

Fayetteville-Perry Middle School
521 South Apple Street
Fayetteville, Ohio 45118

November 20, 2023

Dear Parents,

A spinal screening program will be conducted at the Fayetteville Middle School in a few weeks. This screening is to check for any abnormal curvatures of the spine that may occur during adolescence. A group of Brown County School Nurses and Health Department Nurses will be checking the sixth, seventh and eighth grade students on that day for possible spinal issues such as scoliosis. If any students are found with a concern, a referral letter will be sent to you.

If your child is currently under active treatment for a spinal problem or if you do not wish for your child to be screened, please complete the bottom of this letter and return it to the Middle School office. Students will not be permitted to call home on the spinal screening day and we ask that if your student contacts you via text or calls you using their cell phone, you disregard their message or call.

Sincerely,
Tracianne Johnson, RN, BSN, LSN
District School Nurse

~~~~~  
Dear Mrs. Johnson,

At this time, I do not wish for \_\_\_\_\_ in  
Grade \_\_\_\_\_ to be screened during the Spinal Screening Program at FMS.

Thank you,

\_\_\_\_\_
