Robert Colavita

Business Administrator/Board Secretary

Dear Parent/Guardian,

The Hopewell Valley Regional School District has purchased student accident insurance covering all students on a full excess basis. Full excess means that all medical expenses incurred for a covered accident must first be submitted to all other medical expense plans under which the student can claim benefits. Any remaining balances that were not paid by the primary insurance company should be submitted to Bollinger Inc. for review and consideration of payment up to the policy limits. When submitting a claim to Bollinger Inc. you must include itemized bills for the providers along with the corresponding primary insurance explanation of benefits. Please note that the balance due bill will not be accepted.

Students are covered for injury during the hours and days when school is in session and while attending or participating in school sponsored and supervised activities on or off the school premises. Participants are also covered while participating in interscholastic sports; including tryouts, preseason and postseason play, and travel to and from games and/or practices.

Parents will also have the option of purchasing individual insurance coverage on a 24-hour basis for their child. For more information please see the Student Accident Insurance flyer attached to or log into www.BollingerSchools.com

Sincerely,

Robert Colavita
