St. Patrick's Day Trivia

By: Henry

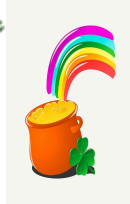

History of: St. Patrick's Day celebrates the life of Saint Patrick—the patron saint of Ireland. This influential missionary is credited with bringing Christianity to Ireland (History.com).

The Four Leaf Clover: Patrick used the shamrock to explain the holy trinity with each leaf representing the Father, Son, and Holy Spirit. The three leaves of a shamrock are also said to stand for faith, hope, and love. A fourth leaf is where we get the luck from.

Pot of Gold: In Irish folklore, leprechauns were portrayed as shoe cobblers for other fairies and were paid for their work in gold coins. The legends say that leprechauns kept their gold hidden, and if a human were to catch the leprechaun, the human could force him to reveal where he hides his pot of gold.

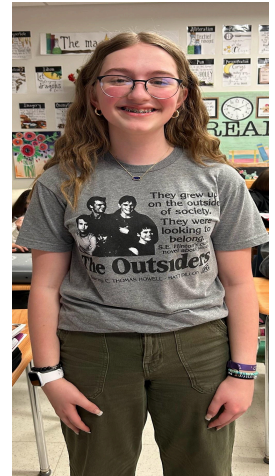

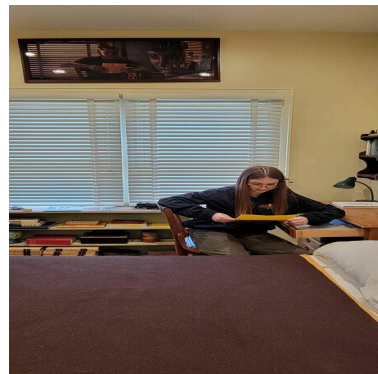

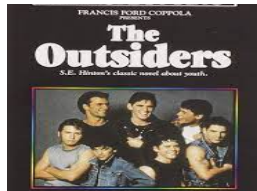

Rainbows: St. Patrick viewed the rainbow as representing God's promise never again to destroy the earth with a flood. So, the Irish myths and legends of rainbows and pots of gold merged with Christian beliefs to where we are today.

GT Group Takes Trip To "The Outsiders" House

The Outsiders House is a museum in Tulsa, Oklahoma which served as the primary location for the coming-of-age movie directed by Francis Ford Coppola. The film was adapted from the 1967 novel, "The Outsiders," written by Tulsa native, S. E. Hinton. Hinton wrote the book during her junior year in high school and based the plot on situations she experienced while in school.
