

STUDENT TRANSPORTATION MANAGEMENT

The Transportation Director shall have the overall authority and responsibility (subject only to review by the Superintendent and the Board) for planning and supervising the safe, economical, efficient, and effective busing of the children transported by the Hardy County School System. Additional responsibilities include: establishing and adjusting bus schedules, maintaining vehicles in a safe, clean condition, and insuring that necessary repairs are made.

During the time that the bus operator is transporting students to and from school, the bus driver stands in the place of the parent/guardian and shall exercise such controls as are necessary to insure their safe trip. The school bus driver shall see that proper conduct is maintained on the bus. Bus discipline shall be reported to the Principal, the parents, and to the Transportation Director with details of causes.

The school bus drivers shall see that their bus is in good mechanical condition at all times. They shall also keep the bus clean and comfortable. They will endeavor to run regularly and promptly on the schedule established.
