

Class of 2026 Parents & Students:

One of the longstanding traditions for Sophomore students is the opportunity to order and receive their class rings together as a class. We are excited to let you know that class ring week is coming up soon.

IMPORTANT – Please look for your official class ring sizer package which will be arriving in the mail next week. This will assist you with determining your ring size and provides instructions on how to access Jostens class ring designer online. It also highlights the \$40.00 Off & Free Gift offers that Jostens is providing to our students this year!

On Friday, September 22nd the Jostens team will be distributing order information and details to the Sophomore class followed by an email to parents explaining the class ring offering and how to place your order. Please keep an eye out in your inbox and open it for complete details on the class of 2026 ring program and deadlines to place your order.

Please note that there are two different deadlines for placing your order. The online deadline will be Thursday, September 28th and the in school order day/deadline will be Friday, September 29th. These deadlines are important so you can receive the best price available, and also the free gifts that Jostens will be providing to students on September 29th at school.

If you have any questions, please call/text the Jostens team at (616) 330 – 2141 or email at studentkeepsakes@jostens.com
