with the District employment, including normal duties outside the regular work day; nor shall an employee accept other employment which is inappropriate for an employee of a public school.

The Superintendent, or his designee(s), shall be responsible for determining whether outside employment is incompatible, conflicting, or inappropriate.

When a classified employee is additionally employed by the District by a contract for a second classified position or to perform supplementary duties for a stipend or multiplier, the duties, expectations, and obligations of the primary position employment contract shall prevail over all other employment duties unless the needs of the district dictate otherwise. If there is a conflict between the expectations of the primary position and any other contracted position, the employee shall notify the employee's building principal as far in advance as is practicable. The Building principal shall verify the existence of the conflict by contacting the supervisor of the secondary contracted position. The building principal shall determine the needs of the district on a case-by-case basis and rule accordingly. The principal's decision is final with no appeal to the Superintendent or the School Board. Frequent conflicts or scheduling problems could lead to the non-renewal or termination of the conflicting contract of employment or the contract to perform the supplementary duties.

For employees who work two or more jobs for the District, the superintendent or designee shall specify the employee's primary job. If circumstances change, the determination can be changed to reflect the current needs of the District. Furthermore, if on any given day, one of the employee's jobs requires more hours worked than is customary, the District reserves the right to lessen the number of hours the employee may work in his/her other job such that the employee does not exceed forty (40) hours worked in that week.

Sick Leave and Outside Employment

Sick leave related absence from work (e.g. sick leave for personal or family illness or accident, Workers Comp, and FMLA) inherently means the employee is also incapable of working at any source of outside employment. Except as provided in policy 8.26, if an employee who works a non-district job while taking district sick leave for personal or family illness or accident, Workers Comp, or FMLA shall be subject to discipline up to and including termination.

8.13—Classified Personnel Employment

All prospective employees must fill out an application form provided by the District, in addition to any resume provided; all of the information provided is to be placed in the personnel file of those employed.

If the employee provides false or misleading information, or if he/she withholds information to the same effect, it may be grounds for dismissal. In particular, it will be considered a material misrepresentation and grounds for termination of contract of employment if an employee's application information is discovered to be other than as was represented by the employee, either in writing on application materials or in the form of representations made to the school district.

It is grounds for termination of contract of employment if an employee fails a criminal background check or receives a true report on the Child Maltreatment Central Registry check.¹ All classified employees shall complete, at District expense, a criminal records background check and Child Maltreatment Central Registry check at least one (1) time every five (5) years.

An employee who receives notification of a failure to pass a criminal background check or a true result on the Child Maltreatment Central Registry check shall have thirty (30) days following the notification to submit to the superintendent, or designee, a written request for a hearing before the Board to request a waiver. The written request should include any documentation, such as police reports, or other materials that are related to the event giving rise to the failed background check or true result on the Child Maltreatment Registry as well as information supporting your request for the waiver. Employees requesting a board hearing to request a waiver should be aware that this hearing is subject to the Arkansas Freedom of Information Act and it must be fully open to the public as a result.

For unlicensed individuals employed as teachers or administrators under a waiver, all teachers who begin employment in the 2023-2024 school year and each school year thereafter shall demonstrate proficiency or awareness in knowledge and practices in scientific reading instruction as is applicable to their teaching position by completing the prescribed proficiency or awareness in knowledge and practices of the scientific reading instruction credential either as a condition of licensure or within one (1) year for teachers who are already licensed or employed as a teacher under a waiver from licensure.²

Before the superintendent may make a recommendation to the Board that an individual be hired by the District, the superintendent shall check the Arkansas Educator Licensure System to determine if the individual has a currently suspended or revoked teaching license or a current Level 3 or Level 4 public notification of ethics violation. An individual with a currently suspended license or whose license has been revoked by the State Board of Education is not eligible to be employed by the District; this prohibition includes employment as a substitute teacher, whether directly employed by the District or providing substitute teaching services under contract with an outside entity. An individual with a current Level 3 or Level 4 public notification of ethics violation shall not be recommended for employment by the District.

The District is an equal opportunity employer and shall not discriminate on the grounds of race, color, religion, national origin, sex, pregnancy, sexual orientation, gender identity, age, disability, or genetic information.³

Inquiries on non-discrimination may be directed to the Superintendent⁴, who may be reached at 479-394-2348⁵.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

For further information on notice of non-discrimination or to file a complaint, visit <http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm>; for the address and phone number of the office that serves your area, or call 1-800-421-3481.

In accordance with Arkansas law⁶, the District provides a veteran preference to applicants who qualify for one of the following categories:

1. A veteran without a service-connected disability;
2. A veteran with a service-connected disability; and
3. A deceased veteran's spouse who is unmarried throughout the hiring process.

For purposes of this policy, "veteran" is defined as:

- a. A person honorably discharged from a tour of active duty, other than active duty for training only, with the armed forces of the United States; or
- b. Any person who has served honorably in the National Guard or reserve forces of the United States for a period of at least six (6) years, whether or not the person has retired or been discharged.

In order for an applicant to receive the veteran's preference, the applicant must be a citizen and resident of Arkansas, be substantially equally qualified as other applicants and do all of the following:

1. Indicate on the employment application the category the applicant qualifies for;
2. Attach the following documentation, **as applicable**, to the employment application:
 - Form DD-214 indicating honorable discharge;
 - A letter dated within the last six months from the applicant's command indicating years of service in the National Guard or Reserve Forces as well as the applicant's current status;
 - Marriage license;
 - Death certificate;
 - Disability letter from the Veteran's Administration (in the case of an applicant with a service-related disability).

Failure of the applicant to comply with the above requirements shall result in the applicant not receiving the veteran preference; in addition, meeting the qualifications of a veteran or spousal category does not guarantee either an interview or being hired.

Employees are free to engage in political activity outside of work hours and to the extent that it does not affect the performance of their duties or adversely affect important working relationships.

It is specifically forbidden for employees to engage in political activities on the school grounds or during work hours. The following activities are forbidden on school property:

1. Using students for preparation or dissemination of campaign materials;
2. Distributing political materials;
3. Distributing or otherwise seeking signatures on petitions of any kind;
4. Posting political materials;
5. Discussing political matters with students, in or out of the classroom, in other than circumstances appropriate to the employee's responsibilities to the students and where a legitimate pedagogical reason exists.

8.18— Classified Personnel Debts

For the purposes of this policy, "garnishment" of a district employee is when the employee has lost a lawsuit to a judgment creditor who brought suit against a school district employee for an unpaid debt, has been awarded money damages as a result, and these damages are recoverable by filing a garnishment action against the employee's wages. For the purposes of this policy, the word "garnishment" excludes such things as child support, student loan or IRS liens or deductions levied against an employee's wages.

All employees are expected to meet their financial obligations. If an employee writes “hot” checks or has his income garnished by a judgment creditor, dismissal may result.

An employee will not be dismissed for having been the subject of one (1) garnishment. However, a second or third garnishment may result in dismissal.

At the discretion of the Superintendent, he or his designee may meet with an employee who has received a second garnishment for the purpose of warning the employee that a third garnishment will result in a recommendation of dismissal to the School Board.

At the discretion of the Superintendent, a second garnishment may be used as a basis for a recommended dismissal. The Superintendent may take into consideration other factors in deciding whether to recommend dismissal based on a second garnishment. Those factors may include, but are not limited to, the amount of the debt, the time between the first and the second garnishment, and other financial problems which come to the attention of the District.

8.19—Classified Personnel Grievances

The purpose of this policy is to provide an orderly process for employees to resolve, at the lowest possible level, their concerns related to the personnel policies or salary payments of this district.

Definitions

“Employee” means any person employed under a written contract by this school district.

“Grievance” means a claim or concern raised by an individual employee of this school district related to the interpretation, application, or claimed violation of the personnel policies, including salary schedules; federal laws and regulations; state laws and rules; or terms or conditions of employment. Other matters for which the means of resolution are provided or foreclosed by statute or administrative procedures shall not be considered grievances. Specifically, no grievance may be entertained against a supervisor for directing, instructing, reprimanding, or “writing up” an employee under his/her supervision.¹ A group of employees who have the same grievance may file a group grievance.

“Group Grievance” means a grievance that may be filed as a group all of the following criteria are met and the group’s issue is a subject that may be grieved under this policy’s definition of grievance:

- d. More than one individual has interest in the matter; and
- e. The group has a well-defined common interest in the facts and/or circumstances of the grievance; and
- f. The group has designated an employee spokesperson to meet with administration and/or the board;
and
- g. All individuals within the group are requesting the same relief.

Simply meeting all of the criteria above alone does not ensure that the subject presented by the group is eligible to be grieved.

“Immediate Supervisor” means the person immediately superior to an employee who directs and supervises the work of that employee.

“Working day” means any weekday other than a holiday whether or not the employee under the provisions of their contract is scheduled to work or whether they are currently under contract.

Process

Level One: An employee who believes that he/she has a grievance shall inform that employee's immediate supervisor that the employee has a potential grievance. Except for a grievance concerning back pay, the employee must inform his/her immediate supervisor of the existence of a potential grievance within five (5) working days of the occurrence of the grievance. The supervisor shall schedule a conference with the employee to hear the employee's potential grievance that shall be held no later than five (5) working days after the supervisor is informed of the existence of the potential grievance and offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. If the grievance is not advanced to Level Two within five (5) working days following the conference, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

If the grievance cannot be resolved by the immediate supervisor, the employee can advance the grievance to Level Two. To do this, the employee must complete the top half of the Level Two Grievance Form within five (5) working days of the discussion with the immediate supervisor, citing the manner in which the specific personnel policy was violated that has given rise to the grievance, and submit the Grievance Form to his/her immediate supervisor. The supervisor will have ten (10) working days to respond to the grievance using the bottom half of the Level Two Grievance Form which he/she will submit to the building principal or, in the event that the employee's immediate supervisor is the building principal, the superintendent.

Level Two (when appeal is to the building principal): Upon receipt of a Level Two Grievance Form, the building principal will have ten (10) working days to schedule a conference with the employee filing the grievance. The principal shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the principal will have ten (10) working days in which to deliver a written response to the grievance to the employee. If the grievance is not advanced to Level Three within five (5) working days from the date of the principal's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

Level Two (when appeal is to the superintendent): Upon receipt of a Level Two Grievance Form, the superintendent will have ten (10) working days to schedule a conference with the employee filing the grievance. The superintendent shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the superintendent will have ten (10) working days in which to deliver a written response to the grievance to the employee.

Level Three: If the proper recipient of the Level Two Grievance was the building principal, and the employee remains unsatisfied with the written response to the grievance, the employee may advance the grievance to the superintendent by submitting a copy of the Level Two Grievance Form and the principal's reply to the superintendent within five (5) working days of his/her receipt of the principal's written reply. The superintendent will have ten (10) working days to schedule a conference with the employee filing the grievance. The superintendent shall offer the employee an opportunity to have a witness or representative who is not a member of the employee's immediate family present at their conference. After the conference, the superintendent will have ten (10) working days in which to deliver a written response to the grievance to the employee.

Appeal to the Board of Directors: An employee who remains unsatisfied by the written response of the superintendent may appeal the superintendent's decision to the Board of Directors within five (5) working days of his/her receipt of the Superintendent's written response by submitting a written request for a board

hearing to the superintendent². If the grievance is not appealed to the Board of Directors within five (5) working days of his/her receipt of the superintendent's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

The school board will address the grievance at the next regular meeting of the school board, unless the employee agrees in writing to an alternate date for the hearing. Based on a review of the Level Two Grievance Form and the superintendent's reply, the board shall:

- a. For a grievance filed as an individual, determine if the grievance, on its face, is a subject that may be grieved under district policy.
- b. For a grievance that is filed as a group grievance, review the composition of the group and either:
 - Rule that the group has met the requirements to qualify as a group grievance and then determine whether the matter of the grievance is, on its face, a subject that may be grieved under District policy; or
 - Rule that the composition of the group does not meet the definition of a group grievance under District policy.

If the Board rules that the grievance, whether filed as an individual or as a group, is not a subject that may be grieved, the matter shall be considered closed. If the Board rules that the composition of the group does not meet the definition of a group grievance under District policy, employees who had filed a grievance as part of a group grievance that the Board ruled to not meet the policy's definition of a group grievance may choose to subsequently file an individual grievance by starting with Level One of the process; in such cases, a grievance will be considered to be timely filed if the notification of the employee's supervisor requirement under Level 1 is made within five (5) work days of the Board meeting where the Board ruled that the proposed group grievance did not meet the policy's definition of a group grievance.

If the Board rules the grievance to be a subject that may be grieved, they shall immediately commence a hearing on the grievance. All parties have the right to representation at the appeal hearing by a person of their own choosing except that no party shall be represented by an individual who is a member of the employee's immediate family. The employee shall have no less than ninety (90) minutes to present his/her grievance, unless a shorter period is agreed to by the employee, and both parties shall have the opportunity to present and question witnesses. The hearing shall be open to the public unless the employee requests a private hearing. If the hearing is open to the public, the parent or guardian of any student under the age of eighteen (18) years who gives testimony may elect to have the student's testimony given in closed session. At the conclusion of the hearing, if the hearing was closed, the Board of Directors may excuse all parties except board members and deliberate, by themselves, on the hearing. At the conclusion of an open hearing, board deliberations shall also be in open session unless the board is deliberating the employment, appointment, promotion, demotion, disciplining, or resignation of the employee. A decision on the grievance shall be announced no later than the next regular board meeting.

Records

Records related to grievances will be filed separately and will not be kept in, or made part of, the personnel file of any employee.

Reprisals

No reprisals of any kind will be taken or tolerated against any employee because he/she has filed or advanced a grievance under this policy.

8.20— Classified Personnel Sexual Harassment

The Ouachita River School District is committed to providing an academic and work environment that treats all students and employees with respect and dignity. Student achievement and amicable working relationships are best attained in an atmosphere of equal educational and employment opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational and work environment and will not be tolerated.

The District believes the best policy to create an educational and work environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- the nature of sexual harassment;
- The District's written procedures governing the formal complaint grievance process;¹
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students and employees can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Education program or activity" includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

"Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

5. A District employee:
 - e. Conditions the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;² or
 - f. Uses the rejection of unwelcome sexual conduct as the basis for academic decisions affecting that individual;²
6. The conduct is:
 - o. Unwelcome; and
 - p. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
 - q. Constitutes:
 - r. Sexual assault;
 - s. Dating violence
 - t. Domestic violence; or
 - u. Stalking.

"Supportive measures" means individualized services that are offered to the complainant or the respondent designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of

supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; non-employees and students; employees; and employees and non-employees.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person's alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the student self-identifies as homosexual or transgender.

Employees who believe they have been subjected to sexual harassment are encouraged to submit a report to their immediate supervisor, an administrator, or the Title IX coordinator. Under no circumstances shall an employee be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the sexual harassment. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to both the complainant and respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide the individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of

supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - ✚ The identities of the parties involved in the incident, if known;
 - ✚ The conduct allegedly constituting sexual harassment; and
 - ✚ The date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District's personnel policies and code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the

- advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
 - Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation; this includes evidence:
 - Whether obtained from a party or other source;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either inculpatory or exculpatory; and
 - Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)³ days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)³ days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

Following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

13. Identification of the allegations potentially constituting sexual harassment;
14. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - k. Any notifications to the parties;
 - l. Interviews with parties and witnesses;
 - m. site visits;
 - n. Methods used to gather other evidence; and
 - o. Hearings held;
15. Findings of fact supporting the determination;
16. Conclusions regarding the application of the District's personnel policies or code of conduct to the facts;
17. A statement of, and rationale for, the result as to each allegation, including:
 - g. A determination regarding responsibility;
 - h. Any disciplinary sanctions imposed on the respondent; and

- i. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
18. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's personnel policies or code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- i. The existence of a procedural irregularity that affected the outcome of the matter;
- j. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- k. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- l. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

15. Notify the other party in writing when an appeal is filed;
16. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
17. Implement appeal procedures equally for both parties;
18. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;

19. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
20. Issue a written decision describing the result of the appeal and the rationale for the result; and
21. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

- ✚ Any individual who has made a report or complaint of sex discrimination;
- ✚ Any individual who has made a report or filed a formal complaint of sexual harassment;
- ✚ Any complainant;
- ✚ Any individual who has been reported to be the perpetrator of sex discrimination;
- ✚ Any respondent; and
- ✚ Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Administrative Leave⁶

The District may place a non-student employee respondent on administrative leave during the pendency of the District's grievance process.

Retaliation Prohibited

Employees who submit a report or file a formal complaint of sexual harassment, testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for personnel policy violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student or employee to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any employee who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, termination. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Employees who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including termination. A determination that the allegations do

not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Notes: ¹ 34 C.F.R. § 106.44 **requires** that a district have procedures governing the grievance process and the appeals process to accompany this policy. The procedures are required to cover all of the following:

- Direct that complainants and respondents shall be treated equitably by:
 - Offering supportive measures to the complainant;
 - Completing the District's grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.
 - Providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent that are designed to restore or preserve equal access to the District's education program or activity, which may include the same individualized supportive measures;
 - Require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence;
 - Provide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;
 - Require that any individual designated by the District as a Title IX Coordinator, investigator, or decision-maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- Indicate that individuals selected by the District as Title IX Coordinators, investigators, and decision-makers have received training on:
 - The definition of sexual harassment;
 - The scope of the District's education program or activity;
 - How to conduct an investigation and the grievance process, including appeals;
 - How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and
 - Issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant; and
 - Issues of relevance to create an investigative report that fairly summarizes relevant evidence;

- Provide the District webpage where the materials used to train the District’s Title IX Coordinators, investigators, and decision-makers is located;
- Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process;
- Include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals;³
- A process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action, which may include:
 - The absence of a party, a party’s advisor, or a witness;
 - Concurrent law enforcement activity; or
 - The need for language assistance or accommodation of disabilities;
- Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the District may implement following any determination of responsibility;
- State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard;⁷
- Include the procedures and permissible bases for the complainant and respondent to appeal;
- Describe the range of supportive measures available to complainants and respondents; and
- Indicate that the District shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party’s voluntary, written consent or that party’s voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process.

² While we have left the language from the definition for sexual harassment from 34 C.F.R. § 106.30 requiring that the sexual conduct with an employee must be “unwelcome” in this policy, we have removed the word “unwelcome” from the student policy as A.C.A § 12-18-103 prohibits sexual conduct between district employees and students regardless of whether the student considers the sexual conduct to be welcome or unwelcome.

³ The minimum number of days you are required to provide for the parties to review the evidence is ten (10) days. Make sure that the number of days you include here matches with the time frame included in your procedures governing the grievance process.

⁴ As A.C.A. § 6-18-502(c)(1)(B) provides that the superintendent has the authority to “modify the prescribed penalties for a student on a case-by-case basis”, we have left this appeal option in this policy in recognition that an employee may be sexually harassed by a student. 34 C.F.R. § 106.45 requires that either party must have an equal opportunity to appeal for the stated reasons; therefore both the complainant and respondent have the right to appeal the initial determination-maker’s disciplinary sanctions.

⁵ While the Family Educational Rights and Privacy Act (FERPA) ordinarily requires that documents containing information about more than one student be redacted so that a student may only view the portion of the educational record that is relevant to that particular student, 34 C.F.R. § 106.6 provides that FERPA does not apply to the extent necessary to provide due process to both parties involved in

the grievance process; this includes allowing either party to review the names of the other party as well as any witnesses who have provided evidence relevant to the investigation.

⁶ The language here does not change an individual's rights under the IDEA, Section 504, or the ADA.

⁷ We have opted to use the preponderance of the evidence standard for determination of responsibility. If you choose to use the clear and convincing evidentiary standard instead, change the language here to indicate so and make sure that your procedures indicate so as well. 34 C.F.R. § 106.45 requires that you use the same evidentiary standard for both students and employees.

8.23—Classified Personnel Family Medical Leave*

The Family and Medical Leave Act (FMLA) offers job protection for leave that might otherwise be considered excessive absences. Employees need to carefully comply with this policy to ensure they do not lose FMLA protection due to inaction or failure to provide the District with needed information. The FMLA provides up to twelve (12) work weeks (or, in some cases, twenty-six (26) weeks) of job-protected leave to eligible employees with absences that qualify under the FMLA. While an employee can request FMLA leave and has a duty to inform the District, as provided in this policy, of foreseeable absences that may qualify for FMLA leave, it is the District's ultimate responsibility to identify qualifying absences as FMLA or non-FMLA. FMLA leave is unpaid, except to the extent that paid leave applies to any given absence as governed by the FMLA and this policy.

SECTION ONE— FMLA LEAVE GENERALLY

Definitions

"Eligible Employee" is an employee who has:

3. Been employed by the District for at least twelve (12) months, which are not required to be consecutive; and
4. Performed at least 1250 hours of service during the twelve (12) month period immediately preceding the commencement of the leave.¹

"FMLA" is the Family and Medical Leave Act

"Health Care Provider" means:

- f. A doctor of medicine or osteopathy who is authorized to practice medicine or surgery (as appropriate) by the State in which the doctor practices;
- g. Podiatrists, dentists, clinical psychologists, optometrists, and chiropractors (limited to treatment consisting of manual manipulation of the spine to correct a subluxation as demonstrated by X-ray to exist) authorized to practice in the State and performing within the scope of their practice as defined under State law;
- h. Nurse practitioners, nurse-midwives, clinical social workers and physician assistants who are authorized to practice under State law and who are performing within the scope of their practice as defined under State law;

- i. Christian Science Practitioners listed with the First Church of Christ, Scientist in Boston, Massachusetts. Where an employee or family member is receiving treatment from a Christian Science practitioner, an employee may not object to any requirement from an employer that the employee or family member submit to examination (though not treatment) to obtain a second or third certification from a health care provider other than a Christian Science practitioner except as otherwise provided under applicable State or local law or collective bargaining agreement; or
- j. Any other person determined by the U.S. Secretary of Labor to be capable of providing health care services.

“Instructional Employee” is an employee whose principal function is to teach and instruct students in a class, a small group, or an individual setting and includes athletic coaches, driving instructors, preschool teachers, and special education assistants such as signers for the hearing impaired. The term does not include, and the special rules related to the taking of leave near the end of a semester do not apply to: teacher assistants or aides who do not have as their principal job actual teaching or instructing, administrators, counselors, librarians, psychologists, and curriculum specialists.

“Intermittent leave” is FMLA leave taken in separate blocks of time due to a single qualifying reason. A reduced leave schedule is a leave schedule that reduces an employee’s usual number of working hours per workweek, or hours per workday. A reduced leave schedule is a change in the employee’s schedule for a period of time, normally from full-time to part-time.

“Next of Kin”, used in respect to an individual, means the nearest blood relative of that individual.

“Parent” is the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a son or a daughter. This term does not include parents “in-law.”

“Serious Health Condition” is an injury, illness, impairment, or physical or mental condition that involves inpatient care in a hospital, hospice, or residential medical facility or continuing treatment by a health care provider.

“Son or daughter”, for numbers 1, 2, or 3 below, is a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age eighteen (18), or age eighteen (18) or older and “incapable of self-care because of a mental or physical disability” at the time that FMLA leave is to commence.²

“Year” the twelve (12) month period of eligibility shall begin on July first of each school-year.³

Policy

The provisions of this policy are intended to be in line with the provisions of the FMLA. If any conflict(s) exist, the Family and Medical Leave Act of 1993, as amended, shall govern.

Leave Eligibility

The District will grant up to twelve (12) weeks of leave in a year in accordance with the FMLA, as amended, to its eligible employees for one or more of the following reasons:

- 7. Because of the birth of a son or daughter of the employee and in order to care for such son or daughter;
- 8. Because of the placement of a son or daughter with the employee for adoption or foster care;
- 9. To care for the spouse, son, daughter, or parent, of the employee, if such spouse, son, daughter, or parent has a serious health condition;

10. Because of a serious health condition that makes the employee unable to perform the functions of the position of such employee; and
11. Because of any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces. (See Section Two)
12. To care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury. (See Section Two)

The entitlement to leave for reasons 1 and 2 listed above shall expire at the end of the twelve (12) month period beginning on the date of such birth or placement.

A legally married couple who are both eligible employees employed by the District may not take more than a combined total of twelve (12) weeks of FMLA leave for reasons 1, 2, or to care for a parent under number 3.

Provisions Applicable to both Sections One and Two

District Notice to Employees

The District shall post, in conspicuous places in each school within the District where notices to employees and applicants for employment are customarily posted, a notice explaining the FMLA's provisions and providing information about the procedure for filing complaints with the Department of Labor.⁴

Designation Notice to Employee

When an employee requests FMLA leave or the District determines that an employee's absence may be covered under the FMLA, the District shall provide written notice within five (5) business days (absent extenuating circumstances) to the employee of the District's determination of his/her eligibility for FMLA leave.⁵ If the employee is eligible, the District may request additional information from the employee and/or certification from a health care provider to help make the applicability⁶ determination. After receiving sufficient information as requested, the District shall provide a written notice within five (5) business days (absent extenuating circumstances) to the employee of whether the leave qualifies as FMLA leave and will be so designated.⁷

If the circumstances for the leave don't change, the District is only required to notify the employee once of the determination regarding the designation of FMLA leave within any applicable twelve (12) month period.

Employees who receive notification that the leave request does not qualify under the FMLA are expected to return to work; further absences that are not otherwise excused could lead to discipline for excessive absences, or termination for job abandonment.

Concurrent Leave Under the FMLA

All FMLA leave is unpaid unless substituted by applicable accrued leave. The District requires employees to substitute any applicable accrued leave (in the order of sick, personal, or vacation leave as may be applicable) for any period of FMLA leave.⁶

An employee who does not have enough accrued leave to cover the number of days of FMLA leave taken shall not have his/her number of contract days altered because some of the FMLA leave taken was unpaid.

Working at another Job while Taking FMLA for Personal or Family Serious Medical Condition

No employee on FMLA leave for their own serious medical condition may perform work at another, non-district job while on FMLA leave. Except as provided in policy 8.36, employees who do perform work at

another, non-district job while on FMLA leave for their own serious medical condition will be subject to discipline, which could include termination or nonrenewal of their contract of employment.

No employee on FMLA leave for the serious medical condition of a family member may perform work at another, non-district job while on FMLA leave. Employees who do perform work at another, non-district job while on FMLA leave for the serious medical condition of a family member will be subject to discipline, which could include termination or nonrenewal of their contract of employment.

Health Insurance Coverage

The District shall maintain coverage under any group health plan for the duration of FMLA leave the employee takes at the level and under the conditions coverage would have been provided if the employee had continued in active employment with the District. Additionally, if the District makes a change to its health insurance benefits or plans that apply to other employees, the employee on FMLA leave must be afforded the opportunity to access additional benefits and/or the same responsibility for changes to premiums. Any changes made to a group health plan that apply to other District employees, must also apply to the employee on FMLA leave. The District will notify the employee on FMLA leave of any opportunities to change plans or benefits. The employee remains responsible for any portion of premium payments customarily paid by the employee. When on unpaid FMLA leave, it is the employee's responsibility to submit his/her portion of the cost of the group health plan coverage to the district's business office on or before it would be made by payroll deduction.⁸

The District has the right to pay an employee's unpaid insurance premiums during the employee's unpaid FMLA leave to maintain the employee's coverage during his/her leave. The District may recover the employee's share of any premium payments missed by the employee for any FMLA leave period that the District maintains health coverage for the employee by paying his/her share. Such recovery shall be made by offsetting the employee's debt through payroll deductions or by other means against any monies owed the employee by the District.

An employee who chooses to not continue group health plan coverage while on FMLA leave is entitled to be reinstated on the same terms as prior to taking the leave, including family or dependent coverages, without any qualifying period, physical examination, exclusion of pre-existing conditions, etc.⁹

If an employee gives unequivocal notice of an intent not to return to work, or if the employment relationship would have terminated if the employee had not taken FMLA leave, the District's obligation to maintain health benefits ceases.

If the employee fails to return from leave after the period of leave the employee was entitled has expired, the District may recover the premiums it paid to maintain health care coverage unless:

- c. The employee fails to return to work due to the continuation, reoccurrence, or onset of a serious health condition that entitles the employee to leave under reasons 3 or 4 listed above; and/or
- d. Other circumstances exist beyond the employee's control.

Circumstances under "a" listed above shall be certified by a licensed, practicing health care provider verifying the employee's inability to return to work.

Reporting Requirements During Leave

Unless circumstances exist beyond the employee's control, the employee shall inform the district every two (2) weeks¹⁰ during FMLA leave of his/her current status and intent to return to work.

Return to Previous Position

An employee returning from FMLA leave is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment. An equivalent position must involve the same or substantially similar duties and responsibilities, which must entail substantially equivalent skill, effort, and authority.

The employee's right to return to work and/or to the same or an equivalent position does not supersede any actions taken by the District, such as conducting a RIF, that the employee would have been subject to had the employee not been on FMLA leave at the time of the District's actions.

Leave Acquired Through Fraud

If it is discovered that an employee engaged in fraud or otherwise provided the District with documentation that includes a material misrepresentation of fact in order to receive FMLA leave, the District may discipline the employee up to and including termination.

Provisions Applicable to Section One

Employee Notice to District

Foreseeable Leave

When the need for leave is foreseeable for reasons 1 through 4 listed above, the employee shall provide the District with at least thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave for the specified reason. An eligible employee who has no reasonable excuse for his/her failure to provide the District with timely advance notice of the need for FMLA leave may have his/her FMLA coverage of such leave delayed until thirty (30) days after the date the employee provides notice.

If there is a lack of knowledge of approximately when the leave will be required to begin, a change in circumstances, or an emergency, notice must be given as soon as practicable. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

When the need for leave is for reasons 3 or 4 listed above, the eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the District subject to the approval of the health care provider of the spouse, son, daughter, or parent of the employee.

If the need for FMLA leave is foreseeable less than thirty (30) days in advance, the employee shall notify the District as soon as practicable. If the employee fails to notify as soon as practicable, the District may delay granting FMLA leave for the number of days equal to the difference between the number of days in advance that the employee should have provided notice and when the employee actually gave notice.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case.

Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required, unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Medical Certification

Second and Third Opinions: In any case where the District has reason to doubt the validity of the initial certification provided, the District may require, at its expense, the employee to obtain the opinion of a second health care provider designated or approved by the employer. If the second opinion differs from the first, the District may require, at its expense, the employee to obtain a third opinion from a health care provider agreed upon by both the District and the employee. The opinion of the third health care provider shall be considered final and be binding upon both the District and the employee.

Recertification: The District may request, either orally or in writing, the employee obtain a recertification in connection with the employee's absence, at the employee's expense, no more often than every thirty (30) days unless one or more of the following circumstances apply:

- The original certification is for a period greater than thirty (30) days. In this situation, the District may require a recertification after the time of the original certification expires, but in any case, the District may require a recertification every six (6) months.
- The employee requests an extension of leave;
- Circumstances described by the previous certification have changed significantly; and/or
- The district receives information that casts doubt upon the continuing validity of the certification.

The employee must provide the recertification within fifteen (15) calendar days after the District's request.

No second or third opinion on a recertification may be required.

The District may deny FMLA leave if an eligible employee fails to provide a requested certification.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave for reasons 1 (as applicable), 2, 3, or 4 above, the District requires employees to substitute accrued sick, vacation, or personal leave for the period of FMLA leave.¹¹

To the extent the employee has accrued paid vacation or personal leave, any leave taken that qualifies for FMLA leave for reasons 1 or 2 above shall be paid leave and charged against the employee's accrued leave.

Workers' Compensation: FMLA leave may run concurrently with a workers' compensation absence when the injury is one that meets the criteria for a serious health condition. To the extent that workers' compensation benefits and FMLA leave run concurrently, the employee will be charged for any paid leave accrued by the employee at the rate necessary to bring the total amount of combined income up to 100% of usual contracted daily rate of pay. If the health care provider treating the employee for the workers' compensation injury certifies the employee is able to return to a "light duty job," but is unable to return to the employee's same or equivalent job, the employee may decline the District's offer of a "light duty job." As a result, the employee may lose his/her workers' compensation payments, but for the duration of the employee's FMLA leave, the employee will be paid for the leave to the extent that the employee has accrued applicable leave.

Return to Work¹²

If the District's written designation determination that the eligible employee's leave qualified as FMLA leave under reason 4 above stated that the employee would have to provide a "fitness-for-duty" certification from a health care provider for the employee to resume work, the employee must provide such certification prior to returning to work. The employee's failure to do so voids the District's obligation to reinstate the employee under the FMLA and the employee shall be terminated.

If the District's written designation determination that the eligible employee's leave qualified as FMLA leave under reason 4 above stated that the employee would have to provide a "fitness-for-duty" certification from a

health care provider for the employee to resume work **and** the designation determination listed the employee's essential job functions, the employee must provide certification that the employee is able to perform those functions prior to returning to work. The employee's failure to do so or his/her inability to perform his/her job's essential functions voids the District's obligation to reinstate the employee under the FMLA and the employee shall be terminated.

Failure to Return to Work

In the event that an employee is unable or fails to return to work within FMLA's leave timelines, the superintendent will make a determination at that time regarding the documented need for a severance of the employee's contract due to the inability of the employee to fulfill the responsibilities and requirements of his/her contract.

Intermittent or Reduced Schedule Leave

To the extent practicable, employees requesting intermittent or reduced schedule leave shall provide the District with not less than thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave.

Eligible employees may only take intermittent or reduced schedule leave for reasons 1 and 2 listed above if the District agrees to permit such leave upon the request of the employee. If the District agrees to permit an employee to take intermittent or reduced schedule leave for such reasons, the agreement shall be consistent with this policy's requirements governing intermittent or reduced schedule leave. The employee may be transferred temporarily during the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties.

Eligible employees may take intermittent or reduced schedule FMLA leave due to reasons 3 or 4 listed above when the medical need is best accommodated by such a schedule. The eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider.

When granting leave on an intermittent or reduced schedule for reasons 3 or 4 above that is foreseeable based on planned medical treatment, the District may temporarily transfer eligible employees for the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began. The employee will not be required to take more FMLA leave than necessary to address the circumstances requiring the need for the leave.

Special Provisions relating to Instructional Employees as Defined in This Policy

The FMLA definition of "instructional employees" covers a small number of classified employees. Any classified employee covered under the FMLA definition of an "instructional employee" and whose FMLA leave falls under the FMLA's special leave provisions relating to "instructional employees" shall be governed by the applicable portions of policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE.

SECTION TWO- FMLA LEAVE CONNECTED TO MILITARY SERVICE

Leave Eligibility

The FMLA provision of military associated leave is in two categories. Each one has some of its own definitions and stipulations. Therefore, they are dealt with separately in this Section of the policy. Definitions different than those in Section One are included under the respective reason for leave. Definitions that are the same as in Section One are NOT repeated in this Section.

Qualifying Exigency

An eligible employee may take FMLA leave for any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is on covered active duty (or has been notified of an impending call or order to covered active duty) in the Armed Forces. Examples include issues involved with short-notice deployment, military events and related activities, childcare and school activities, the need for financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, and other activities as defined by federal regulations.¹³

Definitions

“Covered active duty” means:

- in the case of a member of a **regular** component of the Armed Forces, duty during deployment of the member with the armed forces to a foreign country; and
- in the case of a member of a **reserve** component of the Armed Forces, duty during deployment of the member with the armed forces to a foreign country under a call to order to active duty under a provision of law referred to in section 101(a)(13)(B) of title 10, United States Code.

“Son or daughter on active duty or call to active duty status” means the employee's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the employee stood in loco parentis, who is on active duty or call to active duty status, and who is of any age.

Certification¹⁴

The District may require the eligible employee to obtain certification to help the district determine if the requested leave qualifies for FMLA leave for the purposes of a qualifying exigency. The District may deny FMLA leave if an eligible employee fails to provide the requested certification.

Employee Notice to District

Foreseeable Leave

When the necessity for leave for any qualifying exigency is foreseeable, whether because the spouse, son, daughter, or parent of the employee is on covered active duty, or because of notification of an impending call or order to covered active duty, the employee shall provide such notice to the District as is reasonable and practicable regardless of how far in advance the leave is foreseeable. As soon as practicable means as soon as both possible and practical, taking into account all of the facts and circumstances in the individual case.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case. Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave for any qualifying exigency, the District requires employees to substitute accrued vacation, or personal leave for the period of FMLA leave.

Intermittent or Reduced Schedule Leave

Eligible employees may take intermittent or reduced schedule leave for any qualifying exigency. The employee shall provide the district with as much notice as is practicable.

Special Provisions relating to Instructional Employees as Defined in This Policy

The FMLA definition of "instructional employees" covers a small number of classified employees. Any classified employee covered under the FMLA definition of an "instructional employee" and who's FMLA leave falls under the FMLA's special leave provisions relating to "instructional employees" shall be governed by the applicable portions of policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE.

Serious Illness

An eligible employee is eligible for leave to care for a spouse, child, parent or next of kin who is a covered servicemember with a serious illness or injury under the following conditions and definitions.

Definitions

"Covered Service Member" is:

3. A member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
4. A veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five (5) years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy.

"Outpatient Status", used in respect to a covered service member, means the status of a member of the Armed Forces assigned to:

- a. A military medical treatment facility as an outpatient; or
- b. A unit established for the purpose of providing command and control of members of the Armed Forces receiving medical care as outpatients.

"Parent of a covered service member" is a covered service member's biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the covered service member. This term does not include parents "in law."

"Serious Injury or Illness":

- A. In the case of a member of the Armed Forces, including the National Guard or Reserves, it means an injury or illness incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in line of duty on active duty in the Armed Forces) and that may render the member medically unfit to perform the duties of the member's office, grade, rank, or rating; and
- B. In the case of a veteran who was a member of the Armed Forces, including a member of the National Guard of Reserves, at any time during a period as a covered service member defined in this policy, it means a qualifying (as defined by the U.S. Secretary of Labor) injury or illness that was incurred by the member in the line of duty on active duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and that manifested itself before or after the member became a veteran.

“Son or daughter of a covered service member” means a covered service member's biological, adopted, or foster child, stepchild, legal ward, or a child for whom the covered service member stood in loco parentis, and who is of any age.²

“Year”, for leave to care for the serious injury or illness of a covered service member, the twelve (12) month period begins on the first day the eligible employee takes FMLA leave to care for a covered service member and ends twelve (12) months after that date.

An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member shall be entitled to a total of twenty-six (26) weeks of leave during one twelve (12) month period to care for the service member who has a serious injury or illness as defined in this policy. An eligible employee who cares for such a covered service member continues to be limited for reasons 1 through 4 in Section One and for any qualifying exigency to a total of twelve (12) weeks of leave during a year as defined in this policy. For example, an eligible employee who cares for such a covered service member for sixteen (16) weeks during a twelve (12) month period could only take a total of ten (10) weeks for reasons 1 through 4 in Section One and for any qualifying exigency. An eligible employee may not take more than twelve (12) weeks of FMLA leave for reasons 1 through 4 in Section One and for any qualifying exigency regardless of how little leave the eligible employee may take to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury.

If a legally married couple are both eligible employees employed by the District, the legally married couple are entitled to a combined total of twenty-six (26) weeks of leave during one twelve (12) month period to care for their spouse, son, daughter, parent, or next of kin who is a covered service member with a serious injury or illness, as defined in this policy. The leave taken by a legally married couple who care for such a covered service member continues to be limited to a total of twelve (12) weeks of FMLA leave for reasons 1 through 4 in Section One and for any qualifying exigency during a year, as defined in this policy, regardless of whether or not the legally married couple uses less than a combined total of fourteen (14) weeks to care for a covered service member with a serious injury or illness; moreover, the legally married couple's twelve (12) weeks are combined when taken for reasons 1, 2, or to care for a parent under reason 3 in Section One.

For example, a legally married couple who are both eligible employees and who care for such a covered service member for sixteen (16) weeks during a twelve (12) month period could:

1. Each take up to ten (10) weeks for reason 4 in section 1 or a qualifying exigency;
2. Take a combined total of ten (10) weeks for reasons 1, 2, or to care for a parent under reason 3 in Section One; or
3. Take a combination of numbers 1 and 2 that totals ten (10) weeks of leave.

Medical Certification¹⁵

The District may require the eligible employee to obtain certification of the covered service member's serious health condition to help the District determine if the requested leave qualifies for FMLA leave. The District may deny FMLA leave if an eligible employee fails to provide the requested certification.

Employee Notice to District

Foreseeable Leave

When the need for leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury is clearly foreseeable at least thirty (30) days in advance, the employee shall provide the District with no less than thirty (30) days' notice before the date the employee intends for the leave to begin for the specified reason. An eligible employee who has no reasonable excuse for his/her failure to provide the District with timely advance notice of the need for FMLA leave may have his/her FMLA coverage of such leave delayed until thirty (30) days after the date the employee provides notice.

If the need for FMLA leave is foreseeable less than thirty (30) days in advance, the employee shall notify the District as soon as practicable. If the employee fails to notify as soon as practicable, the District may delay granting FMLA leave for an amount of time equal to the difference between the length of time that the employee should have provided notice and when the employee actually gave notice.

When the need for leave is to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury, the employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the district subject to the approval of the health care provider of the spouse, son, daughter, or parent of the employee.

Unforeseeable Leave

When the approximate timing of the need for leave is not foreseeable, an employee shall provide the District notice of the need for leave as soon as practicable given the facts and circumstances of the particular case. Ordinarily, the employee shall notify the District within two (2) working days of learning of the need for leave, except in extraordinary circumstances where such notice is not feasible. Notice may be provided in person, by telephone, fax, email, or other electronic means. If the eligible employee fails to notify the District as required, unless the failure to comply is justified by unusual circumstances, the FMLA leave may be delayed or denied.

Substitution of Paid Leave

When an employee's leave has been designated as FMLA leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury, the District requires employees to substitute accrued sick, vacation, or personal leave for the period of FMLA leave.

Intermittent or Reduced Schedule Leave

To the extent practicable, employees requesting intermittent or reduced schedule leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury shall provide the District with at least thirty (30) days' notice, before the date the leave is to begin, of the employee's intention to take leave.

Eligible employees may take intermittent or reduced schedule FMLA leave to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury when the medical need is best accommodated by such a schedule. The eligible employee shall make a reasonable effort to schedule the treatment so as not to disrupt unduly the operations of the employer, subject to the approval of the health care provider.

When granting leave on an intermittent or reduced schedule to care for a spouse, child, parent or next of kin who is a covered service member with a serious illness or injury that is foreseeable based on planned medical treatment, the District may temporarily transfer eligible employees for the period of scheduled intermittent or reduced leave to an alternative position that the employee is qualified for and that better accommodates recurring periods of leave than does the employee's regular position. The alternative position shall have equivalent pay and benefits but does not have to have equivalent duties. When the employee is able to return to full-time work, the employee shall be placed in the same or equivalent job as he/she had when the leave began.

Special Provisions relating to Instructional Employees (as defined in this policy)

The FMLA definition of "instructional employees" covers a small number of classified employees. Any classified employee covered under the FMLA definition of an "instructional employee" and whose FMLA leave

falls under the FMLA's special leave provisions relating to "instructional employees" shall be governed by the applicable portions of policy 3.32—LICENSED PERSONNEL FAMILY MEDICAL LEAVE.

8.28— Drug Free Workplace - Classified Personnel

The conduct of district staff plays a vital role in the social and behavioral development of our students. It is equally important that the staff have a safe, healthful, and professional environment in which to work. To help promote both interests, the district shall have a drug free workplace. It is, therefore, the district's policy that district employees are prohibited from the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances, illegal drugs, inhalants, alcohol, as well as inappropriate or illegal use of prescription drugs. Such actions are prohibited both while at work or in the performance of official duties while off district property; violations of this policy will subject the employee to discipline, up to and including termination.

To help promote a drug free workplace, the district shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the district's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance abuse programs, and the penalties that may be imposed upon employees for drug abuse violations. (Insert substance abuse resources here.)¹

Should any employee be found to have been under the influence of, or in illegal possession of, any illegal drug or controlled substance, whether or not engaged in any school or school-related activity, and the behavior of the employee, if under the influence, is such that it is inappropriate for a school employee in the opinion of the superintendent, the employee may be subject to discipline, up to and including termination. This policy also applies to those employees who are under the influence of alcohol while on campus or at school-sponsored functions, including athletic events.

An employee living on campus or on school owned property is permitted to possess alcohol in his/her residence. The employee is bound by the restrictions stated in this policy while at work or performing his/her official duties.

Possession, use or distribution of drug paraphernalia by any employee, whether or not engaged in school or school-related activities, may subject the employee to discipline, up to and including termination. Possession

in one's vehicle or in an area subject to the employee's control will be considered to be possession as though the substance were on the employee's person.

It shall not be necessary for an employee to test at a level demonstrating intoxication by any substance in order to be subject to the terms of this policy. Any physical manifestation of being under the influence of a substance may subject an employee to the terms of this policy. Those physical manifestations include, but are not limited to: unsteadiness; slurred speech; dilated or constricted pupils; incoherent and/or irrational speech; or the presence of an odor associated with a prohibited substance on one's breath or clothing.

Should an employee desire to provide the District with the results of a blood, breath or urine analysis, such results will be taken into account by the District only if the sample is provided within a time range that could provide meaningful results and only by a testing agency chosen or approved by the District. The District shall not request that the employee be tested, and the expense for such voluntary testing shall be borne by the employee.

Any incident at work resulting in injury to the employee requiring medical attention shall require the employee to submit to a drug test, which shall be paid at the District's worker's compensation carrier's expense. Failure for the employee to submit to the drug test or a confirmed positive drug test indicating the use of illegal substances or the misuse of prescription medications shall be grounds for the denial of worker's compensation benefits in accordance with policy 8.36—CLASSIFIED PERSONNEL WORKPLACE INJURIES AND WORKERS' COMPENSATION.²

Any employee who is charged with a violation of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances or alcohol, or of drug paraphernalia, must notify his/her immediate supervisor within five (5) week days (i.e., Monday through Friday, inclusive, excluding holidays) of being so charged. The supervisor who is notified of such a charge shall notify the Superintendent immediately.

If the supervisor is not available to the employee, the employee shall notify the Superintendent within the five (5) day period.

Any employee so charged is subject to discipline, up to and including termination. However, the failure of an employee to notify his/her supervisor or the Superintendent of having been so charged shall result in that employee being recommended for termination by the Superintendent.

Any employee convicted of any criminal drug statute violation for an offense that occurred while at work or in the performance of official duties while off district property shall report the conviction within 5 calendar days to the superintendent. Within 10 days of receiving such notification, whether from the employee or any other source, the district shall notify federal granting agencies from which it receives funds of the conviction. Compliance with these requirements and prohibitions is mandatory and is a condition of employment.

Any employee convicted of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances, or of drug paraphernalia, shall be recommended for termination.

Any employee who must take prescription medication at the direction of the employee's physician, and who is impaired by the prescription medication such that he/she cannot properly perform his/her duties shall not report for duty. Any employee who reports for duty and is so impaired, as determined by his/her supervisor, will be sent home. The employee shall be given sick leave, if owed any. The District or employee will provide transportation for the employee, and the employee may not leave campus while operating any vehicle. It is the responsibility of the employee to contact his/her physician in order to adjust the medication, if possible, so

that the employee may return to his/her job unimpaired. Should the employee attempt to return to work while impaired by prescription medications, for which the employee has a prescription, he/she will, again, be sent home and given sick leave, if owed any. Should the employee attempt to return to work while impaired by prescription medication a third time the employee may be subject to discipline, up to and including a recommendation of termination.

Any employee who possesses, uses, distributes or is under the influence of a prescription medication obtained by a means other than his/her own current prescription shall be treated as though he was in possession, possession with intent to deliver, or under the influence, etc. of an illegal substance. An illegal drug or other substance is one which is (a) not legally obtainable; or (b) one which is legally obtainable, but which has been obtained illegally. The District may require an employee to provide proof from his/her physician and/or pharmacist that the employee is lawfully able to receive such medication. Failure to provide such proof, to the satisfaction of the Superintendent, may result in discipline, up to and including a recommendation of termination.

A report to the appropriate licensing agency shall be filed within seven (7) days of:

- 3) A final disciplinary action taken against an employee resulting from the diversion, misuse, or abuse of illicit drugs or controlled substances; or
- 4) The voluntary resignation of an employee who is facing a pending disciplinary action resulting from the diversion, misuse, or abuse of illicit drugs or controlled substances.

The report filed with the licensing authority shall include, but not be limited to:

- The name, address, and telephone number of the person who is the subject of the report; and
- A description of the facts giving rise to the issuance of the report.

When the employee is not a healthcare professional, law enforcement will be contacted regarding any final disciplinary action taken against an employee for the diversion of controlled substances to one (1) or more third parties.

8.29—Classified Personnel Video Surveillance and Other Monitoring

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras, automatic identification, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on district property and in or on district vehicles to notify students, staff, and visitors that video cameras may be in use. Violations of school personnel policies or laws caught by the cameras and other technologies authorized in this policy may result in disciplinary action. The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording.

Videos , automatic identification, or data compilations containing evidence of a violation of district personnel policies and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or staff handbook; any release or viewing of such records shall be in accordance with current law.

Staff who vandalize, damage, defeat, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

Video recordings and automatic identification or data compilation records may become a part of a staff member's personnel record.

8.30—Classified Personnel Reduction in Force

SECTION ONE

The School Board acknowledges its authority to conduct a reduction in force (RIF) when a decrease in enrollment or other reason(s) make such a reduction necessary or desirable. A RIF will be conducted when the need for a reduction in the work force exceeds the normal rate of attrition for that portion of the staff that is in excess of the needs of the district as determined by the superintendent.

In effecting a reduction in force, the primary goals of the school district shall be: what is in the best interests of the students; to maintain accreditation in compliance with the Standards Accreditation of Arkansas Public Schools and/or the North Central Association; and the needs of the district. A reduction in force will be implemented when the superintendent determines it is advisable to do so and shall be effected through non-renewal, termination, or both. Any reduction in force will be conducted by evaluating the needs and long- and short-term goals of the school district in relation to the staffing of the district.

If a reduction in force becomes necessary, the RIF shall be conducted separately for each occupational category of classified personnel identified within the district on the basis of each employee's years of service. The employee within each occupational category with the least years of experience will be non-renewed first. The employee with the most years of employment in the district as compared to other employees in the same

category shall be non-renewed last. In the event that employees within a given occupational category have the same length of service to the district the one with the earlier hire date, based on date of board action, will prevail.

When the District is conducting a RIF, all potentially affected classified employees shall receive a listing of the personnel within their category with corresponding totals of years of service. Upon receipt of the list, each employee has ten (10) working days within which to appeal his or her total years of service to the superintendent whose decision shall be final. Except for changes made pursuant to the appeals process, no changes will be made to the list that would affect an employee's total after the list is released.

Total years of service to the district shall include non-continuous years of service; in other words, an employee who left the district and returned later will have the total years of service counted, from all periods of employment. Working fewer than one hundred sixty (160) days in a school year shall not constitute a year. Length of service in a licensed position shall not count for the purpose of length of service for a classified position.

Except as may occur during a RIF in the District's teaching staff, there is no right or implied right for any employee to "bump" or displace any other employee. When there is a RIF of the District's teaching staff, a teacher with full licensure in a position shall prevail over a teacher with greater points but who is lacking full licensure in that subject area. "Full licensure" means an initial, or standard, non-contingent license to teach in a subject area or grade level, in contrast with a license that is provisional; temporary; or conditional on the fulfillment of additional course work or passing exams or any other requirement of the Division of Elementary and Secondary Education, other than the attainment of annual professional development training; or teaching under a waiver from licensure. The exception for a RIF in the District's teaching staff specifically does not allow a licensed employee who might wish to assume a classified position to displace a classified employee.

Pursuant to any reduction in force brought about by consolidation or annexation and as a part of it, the salaries of all employees will be brought into compliance, by a partial RIF if necessary, with the receiving district's salary schedule. Further adjustments will be made if length of contract or job assignments change.¹ A Partial RIF may also be conducted in conjunction with any job reassignment whether or not it is conducted in relation to an annexation or consolidation.

Option 2

For a period of up to two (2) years from the date of board action on the classified employee's non-renewal or termination recommendation under this policy, a classified employee shall be offered an opportunity to fill a classified vacancy comparable as to pay, responsibility and contract length to the position from which the employee was non-renewed, and for which he or she is qualified. The non-renewed employee shall be eligible to be recalled for a period of two (2) years in reverse order of the non-renewal to any position for which he or she is qualified. No right of recall shall exist for non-renewal from a stipend, or non-renewal or reduction of a stipend, or non-renewal to reduce contract length.

Notice of vacancies to non-renewed employees shall be by first class mail to all employees reasonably believed to be both qualified for and subject to rehire for a particular position and they shall have ten (10) working days from the date the notification is mailed in which to conditionally accept or reject the offer of a position with the actual offer going to the qualified employee with the most years of service who responds within the ten (10) day time period. A lack of response, as evidenced by an employee's failure to respond within ten (10) working days, or a non-renewed employee's express refusal of an offer of a position or an employee's acceptance of a position but failure to sign an employment contract within two (2) business days

of the contract being presented to the employee shall constitute a rejection of the offered position and shall end the district's obligation to rehire the non-renewed employee. No further rights to be rehired because of the reduction in force shall exist.

SECTION TWO²

Option A²

In the event the district is involved in an annexation or consolidation, employees from all the districts involved will be ranked according to years of service. A year of employment at an annexed or consolidated district will be counted the same as a year at the receiving or resulting district. No credit for years of service will be given at other public or private schools, or for higher education or Educational Service Cooperative employment.

8.34—Classified Personnel Duties as Mandated Reporters

It is the statutory duty of school district employees to:

- If the employee has reasonable cause to suspect child abuse or maltreatment, then the employee shall directly and personally report these suspicions to the Arkansas Child Abuse Hotline: by calling 1-800-482-5964; by calling the child maltreatment hotline at 1-800-482-5964 and submitting a report through fax to the child maltreatment hotline; or if the employee can demonstrate that the child maltreatment, neglect, or abuse is not an emergency, then the employee may notify the child maltreatment hotline through submission of a fax only. Failure to report suspected child abuse, maltreatment, or neglect through the Hotline can lead to criminal prosecution and individual civil liability of the person who has this duty. Notification of local or state law enforcement does not satisfy the duty to report; only notification by means of the Child Abuse Hotline discharges this duty.
- If the employee has a good faith belief that there is a serious and imminent threat to the public based on a threat made by an individual regarding violence in or targeted at a school that has been communicated to the employee in the ordinary course of his/her professional duties, then the employee shall make every attempt to immediately notify law enforcement of the serious and imminent threat to the public and have notified law enforcement within twenty-four (24) hours of learning of the serious and imminent threat to the public.

The duty of mandated reporters to report suspected child abuse or maltreatment or serious and imminent threats to the public is a direct and personal duty, and cannot be assigned or delegated to another person. There is no duty to investigate, confirm or substantiate statements a student may have made which form the basis of the reasonable cause to believe that the student may have been abused or subjected to maltreatment by another person or that form the basis of the serious and imminent threat to the public; however, a person with a duty to report may find it helpful to make a limited inquiry to assist in the formation of a belief that child abuse, maltreatment, or neglect has occurred; that a serious and imminent threat to the public exists; or to rule out such a belief¹.

Employees and volunteers who notify the Child Abuse Hotline or who report serious and imminent threats to the public to law enforcement in good faith are immune from civil liability and criminal prosecution.

By law, no school district or school district employee may prohibit or restrict an employee or volunteer **who is a mandated reporter** from directly reporting suspected child abuse, maltreatment, or a serious and imminent threat to the public, or require that any person notify or seek permission from any person before making a report to the Child Abuse Hotline or law enforcement.

8.35—Obtaining and Releasing Student’s Free And Reduced Price Meal Eligibility Information

Obtaining Eligibility Information

A fundamental underpinning of the National School Lunch and School Breakfast Programs (Programs) is that in their implementation, there will be no physical segregation of, discrimination against, or overt identification of children who are eligible for the Program's benefits. While the requirements of the Programs are defined in much greater detail in federal statutes and pertinent Code of Federal Regulations, this policy is designed to help employees understand prohibitions on how the student information is obtained and/or released through the Programs. Employees with the greatest responsibility for implementing and monitoring the Programs should obtain the training necessary to become fully aware of the nuances of their responsibilities.

The District is required to inform households with children enrolled in District schools of the availability of the Programs and of how the household may apply for Program benefits. However, the District and anyone employed by the district is **strictly forbidden** from **requiring** any household or student within a household from submitting an application to participate in the program. There are NO exceptions to this prohibition and it would apply, for example, to the offer of incentives for completed forms, or disincentives or negative consequences for failing to submit or complete an application. Put simply, federal law requires that the names of the children shall not be published, posted or announced in any manner.

In addition to potential federal criminal penalties that may be filed against a staff member who violates this prohibition, the employee shall be subject to discipline up to and including termination.

Releasing Eligibility Information

As part of the district’s participation in the National School Lunch Program and the School Breakfast Program, the district collects eligibility data from its students. The data’s confidentiality is very important and is governed by federal law. The district has made the determination to release student eligibility status or information as permitted by law. Federal law governs how eligibility data may be released and to whom. The district will take the following steps to ensure its confidentiality:

Some data may be released to government agencies or programs authorized by law to receive such data without parental consent, while other data may only be released after obtaining parental consent. In both instances, allowable information shall only be released on a need to know basis to individuals authorized to receive the data. The recipients shall sign an agreement with the district specifying the names or titles of the persons who may have access to the eligibility information. The agreement shall further specify the specific purpose(s) for which the data will be used and how the recipient(s) shall protect the data from further, unauthorized disclosures.

The superintendent shall designate the staff member(s) responsible for making eligibility determinations. Release of eligibility information to other district staff shall be limited to as few individuals as possible who shall have a specific need to know such information to perform their job responsibilities. Principals, counselors, teachers, and administrators shall not have routine access to eligibility information or status.

Each staff person with access to individual eligibility information shall be notified of their personal liability for its unauthorized disclosure and shall receive appropriate training on the laws governing the restrictions of such information.

8.36—Classified Personnel Workplace Injuries and Workers’ Compensation

The district provides Workers’ Compensation (WC) Insurance, as required by law. Employees who sustain **any** injury at work must immediately notify their immediate supervisor, or in the absence of their immediate supervisor notify the District Treasurer¹. An injured employee must fill out a Form N and the employee’s supervisor will determine whether to report the claim or to file the paperwork if the injury requires neither medical treatment or lost work time. While many injuries will require no medical treatment or time lost at work, should the need for treatment arise later, it is important that there be a record that the injury occurred. All employees have a duty to provide information and make statements as requested for the purposes of the claim assessment and investigation.

The District may discipline an employee, up to and including termination of the employee’s contract, if it is discovered that the employee:

1. Deliberately made false statements concerning the origin of an injury or the circumstances surrounding the injury; or
2. submitted a WC claim that the employee knew to be based substantially or entirely on false information.

An employee shall not be disciplined solely because the District’s WC carrier denied the employee’s WC claim.

For injuries requiring medical attention, the district will exercise its right to designate the initial treating physician and an injured employee will be directed to seek medical attention, if necessary, from a specific physician or clinic. In addition, employees whose injuries require medical attention shall submit to a drug test, which shall be paid at the District’s WC carrier’s expense. Failure for the employee to submit to the drug test or a confirmed positive drug test indicating the use of illegal substances or the misuse of prescription medications shall be grounds for the denial of WC benefits.²

A WC absence may run concurrently with FMLA leave (policy 8.23) when the injury is one that meets the criteria for a serious health condition. To the extent that WC benefits and FMLA leave run concurrently, the employee will be charged for any paid leave accrued by the employee at the rate necessary to bring the total amount of combined income up to 100% of usual contracted daily rate of pay. If the health care provider treating the employee for the WC injury certifies the employee is able to return to a “light duty job,” but is unable to return to the employee’s same or equivalent job, the employee may decline the District’s offer of a “light duty job.” As a result, the employee may lose his/her WC payments, but for the duration of the

employee's FMLA leave, the employee will be paid for the leave to the extent that the employee has accrued applicable leave.

Employees who are absent from work in the school district due to a WC claim may not work at a non-district job until they have returned to full duties at their same or equivalent district job; those who violate this prohibition may be subject to discipline up to and including termination. This prohibition does NOT apply to an employee who has been cleared by his/her doctor to return to "light duty" but the District has no such position available for the employee and the employee's second job qualifies as "light duty".

To the extent an employee has accrued sick leave and a WC claim has been filed, an employee:

- Will be charged for a day's sick leave for the all days missed until such time as the WC claim has been approved or denied;
- Whose WC claim is accepted by the WC insurance carrier as compensable and who is absent for eight (8) or more days shall be charged sick leave at the rate necessary, when combined with WC benefits, to bring the total amount of combined income up to 100% of the employee's usual contracted daily rate of pay;
- Whose WC claim is accepted by the WC insurance carrier as compensable and is absent for fourteen (14) or more days will be credited back that portion of sick leave for the first seven (7) days of absence that is not necessary to have brought the total amount of combined income up to 100% of the employee's usual contracted gross pay.

8.37—Classified Personnel Social Networking and Ethics

Definitions

Social Media Account: a personal, individual, and non-work related account with an electronic medium or service where users may create, share, or view user-generated content, including videos, photographs, blogs, podcasts, messages, emails or website profiles or locations, such as FaceBook, Twitter, LinkedIn, MySpace, or Instagram.

Professional/education Social Media Account: an account with an electronic medium or service where users may create, share, or view user-generated content, including videos, photographs, blogs, podcasts, messages, emails or website profiles or locations, such as FaceBook, Twitter, LinkedIn, MySpace, or Instagram.

Blogs are a type of networking and can be either social or professional in their orientation. Professional blogs, approved by the principal or his/her designee, are encouraged and can provide a place for staff to inform

students and parents on school related activities. Social blogs are discouraged to the extent they involve staff and students in a non-education oriented format.

Policy

District staff are encouraged to use educational technology, the Internet, and professional/education social networks to help raise student achievement and to improve communication with parents and students. However, technology and social media accounts also offer staff many ways they can present themselves unprofessionally and/or interact with students inappropriately.

It is the duty of each staff member to appropriately manage all interactions with students, regardless of whether contact or interaction with a student occurs face-to-face or by means of technology, to ensure that the appropriate staff/student relationship is maintained. This includes instances when students initiate contact or behave inappropriately themselves.

Public school employees are, and always have been, held to a high standard of behavior. Staff members are reminded that whether specific sorts of contacts are permitted or not specifically forbidden by policy, they will be held to a high standard of conduct in all their interactions with students. Failure to create, enforce and maintain appropriate professional and interpersonal boundaries with students could adversely affect the District's relationship with the community and jeopardize the employee's employment with the district.

Staff members are discouraged from creating personal social media accounts to which they invite students to be friends or followers.¹ Employees taking such action do so at their own risk and are advised to monitor the site's privacy settings regularly.

District employees may set up blogs and other professional/education social media accounts using District resources and following District guidelines¹ to promote communications with students, parents, and the community concerning school-related activities and for the purpose of supplementing classroom instruction. Accessing professional/education social media during school hours is permitted.

Staff are reminded that the same relationship, exchange, interaction, information, or behavior that would be unacceptable in a non-technological medium, is unacceptable when done through the use of technology. In fact, due to the vastly increased potential audience that digital dissemination presents, extra caution must be exercised by staff to ensure they don't cross the line of acceptability. A good rule of thumb for staff to use is, "if you wouldn't say it face-to-face in a group, don't say it online."

Whether permitted or not specifically forbidden by policy, or when expressed in an adult-to-adult, face-to-face context, what in other mediums of expression could remain private opinions, including "likes" or comments that endorse or support the message or speech of another person, when expressed by staff on a social media website, have the potential to be disseminated far beyond the speaker's desire or intention. This could undermine the public's perception of the individual's fitness to interact with students, thus undermining the employee's effectiveness. In this way, the expression and publication of such opinions, could potentially lead to disciplinary action being taken against the staff member, up to and including termination or nonrenewal of the contract of employment.

Staff who are employed by the district as a teacher under a waiver from licensure should be aware that, in addition to the restrictions on inappropriate interactions with students and dissemination of information under this policy, they are required to follow the Division of Elementary and Secondary Education (DESE) Rules Governing the Code Of Ethics For Arkansas Educators. Violations of this policy that would also violate the Code of Ethics for Arkansas Educators may result in the filing of an ethics complaint with DESE.²

Accessing social media websites for personal use during school hours is prohibited, except during breaks or preparation periods. Staff are discouraged from accessing social media websites on personal equipment during their breaks and/or preparation periods because, while this is not prohibited, it may give the public the appearance that such access is occurring during instructional time. Except when expressly authorized by the employee's job duties, staff shall not access social media websites using district equipment at any time, including during breaks or preparation periods, except in an emergency situation or with the express prior permission of school administration. Except when expressly authorized by the District employee's job duties and when District procedures have been followed, all school district employees who participate in social media websites shall not post any school district data, documents, photographs taken at school or of students, logos, or other district owned or created information on any website. Further, the posting of any private or confidential school district material on such websites is strictly prohibited. The posting of prohibited material or posting without following proper procedures may result in disciplinary action against the District employee, up to and including termination or non-renewal.

Specifically, the following forms of technology based interactivity or connectivity are expressly permitted or forbidden:³

Privacy of Employee's Social Media Accounts

In compliance with A.C.A. § 11-2-124, the District shall not require, request, suggest, or cause a current or prospective employee to:

5. Disclose the username and/or password to his/her personal social media account;
6. Add an employee, supervisor, or administrator to the list of contacts associated with his/her personal social media account;
7. Change the privacy settings associated with his/her personal social media account; or
8. Retaliate against the employee for refusing to disclose the username and/or password to his/her personal social media account.

The District may require an employee to disclose his or her username and/or password to a personal social media account if the employee's personal social media account activity is reasonably believed to be relevant to the investigation of an allegation of an employee violating district policy; local laws; state laws and rules; or federal laws and regulations. If such an investigation occurs, and the employee refuses, upon request, to supply the username and/or password required to make an investigation, disciplinary action may be taken against the employee, which could include termination or nonrenewal of the employee's contract of employment with the District.

Notwithstanding any other provision in this policy, the District reserves the right to view any information about a current or prospective employee that is publicly available on the Internet.

In the event that the district inadvertently obtains access to information that would enable the district to have access to an employee's personal social media account, the district will not use this information to gain access to the employee's social media account. However, disciplinary action may be taken against an employee in accord with other District policy for using district equipment or network capability to access such an account. Employees have no expectation of privacy in their use of District issued computers, other electronic device, or use of the District's network. 8.38—Classified Personnel Vacations

240 day or greater contracted employees are credited with 10 days of vacation at the beginning of each fiscal year. This is based on the assumption that a full contract year will be worked. If an employee fails to finish the contract year due to resignation or termination, the employee's final check will be reduced at the daily rate for any days used but not earned.

All vacation time must be approved, in advance to the extent practicable, by the superintendent who shall consider the staffing needs of the district in making his/her determination. If vacation is requested, but not approved, and the employee is absent from work in spite of the vacation denial, disciplinary action will be taken against the employee, which may include termination or nonrenewal.

No employee shall be entitled to more than 15 days of vacation as of the first day of each fiscal year. The permissible carry forward includes the 10 days credited upon the start of the fiscal year. Employees having accrued vacation totaling more than 15 days as of the date this policy is implemented shall not be eligible to increase the number of days carried forward during their employment with the district. Earned but unused vacation will be paid upon retirement, termination, or nonrenewal at the employee's current daily rate of pay.

Vacation days cannot be transferred from another school district.

8.39—Depositing Collected Funds

From time to time, staff members may collect funds in the course of their employment. It is the responsibility of any staff member to deposit such funds they have collected daily into the appropriate accounts for which they have been collected. The Superintendent or his/her designee shall be responsible for determining the need for receipts for funds collected and other record keeping requirements and of notifying staff of the requirements.

Staff that uses any funds collected in the course of their employment for personal purposes, or who deposit such funds in a personal account, may be subject to discipline up to and including termination.

8.40—Classified Personnel Weapons on Campus Firearms¹

Except as permitted by this policy, no employee of this school district, including those who may possess a “concealed carry permit,” shall possess a firearm on any District school campus or in or upon any school bus or at a District designated bus stop.

Employees who meet one or more of the following conditions are permitted to bring a firearm onto school property:

- He/she is participating in a school-approved educational course or program involving the use of firearms such as ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs;
- The firearms are securely stored and located in an employee’s on-campus personal residence and/or immediately adjacent parking area;²
- He/she is a registered, commissioned security guard acting in the course and scope of his/her duties;
- He/she is a certified law enforcement officer, either on or off duty;
- He/she has a valid conceal carry license and leaves his/her handgun in his/her locked vehicle in the district parking lot.

Possession of a firearm by a school district employee who does not fall under any of the above categories anywhere on school property, including parking areas and in or upon a school bus, will result in disciplinary action being taken against the employee, which may include termination or nonrenewal of the employee.

Other Weapons³

Option 2

An employee may possess a pocket knife which for the purpose of this policy is defined as a knife that can be folded into a case and has a blade or blades of less than three (3) inches or less each. 8.003—Non-Fraternization Policy

It is the policy of the Ouachita River School District to maintain an environment and school climate conducive to learning, which promotes appropriate maturation and development of our students. In an appropriate school environment, the staff maintains a professional adult/student relationship with students at all times whether teaching or otherwise providing support and guidance to students, even outside of the school day. Staff members hold a position of trust in relation to our students. To engage in relationships other than the professional adult/student relationship with our students is to breach that trust.

Staff is strictly prohibited from engaging in personal relationships with students which are outside the professional adult/student relationship OR which may give the appearance of being outside the professional adult/student relationship. This prohibition applies to in school or out of school situations so long as the staff member is an employee of the ORSD and a student is enrolled in the District.

This Policy Explicitly Prohibits:

- a) sexual, romantic, dating or flirting relationships between staff and students;
- b) touching between student and staff that give the appearance of intimacy between student and staff;
- c) conversations or correspondence, including telephone conversations and e-mail, of a sexual, or romantic nature or which give the appearance of intimacy between staff and student;
- d) social contacts between staff and student which give the appearance of a relationship prohibited by this policy;
- e) any behavior which gives the appearance that staff and student have a relationship prohibited by this policy.

Staff Disciplinary Action

Staff members who violate this policy are subject to disciplinary action including immediate termination if the circumstances warrant. Staff members who violate this policy are also subject to reporting to law enforcement authorities if the conduct is believed to constitute a crime under Arkansas law. A child abuse report will be made if abuse is suspected from the circumstances of the violation of this policy.

Employee Reporting Responsibility

All employees of the ORSD are required to report any conduct which may be a violation of this policy to the building supervisor. If a parent, student or person other than a District employee, reports a potential violation of this policy, such reports are to be immediately relayed to the building supervisor. Building supervisors are required to immediately report violations of this policy to the Superintendent. Failure to report conduct which may be a violation of this policy or to relay a report by a parent, student or non-employee may result in disciplinary action or immediate termination if the circumstances warrant.
