

# THANK YOU

FROM THE **PHILADELPHIA FLYERS**

Today, the Philadelphia Flyers hosted Flyers Recess presented by Wegmans at your child's school! Flyers Recess is an interactive Jeopardy-style assembly program designed to introduce your child to the sport of hockey through fun hockey-related questions and interactive challenges. The assembly featured special appearances by Gritty, our Ice Team, and Flyers Alumni. In addition, your child's PE teacher will be provided with equipment and a manual so that they can launch a street hockey curriculum in their PE class.

Since your child has learned about the sport and will learn to play hockey in class, there is only one thing left to welcome your family as official Flyers fans—see a game live at the Wells Fargo Center! We are happy to welcome your family as our guests to an upcoming Flyers home game.

Below is a link to **claim two (2) complimentary tickets**. A special discounted rate is also available should you wish to secure additional tickets.
