

Google Classroom - Guardian Summary

Guardian will receive an email each day/week showing posts in your Google Classroom

Activate Guardian Summaries

Open Google Classroom **(you will need to do this for EACH classroom!)**

Click the setting (far right corner)

Scroll down and toggle on Guardian Summaries and click Save (top right corner)

Invite Guardians

Once a parent has been invited for one classroom you DO NOT need to invite them again for another classroom. It does not matter which teacher invited the guardian - as long as your classroom is activated the guardian is in.

Open Classroom

Click People

Click 'Invite Guardian' next to the students name

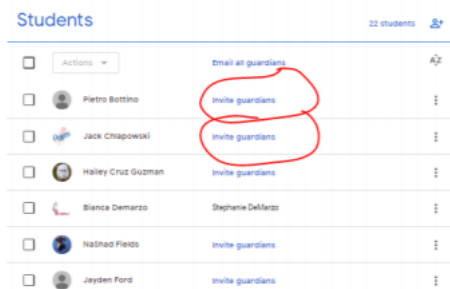

Enter the email address of the guardian

*You can add a second email if needed - click the three dots next to the student and click Invite guardian

*If a parent email has changed you can remove the old email address - click the three dots next to the student and click remove guardians

*If it says (invited) next to the guardian email it means they have not accepted the request.

If a guardian is already listed you do not need to do anything for that student!

Mass Email Guardians

Open Classroom

Click People

Click Email all guardians

It will open a new tab to compose the email.

Email addresses will be in the bcc so that parents cannot see who else was emailed.

*If you click the 3 dots you can email just that guardian
