Genesis SIS - How to open conferences for parent portal (admin only)

**Scheduling the conferences will be found in webdesk.
This is to allow parents access to schedule in the parent portal
Parent access --> Setup -->Settings --> School Settings -->Conferences
Drop down on 'Open event for conferences' and pick the event
Check off on On Conference per Household if you want more than one parent to be able to schedule conferences
Check off the top box for schools needed (the top check off box is what allows the conference tab to show in parent portal)
Then click save
