Parents & Guardians,

With the expected cold temperatures and wind chills to continue for the next two days, many are wanting to know when a decision on closing school will be made. With no precipitation expected, we are dealing with the temperatures and wind chills. We acknowledge that not all parents can deliver their children to school or to the bus stops, but we are also aware that our schools can provide warmth and hot, nutritional meals when school is in person.

Teachers and staff will be prepared to transition to Virtual Learning on Tuesday and Wednesday, should the need to do so arise. Students need to be prepared as well. Should we need to close school, we will attempt to provide meal options for our families.

Bad Weather Day decisions are often the most difficult decisions we must make, and we don't take this responsibility lightly. Student and staff safety is always our number one priority.

Parents always have the right to keep their children home from school during inclement weather situations should they choose to do so. If you choose to keep your children at home, please notify your school site as soon as possible.

As of now, Noble Public Schools plan to be in person on Tuesday, January 16, 2024. We will keep you updated should anything change. Thank you for your support and understanding. Have a great day!
