Re-Enrollment and Address Verification Process

In compliance with State Statute 70:1-113, parents must present proof of residency with the parent/guardian's name of the district where the student is enrolled.

Re-Enrollment is a mandatory step for your child's enrollment in the upcoming 2024-2025 school year. This process ensures that we maintain the most accurate and current demographic information for the safety and well-being of our student(s). Given the ongoing growth of our district, it is imperative that enrolled students either reside within Noble Public Schools District Boundaries or have the legal documentation to comply with state statute 70:1-113. This measure is vital as population growth places significant demands on our educational systems and educators. Your cooperation and commitment are invaluable in ensuring a positive impact on our students.

Parents or guardians **will also be required to re-submit current proof of residency from July 15 to August 1 for address verification.** While this process may seem repetitive, many families move during the summer months. Completion of **re-enrollment** and **address verification** is necessary for students to receive their 24-25 schedule and/ or homeroom teacher. Students who do not have a completed re-enrollment or address verification will not be permitted to attend classes upon arrival on August 8th, 2024. Parents or guardians will be promptly notified to visit the school site and finalize enrollment.
