Distance Learning Day Guidelines/Requirements: (Non-Monday Virtual Days)

With possible winter weather approaching, please review the district requirements and expectations for these Distance Learning days. First and foremost, it is a calendar day and counts toward our required attendance days from the Oklahoma State Department of Education.

Students will have assignments for each class on Google Classroom and will receive an email notification as the assignments are posted.

Each class will have an assignment posted by 7:45 on the morning of the virtual day, not the night before. An absence will be recorded in any class if the student doesn't complete the assignment. If a student is unable to do so because they didn't have the internet, etc., we will look at those on a case-by-case basis. Students have until 3:45 to complete assignments on Google Classroom. Attendance will be entered at 3:45. Teachers will be available by email during regular school hours (7:45 - 3:45).

Each class will have an assignment on Google Classroom, not just cores. They should be about 15 - 20 minutes in length each. I hope that clearly explains expectations. If you have questions, email any one of the principals. We will be happy to help.
