*Curious if your student is up to date for their School Required Vaccinations, or where to go for them?*

Parents/ Guardians can check vaccination status through the Wisconsin Immunization Registry website [WIR](#).

For students who do not have insurance, are underinsured (insurance that does not cover vaccines), or have medical assistance/ Badger Care, their parent or guardian may call the Jefferson County Health Department to set up a vaccination appointment at 920-674-7455. Those who have insurance that covers vaccinations will need to make an appointment with their primary care physician.
