Request for Qualifications
Information for Architects and Engineers

The Regional School Unit 10 wishes to procure architectural/engineering services to conduct feasibility and planning studies, analyzing existing additional space needs and renovations at Buckfield Junior Senior High School. The study may also include space analysis at Hartford Sumner Elementary School.

Project Description

This comprehensive study will summarize considerations for expanding and optimizing space at Buckfield Junior Senior High School. The primary objectives of this study are as follows:

- Identify opportunities for expanding and enhancing space for Art Programs, Fitness Center, Officials Space, Cafetorium, and Kitchen.
- Identify opportunities to expand for 6th grade class, currently housed at Hartford Sumner Elementary School.
- Develop recommendations for optimizing the utilization of available space at both schools.
- Provide cost estimates for expansion and renovation options identified in the study.
- Provide design and construction schedule estimates.

The AE Consultant may be required to coordinate this work or additional work with other consultants contracted by the Owner.

Anticipated Schedule

RFQ Responses due January 9, 2024
 A/E firm selection by January 31, 2024
 Study completed..... by June 30, 2024

Submission Requirements

Interested firms should submit *one paper copy* and *one electronic copy* of a Letter of Interest with a Statement of Qualifications which includes their response to criteria A through G in the Selection Criteria table below.

The *paper copies* of the Letter of Interest and Statement of Qualifications should be sent to Deborah Alden, Superintendent of Schools, 799 Hancock Street, Suite 1, Rumford, ME 04276 to be received not later than **1:00 PM on January 9, 2024.**

The *electronic copy* of the Letter of Interest and Statement of Qualifications should be sent as an attachment to an email addressed to lkauback@rsu10.org to meet the deadline noted above. Alternate methods of providing electronic copies, such as website links to file sharing sites, or flash drives, or encrypted e-mails are unacceptable and may invalidate the entire submission.

Selection Criteria

A.	Qualifications to undertake this project	Professional experience in general. Quality of services. Relevant disciplines. Size of firm or firms. Understanding of this project. Responsiveness to project by virtue of proximity. Discuss each of the above especially as it relates to the work of this project.
B.	Cost control experience	Ability to manage project budgets, and design to budgets, to create accurate construction cost estimates, and to utilize project cost controls in design and construction.
C.	Project experience	List of projects that demonstrate capabilities, with services provided for each project. Provide project details, date of completion, and client contact information for each. Note the involvement of the particular personnel who are proposed for this project.
D.	Similar project experience	List of recently completed projects similar in type, size, and other elements. Provide project details, date of completion, and client contact information for each. Note the involvement of the particular personnel who are proposed for this project.
E.	Project team	Organization of project team, with profiles of key personnel who would be involved in the project. Provide education, special training, experience, and responsibilities of personnel, especially as it relates to the work of this project. Experience working together as a unit.
F.	Workload projection	General illustration or statement of the ability of the project team to respond to this project schedule.
G.	Business references	List of business references other than those listed above, including contact information.

Firms responding shall employ personnel who have current licensure in the State of Maine who will serve as Architects, Engineers, and Landscape Architects of Record on this project. This project will utilize the standard BGS contract forms, available on the BGS website (<https://www.maine.gov/dafs/bgs/forms>).

Firms responding will be screened and interviewed on the basis of qualifications only. Project fees and specific design solutions for this project shall not be discussed at the interview. Specific program information will not be available before the screening of qualification packages. The selection committee will rank all firms and negotiate fees with the highest ranked firm.

Architect-Engineer Procurement Process

The standard procurement process of Architect and Engineer design services for public improvements is a Qualification Based Selection (QBS) process required by statute (Title 5, §1742 subsection 6), and described briefly here.

1. This Request for Qualifications (RFQ) solicitation is the step in the process after the Owner entity allocates funding, and receives approval from BGS to conduct the procurement.
2. Interested firms respond to the RFQ as described below, submitting the Letter of Interest and Statement of Qualifications to the Selection Committee.
3. The Selection Committee screens all submissions and invites the most qualified firms to interview for the project, typically three to five firms.
4. The Selection Committee interviews the firms. Second interviews may be scheduled. References are checked.
5. The Selection Committee ranks all of the interviewed firms. The Committee negotiates an agreement with the highest ranked firm based on the scope of professional services identified in the RFQ and interview.
6. A BGS Architect/Engineer Agreement is drafted.
7. The agreement must be approved by BGS before work commences.
