

# WE CARE ABOUT YOUR STUDENT'S MENTAL HEALTH

Crow Applegate Lorane Schools are excited to announce a new partnership with Stronger Oregon! We know how important mental health is for your child's growth development and academic success! We have a licensed mental health therapist that comes to our schools once a week and have access to telehealth counseling services as well!

## What does this mean for YOU and your child?

- If you feel your child needs mental health support, we can help make a referral for either an in-person or telehealth therapy sessions.
- Most sessions can be covered by OHP, or other private insurances.
- Waiting period for seeing a therapy is not as long as other agencies.
- You have the flexibility of making the referral for your child so that it can fit your schedule.

### How to make a referral:

1. Call Princess Fox, School Counselor at 541-935-2227 or [pfox@cal.k12.or.us](mailto:pfox@cal.k12.or.us)
2. Mrs. Fox will help determine if your student needs best fits our in-person counselor or help connect you with telehealth referral
3. **OR** if you can choose to make a direct referral to Stronger Oregon's outpatient program: [www.strongeroregon.com](http://www.strongeroregon.com)
