2/9/24:

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2023-24 educational progress for Marlette Community Schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Julie Quade at jquade@marletteschools.org for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following website www.marletteschools.org, or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Teacher Qualification Data

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders
- Reports teachers who are teaching with emergency or provisional credentials
- Includes teachers who are not teaching in the subject or field for which they are certified

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8.

Civil Rights Data

- Provides information on school quality, climate and safety

Review the table below listing our schools. For the 2023-2024 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no status label is given.

School Name	Status Label	Key Initiative to Accelerate Achievement
Marlette Jr/Sr. High School	No Label	NWEA MAP Testing
Marlette Elementary	No Label	NWEA MAP Testing

At Marlette Community Schools, we strive each day to deliver our best for our students. Our educators are highly qualified and experienced in delivering rigorous instruction to our students. With the use of NWEA and MAP testing, this has allowed our teachers and support staff to use local student data to modify instruction to ensure that each one of our students receives a high quality education. Our educators and support staff have been trained in restorative practices and the most up to date safety protocols, to ensure that your students feel safe and welcome as they learn.

Our district continues to look daily for ways to serve the families of the Marlette Community Schools. If you are interested in learning more, please contact your building principal. We are committed to educating our students and staff, and believe this will lead to continued academic excellence at Marlette Community Schools.

Sincerely,

James B. Marshall
Superintendent, Marlette Community Schools
