

# **2025 Teacher Appreciation Week**

May 6, 2025

Dear North Kingstown Educators -

As we celebrate Teacher Appreciation Week, we want to take a moment to express our gratitude to all our staff for the incredible work you do every single day. Each day you enter the school building, you make a difference to your students and your colleagues.

We believe teaching is the most important job in the world. It is also one of the most difficult. As educators, we make thousands of decisions every day. Each decision matters so much because it impacts the young minds that we teach, which is why teaching is also the most meaningful job in the world. You don't need us to tell you how amazing it is to witness students making discoveries about themselves and the world around them. You are shaping their future, their goals, and their dreams.

Your dedication, creativity, and perseverance shape not only your students' minds but also our community's future. In a world that constantly changes, you remain a steady source of guidance, inspiration, and care. We are fortunate to have so many caring educators and staff who truly care deeply for our students. We see it in your actions and dedication in the classroom, before school, and after school. Whether you're in a classroom, on an athletic field, or supporting students on the stage, your impact is profound and lasting.

Our community is extremely lucky to have educators like you who truly make a difference in the lives of our students. When we attend a class presentation, a band or chorus event, an art show at the Town Library, or a school performance, our students are happy and successful because of you.

Thank you for being the guiding light and beacon in the North Kingstown Community for our students. Your passion and perseverance shape the future, one student at a time.

Happy Teacher Appreciation Week!
