## ATTENDANCE

In order for students to realize their fullest potential from education, every effort is needed from them to attend all classes. Parents, please contact the school, preferably by 10 a.m., to verify the reason for a student absence.

A good attendance record is an important factor in achieving and maintaining a successful school experience. A student who misses one clock hour in any  $\frac{1}{2}$  day is officially absent from school. Students who are not in attendance at least 90% of the school year may be recommended for possible retention. The school will attempt to notify parents of students who are not in attendance and have not been excused. Any student who is absent four (4) days or more without a valid excuse may be reported to the Seminole County Truancy Board. A student who is absent from school will have the same number of days to complete make-up work as the number of days he/she is absent.

There are two kinds of absences: Excused and Unexcused—the kind will be determined by the school officials.

**Excused absences** include illness or injury; doctor or dental appointments; bereavement; serious illness or emergency in immediate family; and school bus not running. Submit documentation to the school office to support absence being excused.

**Unexcused absences** include trips out of town, traffic issues, car trouble, waking up late, etc.

When student absences are due to extended or repeated illness, a parent may need to meet with school personnel to provide documentation to excuse the absences, to determine possible causes, and to explore the need for remedial health and/or educational programs for the students, including 504 education plan, homebound instruction, or other interventions deemed appropriate.

Both excused and unexcused absences affect attendance awards. Perfect attendance is based on state attendance laws. A student who misses two hours in  $\frac{1}{2}$  day is officially absent from school regardless of excused or unexcused absences. Excessive tardies can affect perfect attendance. A student is expected to report to class on time. A student is tardy when reporting to class after it has begun. A student misses beneficial classroom instruction when tardy.

**TARDY POLICY** Students should develop good habits by being prompt to each class.

A student who is not in the classroom when the tardy bell rings is considered tardy. Tardy admits are issued by the office. 1. All tardies are unexcused unless the administration decides otherwise. 2. A student is considered tardy if he/she comes in late during the first 20 minutes of the class. Coming in after the first 20 minutes have elapsed will be counted as an absence, not a tardy. 3. In order to be counted present for a class, a student must be present for at least 30 minutes of the class period. 4. After the 2nd tardy, a student will receive detention for each tardy. If a student continues to be tardy, further discipline will occur.

### **DISMISSAL DURING THE SCHOOL DAY**

Students are expected to remain in school the entire day. Students are receiving vital instruction up to the end of the school day and may not routinely be picked up early. If students are picked up prior to 20 minutes from the end of the school day, it will be counted as an absence.

### **ENROLLMENT/ADMISSION OF STUDENTS**

All children who reside in the Seminole School District I001 between ages 5 on or before September 1 and 21 on or before September 1 are entitled to attend school according to school law, grades K-12.

Students entering public school for the first time must present their birth certificates, shot records, proof of residency, social security number. Please notify the school office if you are unable to provide any of the documents due to an extenuating situation. Children will be enrolled under their legal last name in all cases. In addition, students entering the Pre K and Kindergarten program must have the following:

4 Year Old 8:10-3:05  
Kindergarten 8:10-3:05  
Grades 1-3 8:10-3:05  
Northwood 4-6 8:10-3:05

Students do not need to arrive at school before 7:45 a.m. The school is concerned about the safety and welfare of each student; however, the school cannot be responsible for the safety and welfare of unsupervised students until 7:45 a.m.

At **BLS**, students should be delivered at the front of the building or personally walked into the building by a parent or guardian. A BLS staff member will assist students exiting vehicles at the car drop off spot near the front entrance. Please observe all No Parking signs and the Right Turn Only signs at the corner of Harber Court and Timmons. In the afternoon, all bus riders will be dismissed prior to students who are picked up. Parents may wait in the entry area of BLS until the bus students are cleared. Once the bus riders have cleared, parents will sign out their child with the classroom teacher. Any changes to pick up plans need to be conveyed to the office prior to 2:00 p.m.

At **Wilson Elementary**, the transportation loop on the north side of the building is for **BUSES ONLY IN THE MORNING**. All other traffic is prohibited. Students should be delivered to the south entrance. Single lane traffic should be followed in the morning and afternoon to ensure student safety. In the afternoon, students will exit to two designated pick up areas determined by school personnel. If you have any questions, please call the school office for assistance. Any changes to pick up plans need to be conveyed to the office prior to 2:00 p.m.

Students at **Northwood Elementary** should be delivered and picked up at the west loop by the track. Students may not leave school grounds to be picked up at other designated areas as determined by parents. For safety reasons all cars must only enter the west loop to drop off or pick up students before and after school. Drop off and pick up is prohibited

in the front and rear of the school. Any changes to pick up plans need to be conveyed to the office prior to 2:00 p.m. Students should not use the front entrance (north) until 8:20 a.m.

### **VISITOR PARKING**

Parking for parents and other visitors at **BLS** is available on the east side of the building and the parking lot located south of the building. The west loop is reserved for bus loading and unloading. Please observe the No Parking signs posted at the front of the building.

Parking for parents and other visitors at **Wilson** is available on the south side of the building and also on the east side of the building. Parents are urged to comply with the state law which prohibits the passing (in either direction) of school buses when the red loading lights are flashing.

Parking for parents and other visitors at **Northwood** is available in the front (north) parking lot. However, this parking area is reserved for bus unloading and loading from 7:45 a.m.-8:10 a.m. and from 2:45 p.m. – 3:15 p.m. Parents are urged to comply with the state law which prohibits the passing (in either direction) of school buses when the red loading lights are flashing.

### **INSTRUCTIONAL PROGRAM**

The instructional program is designed to impart knowledge and skills; assist students in learning the process of inquiry; and develop attitudes, interests, and values essential to the successful functioning of an individual in a democratic society. Instruction is based on the selection and implementation of activities which enable each student to achieve the educational goals and objectives. The State Department of Education's OAS (Oklahoma Academic Standards) guide the requirements for instruction in classrooms.

Fine Arts grades are based on practice and performance. Participation is required. Students will participate in performances scheduled during the school year. These performances may include Veteran's Day, holidays and other seasonal programs.

### **PROGRESS REPORTS**

Parent-Teacher conferences are scheduled twice a year.

Student progress is reported by report card once every nine weeks. The cards are distributed at parent-teacher conference time immediately following the first and third nine weeks.

Early childhood grades will use a skill-based progress method. Grades 2-6 will use the following grading scale:

A = 90-100

- B = 80-89
- C = 70-79
- D = 60-69
- F = 59 and below

Parent-teacher conferences are held once each semester, however, parent-teacher conferences can be scheduled at any time when either the parent or teacher sees the need arise.

### **HOMEWORK**

A certain amount of homework is necessary for all children to form good study habits. There is limited homework in grades K – 2, with more beginning in grade 3.

Because students work at different rates, some homework is due to the fact that assignments have not been finished within the time allowed in the classroom. Parents are encouraged to consult the teacher if there are questions about homework.

Parents can help students develop a positive attitude about homework and establish effective study habits in the following ways:

1. Provide a quiet place to study.
2. Schedule a regular homework time each day and stick to it, but be equally careful to provide for playtime after school.
3. Remember that homework is assigned to the student, not the parent, although parent guidance is encouraged.
4. Encourage the student to do his/her very best.
5. Encourage the student to read books at home, and in turn read to him/her. 6. Make sure children have study materials available, such as pencils, paper, and erasers.
7. Show the student that school and homework are important

### **GUIDANCE PROGRAM**

1. Guidance at the elementary level is provided by the school counselor for all students. The guidance program is based on the needs of the individual student and is concerned with the development of the total individual.

Guidance services are provided to give personal support to each student and to help the student learn to cope with school and personal problems. The counselors work closely with students, parents, teachers, administrators,

specialists, and community agencies in an effort to provide the student with the best help possible.

2. The major services of the guidance program include classroom guidance, individual counseling, small group guidance, consultations with parents and staff, coordination of testing program, and referrals to other agencies.

## **LIBRARY SERVICES**

BLS Early Childhood Center has a parent lending library which will provide materials to use with students at home, as well as materials to assist with parenting skills.

BLS Early Childhood Center, Wilson, and Northwood Schools provide a library of varied materials to assist students and staff with class projects, independent study and pleasure reading. The library staff helps the students locate and learn to use materials. Materials available in the library include books, magazines, newspapers, filmstrips, videos, slides, transparencies and recordings.

The Library Media Center provides a wide variety of opportunities for student activities—leisure reading, study research, instruction in library skills, and listening and viewing of audio-visual media. There is available a computerized encyclopedia program which adds audio-visual information along with the computerized search. Students enter the Library Media Center with classes or individually with passes from classroom teachers.

Students are expected to use care in handling materials and must pay for damaged or lost materials in the library. The librarian or school personnel are to be informed of any damaged materials in the library.

## **STUDENT HEALTH**

State law requires that students found to have live head lice or live nits must stay out of school until proper shampoo/treatment has been applied. To be readmitted to school, students must show proof of treatment and must be cleared for lice by school personnel. Parents must accompany students on the day they return to school to be checked.

BLS/Wilson

Over-the-Counter or nonprescription medication will not be administered by BLS and Wilson staff members without a pharmacy label and directions from the physician. Parents are welcome to administer non prescription medication, as needed to their child.

## Northwood

Nonprescription medication may be administered only with the written request and permission of a parent, guardian, or person having legal custody when other alternatives, such as resting or changing activities, are inappropriate or ineffective. The medication will be administered in accordance with label directions or written instructions from the student's physician.

## Older Students Self-administration of Inhaled Asthma or Anaphylaxis Medications (s)

Students are authorized to carry and administer their own inhaled asthma or anaphylaxis medications(s) provided that the following conditions are met:

1. The parent or guardian of the student authorizes annually in writing the student's self-administration and possession of the medication;
2. The parent or guardian of the student provides to the school a written statement from the physician treating the student that the student has asthma and/or anaphylaxis and is capable of, and has been instructed in the proper method of, self-administration of medication;
3. The parent or guardian of the student provides to the school an emergency supply of the student's medication to be administered pursuant to the provisions of Section 1- 116.2 of Title 70 of the Oklahoma Statutes;
4. The parent or guardian acknowledges the following statement:
  - a. "Seminole Public Schools, its employees and agents shall incur no liability as a result of any injury arising from the self-administration of medication by the student."
5. The student signs a statement that he/she will not knowingly allow another student to use the inhaler or anaphylaxis.

The school district will inform the parent or guardian of the student, in writing, that the school district and its employees and agents shall incur no liability because of any injury arising from the self-administration of medication by the student.

## ILLNESS OR INJURY DURING SCHOOL

A student who is too ill to remain in class is to report to the office. The teacher will advise the office as to the extent of the illness. If school officials suspect the child is contagious, the student will be placed in the designated isolated area in the office. When a student is injured at school, the student will be given first aid and the parent will be notified immediately.

Please use the following guidelines and keep your child at home if any of these symptoms are present:

- fever of 100 degrees or greater (before medication)
- shortness of breath
- an undiagnosed rash
- diarrhea or vomiting
- severe sore throat
- persistent or severe cough
- persistent or severe headache
- any known communicable disease
- evidence of head lice

If your child has a fever of 100 degrees or greater, they must be fever free without medication for 48 hours before returning to school. A child also needs to be free of diarrhea and/or vomiting for at least 24 hours before returning to school. For conditions requiring an antibiotic (strep throat, impetigo, pink eye, etc.), students may return to school 24 hours after the antibiotic is started.

If your child's doctor diagnoses them with a communicable disease, please notify the school so we can notify parents of other students in the classroom if necessary. Communicable diseases include Covid 19, chicken pox, Coxsackievirus (hand, foot, and mouth disease), croup, Pertussis (whooping cough), pink eye, pinworms, impetigo, fifth disease, hepatitis, flu, measles, mumps, meningitis, strep throat, lice, ringworm, and scabies. It is an expectation that any Oklahoma State Department of Health's recommendation of quarantine or other advisement be strictly adhered to.

### **SCHOOL ACCIDENT INSURANCE**

All students participating in athletics shall be required to carry student accident insurance or provide the principal with a signed statement that indicates the parent has proper insurance coverage through other sources. Non-athletic injuries shall be reported to the principal by the supervising teacher. It is the student and parents' responsibility to file claims and report injuries.

### **LEGAL ASPECTS**

*A child's **legal name** will be used for all school records.*

School records for a student being legally adopted or for students who have legal name changes will be changed upon a presentation of a legal document indicating such action has been taken.

If one parent has legal custody of a student who is not to be released to the non-custodial parent, the school must be supplied with a copy of the proper custody papers or restraining orders.

This is a great help to the school in the protection of students. School staff members should not be put into the position of mediating custodial problems.

Seminole Public Schools in compliance with Title IX regulations at 34 C.F.R. Section

106.9 do not discriminate on the basis of sex in the education programs or activities it operates or in admission to or employment in its education programs or activities. Inquiries concerning the application of Title IX and its implementing regulations may be referred to the Title IX coordinator or to OCR. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

## **PARENTAL INVOLVEMENT POLICY**

We realize that the parent is the child's first and most important teacher, and that the parent's continued involvement is essential for the success of the parent-school partnership. To support the parent-school partnership, the following policies were designed with meaningful consultation from parents.

- I. At the beginning of each school year, a school parent compact developed through parent and staff input, will be distributed asking parents and student to commit to a partnership with the school.
  
- II. An annual Title I meeting will be held at the district level to which parents of all students will be invited. The content of the annual meeting will consist of information pertaining to the program and activities provided with Title I funds. This meeting will also serve as an opportunity for parents to become informed, in a timely way, about how the program will be designed, operated and evaluated.
  
- III. Parental involvement activities will be provided. When needed, transportation and childcare can be provided. The purpose and content of parental involvement activities will be:
  - To make parents aware of the importance of parental involvement requirements and other relevant provisions of the program and to receive input from the parents concerning the manner in which the school and parents can work together to achieve the program's objectives;
  - To provide accessibility for parents to teachers, Title I staff, and other educational personnel;
  - To provide information regarding the school curriculum and to welcome parents to observe the total school program;
  - To provide opportunities for parent-teacher conferences to discuss the student's progress, placement, and methods the parent can use to complement the child's instruction;
  - To discuss ways the school staff can best provide information, programs; and activities in a language and form the parents can understand.
  - To provide support to parents through training and services;

- To provide information concerning the Oklahoma Criterion-Referenced Test (OCRT), the state mandated assessment process; and
- To provide information on the Literacy First Process utilized by Oklahoma teachers.

IV. Appropriate training will be provided to all staff members to increase the effectiveness of the partnership between home and school. The training will be in the form of workshops, professional development sessions, and conferences.

V. The Title I staff will coordinate parent activities with other groups such as Extended School and the Family Resource Center.

VI. Parents will be provided with ongoing communication through quarterly progress reports.

The district-wide Parental Involvement Policy has been developed jointly with parents of children participating in Title I, Part A programs.

This policy was adopted by the Seminole Public School District on May 8, 2006, and will be in effect indefinitely with annual updates and revisions. The school district will distribute this policy to all parents of participating Title I, part A children.

### **PARENTAL RESPONSIBILITY**

- ✓ Assume major responsibility for helping their children develop good habits of behavior.
- ✓ Recognize and help their children understand that the teacher assumes the role of the parent while their children are at school.
- ✓ Teach their children respect for property and the rights of others. ✓
- Speak positively about the school and education in front of their children. ✓
- Assist their children to come to school well-groomed and appropriately dressed.

- ✓ Provide necessary school supplies for their children to be able to perform classroom work.
- ✓ Discuss daily work assignments and report cards with their children in a constructive manner.

- ✓ Keep in close contact with the school to ensure good communication.
- ✓ Attend requested conference

### **FREEDOM INCLUDES RESPONSIBILITY**

Students are allowed by the school as much freedom as possible without hindering the freedom of other individuals. One of the most important lessons for students to learn is that to enjoy freedom, individuals must be willing to accept responsibility for their own actions. Students whose disruptive actions hinder another student's rights to a good education in a safe environment must be penalized for their misbehavior. Self-defense cannot be used as an excuse when fighting is a mutual altercation. This understanding is essential in order for students to learn to function as responsible citizens.

### **STUDENT'S DAILY RESPONSIBILITY**

- ✓ Be at school every day, on time.
- ✓ Come to school well-groomed and appropriately dressed.

### **STUDENT DISCIPLINE**

The master key to achievement is self-discipline. With it students have the strength and perseverance to pursue and achieve many goals. Self-discipline grows from within and enhances self-esteem.

School personnel and parents play an important role in helping students develop self-discipline. High expectations must be held for all students and those expectations are to be communicated to the students.

To enhance self-discipline, classrooms are to be well-organized, instruction carefully managed, creativity encouraged, rules made clear and consistent, and learning must be a top priority for everyone in the school at all times.

It is not fair for the misbehavior of some students to destroy the learning environment and the development of self-discipline for others. Therefore, a behavioral management plan can assist students in developing positive, responsible conduct.

It encourages consistency in handling unacceptable behavior.

In order to grow educationally, socially, and emotionally students need to be in an environment in which firm, consistent, and positive limits are set, while warmth and support are provided for appropriate behavior. Maintaining acceptable school conduct is the responsibility of the students, parents, and the entire school staff.

The administrator will carry out the proposed plan unless new information becomes available that affects its implementation. At that time, the team will reconvene to determine an alternative plan. Once the team has a plan to propose, a meeting will take place with the parent(s) to present the plan of action.

The Behavioral Management Team may make referral to one of the following agencies with whom Seminole Schools has a contract; Seminole County Health Department, Youth and Family Services, Department of Mental Health; Student and parent(s) will be required to attend the initial intake meeting, as well as any evaluation and testing required for the student. In addition, the student and parents(s) shall be required to attend their appointments for as long as the agency professional involved deems it appropriate. Should the Behavioral Management Team find that the student and parent(s) are not meeting requirements of the agency to which they were referred, the Superintendent can enforce long-term suspension until the student and parent(s) are involved with the agency on a regular basis.

#### Suspension of Students

A student may be suspended from the Seminole Schools for any of the following reasons:

## **SEARCH OF A STUDENT, STUDENT PROPERTY, AND STUDENT LOCKERS**

A search of a student, student property or lockers shall be conducted only for the purposes of safeguarding the educational process, maintaining discipline and order, promoting the safety and security of persons and their property, or recovering of stolen property. A search of a student may be conducted when a student is on district property, in transit to, or attending any function sponsored or authorized by the district.

Object of Search – A search may be conducted when there is reasonable cause to believe that the person, personal property, or locker of a student contains one or more of the following:

- A. Dangerous weapons;
- B. Drugs, marijuana, and other substances which are controlled, dangerous substances as defined in the Dangerous Substances Act;
- C. Stolen property (including money)

Persons Authorized to Conduct Searches – Only the principal, Assistant Principal, appropriate director or Superintendent may authorize a search of a student or student property.

A search of a student, student property or student locker should be conducted only when there is reasonable cause to believe a student possesses one of the prohibited items. The determination of reasonable cause could be made by careful consideration of the following factors:

- A. What is the relative danger to the students and educational process posed by the possession of prohibited item?
- B. What is the student's record of behavior?
- C. What is the urgency of the search?
- D. If the basis for a search is information received by a confidential source, the official should determine if the source is of known reliability by taking into account who the source is and the person's credibility.

Reasonable cause can have factual basis in a student's apparent nervousness, uneasiness, fear, anxiety, furtive suspicious movements and apprehensive expression; by the student placing an item in his/her pocket when an administrator approaches, and by the distinct appearance or smell of a prohibited item, i.e. the smell of marijuana. Student lockers are district property. Use of the lockers is a privilege, and students should have been advised that lockers are subject to search.

When necessary the administrator may request the student to remove only shoes, socks, hats, gloves, coats, sweaters, and jackets. The student may be requested to empty pockets and turn them inside out. The search of a student will only be conducted with a witness present. When circumstances allow an effort will be made to contact one of the student's parents/guardians and notify him or her of the pending search.

## **SUBSTANCE USE BY STUDENTS**

Use, possession, consumption, being under the influence of, or distribution of any narcotic drug, stimulant, barbiturate, depressant, hallucinogenic substance, opiate, inhalant, counterfeit drug, any other controlled or non-controlled substance having a potential for abuse associated with a stimulate or depressive effect on the central nervous system or any representation of a substance to be any of the substances set forth above.

This policy shall apply to all students before, during, and after school hours at school, in any school building, and on any school premises; in any school-owned vehicle or in any other school approved vehicle used to transport students to and from school or school activities; off school property at any school-sponsored or school approved activity, event, or function; or during any period of time when students are subject to the authority of school personnel; or activities which occur off of school property, but which have impact on the school.

## IMMEDIATE REMOVAL

A student whose presence poses a continuing danger to persons or property or an ongoing threat to disrupting the academic process may be immediately removed from school.

### Gang Related Behavior

It is the policy of this school district that membership in secret fraternities or sororities or in other clubs or gangs not sponsored by established agencies or organizations are prohibited. Gangs which initiate, advocate, or promote activities which threaten the safety or well-being of persons or property on school grounds or which disrupt the school environment are harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue

of its color, arrangement, trademark, symbol, or any other attribute which indicates or implies membership or affiliation with such a group presents a clear and present danger to the school environment and educational objectives of the community and are forbidden.

Incidents involving initiations, hazing, intimidation, and/or related activities of such group affiliations which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students are prohibited. Any student wearing, carrying, or displaying gang paraphernalia, or exhibiting behavior or gestures which symbolize membership, or causing and/or participating in activities which intimidate or affect the attendance of another student will be subject to disciplinary action including suspension and expulsion.

The superintendent may provide in-service training in gang behavior and characteristics to facilitate staff identification of students at-risk and promote membership in authorized school groups and activities as an alternative.

### Weapons

Possession and/or carrying of dangerous weapons or replicas while on district property, at a school sponsored activity, or on a school bus will result in an immediate long-term suspension, unless involved personnel discover circumstances that prove the action to be inappropriate. A long-term suspension may extend to the remainder of the semester or to the end of the next succeeding semester. Law enforcement officials will be called immediately when firearms are involved (i.e., powder, air powered, gas powered weapons). Law enforcement officials will be called immediately in regard to all other weapons if school personnel determine that the situation poses a threat to students or personnel. The Seminole School district reserves the right to invoke school discipline independent from legal action.

Dangerous weapons include an automatic or semi-automatic weapon, rifle, shotgun, any pistol, revolver, BB gun, pellet gun, or any imitation firearm, dagger, bowie knife, dirk knife, switchblade knife, spring type knife, sword, any knife having a blade which opens automatically by hand pressure applied to a button, spring or other device in the handle of the knife, blackjack, multi-fingered rings, loaded cane, billy hand chain, metal knuckles, or any weapon capable of inflicting a serious bodily harm.

Police will be allowed to carry weapons in the performance of their duties. Parents are reminded that students in violation of the weapons policy are subject to a long-term suspension.

It is a violation of federal law to bring a firearm on or within 1,000 feet

of school property. Violators are subject to imprisonment for up to five (5) years, a \$5,000.00 fine or both fine and imprisonment. Violators will be prosecuted to the fullest extent allowed by law. (Gun-Free School Zones Act of 1990)

Gun-Free School Policy – Seminole Public Schools requires the expulsion from school for a period of not less than one (1) year of any student who brings a firearm to school with the exception that the Chief Administrative Officer may modify the expulsion requirements on a case-by-case basis; however, for a student with disabilities, the procedures which appear on pages 80-83 of the Policy and Procedures for Special Education in Oklahoma must still be followed regarding the suspension of any such student.

### School Sponsored Activities

Students who attend school sponsored activities at home or away are subject to school discipline policies.

## **WIRELESS TELECOMMUNICATION DEVICES**

Students will be allowed to possess cell phones. The devices must be kept turned off and shall not be displayed between the hours of 8:15 A.M. and 3:10 P.M. All other types of telecommunication devices and electronic devices are prohibited. This includes but is not limited to beepers/pagers, portable games or toys, MP3 players or ipods, headphones, cameras or camcorders, or any other electronic device.

Upon reasonable suspicion, the superintendent, principal, teacher, safety and compliance officer or security personnel shall have the authority to detain and search, or authorize the search of, any student or property in the possession of the student for unauthorized use of wireless telecommunication devices. Students found to be using any electronic communication device for any illegal purpose, violation of privacy, or to in any way send or receive personal messages, data, or information that would contribute to or constitute cheating on tests or examinations shall be subject to discipline and the device shall be confiscated and not returned until a parent conference has been held.

A student or teacher may request permission for exceptions to this policy based upon medical emergency or specific educational purpose. Such permission may be granted in writing by the administration for a specified period of time based upon the nature of the request. Exceptions will only be granted if it is deemed necessary by the administration.

The penalty for the violation of this policy shall be:

**First Offense:** The electronic device will be seized. Said device will be returned to the student at the end of the school day.

**Second Offense:** The electronic device will be seized, and the student may be assigned to

detention for two days.

**Third Offense & Subsequent Offense:** The electronic device will be seized, and the student may be assigned to detention for one week. The parent of the student will be contacted and a conference scheduled.

**Repeated Cell Phone Violations:** Student will be required to turn in device daily for a period of time to be determined by the school principal."

## **BUS RIDERS**

A large percentage of students are transported by bus. The School Board has set boundary lines for each school site as to which students are eligible or ineligible to ride a bus. Those students residing outside each school's boundary lines may ride a bus, while those residing within the boundary lines cannot.

There are load limits for our buses. Therefore, students cannot transfer to other buses except in extreme emergency cases, such as a parent in the hospital, etc.

Each student is assigned to a particular bus stop and a specific bus. The buses are color coded to help the younger students locate the correct bus. No change relating to the stop or the bus is to be made without the approval of the Director of Transportation. If there is a legitimate need for a change, please make a personal contact with the principal via a visit, a phone call, or a signed note to ensure correct delivery and safety of students.

Students are to follow all safety rules while riding the bus. Continual extreme misbehaviors on the bus will be reported to the principal.

## **BUS RIDING SAFETY RULES**

- 1) Be on time at the designated school bus stops in order to keep the bus on schedule.
- 2) Stay off the road at all times while waiting for the bus.

- 3) Refrain from the use of any form of tobacco, alcohol, or drugs.
- 4) Assist in keeping the bus safe and clean at all times.

- 6) Treat bus equipment as you would furniture in your own home. Damage to seats, etc., will be paid for by the offender.
- 7) Never tamper with the bus or any of the bus equipment.

A violation of rules may result in the following actions:

- 1) First Offense – five day bus suspension
- 2) Second Offense – fifteen day bus suspension
- 3) Third Offense – bus suspension for the remainder of the school year.

Any of these bus disciplinary actions may be subject to change at the discretion of the site principal/Transportation Director. Suspensions from the bus will be related to the regular school bus route. Suspension from other school related transportation will be at the discretion of the site principal.

### **CAMERA SURVEILLANCE VIDEOS**

The District utilizes video cameras to enhance its security operations. Video cameras may be placed in buses, hallways, classrooms, parking lots, common areas, cafeterias,

stadiums, auditoriums, and any other area except locker rooms and bathrooms.

Surveillance videos are **NOT** considered to be educational records of students and are not subject to the right of inspection by parents specified in the Family Educational Rights and Privacy Act (FERPS) or subject to disclosure under the Oklahoma Open Records Act. Surveillance videos may be used in disciplinary actions against students and employees and may be publicly disclosed during such disciplinary proceedings.

### **SCHOOL SAFETY INFORMATION**

The school is concerned for the safety of every student. Students are cautioned about staying out of the roadway while walking to and from school, as well as following proper bus safety procedures. Students do **not** ride bicycles to and from Betty L. Smith Early Childhood, and Wilson Schools because of their young age and the traffic congestion around the school buildings.

When picking up students from **Betty L. Smith Early Childhood**, it will be necessary for the adult to go inside the building for the students as a safety precaution.

The traffic pattern around **Wilson School** is one way, entering from Van Drive and proceeding south to Harding Street. Observance of this traffic pattern during the school day is in the best interest of student safety.

Several fire and tornado drills are held during the school year to familiarize students with the safety procedures to follow in case of an actual fire or tornado.

Every effort is made to protect students at school. Parents' assistance with safety procedures is needed. Students should be shown the route to and from school. Students need to know their address and phone number, as well as the name and phone number of someone who can be contacted.

Parents should discuss what to do when things will be different than usual at the end of the school day. Parents must notify the teacher by written note or phone call if there is a change in the student's daily routine for transportation.

Students should be cautioned never to leave the school grounds without permission and certainly not to leave or ride with strangers. Most outside doors to the school building will be kept locked to help ensure student safety.

A student accident insurance policy is available to each student. A choice can be made between at-school coverage and 24-hour coverage. This insurance covers a portion of the medical expenses resulting from accidental injury that might occur for the student.

### **EMERGENCY PLANS – FIRE DRILLS AND LOCKDOWN**

The principal and faculty members of each school building in Seminole Public Schools

will develop and implement fire and emergency procedures for the orderly evacuation of all buildings upon the sounding of a distinctive audible signal designated as the fire alarm. Directions indicating where students are to go and the route to be taken should be posted in each classroom. Teachers are to instruct students in emergency and fire drill procedures and practice those procedures with their students in each class. These procedures will be developed to ensure the complete safety of children and other school personnel.

Fire, emergency, intruder and lockdown drills will be practiced in accordance to state law. Each drill shall be documented in writing at each school site and reported to Oklahoma School Security. The records for each fire drill shall be preserved for at least three (3) years and made available to the State Fire Marshall or his designee upon request.

### **EMERGENCY SCHOOL CLOSING**

Snow and ice conditions or other kinds of emergencies affecting our school system will be made known through Seminole Schools Communication app, Site Facebook pages, as well as on TV channels, 4, 5, and 9. If possible, school closing information will be given the night before or by 7:00 a.m.

If school must be dismissed during the school day, each school site will follow its own emergency dismissal plan.

### **DRESS CODE**

The Seminole Public School District takes pride in the appearance of its students. This District's dress code and grooming standards have been established to teach grooming and hygiene, to prevent disruption, and to minimize safety hazards at school or school-related functions. There is a close relationship between high standards of dignity, pride, and proper grooming which contribute to an appropriate learning environment. Modesty will be the dominant feature in all clothes. Attire shall be clean and inoffensive. The student and parent shall share the responsibility for proper grooming of the student; however, the campus administrator has the final authority concerning the propriety of clothes, hairstyle and jewelry. The school campus, like a workplace, promotes a productive, business like atmosphere that is conducive to learning. The dress code is based on the premise of recognizing fashion without sacrificing decency, safety, and appropriateness. Clothing should not be disruptive and/or should not distract from the learning environment. **The District's dress code prohibits students from wearing any costume or part of a costume including tails, gloves, ears, or collars except as appropriate for spirit weeks or theatre/music productions.** Clothing standards for all students shall include, but are not limited to the following:

1. Clothing must promote cleanliness and modesty
2. Students must wear shoes at all times

3. Students must not wear headgear of any kind while in the school building. The principal may make exceptions for spirit days, religious purposes, or special activities.
4. Shorts, cutoffs, and skirts must be fingertip length or longer. There should be no holes in pants or shorts above the pocket line.
5. Bare midriffs are not permitted.
6. Straps should be dollar bill width.

**Inappropriate school attire includes:**

Revealing clothing

Clothing, jewelry or piercing items that can be considered dangerous or promote vulgarity, violence, alcohol or drugs.

Gang related clothing-colors or gang paraphernalia.

Collars or paraphernalia containing spikes.

Clothing and symbols offensive to particular cultures.

If a student is sent home because of a dress code violation, it is not an expulsion or suspension, but a disciplinary measure to correct the violation. The student should return immediately to school because while a student is absent, he/she is unexcused during that time away from school. A student who checks out for dress code issues will be assigned detention if checked out for more than 15 minutes. Unexcused absence violations will result in the student serving one-day detention for each hour missed.

It is the responsibility of the Principal to ensure that this policy is enforced; however, other personnel may assist in the enforcement of this policy and are encouraged to do so.

**INTERPRETIVE AUTHORITY**

The examples and guidelines listed above may not cover every possible instance of appropriate or inappropriate grooming and appearance. The interpretive authority as to what dress or grooming is inappropriate, disruptive, a hindrance to the best learning environment, or a detriment to best discipline shall be vested in the principal or any other administrative authority in the school system.

**TELEPHONE**

Students are limited as to their use of the school phone. Parents can help by making sure that the students have their books, materials, and lunches when they leave home each

day.

In addition, parents need to instruct students as to after-school plans before they leave home. Dismissal time is a very hectic part of the school day, and if parents call around that time, it cannot be guaranteed that the message can always be delivered.

## **SCHOOL VOLUNTEERS**

Volunteers are strongly encouraged to participate in school activities. Volunteers are used in a variety of ways, and information about volunteering is available in the school office. For student safety, volunteers may be asked to sign in and out or wear an identification badge to be returned to the school office when leaving.

### **Harassment, Intimidation, Bullying and Hazing and Investigating Reported Incidents**

No student in Seminole Public Schools will be subject to hazing, harassment or any other form of persecution by any student or employee at school or on school-sponsored activities. The district specifically prohibits threatening behavior, harassment, intimidation and bullying by students at school and/or by electronic communication, whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation or bullying at school.

This policy will be included in the student handbook that is distributed to each student each year.

#### **Harassment, Intimidation, and Bullying**

Bullying is a repetitive behavior. Bullying is an intentionally aggressive behavior, repeated over time that involves an imbalance of power.

“Harassment, intimidation and bullying” means any gesture, written or verbal expression, electronic communication, or physical act that a reasonable person should know will harm another student, damage another student’s property, place another student in reasonable fear of harm to the student’s person or damage to the student’s property, or insult or demean any student or group of students in such a way as to disrupt or interfere with the school’s education mission or the education of any student. This type of conduct includes, but is not limited to, gestures, written or verbal physical acts or electronic communication.

“At school” means on school grounds, in school vehicles, at designated school bus stops, at school-sponsored activities or at school-sponsored events.

“Electronic communication: means the communication of any written, verbal or pictorial

information by means of an electronic device, including but not limited to a telephone, cellular telephone, or other wireless telecommunication device, or a computer.

“Threatening behavior” means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

Investigating Reported Incidents of Harassment, Intimidation, Bullying or Threatening Behavior.

1. The following conduct, as defined and specified above, by any person or persons and directed toward any person or persons or the property thereof is specifically prohibited by the district:
  - a. Harassment
  - b. Intimidation
  - c. Bullying

The above prohibitions apply to such conduct at school and/or by electronic communication and whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, bullying or intimidation at school.

2. Any student who believes he/she has been subjected to acts of harassment, intimidation or bullying as specified above shall immediately report such incident to one of the student’s teachers or to the student’s school principals. If reported to a teacher, the teacher shall immediately notify the school principal. Students are advised of the importance of reporting these incidents to school officials so that school officials may know about them, investigate them and take any actions deemed appropriate.
3. Upon notification of such an incident by the student or student’s teacher, the school principal shall investigate the incident to determine its severity and its potential to result in future violence.
  - a. The alleged incident shall be documented in writing by the principal.
  - b. The investigation shall be made in a timely fashion.
  - c. ## PROMOTION AND RETENTION

In general, students will be placed at the grade level to which they are best adjusted academically, socially, and emotionally. As a usual practice, students will spend one year in each grade. A small number of students, however, may benefit from staying another year in the same grade. Such retention may be considered when:

- A. A child is in grades K-3, or, on very rare occasions, when the child is in grades 4-8.
- B. The child is achieving significantly below ability and grade level.
- C. Retention would not cause an undue social and emotional adjustment.
- D. Retention would have a reasonable chance of benefitting the child totally.

The following will be procedure for deciding retention or promotion: A. The student's parent or teacher may request that the student be retained. B. If a parent has concerns about a child's retention recommendation, a committee consisting of the principal, student's teacher, a teacher from the subsequent grade level, one counselor, and the child's parents will review the student's progress and consider the request.

- C. The approval committee will be guided by the following factors:
  - 1. Chronological age
  - 2. Academic data
  - 3. Social maturity
  - 4. Emotional maturity
  - 5. Physical development
  - 6. Work and study habits
  - 7. Attendance record
- D. The committee will recommend retention or promotion and specify the factors relating to the decision. If the parent has further concern, that decision will be forwarded to the superintendent for his or her information and review.
- E. Although the final decision should be a mutual decision of the parents and the school officials, the final decision of promotion or retention shall rest with the school authorities.
- F. Only in unusual circumstances should a child be retained more than once.
- G. Appeals to the decision of the committee may be brought to the Board through the superintendent. Whenever a teacher or teachers recommend that a student be retained at the present grade level or not passed in a course, the parent or guardian, if dissatisfied with the recommendation, may appeal the decision by complying with the district's appeal process. The decision of the board of education shall be final. The parent may prepare a written statement to be placed in and become a part of the permanent record of the student stating the reason(s), for disagreeing with the decision of the board (70-24-114.1),

## **GIFTED EDUCATION PLAN**

Copies of the Gifted Education Plan for the Seminole Schools and the Wilson and Northwood Gifted Education Site Plans are available for parents and students in the school office.

## **PROFICIENCY BASED PROMOTION TESTING**

Proficiency Based Promotion must be initiated by the student/parent through the counselor's office. A single date of testing for each semester will be announced by each school site.

## **SPECIAL SCHOOL PROGRAMS AND ACTIVITIES**

Students who attend any pull-out program, lab or school sponsored day event are not required to make up the regular classroom assignments, nor are they penalized in any way.

## **READING SUFFICIENCY ACT**

The Oklahoma Reading Sufficiency Act—or RSA—helps ensure that by the end of third grade, each student has the opportunity to develop strong foundational reading skills needed to be successful in fourth grade and beyond. Parents are a child's first teacher, and building literacy starts in the home even before children enter public school. Beginning in kindergarten, your child will be assessed to determine his or her reading skills. The fundamental goal of reading is to comprehend, or understand, what has been read. Reading is a complex act that requires a number of skills working together.

Under RSA, schools must assess every student on grade-level reading skills, beginning in kindergarten. If a student does not meet established benchmarks, the school must work with the parent to create a plan for helping the student in any area that needs attention. This is called an Academic Progress Plan (APP), and it provides the following information:

- Your child's specific area of need
- The instructional services and supports provided for your child
- Strategies you can use to help your child succeed
- Information and policies for promotion to fourth grade

Seminole Schools provides the following services in relation to RSA: • Provide instruction on the Oklahoma Academic Standards with an evidence based program

- Set aside sufficient time for literacy instruction
- Assess students' skills at the beginning, middle and end of each year •
- Inform parents of any learning gaps and make a plan to address them •

Provide appropriate interventions for students who need additional support •  
Monitor students' progress toward reading goals

### **HONOR ROLLS (NORTHWOOD SCHOOL)**

Honor rolls for grades 4-6 are prepared through the school year to give recognition for academic achievement each semester.

The superintendent's honor roll requires a student to have a 3.8 grade average. (Example: 4 A's and 1 B or 5 A's)

The principal's honor roll requires a 3.0 grade average and a student may have no more than 1 'C' in attaining this average.  
(Example: 5 B's or 1 A, 3 B's and 1 C)

An example of ineligible grades would be 3 A's and 2 C's-this would average 3.0, but does not meet criteria because of the 2 C's.

In addition to scale, this average will be determined using the report card's semester grades only.

The scale follows:

- A = 4 points
- B = 3 points
- C = 2 points
- D or F = no points

Seminole Public Schools can provide access to student records via the Internet. In order to protect the confidentiality of student records, all parent/guardians who want to use this service are required to complete an Infinite Campus Access Request Form available at their child's school site. Please bring a photo ID with you when you return the form to sign up for this service.

### **VISITORS**

Parents and patrons of the district are encouraged to visit the district and to observe the activities of the district. All visitors to the district shall report to the school office upon entering the building, shall sign the visitors register, and shall request appropriate authorization to visit the school from the district official in charge of each building. When parents, patrons, and friends have been invited to a school for a particular activity or program, it shall not be necessary to sign the visitor's register or request any additional authorization to visit the school.

As authorized by law, the district has the authority and owner to direct any person to leave district property who is not a student, officer, or employee and who interferes with the peaceful conduct of activities, or enters the institution for the purpose of committing

an act which may interfere with the peaceful conduct of activities.

## **SUPPLEMENTAL ONLINE COURSES**

Occasionally, due to a scheduling conflict or extenuating circumstances, a student may be enrolled in one or more online courses, which may duplicate district course offerings. The determination will be at the sole discretion of the site administration. Students earning credit by means of online courses shall participate in all state-level academic assessments in the same manner as other regularly enrolled students.

### **Definitions:**

**Supplemental courses:** Courses which are not offered by Seminole Public Schools, and are equal to the equivalent of classroom instruction time required by student attendance and participation in the district.

**Educationally appropriate:** Courses which are academically well suited for an individual student's current academic standing and the learning expectations of the district and State. The determination of educationally appropriate will be made at the site level.

**Online:** uses the World Wide Web as the primary medium of instruction, with a computer serving as the primary tool of instruction.

### Guidelines

Such reports shall be provided via electronic format on a weekly basis.

### **ELIGIBILITY**

Eligibility for extracurricular activities is determined by regulations of the Oklahoma Secondary School Activities Association. OSSAA rules and regulations will be followed for all students. In order to be eligible, a student must have passed a minimum of five (5) classes the preceding semester. (P.E., Athletics, Yearbook and Newspaper MAY BE COUNTED.) A STUDENT MUST BE PASSING ALL CLASSES ON A WEEK-TO-WEEK BASIS.

A student who is ineligible at the end of a semester because he/she did not pass five (5) subjects may regain his/her eligibility at the end of the 6<sup>th</sup> week of the next semester by maintaining a passing grade in all classes in which the student is enrolled.

### **Eligibility Rules:**

1. In order to be eligible to participate in an activity, students are to be in school at least ½ day that the activity occurs. If the student is absent from school on the day of the activity, he/she will not be allowed to participate in that activity. Exceptions may be made for prearranged appointments, funerals, emergency situations, etc. The one-half day rule applies to all extracurricular activities.
2. Students who are suspended from school will not participate in extracurricular activities until reinstatement in school has occurred, and notification is given to the sponsor/head coach in that activity. Further or continual suspension from activities may occur if the severity of the offense warrants. The high school principal, activity director, and sponsor/head coach shall meet to determine this.

### **Conduct**

The conduct of a student involved in activities at Seminole School is closely observed in many areas of everyday life. It is important the actions at all times be above reproach. The students should set the example for all students by following completely the policies set forth by the administration and individual sponsors. On activity trips the student not only represents himself/herself, but also the community, the school, his/her sponsors, and parents; thus it is expected that all concerned will dress and behave in an acceptable manner. This will be left to the discretion of the sponsor.

Any student going to a school sponsored activity must travel to and from the event with the school group. The only exceptions will be when the parent/guardian picks up the

student at the event after clearance with the sponsor. Emergency situations will be determined by the administration.

### **EDUCATIONAL FACTS**

- 1. Students differ in their rate of growth and development.**
- 2. Reading, like walking, must be learned step by step and at the time each student is ready for it.**
- 3. Students whose parents are interested and supportive usually do better in school, and have a better attitude.**
