OCTOBER 2023 **CMS TIGER TALES**

OCTOBER IS

It's aggressive, mean, and potentially life-threatening, Bullying comes in many forms, none of which are acceptable. According to a recent federal survey, nearly 20 percent of U.S. high school students reported being bullied on school property within the past year. (Fifteen percent reported cyberbullying.) October's National Bullying Prevention Month reminds us that students, parents, teachers, and school administrators all play a role. Positive change comes as we begin to emphasize respect and inclusion on campuses across the country (National Today).

SA LEADERSHIP WALKER

Commerce Middle School TSA officers, Maddie Dalrymple, Chase McDonald, Kennedy Hanson, Walker Self, Bella Hart, and Lani Johnston attended the Lead Conference at the Tulsa Tech Center on September 29. The TSA group learned about team building and also participated in some mini events such as the tech bowl. Maddie placed first and Bella placed second. It was a great event. TSA is sponsored by Melissa Stebbins.

Let's Hear it for the Band by: Danny Fleming

The band will be traveling to Pitt State this month to perform in their homecoming parade and defend their 1st place title from 12022. The Tiger Band will be playing 'Shout it Out' which was a crowd favorite last year along with our fight song. To help secure our second victory, some of our 6th and 7th grade members will be participating in this event. This will be the first Pitt State parade that the 7th graders will be playing in! Some of our amazing 6th graders will be proudly carrying the Commerce Tigers banner up front, as well as one or two more walking in the back (in case percussion drops their stick/sticks). It is truly a blessing that our Tiger Band can attend this event! Wish us luck and come cheer us to victory!

Science Classes Study Picher by Rowdy

Mr. Lawson's 7th grade science classes were presenting information about the impact of human interaction on the environment.

TEACHER SPOTLIGHT MR. PALESANO BY: CORBY SMITH

What made you want to become a teacher? "It is a family tradition. There are seven teachers in my family, I enjoy the interaction with students while building relationships that might impact their future."

What are some hobbies that you like to do outside of school? "Watching my kids play sports. My daughter plays soccer and my son plays baseball. My wife and I both love the outdoors so fishing, hunting (deer), boating and taking our dogs to parks. My favorite thing to do on my own is playing disc golf."

Where else have you taught? -"Commerce is my sixth school to be a teacher. I started at Jenks, but it was too large for me.. I graduated from a Class A school and had 23 people in my graduating class so being at a smaller school like Commerce feels more like home to me."

What was your favorite subject in school? - "Math. I did not begin teaching history until four years ago, but I have enjoyed teaching a different subject and broadening my horizons."

Where is the coolest place you have ever traveled? - "Being a Boston Red Sox fan, I am biased when I say that Boston is my favorite place to visit. I have been 4 different times and have been able to discover something new every single time I go. There is so much history in that city in relation to the American Revolution that even somebody who is not a history buff can appreciate what Boston has to offer."
