MEMORIALS

We have all known someone special,
someone we have admired, respected and
loved.

Relationships such as these are priceless,
and honor the persons who make them
possible can be especially gratifying.

People have found in charitable gifts a
special way to commemorate a loved one.

By giving in memory or in honor of
others, we further a cause in which
we believe, while creating a
thoughtful remembrance.

Should you choose ERFAE as your memorial or
honorable contribution, please know that your
generosity is a positive contribution to the future of
our local children.

All contributions are acknowledged by the board,
and the family of the honoree is notified of your
memorial gift.

If you wish to make a memorial contribution, please
contact any ERFAE member, or the RCCU District
Office at 618.395.2324

LEAVING A LEGACY

One of the most powerful methods to guarantee hope for our future is to donate time and money to the education of children. ERFAE uses the proceeds they generate toward the advancement of quality educational experiences for the children of the Richland County School District.

Leaving a legacy through ERFAE is a wonderful way for parents, grandparents, alumni, fraternal organizations and civic groups to help provide the funding needed to continue providing enrichment activities, advanced learning, and technology-based projects to our students.

All contributions are acknowledged by the board, and if desired, all members of the President's Club and Ambassador's Club will be acknowledged.

In addition to the ERFAE Ambassador Scholarship, ERFAE is also the administrative agent for the following scholarships:

- Green Scholarship Fund
- Zanetis Scholarship Fund
- Claremont Community Fund
-

If you are interested in setting up a scholarship fund, please contact an ERFAE member.

OUR MISSION

It is the mission of ERFAE to promote education excellence in the Richland County School District through the support of innovative programs within the classroom; to provide opportunities for whole schools or classes to hear challenging speakers and programs in the academic areas, the arts, or in life experiences; to encourage and support individuals and groups representing our district in competitive endeavors; to provide materials for enrichment of the classroom experience; and to recognize and reward outstanding performance of both students and teachers in all academic and fine arts arenas. .
