

**TO: CHARLESTON CUSD #1 PARENTS OF STUDENTS THAT RIDE BUSES**

**FROM: TODD J. VILARDO, SUPERINTENDENT OF SCHOOLS**

**DATE: NOVEMBER 20, 2023**

**RE: 2023-24 SNOW ROUTES**

Under certain special circumstances, it may be possible to have school during adverse weather conditions if an administrative decision is made to run only snow routes in the rural areas.

- All in-town routes will run as usual with regular pick-up points and times.
- In-town routes will also include regular stops and times within the Villages of Ashmore, Lerna, and Janesville.
- All bus riders living along a major road designated as a snow route in the rural area will be picked up at their assigned stop.
- Students will need to take the bus home that is assigned to the pick-up / drop off point.

Please refer to the time listed at the nearest road intersection to your residence. All students living in the rural area, but not on a designated snow route will be picked up at the closest road intersection to your residence along a designated snow route at the designated time. Delays may occur as a result of various road conditions. If the District is going to utilize snow routes, notification to parents will be provided through the district's regular electronic notification platforms, and announcements will be made on local radio and television stations. Snow routes are provided on the back of this page and will be posted on the Charleston CUSD #1 website at: [www.charleston.k12.il.us](http://www.charleston.k12.il.us).
