

STUDENT AND PARENT ACCEPTANCE VERIFICATION

7540.03 - STUDENT NETWORK AND INTERNET ACCEPTABLE USE AND SAFETY AND HIGH SCHOOL 1:1 TECHNOLOGY AGREEMENT

This document must be completed by the student and the parent/guardian and returned to school by **September 8th, 2023**.

Student Acceptance

The Acceptable Use Policy and the Jackson County Schools 1:1 Technology Program agreement were provided to me on the device assigned to me by Jackson County Schools. I have read the Acceptable Use Policy and the Goals and Responsibilities associated with the Jackson County Schools 1:1 Technology Program for the 2023-2024 school term and agree to participate and operate within the parameters of the Acceptable Use Policy and the 1:1 Technology Initiative. I understand that any violation of the policy is unethical and in some cases may constitute a criminal offense. Should I commit a violation of this policy, my access privileges may be revoked and school disciplinary action and/or appropriate legal action may be taken. Since all files are on a public network and/or on equipment owned by the school system, I understand that my files and device may be subject to examination at any time.

Parent/Guardian Acceptance

The Acceptable Use Policy and the Jackson County Schools 1:1 Technology Program agreement were provided to my child on the device assigned to them by Jackson County Schools. I have read the Acceptable Use Policy and the Goals and Responsibilities associated with the Jackson County Schools 1:1 Technology Program for the 2023-2024 school term and understand that my child must operate within the parameters of the Acceptable Use Policy and the 1:1 Technology Initiative. I have discussed appropriate and inappropriate use of the computer network, and the device assigned to them, with my child. I understand that there are text and graphic files/sites on the Internet which are inappropriate for minors and while filtering and monitoring efforts will be in place, network administrators cannot monitor all use. While schools will monitor students' usage of the network, my child is ultimately responsible for his/her actions, and the school will not be held responsible for materials which my child might access.
