Hello Greyhound Families!

Note From The Principal

Where has the time gone? We are already ⅛ of the way through the school year! Students are really beginning to dig into the curriculum. I have seen so many hands-on activities, science experiments, and even map making in our classrooms. Go ahead and ask your student about the fun things happening at school.

Family Tip for Supporting Learning: Just 10 minutes of shared reading a night builds vocabulary and strengthens reading skills.

Character Trait of The Month:

Friendship: A friend is a person that you like or know. Friends talk to each other and spend time together. They also help each other when they are in trouble or are hurt. Friends are people that can be looked up to and trusted. They include others by using kind words, sharing and taking turns with others.
