NOVEMBER 2023

TECHNOLOGY AT THE ELEMENTARY

The Kindergarten and 1st Grade students are currently building various challenges during STEM time here at BCE. Each center has different materials and students need to use those materials to build the challenge of the day. This challenge can be as simple as a shape or as complicated as a tower or bridge.

2nd and 3rd Grade students have been learning about Coding. Osmo provides many coding experience with hands on learning. Students use iPads and coding blocks to help Awbie guide through the garden.
