Dear Parent/Guardian:

At the Choctaw County School District, we are very proud of our teachers and feel they are ready for the coming school year and are prepared to give your child a high-quality education. As a district, we must meet all state certification requirements including which teachers are qualified to deliver core content instruction according to the Every Student Succeeds Act. These regulations allow you to learn more about your child's teachers' ESSA training and credentials. We are happy to provide the following at your request:

- Whether the teacher met state qualifications and certification requirements for the grade level and subject he/she is teaching,
- Whether the teacher received an emergency or conditional certificate through which state qualifications were waived, and
- What undergraduate or graduate degrees the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration

You may also ask whether your child receives help from a paraprofessional. If your child receives this assistance, we can provide you with information about the paraprofessional's qualifications.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he/she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals meet State of Mississippi requirements. All staff qualifications are on file at my office and qualifications of specific staff members who teach your child will be provided upon your written request.

Sincerely,

Stewart G. Beard, Jr., Superintendent of Education
Choctaw County School District

Vision: *Preparing every Charger for a positive and productive future*

MISSION STATEMENT

The mission of the Choctaw County School District is to prepare ALL students to exit each grade level meeting or exceeding requirements to be prepared for college or careers and to be positive, productive members of society.

Educational Goals

Choctaw County Schools will continue to improve instructional delivery over the next 5 years in order to lead to a top 5 ranking in the state of MS in all areas.

Facility Goals

Choctaw County Schools will not compromise the safety of its students. Based on that belief, educational buildings and athletic facilities shall remain up to standard and code established by state and federal authorities.

Operational/Organizational Goals

Choctaw County Schools believes that quality instruction begins with well-trained, fairly compensated faculty and support staff. Choctaw County Schools will continue to invest in its human capital through study of plans and actions that lead to improved teaching and learning.

ATTENDANCE

ABSENCES

An “unlawful absence” is an absence during a school day by a compulsory school age child, which absence is not due to a valid excuse for temporary nonattendance. Days missed from school due to disciplinary suspension shall not be considered an “excused” absence under this section.

If a compulsory school age child has not been enrolled in school within fifteen (15) calendar days after the first day of the school year of the school which such child is eligible to attend or such child has accumulated five (5) unlawful absences during the school year of the public school in which such child is enrolled, the school district Superintendent or his designee shall, within two (2) school days or within five (5) calendar days, whichever is less, report such absences to the school attendance officer of the youth court or family court.

Any parent, legal guardian or custodian of a compulsory school age child subject to the provisions of this section who refuses or willfully fails to perform any duties imposed upon him or her under the provisions of this section or who intentionally falsifies any information required to be contained in a certificate of enrollment, shall be guilty of contributing to the neglect of a child and, upon conviction, shall be punished in accordance with the provisions of Section 97-5-39, Mississippi Code of 1972.

Upon prosecution of a parent, guardian or custodian of a compulsory school age child for violation of this section, the presentation of evidence by the prosecutor that shows that the child has not been enrolled in school within eighteen (18) calendar days after the first day of the school year of the public school which the child is eligible to attend, or that the child has accumulated twelve (12) unlawful absences during the school year at the public school in which the child has been enrolled, shall establish a prima facie case that the child's parent, guardian or custodian is responsible for the absences and has refused or willfully failed to perform the duties imposed upon him or her under this section. However, no proceedings under this section shall be brought against a parent, guardian or custodian of a compulsory school age child unless the school attendance officer has contacted promptly the home of the child and has provided written notice to the parent, guardian or custodian of the requirement for the child's enrollment or attendance.

1. Parents/ legal guardians may exercise parental discretion in taking their children out of school for illness or other valid reasons. **However, after 3 parent excuses per semester, a doctor's excuse will be required for illness.** Parent excuses may cover multiple consecutive days of illness (3-day limit). It is the duty of the school official to determine whether any absence is to be excused or unexcused. Every absence must have a valid excuse.
2. A student must be in school 63% of the day to be considered a full day by the attendance officer. If a student misses 63% or more of any period, they are counted absent for that period.
3. In order to get an excused absence, an acceptable excuse must be given. Students must report to the designated attendance officer at their school to get an admit slip. All makeup work must be completed. Time allowed to complete makeup work will be equivalent to days missed unless an extended illness is involved. **It is the student's responsibility to see the teacher and make arrangements so that all makeup work is completed.** Incomplete makeup work on any graded material will result in a zero.
4. A day missed due to late registration will be counted as unexcused.
5. A doctor's excuse, lawyer's excuse, or proof of a death in the immediate family will be necessary to make up a semester exam.
6. Students who receive an unexcused absence may not be allowed to make up work for credit and will be given a zero for any graded work missed. Students missing school on the days prior to dismissal for a holiday or the day after a holiday must have a doctor's excuse. Students who go away on a vacation and cannot get back on the day school resumes may not be excused. Although credit will not be given for all makeup work, students will be advised to complete all work, as future grades will be determined in part, on the material missed during the absence. **An absence will be considered unexcused if an excuse is not turned in within 5 school days of returning to school.**
7. All school sponsored extracurricular activities that cause a student to miss classes will be considered excused and the student must make up all work missed as stated in #3. If a student is failing any subject at the time of a trip, has excessive absences, or unsatisfactory conduct, he or she may not be allowed to attend and may remain at school at the discretion of his principal or teachers.
8. In case of special or unusual circumstances, parents must make arrangements with the school principal at least one (1) day before the planned absence. In cases of serious illness or death within the immediate family,

absences may be excused if the principal is notified by way of telephone or personal contact by a parent of the student involved. **Vacations will not begin until exams are over.**

9. Students who are placed in an in-patient facility (such as Brentwood, CARES, Alliance, Diamond Grove, etc.) will be counted present if the facility offers educational services and notifies the school of the child's placement.
10. If a parent is called to sign a student out of school due to illness, the student is still considered absent if the student has not been present 63% of the day/period. A parent or doctor's excuse will be required.

****Note:** Any student absent for 15 consecutive days will be dropped from the roll unless the legal guardian advises the principal that the student has a legitimate reason for the extended absence. The principal will determine the course of action to be followed concerning a student's progress and placement following an extended absence.

STATE LAW DEFINES EXCUSED ABSENCES

Each of the following shall constitute a valid excuse for temporary non-attendance of a compulsory school age child enrolled in a public school, provided satisfactory evidence of the excuse is provided to the Superintendent of the school district or his designee.

1. Attendance at an authorized school activity with the prior approval of the superintendent of the school district or his designee.
2. Illness or injury which prevents the student from being physically able to attend school.
3. When isolation is ordered by the county health officer, by the State Board of Health or appropriate school official.
4. Death or serious illness of a member of the immediate family, which includes children, spouse, grandparents, parents, brothers, sisters, stepbrothers and stepsisters.
5. A medical or dental appointment with prior approval of the superintendent or his designee, except in the case of emergency.
6. Attendance at the proceedings of a court or an administrative tribunal if the student is a party to the action or under subpoena as a witness.
7. Observance of a religious event, with the prior approval of the superintendent or his designee. (Approval should not be withheld unless, in the professional judgment of the superintendent or his designee, the extent of the absence would adversely affect the student's education.)
8. Participation in a valid educational opportunity, such as travel including vacations or other family travel, with the prior approval of the superintendent or his designee. (Approval shall be based on the professional judgment of the superintendent or his designee but shall not be withheld unless the extent of the absence would adversely affect the student's education.)
9. Other conditions sufficient to warrant nonattendance, with prior approval of the superintendent or his designee. However, no absences shall be excused when any student suspensions or expulsions circumvent the intent and spirit of the compulsory attendance law. 37-13-91 (4)
10. An absence is excused when it results from the attendance of a compulsory-school-age child participating in official organized events sponsored by the 4-H or Future Farmers of America (FFA). The excuse for the 4-H or FFA event must be provided in writing to the appropriate school superintendent by the Extension Agent or High School Agricultural Instructor/FFA Advisor.
11. An absence is excused when it results from the compulsory-school-age child officially being employed to serve as a page at the State Capitol for the Mississippi House of Representatives or Senate.

SCHOOL DISMISSAL TIME

Dismissal for all holidays will be at the end of the regular school day, unless otherwise stated on the school calendar. Principals are not to deviate from this schedule without permission from the Superintendent. It is a State requirement that both teachers and pupils be present for 63% of the day for it to qualify as an official teaching day.

(Individual School Schedules on page 64)

ONE/TWO HOUR DELAY START FOR WEATHER

The superintendent may delay the start of school for one/two hours due to weather or some other type of emergency. The bus routes will run and school will begin one/two hour(s) later than usual, but will dismiss at the same time as usual.

EARLY WORK DISMISSAL FROM CLASS (Students must be classified as juniors or seniors)

Early work dismissal pertains only to those junior or senior students who have completed their academic schedule by the end of 6th period and are maintaining regular attendance, 3.0 GPA or higher, have passed all state graduation requirements, and show proof of employment that aligns with ISP (Individualized Service Plan). Juniors must be enrolled in Work Based Learning Program in order to be considered for early work dismissal. **Withdrawal of a work permit can be made by the principal at any time that seems necessary.** Prior arrangements for transportation to work MUST be made before a work permit is approved. The school phones may NOT be used for this purpose. Employers and parents must sign a form requesting a particular student to work and must notify the school when employment ends. **Unannounced verification of continued employment will be made periodically! If a student is not working, the work permit may be withdrawn.**

EARLY DISMISSAL FROM CLASS / CHECK OUT POLICY–

Parent/Guardians or person authorized by the parent that is over the age of 21 must come to the school to sign a student out and present a parental note excusing the check-out. **School personnel that are not parents/guardians will not be authorized to sign students out of school.** Students must leave campus immediately after they have been signed out unless their stay is approved by a principal for sports and other related school events.

If the check out is not for a medical appointment (doctor's note would be given the following day), the reason for the check out must be stated in the note presented to the attendance clerk at check-out time. Upon check-out, a student shall not return to campus without first reporting to the office to sign in. Students must also report to the office to sign in if they are returning to school or if they are tardy to school. If classes are counted by period, a student who leaves prior to 50% of the class will be counted absent for that period. This work shall be made up and turned in the following day.

Students are not allowed to check out to go to lunch and then return to school or a school/sponsored activity. Lunch is NOT considered an emergency. Parents will not be allowed to sign their child out for lunch and return them after lunch. This is a disruption in the instructional day and cannot be allowed. Any student who is in ISD and signs out prior to 2:00 p.m. must make up the entire day the following school day.

A student will be released, with an excused check-out for:

1. Student sickness; Doctor/Dentist appointment;
2. Illness, Death, or Marriage in immediate family;
3. Students taking care of sick or illness in immediate family;
4. Any School-sponsored event;
5. Family emergencies/circumstances that may occur which are cleared with the School Administration.

LEGAL REF: MS CODE 1972 Section 37-13-91

CAFETERIA

The school cafeteria is operated on a non-profit plan in cooperation with the State and Federal Lunch Room Programs. The meal served each day will be nutritious and well balanced, more than meeting the State and Federal requirements. Each pupil will receive a plate lunch and one carton of milk. The price charged per meal will be the lowest possible price for which we can serve a good wholesome meal. We are planning to serve breakfast for \$1.75 and lunches for \$3.00 but should the price of food fluctuate it may become necessary to raise or lower the price of the meal in keeping with food costs. Extra milk is \$.50 per half pint. Reduced breakfast will be \$.30 and reduced lunches will be \$.40.

No bottled or canned carbonated drinks may be brought into the cafeteria. No meals may be delivered to students after the start of the school day unless cleared by the office. **THIS IS A CLOSED LUNCH!** Also, **parents may not check their child out for lunch only to bring them back afterwards. This is a disruption of the school day and students are required to be in school per the Compulsory School Attendance Law.**

COMMUNICATION

CONFERENCES

Conferences between teachers, students, and parents/guardian are encouraged and may be arranged with teachers.

Conferences must be scheduled during a teacher's non-instructional time during the day or immediately after school on Monday through Thursday. Instructional time will not be interrupted for conferences. A school official may request a parent/guardian conference. If the parent/guardian does not attend a discipline conference that has been requested by the school official for his/her child, such parent/guardian will be guilty of a misdemeanor and subject to a fine as provided by the Mississippi Legislature, 1995. 37-11-53

MESSAGES

The school will not be responsible for delivering messages to a student unless it is an extreme emergency. The nature of the emergency must be explained to the office personnel.

DELIVERIES

The Choctaw County School District will not allow delivery of balloons of any kind to any campuses during school hours. Other deliveries will be accepted as long as they do not interfere with instruction or create dangerous situations, both of which are up to the principal's discretion. There will be no glass or open water containers allowed. Neither the school nor the school district will be held responsible for the deliveries if they are lost, stolen, or damaged. Deliveries will be delivered to the main office unless there is a special occasion or holiday in which the principal will designate an area for vendors. On the days there is a holiday (example: Valentines) the vendor will provide personnel to disperse their products in the specified areas. No deliveries will be dispersed to the students before 2 pm to help avoid interruption of the instructional day. Deliveries for afterschool activities or events (example: pageants) will not be accepted during the school day.

CURRICULUM AND SCHEDULING

DISTANCE LEARNING AND ADVANCED PLACEMENT COURSES (AP)

1. Distance Learning and AP Classes will be offered for graduation credit in the Choctaw County School System.
2. These courses will be in addition to our regular, required college bound courses.
3. No distance learning classes will be scheduled for students who can be scheduled in the regular curriculum in that discipline. An example would be where a student wanted to take a chemistry or advanced biology course in science in lieu of the chemistry or advanced biology courses offered at school.
4. Certain guidelines will be set for scheduling and permitting students to take distance learning courses.
****The principal and counselor will review a student's request to take a Distance Learning course. The student's past GPA and previous courses taken will be used to determined feasibility of admission of the student to the satellite program.**
5. Distance Learning and AP classes will receive a difficulty index weight for final grades given in the courses (grade in course times 1.0750). Accelerated grades above 100 will be entered on the cumulative folder.
6. Students with a cumulative average of 80 or above in the college bound curriculum will be encouraged to review course opportunities available from the high-tech program.
7. Distance Learning instruction is not completely free to the school district. The school district has made a money and resource commitment to provide distance learning instruction opportunities. A student who enrolls in a distance learning course will have a limited time to drop the course. After this drop date, the course will count toward subjects attempted.
8. Maximum enrollment suggested for a distance learning course is 10 students though this can be waived on the recommendation of the principal, counselor, and teacher.
9. Distance learning courses are meant to provide additional opportunities for students who have exhausted required college bound courses available and want to extend their knowledge in a particular discipline not presently available in their regular curriculum.
10. During class times scheduled for Dual Credit courses, students will only work on courses offered through the Choctaw County School District.

SCHEDULE CHANGES

No schedule changes will be allowed after the first three days of class except for a conflict in scheduling as determined by the counselor or principal. Then a conference with the teachers and the student will be held with the principal to determine the best procedure for the student. Parents shall be contacted concerning schedule changes.

SCHEDULES

A student may not take two English courses in one school year unless that student has failed a high school English course. That student will be classified as a Junior throughout that school year. Students that fail English III are encouraged to take 11th grade English during Summer Credit Recovery to be classified as a Senior. ALL Seniors must take a Math and English course their final year to prepare for college or career.

Students must enroll in seven (7) classes that offer credit each day unless the student is enrolled at a community college or junior college meeting all requirements of the Dual Enrollment Policy of the district or the student is a senior and has a pre-approved work permit or other extenuating circumstances exist as identified by the principal.

Students enrolled in grades 7th – 10th who score Level 1 or Level 2 on state tests and/or received a 75 or below at the end of year in Math/ELA may be placed in a study skills class to help with remediation.

CREDIT RECOVERY, CORRESPONDENCE COURSES, AND EXPEDITED GRADUATION

Students shall not be allowed to take any course that requires the passing of a subject area test for graduation by correspondence or summer school unless already passed the subject area test.

Students shall not take English IV in summer school or by correspondence unless the student has previously failed the English IV course or lacks only English IV to receive a diploma.

Students who fail 9th grade English and take credit recovery during the summer will be required to take Study Skills during their 10th grade year.

Students wanting to receive early graduation can graduate at the point that they meet all state and local standards. All requests will be submitted in writing by the parent or guardian to the high school principal by May 1 of the student's sophomore year. The student must have an 85 GPA and all summer work grades must be returned to the school before the first day of school year. The request for Expedited Graduation will be considered on a case-by-case basis. The principal will make the determination on submitted documentation. The only exception to these stated standards will be in the case of documented hardships, and approval may be granted only by the Choctaw County School Board.

DRUG AND ALCOHOL TESTING POLICY

Board Policy JCDAB

In an effort to help protect the health and safety of students involved in extracurricular activities, including, but not limited to, any club, athletic, band, choral, cheerleader, vocal program, and dance team from drug and/or alcohol use and abuse; in an effort to help protect the health and safety of our whole student population, administration, faculty, staff and visitors from the potential dangers of being in contact with those who use and/or abuse drugs and/or alcohol; in an effort to prevent, deter and detect drug and alcohol use; and in an effort to reduce the use of drugs and alcohol, the Board of Education (the "Board") of the Choctaw County School District (the "District") adopts the following policy for drug and alcohol testing of all students in grades 7-12 who participate or seek to participate in extracurricular activities, including, but not limited to, any club, athletic, band, choral, cheerleader, vocal program, dance team, and all students with parking passes for campus.

This policy applies to all students in grades 7 through 12 who are involved in extracurricular activities, including, but not limited to, any club, athletic, band, choral, cheerleader, vocal program, and dance team. Additionally, any parent or legal guardian of a student in grades 7 through 12 who is not otherwise covered by this policy may voluntarily agree to have this policy apply to said student at parent cost in which case the parent would pay the testing agency directly.

I. PURPOSE

The Board, administration, faculty and staff of the District desire that no student use or possess alcohol, use or possess illegal or performance enhancing drugs or abuse prescription medication. However, the power of the District is limited and therefore, this policy governs the use and possession of alcohol and illegal or performance enhancing drugs and governs the abuse of prescription medication by students participating in extracurricular activities, including, but not limited to, any club, athletic, band, choral, cheerleader, vocal program, dance team, and all students with parking passes for campus.

The purpose of the Drug and Alcohol Testing Policy is to assist and help protect the student population, administration, faculty, staff and visitors of the District. It is not intended to be punitive or to bring hardship to the students. No student testing positive or otherwise being in violation of this policy will be penalized academically. Specific goals of this policy are as follows:

1. To create and maintain a safe, drug-free environment for students, administration, faculty, staff and visitors.
2. To encourage any student with a dependency on or addiction to alcohol or other drugs to seek help in overcoming the problem.
3. To help prevent alcohol and drug use by students of the District.
4. To educate students about the serious physical, mental and emotional harm caused by alcohol and drug use.
5. To reduce the likelihood of injury, damage, illness and harm that may arise as a result of alcohol or drug use.
6. To offer students school activities free of the effects of alcohol or drug use.
7. To minimize the likelihood that school property will be used for illicit alcohol or drug activities.
8. To provide reasonable opportunities for treatment and counseling for any student who uses or abuses alcohol or drugs.

Because of a genuine concern for the student population, administration, faculty, staff and visitors of the District, the District adopts this Drug and Alcohol Testing Policy effective beginning the 2008-2009 school year.

Additionally, all Covered Students are required to sign a STUDENT CONSENT FORM. **In the event a Covered Student or their parent/legal guardian refuses to sign the required documents, that Covered Student will not be allowed to participate in extracurricular activities, including, but not limited to, any club, athletic, band, choral, cheerleader, and vocal program, dance team.** (Copies of all forms are attached to this Drug and Alcohol Testing Policy.)

IV. REASONABLE SUSPICION TESTING

Any student who by reasonable suspicion is believed to be under the influence of drugs and/or alcohol shall be subject to being tested for drugs and/or alcohol. Reasonable suspicion must be based on specific and contemporaneous observations which are articulated concerning the appearance, behavior, speech or body odors of the student. Any student who receives a positive test result from a reasonable suspicion test or any student who refuses a reasonable suspicion test shall be subject to discipline pursuant to the District's Discipline Policy.

V. IMPLEMENTATION

All drug and alcohol screening shall be implemented in accordance with this Policy by the administration and/or faculty of the District with the advice and assistance of representatives from the Drug Testing Company. The Contracting Agency shall be approved by the District and conduct drug and alcohol testing according to nationally accepted standards and procedures.

All Covered Students will be tested for drugs and/or alcohol in a random initial testing to be arranged by the District. After the random testing, any person in grades 7 - 12 who desires to participate in one or more extracurricular activities, including, but not limited to, any club, athletic, band, choral, cheerleader, and vocal program who tests negative may do so.

The names of all Covered Students will be placed on a random selection list. The District will conduct randomly, unannounced testing of up to 25% of all Covered Students during the course of each calendar year. The Drug Testing Agency will provide random sample lists to the Designated School System Representative. The list of students in the random pool will be updated periodically. The number of activities in which a student is involved will not increase the student's chances of being chosen at a random test. Each Covered Student's name will be placed on the random list only one time regardless of the number of activities in which the student is involved.

All testing will be done pursuant to this Policy. A Covered Student may not use his or her own medical provider or other means for testing.

VI. PROCEDURES FOR TESTING

Quality Control and Confidentiality Assurances

Once the screening process has begun any student in the random pool must submit a sample during that testing session before checking out of school. Any student who checks out of school without submitting a sample will be considered to refuse to submit a sample.

2. Labels that include each student's testing number shall be used to identify the specimens.
3. A minimum of one (1) school official shall be present with a technician from the Drug Testing Agency when specimens are being collected.
4. The student's initials listed adjacent to the student's testing number shall indicate that the number is correct and matches the number affixed to the specimen bottle or container.

The District reserves the right to utilize blood, hair, breath, saliva or urinalysis testing procedures. Each specimen shall be analyzed for the presence of one or more of the drugs identified above in this policy, by the Contracting Agency.

The Contracting Agency shall report all results to the principal. The principal will then schedule a conference between the student and parent(s)/legal guardian(s) to discuss the positive test result.

For purposes of this policy, a positive result shall mean a test result, which indicated the presence of one or more of the listed drugs in the "Substances to be Screened" section of this policy in the student's specimen, adulterated specimen, substituted specimen or a refusal to produce a specimen. The student and their parent(s)/legal guardian shall be notified when a student test positive. Effects of a positive result are outlined below.

VII. RELEASE OF TEST RESULTS

All information, interviews, reports, statements, memoranda, and test results, written or otherwise, received by the District through its drug and alcohol testing program are confidential communications and may not be used or received in evidence, obtained in Court discovery or disclosed in any public or private proceeding except in the following:

VIII. EFFECT OF A POSITIVE RESULT

The school district will discipline (including suspension from activities) students for any violation of the policy, including refusing to submit to screening, to execute a release or to cooperate in an investigation or search by the administration.

Any student with a signed consent form who refuses to submit to screening will be considered a positive test result.

All students who test positive in a confirmative substance test will be subject to discipline up to and including immediate suspension from all activities. Any student's specimen that is found by the collection site, laboratory or testing agency to have adulterated or substituted will be considered equivalent to a positive test. All current students involved in extracurricular activities, who test positive for adulterants or a substituted specimen will be subject to discipline up to and including discharge.

For violations of using illegal drugs and alcohol that can be detected by a drug test, the following penalties, which will be cumulative from Grade 7 through Grade 12, shall be administered.

First Violation

Upon the first violation, the student will be suspended from participation in all extracurricular activities for 28 calendar days from the date of the positive test to begin no earlier than the opening game or event for that extracurricular activity. At the end of the 28 days suspension the student must be tested again. Student must submit a NEGATIVE test before being allowed to be reinstated. If the student tests positive at the end of the suspension, that test will be regarded as a second positive test and a second violation.

The student must attend counseling two times during the suspension period. Counseling will consist of sessions with the Choctaw County Public Schools counselor. The parent may also elect to seek a non-school agency for counseling. For this service, the parent will be responsible for paying the agency, and shall have the agency furnish an appropriate report to the Athletic Director.

Second Violation

If the test is positive, then the student will be suspended another calendar year.

The student must attend monthly counseling during the suspension period. Counseling will consist of sessions with the Choctaw County Public Schools counselor. The parent may also elect to seek a non-school agency for counseling. For this service, the parent will be responsible for paying the agency, and shall have the agency furnish an appropriate report to the Athletic Director showing the counseling sessions.

Self-Referral

A student who self-refers to the athletic director, principal, coach or sponsor before being notified to submit a drug test will be considered to have committed his/her first offense under this policy.

Refusal to Drug Test

If a student refuses to submit to a drug test under this policy, then the student will NOT be eligible to participate in any extracurricular activities including meetings, practices, performances, and competition for a calendar year from the date of refusal. If a child has not been enrolled in school fifteen (15) calendar days after the first day of school, or has accumulated five (5) unlawful absences during the school year, the school district superintendent or designee shall report such absences to the school attendance officer or the youth court or family court. Students will be counted absent each day of late enrollment.

Reasons for terminating a student's continued participation include a student's failure to comply with minimum standards of (1) performance of physical fitness, especially with regards to organized sports, and (2) behavior or personal conduct, particularly during the course of activities sponsored or in any way supervised by the school themselves. Students' complaints and grievances shall be resolved through orderly processes and at the **lowest possible level**. However, the Board shall provide channels for eventual hearings, should the circumstances dictate.

STUDENT INFORMATION

EMERGENCY CONTACT

For student protection and safety, all students must have the telephone numbers **of at least two (2)** people on file in the office who can be contacted and who are available to pick the child up in case of an emergency. The signing of "in loco parentis" rights is encouraged so that the school administration can handle emergency issues in case no parent or contact person can be reached.

CHANGE OF STUDENT ADDRESS

If at any time during the year a change of address within the attendance zone is made, the parent must provide two (2) proofs of residency to the school counselor and the documentation must be placed in the student's cumulative folder. If

at any time during the year a change in phone number occurs the parent/student should report the change to the school office.

PRIVACY RIGHTS OF PARENTS/GUARDIANS AND STUDENTS

In compliance with Public Law 93-579, Choctaw County Schools will not, except for “directory information,” disclose personally identifiable information from the education records of a student without making a reasonable attempt to notify the parent/guardian of the student or the student of the transfer information. Any parent/guardian or student who objects to this release shall notify the principal within five (5) days from receipt of this handbook. Prior consent of the parent or eligible student is not required when the school releases such information to:

- A. Other school officials including certified staff.
- B. Officials of another school system in which the student now seeks enrollment.
- C. Other state, federal, and educational agencies as enumerated in Public Law 93-579.

Parents or eligible students have the right to inspect personal data that is collected and to appeal the accuracy of such information. A parent of a student or an eligible student may not contest the assignment of a grade. They may question whether or not the assigned grade was recorded accurately. Records requested for review will be made available, at the school of attendance at the earliest convenient time, but not more than 20 days after the receipt of the request.

Appeals to the decisions of school principals regarding educational records may be made to the County Superintendent of Education, Ackerman, Mississippi.

STUDENT AND SCHOOL HEALTH AND SAFETY

It is the intention of the Choctaw County School District to provide a safe and healthy environment for all students in attendance.

To ensure that this happens, each principal will require information from parents that lists an emergency number where they can be reached and backup numbers of a minimum of two relatives or friends who can be called in case of an emergency if the parent cannot be reached for some reason. The name of the family physician is also requested for medical emergencies. If a child has a medical condition, the school also asks that the school be informed so that proper care can be provided if this problem occurs at school. Before a student can take medication at school the parent/guardian must fill out required school medical form. (Form included in Enrollment Packet or available at school office)

The school will also conduct periodic disaster drills for fire, earthquake, and tornado in compliance with state regulations. These drills are for the purpose of protecting students and preparing them to follow safety precautions in case of fire, earthquake, tornado or other unexpected emergencies.

First aid procedures will be followed and these procedures will be posted throughout each school for student and teacher reference.

Each year we have various communicable diseases that may reach epidemic stage in our communities. The Choctaw County School Board authorizes the exclusion from schools-students with what appears to be infectious or contagious diseases; provided, however, such student may be allowed to return to school upon presenting a certificate from a public health officer or duly licensed physician that the student is free from such disease. The schools will continue to stay open unless advised otherwise by the Health Department and local physicians or the school doesn't have enough staff or students in attendance to conduct classes.

Students should be fever/symptom free without medication for 24 hours before returning to school.

ACCIDENT POLICY

Any accident shall be reported to the supervising teacher. First aid shall be administered as required. The principal or their designee shall be notified when needed. In emergencies, the student will be taken to the nearest emergency facility and the parents notified. Children requiring medical assistance may be placed in a designated area until first aid is administered or until parents/guardians arrive. In the event that no parent or guardian can be reached and the child needs emergency medical treatment, the principal will be named "loco parentis" and will sign any forms necessary for the emergency treatment.

ASEBESTOS NOTIFICATION

As part of an annual notification, we are informing all persons of their option of reviewing the asbestos management plan, which would include documentation of any changes of asbestos containing material in our schools.

To provide continuing management of the asbestos in our schools, all asbestos containing materials are inspected every six months by an engineering firm from Jackson, MS. Any changes in the ACM are being recorded in a surveillance report as a part of the management plan.

The three-year inspection of our school buildings has been performed as required. A copy of the re-inspection has been filed with the state department of education.

A copy of surveillance and re-inspection reports, along with a copy of the management plan, is located in the principal's office at each school. In addition, a copy of all management plans for the district is maintained in the superintendent of education's office located at 19 East Main Street, Ackerman, MS. Any interested party should feel free to go to any of these locations to review these reports.

We are happy to report that we have no friable asbestos left in our school district. The only asbestos left in our district is that in glue used to install older tiles. This old tile has been encapsulated by laying new tile in the schools.

BUILDING AND SCHOOL PROPERTY AND GROUNDS BEFORE/AFTER SCHOOL HOURS

No student shall be in the building or on school grounds before or after school hours unless under the direct supervision of a teacher or approved adult. Parents are not to drop off students prior to a time set by the principal. Parents will be required to pay for school property their child damages or loses, either intentionally or through neglect. A receipt will be issued when payment is made for damaged property. Any damaged property should be reported to the office

CHILD ABUSE/NEGLECT

DISASTER DRILLS

Two separate disaster plans considering location of power lines, gas lines, water lines, etc. will be on file in all schools and drills will be conducted regularly.

The Choctaw County School District provides facilities that are safe. Standard 3-1, Requirement # 30, Ref. Bulletin 171, Volume 11, as amended October 7, 1993. **Each school has a disaster and violence plan that is specific to their situation.** Students should follow a teacher or administrator's instructions for their own safety during a disaster of any kind without question.

HEAD LICE PROCEDURES

During the school year, students may be screened for head lice. Care is taken not to embarrass any student and to assure that no stigma is attached to him/her. If only the lice eggs (nits) are found, the student may remain in class for the remainder of the day. Parents will be notified per phone or letter regarding treatment and may return to school after appropriate treatment has been given and evidence of a receipt for the lice medication is provided to school. If a live louse is found, the parent or guardian will be called to take the student home for treatment. The student may return to school after treatment has been given and a lice medication receipt is provided to school.

According to House Bill 154, passed in the 1997 Legislative Session: "If a student in any public elementary or secondary school has had head lice on three (3) consecutive occasions during one (1) school year while attending school, or if the parent of the student has been notified by the school officials that the student has had head lice on three (3) consecutive occasions in one (1) school year, as determined by the school nurse, public health nurse, or physician, the principal/administrator shall notify the county health department of the recurring problem of head lice with that student."

SCHOOL VISITATION AND SAFETY POLICY

STUDENT BULLYING

The Choctaw County School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Choctaw County School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District

personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take “reasonable actions” as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. Furthermore, the Choctaw School District defines “reasonable action” as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior. Ref: SB 2015; MISR. Code Ann. § 37-7-301(e)

SEXUAL HARASSMENT AND DISCRIMINATION

The policy of the Board of Education forbids discrimination against any employee or applicant for employment on the basis of sex. The Board of Education will not tolerate sexual harassment activity by employees, students or school officials. This policy similarly applies to non-employed volunteers who work subject to the control of school authorities.

1. General Prohibitions
 - a. Conduct of a sexual nature including verbal or physical sexual advances that occur between students, co-workers, employees, supervisors, etc.
 - b. Using position or authority to obtain sexual favors from those whom they employ or have authority over.
 - c. Students are also subject to charges of sexual harassment if they verbally or physically make unwanted advances toward other students or school personnel.
2. Reporting
 - a. It is the express policy of the Board of Education to encourage victims of sexual harassment to come forward with such claims. Employees may do so by following Employee Grievance Resolution Procedures and students should report the incident to school administration. If the direct supervisor or administrator is the offending person, the incident shall be made to the next higher level of administrator or supervisor.
 - b. In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstance, the nature of the conduct and the context in which the alleged conduct occurred will be investigated. The superintendent and board have the final responsibility of investigating and resolving complaints of sexual harassment.
 - c. Any employee or student found to have engaged in sexual harassment shall be subject to sanctions including but not limited to warning, suspension, termination, or expulsion subject to applicable procedural requirements.

(For complete policy on sexual harassment see School Board Policy and Procedure manual, Section GBR-Sexual Harassment.)

The Superintendent shall establish administrative procedures consistent with this policy for its implementation. Applications may be picked up at each school office. Upon completion they must be approved by the School Board following a letter of request from the parent/guardian of the student involved.

TITLE IX OF THE EDUCATION AMENDMENTS OF 1972 PROHIBITING SEX DISCRIMINATION, TITLE VI OF THE CIVIL RIGHTS ACT OF 1964, SECTION 504 OF THE REHABILITATION ACT OF 1973 AND AMERICAN DISABILITIES ACT OF 1992

The Department of Health, Education, and Welfare has published regulations pertaining to Title IX, Title VI, Section 504, and American Disabilities Act of 1992. The Choctaw County Schools hereby declares its intent to comply; therefore, it has established the following procedures and regulations in regard to its enforcement:

Glen C. Blaine, Central Office, Ackerman, Mississippi has been designated as the Title IX Coordinator and Title VI Coordinator and Maureen Power as Section 504/ADA Coordinator. Complaints or concerns under these conditions may

MISSISSIPPI SCHOOL SAFETY ACT OF 2001

The School Safety Act of 2001 is cumulative and in addition to the school district’s existing authority regarding discipline of students. Pursuant to the Act, the school district has adopted policies and procedures that recognize the teacher as the authority in classroom matters regarding the school district’s written discipline code of conduct.

In the event the teacher removes a student who, in the professional judgment of the teacher, is disrupting the learning environment, and the removal is approved by the principal or assistant principal, the student may not be returned to the classroom until a conference has been held with the student’s parent, guardian or custodian. During the conference, the disruptive behavior will be discussed and agreements reached that no further disruption will be tolerated. The conference may be in person, by telephone, by e-mail or by other written communication.

Among other provisions, this act provides that a student 13 years of age or older may be subject to automatic expulsion on the third occurrence of habitually disruptive behavior during a school year. (Students under age 13 may be subject to expulsion for such conduct pursuant to other school policies and procedures.)

The term “disruptive behavior” means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with a school teacher’s or school administrator’s ability to communicate with the students in a classroom, with a student’s ability to learn, or with the operation of a school or school-related activity and which is not covered by other laws related

to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant or abusive language or action toward teachers or other school employees; defiance, ridicule or verbal attack of a teacher; and willful, deliberate and overt acts of disobedience of the directions of a teacher.

The term “habitually disruptive” refers to such actions of a student which cause disruption in a classroom, on school property or vehicles, or at a school-related activity on more than two occasions during a school year, and to disruptive behavior that was initiated, willful and overt on the part of the student and which required the attention of school personnel to deal with the disruption.

After the second instance of behavior that is determined by the principal or designated administrator to have seriously interfered with the school environment, the parents/guardians will be contacted to help develop a behavior modification plan for the student.

DISCIPLINE PLAN

1. A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district shall be responsible financially for his or her minor child’s destructive acts against school property or persons.
2. A parent, guardian or custodian of a compulsory-school-age child enrolled in the school district may be requested to appear at school by the school attendance officer or an appropriate school official for a conference regarding acts of the child specified in paragraph 1 of this subsection, or for any other discipline conference regarding the acts of the child.
3. ACCEPTABLE USE POLICY (This is included in Enrollment packet for parents/students.)

Choctaw County School District
Acceptable Use Policy

The Choctaw County School District is CIPA (Children’s Internet Protection Act) and COPPA (Children’s Online Privacy Protection Act) compliant. Students may use the network to explore thousands of libraries, databases, and bulletin boards. While our intent is to make Internet access available to other further educational goals and objectives, students may find ways to access other materials as well. There can be no assurances that students will not be exposed to unacceptable materials using on-line and telecommunication services. Choctaw County School District has implemented Internet filtering to minimize unacceptable material. Recognizing that no filtering solution can be 100% effective, it is understood that all technology protection measures do not and will not work perfectly. In complying with CIPA, schools are expected to engage in a “good faith effort” to abide by the requirements of CIPA. CIPA does not create a private right to action, meaning that the discovery of objectionable material on a computer cannot result in a lawsuit complaining that a school violated CIPA.

This policy sets forth the privileges and restrictions of users that wish to use the computing and telecommunication equipment owned by Choctaw County School District. This policy attempts to define and give examples of computer usage that are problematic and therefore are prohibited. This policy’s focus is to protect Choctaw County School District and its users from illegal or damaging actions by individuals, either knowingly or unknowingly; to educate minors about appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms; and to address cyberbullying awareness, reporting and response. All policies and procedures are intended for the current school year; however, the District reserves the right to make modifications as necessary. If changes are made, users will be notified through email or a posting on the district website.

Access to network resources and the Internet enables Choctaw County School District users to explore many resources for intellectual gain. These resources are intended for appropriate educational use. All users are held responsible for the behavior exhibited on District owned computers and the Internet.

Prohibited actions on Choctaw County School District Network:

- Installation of unlicensed software. (Request must be made to technology department)
- District computers, printers, or network equipment must not be moved without prior permission from the Technology Coordinator.

- Users must not use District network resources for online gaming, chatting, or music.
- Users must not conduct personal business or vendor services (selling products or web developing, etc.)

- Users must not practice unsafe behavior on the Internet
- Users must not practice inappropriate behavior while online, on social networking websites, and in chat rooms

Users that violate any of these prohibited actions are subject to the following:

- **Revocation of computer use in the district.**
- **Litigation depending on offense.**
- **Suspension or expulsion depending on offense.**

As a user of Choctaw County School District technology, I have read and agree to comply with the technology use policy. I agree that inappropriate use or behavior may result in loss of use, disciplinary and/or legal action. I agree that Choctaw County School District is not responsible for any damages that may result from my misuse of technology throughout the school.
