Message from the School Nurse-

As we are entering winter, I just wanted to give the parents of our students some reminders. The winter months bring many types of bugs. Illness bugs, head lice bugs, and bed bugs. So parents please be on the lookout for these bugs. We have resources available for you and your child if he/she is found to have head lice. Please let us know if you are interested in any of these resources.

If your child is ill and you keep him/her home from school, please contact the main office to let our secretaries know why your child is missing school. The information regarding student illness is used to determine what types and amount of illnesses are being seen in our buildings. Please know that if a staff member or myself feel that your child is ill enough to go home we will contact you. Also make sure that your contact information and that of your child's emergency contacts is up to date. If there is any situation or emergency with your child, we need to be able to get a hold of someone. Thank you and as always please feel free to contact me with any questions or concerns at sdorman@dowagiacschools.org.
