INTRODUCTORY SECTION

PALMYRA BOARD OF EDUCATION PALMYRA, N.J. 08065

Mark Pease Superintendent of Schools Administrative Office 301 Delaware Avenue 856-786-9300 FAX: 856-829-9638 Jared Toscano
Business Administrator/
Board Secretary

November 15, 2023

1. Reporting Entity and Its Services

The Palmyra Borough Board of Education is an independent reporting entity within the criteria adopted by the Governmental Accounting Standards Board (GASB) as established by NCGA Statement No. 3. All funds of the District are included in this report. The Palmyra Borough Board of Education and all of its schools constitute the District's reporting entity.

The District provides a wide range of educational services appropriate to grade levels Pre-K through 12. These include regular, vocational, special area enrichment as well as special education programs for children with "special needs" including "gifted" and "learning disabled". The District completed the 2022-2023 fiscal year with an average enrollment of 1,095 students.

2. Economic Condition and Outlook:

Palmyra is a residential community that has a total of 1.92 square miles and is located on the East side of the Delaware River directly across from the northern end of the City of Philadelphia. It serves as the eastern terminus of the Tacony-Palmyra Bridge, which spans the Delaware River. It is readily accessible to many major highways including Route #73, Route #I-295, Route #130 and the New Jersey Turnpike. Route #130 and Route #73 are direct access routes to Philadelphia. Conrail and New Jersey Transit have a train station in Palmyra and runs through the heart of the Borough's business district. The Palmyra School District is a three building district, which is located on the Delaware River in close proximity to Philadelphia and Trenton.

3. Major Initiatives:

Continued with 5-year technology cycle for one-to-one Chromebooks, staff laptops, and Smartboard technology throughout the district.

Ongoing digital and infrastructure upgrades in support of wireless access and remote learning.

Refinished the flooring a installed new bleachers in the PHS gymnasium.

Updated HVAC micro melt for CSS units, and upgrades for AAon units at PHS.

Microsoft Office 365 migration was completed for data security purposes.

Renegotiated a 3-year contract with the Palmyra Police Department for the SRO position.

4. Internal Accounting Controls:

The Administration of the District is responsible for establishing and maintaining an internal control structure. It is designated to ensure that the assets of the District are protected from loss, theft or misuse. It also ensures that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with General Accepted Accounting Principles (GAAP). The internal control structure is designed to provide reasonable but not absolute assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by administration.

As a recipient of federal awards and state financial assistance, the District also is responsible for ensuring that an adequate internal control structure is in place to ensuring compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District Administration.

As part of the District's single audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal awards and state financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. Budgetary Controls:

In addition to internal controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budgets and adopted for the general fund, the special revenue fund, and the debt service fund. Project length budgets are approved for the capital improvements accounted for in the Capital Projects Fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either cancelled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as assignments of fund balances as of June 30, 2023.

6. Accounting Systems and Reports:

The District accounting records reflect Generally Accepted Accounting Principles, as promulgated by the GASB. The accounting system of the District is organized on the basis of funds. These funds are explained in the "Notes to the Financial Statements", Note 1.

7. Debt Administration:

At June 30, 2023, the District's outstanding debt consisted of Series 2017 school refunding bonds, in the amount of \$4,440,000. The Unvoted amount of Debt is \$9,710,176 or 45%.

8. Cash Management:

The investment policy of the District is guided in large part by state statue as detailed in "Notes to the Financial Statements", Note 2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where funds are secured in accordance with the Act.

9. Risk Management:

The Board of Education carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive collision, hazard and theft insurance on property, contents and fidelity bonds.

10. Other Information:

Independent Audit - State statues require an annual audit by independent certified public accountants or registered municipal accountants. The Board of Education, at its reorganization meeting, appointed the accounting firm of Nightlinger, Colavita & Volpa, PA. In addition to meeting the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and State of New Jersey Circular 15-08-0MB, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid,* the auditor's report on the general-purpose financial statements and individual fund statements and schedules are included in the financial section of this report. The auditor's report related specifically to the single audit is included in the single audit section of this report.

11. Acknowledgements:

We would like to express our appreciation to the members of the Borough of Palmyra School District Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

INDEPENDENT AUDITOR'S REPORT

The Honorable President and Members of the Board of Education Palmyra Borough School District County of Burlington, New Jersey 08065

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Palmyra Borough School District in the County of Burlington, State of New Jersey, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Board of Education of the Palmyra Borough School District in the County of Burlington, State of New Jersey's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of Palmyra Borough School District in the County of Burlington, State of New Jersey, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Board of Education of the Palmyra Borough School District in the County of Burlington, State of New Jersey, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board of Education of the Palmyra Borough School District in the County of Burlington, State of New Jersey's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Board of Education of the Palmyra Borough School District in the County of
 Burlington, State of New Jersey's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the Board of Education of the Palmyra Borough School District in the
 County of Burlington, State of New Jersey's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board of Education of the Palmyra Borough School District in the County of Burlington, State of New Jersey's basic financial statements. The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance is presented for purposes of additional analysis as required by the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and New Jersey OMB's Circular 15-08, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and is also not a required part of the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements and related major fund supporting financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report, as required by the Office of School Finance, Department of Education, State of New Jersey. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

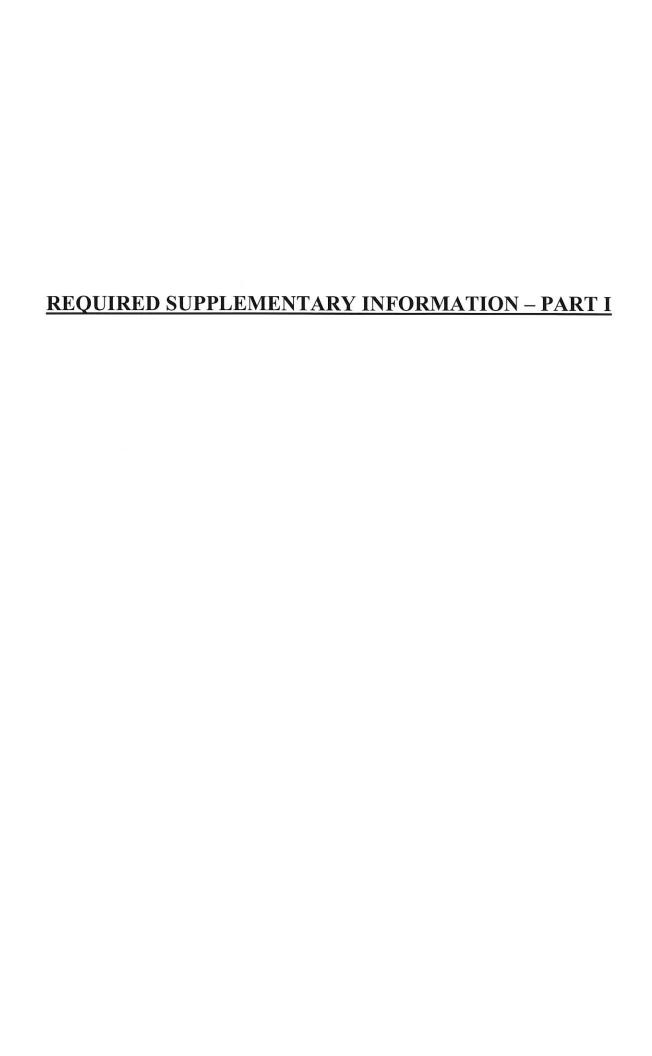

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2023 on our consideration of the Palmyra Borough Board of Education's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Palmyra Borough Board of Education's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governments Auditing Standards* in considering Palmyra Borough School District's internal control over financial reporting and compliance.

Respectfully submitted,

NIGHTLINGER, COLAVITA & VOLPA, P.A.

Raymond Colavita, C.P.A., R.M.A. Licensed Public School Accountant No. 915 November 15, 2023

BOROUGH OF PALMYRA BOARD OF EDUCATION

SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

FISCAL YEAR ENDED JUNE 30, 2023

This section of the Borough of Palmyra Board of Education School District annual financial report presents our discussion and analysis of the School District's financial performance during the fiscal year that ended on June 30, 2018. Please read it in conjunction with the transmittal letter at the front of this report and the School District's financial statements, which immediately follows this section.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34- Basic Financial Statements- and Management's Discussion and Analysis - for State and Local Governments issued in June 1999. Certain comparative information between the current year (2022-23) and the prior year (2021-22) is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2022-23 fiscal year include the following:

- Net Position for Governmental and Business-Type activities were \$7,882,283 and \$382,043, respectively.
- Net Position for the Governmental activities increased by \$1,171,088 from operations while the Net Position for Business-Type activities decreased by \$102,948 from July 1, 2022 to June 30, 2023.
- The General Fund, fund balance as of June 30, 2023 was \$6,942,821, an increase of \$887,363 when compared with the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts - Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the Borough of Palmyra School District.

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the Borough of Palmyra School District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the Borough of Palmyra School District, reporting the Borough of Palmyra School District's operation in more detail than the School Government-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in short term as well as what remains for future spending.
- Proprietary funds statements offer short-term and long-term financial information about the activities that the Borough of Palmyra School District operates like businesses.
- Fiduciary funds statements provide information about the financial relationships in which the School District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. Table A-1 summarizes the major features of the Borough of Palmyra School District's financial statements, including the portion of the School District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

Table A-1

MAJOR FEATURES OF THE GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

		Fund Financia	1 Statements
	Government-wide Statements	Governmental Funds	Proprietary Funds
Scope	Entire School District (except fiduciary funds)	The activities of the School District that are not proprietary or fiduciary, such as regular and special education, building maintenance and transportation	Activities the School District operates similar to private businesses: Food Service Fund, After School Program
Required Financial Statements	Statement of Net Position Statement of Activities	Balance Sheet Statement of Revenues, Expenditures and Changes in Fund Balances	Statement of Net Position Statement of Revenues, Expenses and Changes in Fund Net Position
Accounting Basis and measurement focus Type of asset/liability information	Accrual accounting and economic resources focus All assets and liabilities, both financial and capital, short-term and long- term	Modified accrual accounting and current financial focus Generally, assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long- term liabilities included	Statement of Cash Flows Accrual accounting and economic resources focus All assets and liabilities, both financial and capital, and short-term and long- term
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable	All revenue and expenses during the year, regardless of when cash is received or paid

Government-Wide Statements

The government-wide statements report information about the Borough of Palmyra School District, as a whole, using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the School District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Borough of Palmyra School District's net position and how they have changed. Net position - the difference between the School District's assets and deferred outflows of resources and liabilities and deferred inflows of resources - are a measure of the School District's financial health or position.

- Over time, increases or decreases in the School District's net position are an indicator of whether the financial position is improving or deteriorating, respectively.
- To assess the overall health of the School District you need to consider additional non-financial factors such as changes in the School District's property tax base and the condition of school buildings and other facilities.

In the government-wide financial statements the School District's activities are shown in two categories:

- Governmental activities- Most of the School District's basic services are included here, such as regular
 and special education, transportation, administration, and maintenance. Aid from the State of New
 Jersey and from the Federal government along with local property taxes finances most of these
 activities.
- Business-type activities-The School District charges fees to customers to help it cover the costs of certain services it provides. The School District's Food Service Program and After School Program are included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the School District's funds - focusing on the most significant or "major" funds - not the School District as a whole. Funds are accounting devices the School District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The School District uses other funds, established in accordance with the State of New Jersey Uniform Chart of Accounts, to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal funds).

The School District has three kinds of funds:

- Governmental funds Most of the School District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the School District's programs. Because this information does not encompass the additional long-term focus of the governmental-wide statements, we provide additional information at the bottom of the governmental funds statements that explain the relationship (or differences) between them.
- **Proprietary funds** Services for which the School District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide statements.
- **Fiduciary funds** The School District is the trustee, or fiduciary, for assets that belong to others. The School District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the School District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the government-wide financial statements because the School District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE BOROUGH OF PALMYRA SCHOOL DISTRICT AS A WHOLE

Net Position. The School District's net position for the fiscal years ended June 30, 2022 and 2023 are reflected in the following table.

The School District's financial position for governmental and business-type activities is the product of the following factors:

- Program revenues were \$8,005,069.
 - ✓ Operating Grants & Contributions \$5,077,208. ✓ Charges for Services \$2,927,861.
- General revenues amounted to \$18,232,559.
- Total Program Expenditures were \$25,169,488.
- Total School District revenues and beginning assets are adjusted by net adjusted expenditures resulting in a calculation of net position of \$8,264,326 as of June 30, 2023:

Revenues (\$26,237,628) + Beginning net position (\$7,196,186) - Net expenditures (\$25,169,488) = Net Position of \$8,264,326.

Changes in Net Position - Net position for governmental and business-type activities increased from June 30, 2022 to June 30, 2023 as reflected in the following table.

Table 2

Total revenues for the School District were \$26,237,828. Government funding of \$11,951,832 was the source of 45.6% of the School District's revenues. This includes the State of New Jersey and Federal sources.

Property taxes of \$11,208,189 provided 42.7% of revenues. Charges for services provided 11.2% of revenues.

Other miscellaneous revenues of \$149,746 represent 0.5% of the School District revenues. Miscellaneous revenue was primarily provided from interest, refunds and athletic sales.

The School District's expenses for government activities are predominantly related to instruction and support services. Instruction and tuition totaled \$10,357,548 (41.2%) of total expenditures. Student and instruction or related support services totaled \$3,291,766 or (13.1%) of total expenditures. Employee benefits of \$5,371,511 accounted for (21.3%) of expenditures, plant operations totaled \$2,377,239 (9.4%) of total expenditures and transportation, general, school and business administrative services totaled \$2,765,747 (11.0%). Interest on long-term debt totaled \$193,224 (0.8%).

Total revenues exceeded expenditures for governmental activities, increasing net position by \$1,171,088 from the beginning balance at July 1, 2023.

Activity Descriptions

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student.

Tuition expenses include the cost to the School District to send pupils with special needs living within the School District to private schools and/or schools outside the School District area.

Student and instruction related services include the activities designed to assess and improve the well being of students and to supplement the teaching process.

School Administrative and General and Business Administrative services include expenses associated with establishing and administering policy for the School District including financial supervision.

Plant operation and maintenance of plant activities involve keeping the school grounds, buildings and equipment in a safe and effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from student activities as provided by State law and Board Policy.

Unallocated benefits include the cost of benefits for the School District staff for social security, retirement contributions, worker's compensation, health benefits, pension expense and other employee benefits.

Interest on long-term debt and amortization of bond issuance costs involve the transactions associated with the payment of interest and other related charges to the debt of the School District.

FINANCIAL ANALYSIS OF THE SCHOOL DISTRICT'S FUNDS

The financial performance of the Borough of Palmyra School District as a whole is also reflected in the governmental funds which are accounted for by using the modified accrual basis of accounting. As the School District completed the year, its governmental funds reported a combined fund balance of \$7,069,546.

All governmental funds had total revenues of \$27,139,463 and total expenditures of \$26,231,341, in addition to a transfer out to charter schools of \$76,147.

GENERAL FUND BUDGETING HIGHLIGHTS

The School District's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

The General Fund includes the primary operations of the School District in providing educational services to students from pre-kindergarten through grade 12 including pupil transportation activities and capital outlay projects.

The following schedule presents a summary of Governmental Fund Revenues. The summary reflects the dollar and percent increase (decrease) from the prior year.

Table 3

Debt Service	809,425	673,625	135,800	20.16%
Total Expenditures	\$ 26,231,341	\$ 23,381,454	\$ 2,849,887	12.19%

Total Governmental Fund expenditures increased \$2,849,887 or 12.2% from the previous year, which included increased grant activity.

The Borough of Palmyra School District values its fund balances as a vehicle for addressing unbudgeted and emergent needs that occur during the school year.

During the course of fiscal year 2023, the School District modified the General Fund Budget as needed to ensure no line item was projected to be over-expended.

DEBT SERVICE FUND

The current year obligations for payment of debt service principal and interest amounted to \$809,425 where funding was provided by the local tax levy and Debt Service Aid.

FOOD SERVICE PROPRIETARY FUND

The Food Service Fund's net position was \$238,667 as of June 30, 2023. This reflects an decrease of \$46,396 from June 30, 2022.

AFTER SCHOOL PROGRAM PROPRIETARY FUND

The After School Program Fund's net position was \$143,376 as of June 30, 2023. This reflects an decrease of \$56,552 from June 30, 2022.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Capital Assets are individual items purchased at a cost exceeding \$2,000, have an extended useful life of one year or more and maintain their identity and structure when placed into service.

At the end of 2023, the School District had capital assets allocated to governmental activities with a net book value of \$8,641,433 and business-type activities of \$33,994. This consists of a broad range of capital assets, including land, land improvements, buildings and improvements, furniture, fixtures and equipment, and right-to-use lease assets. Total depreciation expense for the year was \$689,970.

Table 5

Debt Administration - Long-term Obligations

At fiscal year-end, the School District had \$4,440,000 in general obligation bonds outstanding, a decrease of \$635,000 from last fiscal year. This reduction was due to payment of principal. The School District does not anticipate incurring any new long-term debt at this time.

The School District's has a right-to-use lease liability, in the amount of \$17,030.

The School District also had a \$327,568 liability for compensated absences allocated to government activities. This liability represents the School District's contractual obligation to compensate employees for accumulated unused sick and vacation leave entitlements upon retirement.

The School District's proportionate share of net pension liability was \$2,754,688.

Table 6

THE FUTURE OUTLOOK

The Borough of Palmyra School District is presently in a stable financial position.

The School District has done a commendable job managing the budget through changing state regulations and unfunded mandates. The over reliance on fund balances in prior years and the level of property tax support for the School District has been stabilized. The School District remains committed to serving students and taxpayers and it continues to strive for an exceptional program and a stable tax rate.

The School District's system for financial planning, budgeting and internal controls are continually reviewed, in an effort to align routine operational processes with the continually changing educational demands, as well as those demands imposed upon the School District by outside authorities having jurisdiction. The School District is committed to continuing its sound fiscal management to meet the challenges of the future.

CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the School District's finances and to demonstrate the School District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the School Business Administrator, Jared Toscano, at:

Borough of Palmyra Board of Education, 301 Delaware Ave., Palmyra, New Jersey 08065.

BASIC FINANCIAL STATEMENTS

DISTRICT WIDE FINANCIAL STATEMENTS The statement of net position and the statement of activities display information about the District. These statements include the financial activities of the overall District, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the District.

Governmental Funds

Reconciliation of the Statement of Revenues, Expenditures,
and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Fiscal Year Ended June 30, 2023

Total Net Change in Fund Balances - Governmental Funds 831,975 Amounts reported for governmental activities in the statement of activities (A-2) are different because: Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the period. Depreciation Expense (726, 120)Capital Outlays 36,150 (689,970)Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities. 635,000 In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The decrease in accrued interest is an addition in the reconciliation. (+) 6,351 Governmental funds report School District pension contributions as expenditures. However in the statement of activities, the cost of pension benefits earned is reported as pension expense. This is the amount by which pension benefits earned exceeded the School District's pension contributions in the current period. 402,855 Repayment of right-to-use lease principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position and is not reported in the statement of activities. 16,002 In the Statement of Activities, deferred losses on debt refunding are amortized over the life of the debt. However, in the governmental fund, no expenditures are incurred. (25, 150)In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount

The accompanying Notes to Financial Statements are an integral part of this statement.

exceeds the earned amount the difference is an addition to the reconciliation (+).

During the year, the District received \$41,660 of food commodities from the U.S. Department of Agriculture

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Borough of Palmyra School District (the "School District") have been prepared to conform with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The District's financial reporting consist of a Management's Discussion and Analysis (MD&A) providing an analysis of the District's over-all financial position and results of operations, as well as Basic financial statements prepared using full-accrual accounting for all of the District's activities. The following is a summary of the more significant of these policies.

Description of the Financial Reporting Entity

The School District is a Type II district located in the County of Burlington, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education (the "Board"). The Board is comprised of nine members elected to three-year terms. These terms are staggered so that three member's terms expire each year. The Superintendent is appointed by the Board to act as executive officer of the School District. The purpose of the School District is to educate students from Palmyra Borough in grades Pre-K through 12 at its three schools. In addition, high school students from the City of Beverly and the Borough of Riverton attend Palmyra High School. The School District has an approximate enrollment at June 30, 2023 of 1,095.

The primary criterion for including activities within the School District's reporting entity, as set forth in Section 2100 of the Governmental Accounting Standards Board Codification of Governmental Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the School District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds of the School District over which the Board exercises operating control.

Component Units

In evaluating how to define the School District for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, The Financial Reporting Entity, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, GASB Statement No. 61, The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34, and GASB Statement No. 80, Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Component Units (Cont'd)

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the School District has no component units.

Government-wide and Fund Financial Statements

The School District's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the School District to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes and other items not properly included among program revenues are reported instead as general revenues.

In regards to the fund financial statements, the School District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the School District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column. Fiduciary funds are reported by fund type.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Property taxes are recognized as revenues in the year for which they are levied. The Burlington County Board of Taxation is responsible for the assessment of properties, and the respective municipal tax collector is responsible for the collection of property taxes. Assessments are certified and property taxes are levied on January 1.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)

Property tax payments are due February 1, May 1, August 1 and November 1. Unpaid property taxes are considered delinquent the following January 1 and are then subject to municipal lien. In accordance with New Jersey State Statute, the School District is entitled to receive moneys under an established payment schedule, and any unpaid amount is considered as an accounts receivable. The governing body of each municipality is required to pay over to the School District, within forty (40) days after the beginning of the school year, twenty percent (20%) of the moneys from school tax due. Thereafter, but prior to the last day of the school year, the municipality must pay the balance of moneys from school tax due for school purposes in such amounts as requested, with certain limitations, from time to time by the School District, within thirty days after each request.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when they are deemed both available and measurable. Available means when revenues are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Measurable means that the amount of revenue can be determined. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, tuition, reimbursable-type grants, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the School District.

The School District reports the following major governmental funds:

General Fund - The general fund is the primary operating fund of the School District. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or non-instructional equipment classified in the capital outlay sub-fund.

As required by the New Jersey State Department of Education, the School District includes budgeted capital outlay in this fund. Accounting principles generally accepted in the United States of America, as they pertain to governmental entities, state that general fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey aid, ad valorem tax revenues, and appropriated fund balance. Expenditures are those which result in the acquisition of or additions to capital assets for land, existing buildings, improvements of grounds, construction of buildings, additions to, or remodeling of buildings, and the purchase of built-in equipment.

As a result of implementing GASB Statement No. 84, Fiduciary Activities, amounts maintained for unemployment claims and payroll withholdings for employee salary deductions are included in the general fund. Amounts maintained for unemployment claims are used to account for the portion of employee deductions for unemployment compensation required to be deposited and accumulated for future unemployment claims under the Benefit Reimbursement Method.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Cont'd)

Special Revenue Fund - The special revenue fund is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

As a result of implementing GASB Statement No. 84, Fiduciary Activities, amounts maintained for student activities and private purpose scholarships are included in the special revenue fund. The amounts are considered to be restricted and available to use for specific expenditures. Amounts maintained for student activities are derived from athletic events or other activities of pupil organizations and accumulated for payment of student group activities.

Capital Projects Fund - The capital projects fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds. The financial resources are derived from New Jersey Economic Development Authority grants, temporary notes, serial bonds which are specifically authorized by the voters as a separate question on the ballot either during the annual election or at a special election, or from the general fund by way of transfers from capital outlay or the capital reserve account. The School District does not maintain a capital projects fund.

Debt Service Fund - The debt service fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditures for principal and interest.

Proprietary Funds

All proprietary funds are accounted for on a current financial resource's measurement focus. This means that all assets and liabilities, whether current or noncurrent, associated with their activity are included on their balance sheets. Their reported fund equity (total net position) segregated into contributed capital and unreserved retained earnings, if applicable. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Depreciation of all exhaustive fixed assets used by proprietary funds is charged as an expense against their operations. Accumulated depreciation is reported on proprietary fund balance sheets. Depreciation has been provided over the estimated useful lives using the straight-line method.

The School District reports the following major proprietary funds:

Enterprise Funds

Food Service Fund - This fund accounts for the financial transactions related to the food service operations of the School District.

After School Fund - This fund accounts for the financial activity related to providing day care services for School District students after school.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes.

Budgets / Budgetary Control

Annual appropriated budgets are prepared in the spring of each fiscal year for the general, special revenue, and debt service funds, and are submitted to the county office of education. In accordance with P.L. 2011, c. 202, the School District passed a resolution to move the school board election to the first Tuesday after the first Monday in November, starting in November of 2012, to be held simultaneously with the general election. As a result, a vote is not required on the School District's general fund tax levy for the budget year, other than the general fund tax levy required to support a proposal for additional funds, if any. Budgets are prepared using the modified accrual basis of accounting. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23A-16.2(f)1. Transfers of appropriations may be made by school board resolution at any time during the fiscal year in accordance with N.J.A.C. 6A:23A-13.3.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles, with the exception of the legally mandated revenue recognition of the one or more June state aid payments for budgetary purposes only, and the special revenue fund. N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, school districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The bill provides legal authority for school districts to recognize this revenue in the current budget year. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year-end.

The accounting records of the special revenue fund are maintained on the budgetary basis. The budgetary basis differs from GAAP in that the budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The budget, as detailed on exhibit C-1, exhibit C-2, and exhibit I-3, includes all amendments to the adopted budget, if any.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Budgets / Budgetary Control (Cont'd)

Exhibit C-3 presents a reconciliation of the general fund revenues and special revenue fund revenues and expenditures from the budgetary basis of accounting, as presented in the general fund budgetary comparison schedule and the special revenue fund budgetary comparison schedule, to the GAAP basis of accounting as presented in the statement of revenues, expenditures and changes in fund balances governmental funds. Note that the School District does not report encumbrances outstanding at fiscal year-end as expenditures in the general fund since the general fund budget follows the modified accrual basis of accounting, with the exception of the aforementioned revenue recognition policy for the one or more June state aid payments.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of funds are recorded to assign a portion of the applicable appropriation, is utilized for budgetary control purposes. Encumbrances are a component of fund balance at fiscal year-end as they do not constitute expenditures or liabilities, but rather commitments related to unperformed contracts for goods and services. Open encumbrances in the governmental funds, other than the special revenue fund, which have not been previously restricted, committed, or assigned, should be included within committed or assigned fund balance, as appropriate.

Open encumbrances in the special revenue fund, however, for which the School District has received advances of grant awards, are reflected on the balance sheet as unearned revenues at fiscal year-end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

Cash, Cash Equivalents and Investments

Cash and cash equivalents, for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. N.J.S.A. 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Governmental Unit Deposit Protection Act ("GUDPA"), a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include State or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Cash, Cash Equivalents and Investments (Cont'd)

All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the amount of their deposits to the governmental units.

Inventories

Inventories are valued at cost, which approximates market. The costs are determined on a first-in, first-out method.

The cost of inventories in the governmental fund financial statements is recorded as expenditures when purchased rather than when consumed.

Inventories recorded on the government-wide financial statements and in the proprietary fund types are recorded as expenses when consumed rather than when purchased.

Tuition Receivable

Tuition charges were established by the School District based on estimated costs. The charges are subject to adjustment when the final costs are determined.

Prepaid Expenses

Prepaid expenses recorded on the government-wide financial statements and in the proprietary fund types represent payments made to vendors for services that will benefit periods beyond June 30, 2023. The School District had no prepaid expenses for the fiscal year ended June 30, 2023.

In the governmental fund financial statements, however, payments for prepaid items are fully recognized as expenditures in the fiscal year of payment. No asset for the prepayment is created, and no expenditure allocation to future accounting periods is required (non-allocation method). This is consistent with the basic governmental concept that only expendable financial resources are reported by a specific fund.

Short-Term Interfund Receivables / Payables

Short-term interfund receivables / payables (internal balances) represent amounts that are owed, other than charges for goods or services rendered to / from a particular fund within the School District, and that are due within one year. Such balances are eliminated in the statement of net position to minimize the grossing up of internal balances, thus leaving a net amount due between the governmental and business-type activities that are eliminated in the total government column. Balances with fiduciary activities are not considered to be internal balances; therefore, such balances appear on the statement of net position as accounts receivable.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Capital Assets

Capital assets represent the cumulative amount of capital assets owned by the School District. Purchased capital assets are recorded as expenditures in the governmental fund financial statements and are capitalized at cost on the government-wide statement of net position and proprietary fund statement of net position. In the case of gifts or contributions, such capital assets are recorded at acquisition value at the time received.

The School District's capitalization threshold is \$2,000. Other costs incurred for repairs and maintenance is expensed as incurred. All reported capital assets, except land and construction in progress, are depreciated. Depreciation is computed using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	50
Building improvements & portable classroom	20 -50
Land improvements	20
Furniture	20
Maintenance equipment	15
Musical instruments	10
Athletic equipment	10
Audio visual equipment	10
Office equipment	5 - 10
Computer equipment	5 - 10

The School District does not possess any infrastructure assets.

Deferred Outflows and Deferred Inflows of Resources

The statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, reported after total assets, represents a reduction of net position that applies to a future period(s) and will be recognized as an outflow of resources (expense) at that time. Deferred inflows of resources, reported after total liabilities, represents an acquisition of net position that applies to a future period(s) and will be recognized as an inflow of resources (revenue) at that time.

Transactions are classified as deferred outflows of resources and deferred inflows of resources only when specifically prescribed by the Governmental Accounting Standards Board (GASB) standards. The School District is required to report the following as deferred outflows of resources and deferred inflows of resources:

Defined Benefit Pension Plans - The difference between expected (actuarial) and actual experience, changes in actuarial assumptions, net difference between projected (actuarial) and actual earnings on pension plan investments, changes in the School District's proportion of expenses and liabilities to the pension as a whole, differences between the School District's pension contribution and its proportionate share of contributions, and the School District's pension contributions subsequent to the pension valuation measurement date.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

In addition, the School District reports the following as deferred outflows of resources:

Loss on Refunding of Debt - The loss on refunding arose from the issuance of refunding bonds, which is amortized in a systematic and rational manner over the duration of the related debt as a component of interest expense.

Tuition Payable

Tuition charges for the fiscal years ended June 30, 2023 and 2022 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been determined.

Unearned Revenue

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied and is recorded as a liability until the revenue is both measurable and the School District is eligible to realize the revenue.

Accrued Salaries and Wages

Certain School District employees who provide services to the School District over the ten-month academic year have the option to have their salaries evenly disbursed during the entire twelve-month year. New Jersey statutes require that these earned but undisbursed amounts be retained in a separate bank account. As of June 30, 2023, the amounts earned by these employees were disbursed to the employees' own individual credit union accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Compensated Absences

Compensated absences are payments to employees for accumulated time such as paid vacation, paid holidays, sick pay, and sabbatical leave. A liability for compensated absences that is attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the School District and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the School District and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

The School District uses the vesting method to calculate the compensated absences amount. The entire compensated absence liability, including the employer's share of applicable taxes, is reported on the government-wide financial statements. The portion related to employees in the proprietary funds is recorded at the fund level. The current portion is the amount estimated to be used in the following fiscal year. Expenditures are recognized in the governmental funds as payments come due each period, for example, as a result of employee resignations and retirements. Compensated absences not recorded at the fund level represent a reconciling item between the fund level and government-wide presentations.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner, and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences, special termination benefits, and contractually required pension contributions that will be paid from governmental funds, are reported as a liability in the fund financial statements only to the extent that they are normally expected to be paid with expendable available financial resources. Bonds are recognized as a liability on the governmental fund financial statements when due.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teachers' Pension and Annuity Fund ("TPAF") and the Public Employees' Retirement System ("PERS"), and additions to/deductions from TPAF's and PERS's fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Bond Discounts / Premiums

Bond discounts / premiums arising from the issuance of long-term debt (bonds) are amortized over the life of the bonds, in systematic and rational method, as a component of interest expense. Bond discounts/ premiums are presented as an adjustment of the face amount of the bonds on the government-wide statement of net position and on the proprietary fund statement of net position.

Net Position

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

Net Investment in Capital Assets - This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

Restricted - Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted - Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Fund Balance

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Non-spendable -The non-spendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted - The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed - The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) it employed to previously commit those amounts.

Assigned - The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Education.

Unassigned - The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order: committed, assigned, then unassigned.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditures / expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources / uses in governmental funds and after non-operating revenues / expenses in proprietary funds. Reimbursements from funds responsible for particular expenditures / expenses to the funds that initially paid for them are not presented on the financial statements.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Impact of Recently Issued Accounting Principles

Recently Issued and Adopted Accounting Pronouncements

Accounting standards that the School District is currently reviewing for applicability and potential impact on the financial statements include:

- GASB Statement No. 99 Omnibus 2022: The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. Management is evaluating the potential impact of the adoption of GASB 99 on the School District's financial statements.
- Statement No. 100 Accounting Changes and Error Corrections, an amendment of GASB Statement No. 62: The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. Management is evaluating the potential impact of the adoption of GASB 100 on the School District's financial statements.
- ASB Statement No. 101 Compensated Absences: The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. Management is evaluating the potential impact of the adoption of GASB 101 on the School District's financial statements.

NOTE 2: CASH AND CASH EQUIVALENTS

Custodial Credit Risk Related to Deposits - Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits might not be recovered. Although the School District does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). Under the Act, the first \$250,000 of governmental deposits in each insured depository is protected by the Federal Deposit Insurance Corporation (FDIC). Public funds owned by the School District in excess of FDIC insured amounts are protected by GUDPA. However, GUDPA does not protect intermingled agency funds such as salary withholdings, and student activity funds, or funds that may pass to the School District relative to the happening of a future condition. Such funds are classified as uninsured and uncollateralized.

As of June 30, 2023, the School District's bank balances of \$6,688,840 were exposed to custodial credit risk as follows:

Insured	\$	250,000
Uninsured and collateralized under GUDPA		
by pledging financial institutions	_	6,438,840
	\$	6,688,840

As of June 30, 2023, the School District's cash balance of \$6,384,790 was allocated across the financial statements as follows:

Unrestricted Cash:

Governmental Funds, Balance Sheet	B-1	\$	6,024,824
Enterprise Funds, Statement of Net Position	B-4	23	359,966
Total Cash		\$_	6,384,790

NOTE 3: RESERVE ACCOUNTS

Capital Reserve - Funds placed in the capital reserve account are restricted to capital projects in the School District's approved Long Range Facilities Plan ("LRFP"). Upon submission of the LRFP to the Department, a school district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at fiscal year-end (June 1 to June 30) of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A school district may also appropriate additional amounts when the express approval of the voters has been obtained by either a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

Districts are also permitted, as per N.J.S.A. 18A:7F-41(a) and 41(b) to deposit into the legal reserves by Board Resolution during the month of June for any unanticipated revenue and/or unexpended line-item appropriation amounts.

NOTE 3: RESERVE ACCOUNTS (CONT'D)

The activity of the capital reserve for the July 1, 2022 to June 30, 2023 fiscal year is as follows:

Beginning Balance July 1, 2022	\$ 1,131,320
Add: Interest Earnings	
Interest Earnings	7,335
Resolution	611,665
Ending Balance June 30, 2023	\$ 1,750,320

Maintenance Reserve - New Jersey Statute 18A:7G-9 permits school districts to accumulate funds for the required maintenance of a facility in accordance with EFCFA. The balance may only be increased through an appropriation in the annual general fund budget certified for taxes. Upon completion of a school facilities projects, districts are required to submit a plan for maintenance of that facility. The activity of the maintenance reserve for the July 1, 2022 to June 30, 2023 fiscal year is as follows:

Beginning Balance July 1, 2022	\$ 1,399,898
Add: Interest Earnings	9,076
Less: Withdrawal	(209,076)
Ending Balance June 30, 2023	\$ 1,199,898

NOTE 4: ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2023 consisted of accounts (fees for services) and intergovernmental awards / grants. All receivables are considered collectible in full due to the stable condition of federal and state programs, the current fiscal year guarantee of federal funds, and the regulated budgetary control of governmental entities in New Jersey. Accounts receivable as of fiscal year end for the School District's individual major and fiduciary funds, in the aggregate, are as follows:

Receivables:	_	General Fund	_	Special Revenue Fund	 Enterprise Funds	 Total
Governmental Other	\$_	1,526,052	\$ -	212,135	\$ 12,900 8,805	\$ 1,751,087 8,805
Totals	\$_	1,526,052	\$_	212,135	\$ 21,705	\$ 1,759,892

NOTE 5: INVENTORY

Inventory recorded at June 30, 2023 in business-type activities on the government-wide statement of net position, and on the food service enterprise fund statement of net position, which includes \$21,515 of federal commodities, consisted of the following:

Food	\$ 4,365
Commodities	13,834
Supply	 3,316
Totals	\$ 21,515

NOTE 6: <u>CAPITAL ASSETS</u>

The Capital asset activity for the year ended June 30, 2023 was as follows

		Balance 7/1/2022		Additions	Adjustment		Balance 6/30/2023
Governmental activities:			_				0,00,100
Capital Assets That Are Not Being Depreciated:							
Land	\$	46,066	\$	\$	S	\$	46,066
Construction in Progress			_				
Total capital assets not being depreciated		46,066	-			-0.	46,066
Capital Assets being Depreciated and Amortized			_			-

NOTE 7: LONG-TERM OBLIGATIONS

During the fiscal year ended June 30, 2023, the following changes occurred in long-term obligations for governmental activities:

		Beginning Balance 7/1/2022	 Additions		Reductions		Ending Balance 6/30/2023		Amounts Due within One Year		Long-term Portion
Governmental Activities:						_		_			
Bonds payable:											
General obligation debt	\$	5,075,000	\$	\$	(635,000)	\$	4,440,000	\$	640,000	\$	3,800,000
Add Amounts:									*		
Issuance Premium		511,319	 		(62,292)		449,027		62,292		386,735
Total bonds payable		5,586,319			(697,292)		4,889,027		702,292		4,186,735
Other Liabilities:									-0.70000000-0.80000000000000000000000000		
Compensated absences payable		321,593	5,975				327,568				327,568
Net Pension Liability		2,103,612	651,076				2,754,688				2,754,688
Right-to-Use Lease Liability		33,032		_	16,002		17,030		17,030		12
Total Liabilities	\$	8,044,556	\$ 657,051	\$	(681,290)	\$	7,988,313	\$	719,322	\$	7,268,991
Business-Type Activities:	-			- '	1			=		=	
Compensated absences payable	\$_		\$	\$		\$		\$		\$	
	-							=		-	
Total Long-Term Obligations	\$_	8,044,556	\$ 	\$	(681,290)	\$	7,988,313	\$	719,322	\$	7,268,991

The bonds payable are generally liquidated by the debt service fund, while the compensated absences and net pension liability are liquidated by the general fund.

Bonds Payable - Bonds and loans are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the School District are general obligation bonds.

The general obligation bonded debt of the District is limited by state law to 4% of the average equalized assessed values of the total taxable property in the District for the past three years. The legal debt limit at June 30, 2023 is \$22,877,675. General obligation debt at June 30, 2023 is \$4,440,000 resulting in a legal debt margin of \$18,437,675.

NOTE 7: LONG-TERM OBLIGATIONS (CONT'D)

Bonds Payable (Cont'd) -

Principal and interest due on bonds outstanding is as follows:

Year Ending June 30),	Principal		Interest		Total
2024	\$	640,000	\$	149,025	\$	789,025
2025		640,000		123,425		763,425
2026		640,000		104,225		744,225
2027		635,000		85,025		720,025
2028		635,000		62,800		697,800
2029		625,000		43,750		668,750
2030	,	625,000		21,875	-	646,875
	\$	4,440,000	\$_	590,125	\$	5,030,125

Bonds Authorized but not Issued - As of June 30, 2023, the School District had no authorizations to issue additional bonded debt.

<u>Compensated Absences</u> - As previously stated, compensated absences will be paid from the fund from which the employees' salaries are paid. Refer to note 14 for a description of the School District's policy.

<u>Net Pension Liability</u> - For details on the net pension liability, refer to Note 9. The School District's annual required contribution to the Public Employees' Retirement System is budgeted and paid from the general fund on an annual basis.

NOTE 8: LEASES

The School is a lessee for various copiers. The District recognizes a lease liability – finance purchase and a capital asset or recognizes a lease liability – right to use and an intangible right-to use lease asset in the district-wide financial statements based on the criteria dictated in GASB Statement No. 87 – Leases.

At the commencement of a lease, the School determines based on the criteria dictated in GASB Statement No. 87 – Leases, if the lease is a finance purchase or a right to use lease liability. Then the School initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease liabilities are reported with the long-term obligations on the statement of net position.

A finance purchased asset is initially measured as the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. The asset is depreciated on a straight-line basis over the life of the lease which is considered the asset's useful life. The asset is reported with the School capital assets as land, land improvements, buildings and improvements or furniture and equipment.

An intangible right-to use lease asset is initially measured as the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date. The intangible right-to use lease asset is amortized on a straight-line basis over the life of the lease. The intangible right-to use lease asset is reported with the School's capital assets in its own category called Right-to-Use Lease Assets.

NOTE 8: LEASES (CONT'D)

Key estimates and judgements related to leases include how the School determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

The District uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the District is utilizing the treasury bill rate (corresponding to length of lease) in place at the date of implementation along with other risk factors to determine the discount interest rate for leases.

The School has elected to recognize payments for short-term leases with a lease term of 12 months or less as expenses as incurred, and these leases are not included as lease liabilities or right-to-use lease assets on the statements of net position.

The District has determined all of their copier lease agreements qualify as right-to-use assets. As of June 30, 2023, total future minimum lease payments under right-to-use lease agreements are as follows:

Year Ending				
June 30,	 Total	_	Pricipal	 Interest
2024	\$ 17,542	\$	17,030	\$ 512
Total	\$ 17,542		17,030	512

NOTE 9. PENSION PLANS

Description of Plans - Eligible employees of the School District can be covered by Public Employees' Retirement System (PERS), Teachers' Pension and Annuity Fund (TPAF), or Defined Contribution Retirement Program (DCRP). PERS and TPAF are administered by the New Jersey Division of Pension and Benefits (NJDPB) and the DCRP is jointly administered by Prudential and NJDPB. The NJDPB issues publicly available financial reports that include financial statements and required supplementary information for the systems. These reports may be obtained online at https://www.nj.gov/treasury/pensions/financial-reports.shtml.

Public Employees' Retirement System

The PERS is a cost sharing multiple-employer defined benefit pension plan that was established in 1955. The PERS provides retirement, death and disability, and medical benefits to qualified members. The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A. All benefits vest after ten years of service, except for medical benefits that vest after 25 years of service or under the disability provisions of PERS.

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

NOTE 9. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (Continued)

The following represents the membership tiers for PERS:

Tier	Definition
1	Members who are enrolled prior to July 1, 2007.
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008.
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010.
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011.
5	Members who were eligible to enroll on or after June 28, 2011.

Contributions - The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The PERS member total contribution rate as of July 1, 2021 was 7.5% of base salary. The District employees' contributions for the year ended June 30, 2023 were \$117,588. Employers in PERS are required to contribute at an actuarially determined rate which includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. The PERS employer rate due in 2023 is 15.98% of covered payroll. The District is billed annually for its normal contribution plus any accrued liability. These contributions were paid by the District and equal to the required contributions for each year. The District's contributions to PERS for the years ended June 30, 2023, and 2022, were \$230,184 and \$207,958 respectively.

The total payroll for the year ended June 30, 2023 was \$11,071,952. Payroll covered by PERS was \$1,567,841 for fiscal year 2023.

Components of Net Pension Liability - At June 30, 2023, the District's proportionate share of the PERS net pension liability was \$2,754,688. The net pension liability was measured as of June 30, 2022. The District's proportion of the net pension liability was based on the District's actual contributions to the plan relative to the total of all participating employers' contributions for the year ended June 30, 2022. The District's proportion measured as of June 30, 2022 was 0.018253% which was an increase of 0.00050% from its proportion measured as of June 30, 2021.

Pension Expense and Deferred Outflows/Inflows of Resources - The District's 2023 PERS pension expense, with respect to GASB 68, was \$(150,446). The District's 2023 deferred outflows of resources and deferred inflows of resources were from the following sources:

		Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$	19,882	\$ 17,533
Changes of assumptions		8,535	412,486
Net difference between projected and actual earnings on pension plan investments		114,014	
Changes in proportion		171,516	13,789
Contributions subsequent to the measurement date	_	230,184	
Total	\$	544,131	\$ 443,808

NOTE 9. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year	_	PERS
2023	\$	(118,091)
2024		(49,729)
2025		(28,129)
2026		65,249
2027		839
Thereafter		
Total	\$	(129,861)

Additional Information - Collective Balances at June 30, 2023 and 2022 are as follows:

Year	2023	2022
Collective deferred outflows of resources	\$ 544,131	\$ 389,824
Collective deferred inflows of resources	\$ 443,808	\$ 1,343,432
Collective Net Pension Liability	\$ 2,754,688	\$ 2,103,612
District's Proportion	0.018253%	0.017757%

Actuarial Assumptions - The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	PERS
Investment Rate of Return	7.00%
Salary Increases:	
(Based on Years of Service):	2.75 - 6.55%
Inflation Rate – Price	2.75%
Inflation Rate – Wage	3.25%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

NOTE 9. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (Continued)

Long-Term Expected Rate of Return – In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2022 are summarized in the following table:

T			-
P	\mathbf{H}	ĸ	•
			L

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%
Total	100.00%	

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

NOTE 9. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (Continued)

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate - The following presents the collective net pension liability of the participating employers as of June 30, 2022, calculated using the discount rate as disclosed above, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease (6.00%)	Current Discount (7.00%)	 1% Increase (8.00%)
District's Proportionate Share of the Net Pension Liability	\$ 3,568,938	\$ 2,754,688	\$ 2,104,911

Teachers' Pension and Annuity Fund

The State of New Jersey Teachers' Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special funding situation that was established in 1955. As under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death and disability benefits. All benefits vest after ten years of service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

Tier	Definition
1	Members who are enrolled prior to July 1, 2007.
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008.
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010.
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011.
5	Members who were eligible to enroll on or after June 28, 2011.

Special Funding Situation - The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the nonemployer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

NOTE 9. PENSION PLANS (CONTINUED)

Teachers' Pension and Annuity Fund (Continued)

Contributions - The contribution policy is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. The member contribution rate was 7.5% in as of July 1, 2021. The State's pension contribution is based on an actuarially determined amount which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2022, the State's pension contribution was less that the actuarial determined amount. Under current statute, all employer contributions are made by the State of New Jersey on-behalf of the District and all other related noncontributing employers. No normal or accrued liability contribution by the District has been required over several preceding fiscal years. These on-behalf contributions by the State of New Jersey are considered a special funding situation, under the definition of GASB 68, Accounting and Financial Reporting for Pensions. The District was not required to make any contributions to the pension plan during the fiscal year ended June 30, 2023 because of the 100% special funding situation with the State of New Jersey.

During the fiscal year ended June 30, 2023, the State of New Jersey contributed \$2,670,550 to the TPAF for pension contributions, \$701,547 for post-retirement benefits on behalf of the School, and \$1,135 for long-term disability. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$621,407 during the year ended June 30, 2023 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries.

Components of Net Pension Liability - At June 30, 2023, the District was not required to report a liability for its proportionate share of the net pension liability because of a 100% reduction for State of New Jersey pension support provided to the District.

Pension Expense - For the year ended June 30, 2023, the District recognized pension expense of \$857,987 and revenue of \$857,987 for support provided by the State.

Actuarial Assumptions - The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	TPAF
Investment Rate of Return	7.00%
Salary Increases	
(Based on Years of Service):	2.75 - 5.65%
Inflation Rate – Price	2.75%
Inflation Rate – Wage	3.25%

NOTE 9. PENSION PLANS (CONTINUED)

Teachers' Pension and Annuity Fund (Continued)

Long-Term Expected Rate of Return - Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2022 are summarized in the following table:

TPAF

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Markets Equity	13.50%	8.38%
Emerging Markets Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%
Total	100.00%	

Discount Rate - The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate - The following presents the collective net pension liability of the participating employers as of June 30, 2022, calculated using the discount rate as disclosed above, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

		1% Decrease (6.00%)	Current Discount (7.00%)		1% Increase (8.00%)
State's Share of the Net Pension Liability associated with the District	\$	37,439,801	\$ 31,880,248	\$	27,290,567
State's Share of the Net Pension Liability	\$ _	60,591,896,759	\$ 51,676,587,303	\$	44,166,559,329

NOTE 9. PENSION PLANS (CONTINUED)

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) is a multiple-employer defined contribution pension fund that was established in 2007 under the provisions of N.J.S.A 43:15C-1. The DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and long-term disability coverage. Vesting and benefit provisions are established by N.J.S.A. 43:15C-1 et seq.

The following represents the individuals eligible for membership in the DCRP:

Eligibility

- 1. State or Local Officials who are elected or appointed on or after July 1, 2007
- 2. Employees enrolled in the PERS or TPAF on or after July 1, 2007, who earn salary in excess of established "maximum compensation" limits
- 3. Employees enrolled in the PFRS or SPRS after May 21, 2010, who earn salary in excess of established "maximum compensation" limits
- 4. Employees otherwise eligible to enroll in the PERS or TPAF on or after November 2, 2008, who do not earn the minimum annual salary for PERS or TPAF Tier 3 enrollment but who earn salary of at least \$5,000 annually
- 5. Employees otherwise eligible to enroll in the PERS or TPAF after May 21, 2010, who do not work the minimum number of hours per week required for PERS or TPAF Tier 4 or Tier 5 enrollment but who earn salary of at least \$5,000 annually

Contributions – The contribution policy is set by N.J.S.A 43:15C-3 and requires contributions by active members and contributing employers. Plan members are required to contribute 5.5% of their base salary and the District's employer match is an additional 3% contribution. For the year ended June 30, 2023, employee contributions totaled \$7,655 and the District's employer contribution, recognized in pension expense, was \$4,176. There were no forfeitures during the fiscal year.

Pension Plan Fiduciary Net Position - Detailed information about each pension plan's fiduciary net position is available in the separately issued New Jersey Division of Pension and Benefits financial report. Information on where to obtain the report is indicated at the beginning of this note.

NOTE 10. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

State Health Benefit State Retired Employees Plan:

State Health Benefit State Retired Employees Plan Pension and Other Postemployment Benefits (OPEB) Obligations in Fiscal Year 2022 the State funded the various defined benefit pension systems at 108 percent of the full actuarially determined contributions. Employer contributions to the pension plans are calculated per the requirements of the governing State statutes using generally accepted actuarial procedures and practices. The actuarial funding method used to determine the State's contribution is a matter of State law. Any change to the funding method requires the approval of the State Legislature and the Governor. The amount the State actually contributes to the pension plans may differ from the actuarially determined contributions of the pension plans because the State's contribution to the pension plans is subject to the appropriation of the State Legislature and actions by the Governor. GASB Statement No. 68, Accounting and Financial Reporting for Pensions, requires participating employers to recognize their proportionate share of the collective net pension liability. Under the new statement, the calculation of the pension liability was changed to a more conservative methodology and each employer was allocated a proportional share of the pension plans' net pension liability. The State's share of the net pension liability, based on a measurement date of June 30, 2021, which is required to be recorded on the financial statements, is \$75.1 billion. The Fiscal Year 2023 projected aggregate State contribution to the pension plans of \$6.8 billion represents 104 percent of the actuarially determined contribution. The State provides post-retirement medical (PRM) benefits for certain State and other retired employees meeting the service credit eligibility requirements. In Fiscal

NOTE 10. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Year 2022, the State paid PRM benefits for 161,238 State and local retirees. The State funds post-retirement medical benefits on a "pay-as-you-go" basis, which means that the State does not prefund, or otherwise establish a reserve or other pool of assets against the PRM expenses that the State may incur in future years. For Fiscal Year 2022, the State contributed \$1.9 billion to pay for "pay-as-you-go" PRM benefit costs incurred by covered populations, a slight increase from \$1.8 billion in Fiscal Year 2021. The State has appropriated \$2.1 billion in Fiscal Year 2023 as the State's contribution to fund increases in prescription drugs and medical claims costs. In accordance with the provisions of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, the State is required to quantify and disclose its obligations to pay Other Postemployment Benefits (OPEB) to retired plan members. This new standard supersedes the previously issued guidance, GASB Statement No. 45, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, effective for Fiscal Year 2018. The 7 State is now required to accrue a liability in all instances where statutory language names the State as the legal obligor for benefit payments. The Fiscal Year 2022 State OPEB liability to provide these benefits is \$88.9 billion, a decrease of \$12.7 billion, or 12.5 percent from the \$101.6 billion liability recorded in Fiscal Year 2021. Additional information on Pensions and OPEB can accessed the Division of Pensions & Benefits Financial Reports webpage: https://www.state.nj.us/treasury/pensions/financial-reports.shtml.

General Information about the OPEB Plan

The State of New Jersey reports a liability as a result of its statutory requirements to pay other postemployment (health) benefits for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A 52:14-17.32f. According to N.J.S.A 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP).

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits are the responsibility of the individual local education employers.

Special Funding Situation

The participating local education employer allocations included in the supplemental Schedule of special funding amounts by employer are provided as each local education employer is required to record in their financial statements, as an expense and corresponding revenue, their respective amount of total OPEB expense attributable to the State of New Jersey under the special funding situation and to include their respective amount of total OPEB liability in their notes to their financial statements. The total OPEB liability and service cost for each employer was determined separately based on actual data for each employer's participants.

NOTE 10. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Total OPEB Liability

The State of New Jersey's total OPEB liability, as of the measurement date of June 30, 2022, was \$50,646,462,966. Of this amount, the total OPEB liability attributable to the School District was \$37,476,332. The State of New Jersey's proportionate share of the total OPEB liability is 100%, including the proportion attributable to the School District of 0.07400%. The total OPEB liability for the School District measured as of June 30, 2022 is zero as a result of the Special Funding Situation with the State of New Jersey. The School District's proportionate share of the total OPEB liability measured as of June 30, 2022 is 0.00%. Accordingly, the School District did not recognize any portion of the collective net OPEB liability on the Statement of Net Position.

Total Nonemployer OPEB Liability

The total nonemployer OPEB liability as of June 30, 2022 was determined by an actuarial valuation as of June 30, 2021, which was rolled forward to June 30, 2022. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

	TPAF/ABP	PERS	PFRS
Salary Increases:	2.75% to 4.25%	2.75% to 6.55%	3.25% to 16.25%
	based on years of	based on years of	based on years of
	service	service	service

Preretirement mortality rates were based on the Pub-2010 Healthy "Teachers" (TPAF/ABP), "General" (PERS), and "Safety" (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 "General" classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 "General" classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disables retirees.

Future disabled retirees was based on the Pub-2010 "Safety" (PFRS), "General" (PERS), and "Teachers" (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

Actuarial assumptions used in the July 1, 2021 valuation were based on the results of the TPAF, PERS and PFRS experience studies prepared for July 1, 2018 to June 30, 2021.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 6.25% and decreases to a 4.50% long-term trend rate after eight years. For post-65 medical benefits PPO, the trend is initially -1.99% in fiscal year 2023, increasing to 13.44% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO the trend is initially -3.54% in fiscal year 2023, increasing to 15.19% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 8.00% and decreases to a 4.50% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

NOTE 10. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

Discount rate

The discount rate used to measure the total OPEB liability was 3.54%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the Total OPEB Liability

State of New Jersey	Total OPEB Liability
Balance as of June 30, 2021 Measurement Date	\$ 60,007,650,971
Changes for the year:	
Service Cost	2,770,618,025
Interest	1,342,187,139
Changes of Benefit Terms	0
Differences between Expected and Actual experience	1,399,200,736
Changes of Assumptions	(13,586,368,097)
Benefit Payments	(1,329,476,059)
Contributions from Members	42,650,252
Net Changes	(9,361,188,004)
Balance as of June 30, 2022 Measurement Date	\$ 50,646,462,967

Sensitivity of Total Nonemployer OPEB Liability to changes in the discount rate:

The following presents the total nonemployer OPEB liability as of June 30, 2022, respectively, calculated using the discount rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

_	June 30, 2022						
	At 1.00% Decrease	At Discount Rate	At 1.00% Increase				
-	2.54%	3.54%	4.54%				
3	59,529,589,697	50,646,462,966	43,527,080,995				

Sensitivity of Total Nonemployer OPEB Liability to changes in the healthcare trend rate:

The following presents the total nonemployer OPEB liability as of June 30, 2022, calculated using the healthcare trend rate as disclosed above as well as what the total nonemployer OPEB liability would be if it was calculated using a healthcare trend rate that is 1- percentage point lower or 1-percentage point higher than the current rate:

21		June 30, 2022						
	Healthcare Cost Trend							
	1.00% Decrease	Rate	1.00% Increase					
\$	41,862,397,291	50,646,462,966	62,184,866,635					

NOTE 10. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) (Continued)

OPEB Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the School District recognized OPEB expense of \$960,917. The School District reported deferred outflows of resources and deferred inflows of resources from the following sources:

	_	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$	6,691,012	\$ (11,441,957)
Changes of Assumptions		6,486,204	(12,754,896)
Net difference Between Projected and Actual Earnings on OPEB Plan Investments		,	(, , , , , , , , , , , , , , , , , , ,
Changes in Proportion		1,048,630	(837,407)
Contributions Subsequent to the Measurement Date			
Total	\$	14,225,846	\$ (25,034,260)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows.

Measurement Period Ending	
June 30,	OPEB
2023	\$ 4,284,684
2024	4,284,684
2025	4,284,684
2026	4,534,026
2027	5,248,239
Thereafter	16,623,790
Total	\$ 39,260,107

NOTE 11: ON-BEHALF PAYMENTS

For the fiscal year ended June 30, 2023, the School District has recognized as revenues and expenditures on-behalf payments made by the State for normal costs and post-retirement medical costs related to TPAF, in the fund financial statements. The amounts recognized as revenues and expenditures in the fund financial statements for normal costs, post-retirement medical costs, and long-term disability insurance were \$2,670,550, \$701,547, and \$1,135, respectively. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$621,407 during the year ended June 30, 2023 for the employer's share of social security contributions for TPAF members, as calculated on their base salaries.

NOTE 12: RISK MANAGEMENT

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

NOTE 12: RISK MANAGEMENT (CONT'D)

New Jersey Unemployment Compensation Insurance - The School District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the School District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The School District is billed quarterly for amounts due to the State.

The following is a summary of the activity of the School District's private-purpose trust fund for the unemployment claims for the current and previous two fiscal years:

Fiscal Year	School District	Employee	Interest	Claims	Ending
Ended June 30,	Contributions	Contributions	Income	Incurre d	Balance
2023	\$ 25,237	\$ 29,207	\$ 2,311	\$ 12,070	\$ 264,515
2022		18,752	436		219,830
2021	25,000	29,119	551	8,069	200,642

<u>Joint Insurance Fund</u> - The School District is a member of the School Alliance Insurance Fund. The Fund provides its members with the following coverage:

Workers' Compensation and Employer's Liability
Property (Including Crime and Auto Physical
Damage) General and Auto Liability
School Board Legal Liability
Boiler and Machinery
Pollution/Environmental Legal
Liability Blanket Dishonesty Bond

Contributions to the Fund, including a reserve for contingencies, are payable in two installments and are based on actuarial assumptions determined by the Fund's actuary. The Commissioner of Banking and Insurance may order additional assessments to supplement the Fund's claim, loss retention, or administrative accounts to assure the payment of the Fund's obligations.

For more information regarding claims, coverage's and deductibles, the Fund publishes its own financial report for the year ended December 31, 2018, which can be obtained from:

School Alliance Insurance Fund 51 Everett Drive, Suite B-40 West Windsor, New Jersey 08550

NOTE 13: DEFERRED COMPENSATION

The School District offers its employees a choice of three deferred compensation plans created in accordance with Internal Revenue Code Sections 403(b) and 457. The plans, which are administered by the entities listed below, permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death, or unforeseeable emergency. The plan administrators are as follows:

Lincoln Investment Planning AXA Equitable Vanguard

NOTE 14: COMPENSATED ABSENCES

The School District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), Accounting for Compensated Absences. A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the rights to the benefits.

School District employees are granted varying amounts of vacation and sick leave in accordance with the School District's personnel policy. Upon termination, employees are paid for accrued vacation. The School District policy permits employees to accumulate sick leave and carry forward the full amount to subsequent years. Upon retirement, employees shall be paid by the School District for the unused sick leave in accordance with the School District's agreements with the various employee unions.

The liability for vested compensated absences is recorded within those funds as the benefits accrue to employees. At June 30, 2023 the liability for compensated absences reported on the government-wide statement of net position was \$327,568.

NOTE 15: INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

The composition of interfund balances as of June 30, 2023 is as follows:

Fund		iterfund eceivable	Interfund Payable			
General Fund Special Revenue Fund Food Service	\$	212,480	\$	209,730 2,750		
Total	\$	212,480	\$	212,480		

The interfund receivables and payables above predominately resulted from payments made by certain funds on behalf of other funds. During the fiscal year 2023, the School District expects to liquidate such interfunds, depending upon the availability of cash flow.

NOTE 16: CAPITAL DEBT REFUNDING

On September 14, 2016, the School District issued \$8,365,000 in general obligation bonds with interest rates varying from 2.00% to 4.00% to refund \$8,625,000 of outstanding 2006 series bonds with interest rates varying from 4.00% to 4.25% and 2009 series bonds with interest rates varying from 2.50% to 4.00%. The bonds were issued at a premium of \$872,094. The net proceeds of \$9,116,749 (after payment of issuance costs of \$120,345) were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2006 and 2009 series bonds. As a result of the current refunding, the School District will reduce its total debt service payments over the next ten years by \$473,679, which results in an economic gain (difference between the present values of the debt service payments of the old and new debt) of \$432,414, or 5.01% of the principal amount being refunded. The current refunding meets the requirements of an in-substance defeasance and the liability for the refunded bonds was removed from the School District's financial statements.

In addition, the School District previously elected to implement GASB Statement No. 65 and as a result, has reflected the Bond Debt Refunding Cost as a Deferred Outflow of Resources on the Statement of Net Position, net of the portion amortized, as a component of interest expense over the life of the debt. During the 2022-23 School Year, \$87,442 was amortized, resulting in a balance in Deferred Outflows of Resources of \$96,550, as of June 30, 2023.

NOTE 17: CONTINGENCIES

<u>Grantor Agencies</u> - Amounts received or receivable from grantor agencies could be subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time, although the School District expects such amount, if any, to be immaterial.

<u>Litigation</u> - The School District is a defendant in several legal proceedings that are in various stages of litigation. It is believed that the outcome, or exposure to the School District, from such litigation is either unknown or potential losses, if any, would not be material to the financial statements.

NOTE 18: CONCENTRATIONS

The School District depends on financial resources flowing from, or associated with, both the federal government and the State of New Jersey. As a result of this dependency, the School District is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations.

NOTE 19: <u>DEFICIT FUND BALANCES</u>

N.J.S.A. 18A:22-44.2 provides that in the event a state school aid payment is not made until the following school budget year, school districts must record the delayed one or more June state aid payments as revenue, for budget purposes only, in the current school budget year. The statute provides legal authority for school districts to recognize this revenue in the current budget year. For intergovernmental transactions, GASB Statement No. 33 requires that recognition (revenue, expenditure, asset, liability) should be in symmetry, i.e., if one government recognizes an asset, the other government recognizes a liability.

Since the State is recording the June state aid payments in the subsequent fiscal year, the School District cannot recognize the June state aid payment on the GAAP financial statements until the year the State records the payable. Due to the timing difference of recording the June state aid payments, a general fund balance deficit does not alone indicate that the School District is facing financial difficulties.

As of June 30, 2023, the District had no deficit in fund balance (modified accrual basis).

NOTE 20: FUND BALANCES

NONSPENDABLE

As stated in Note 1, the non-spendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. There are no non-spendable fund balances of the School District as of June 30, 2023.

RESTRICTED

As stated in Note 1, the restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources by either of the following: (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. Specific restrictions of the School District's fund balance are summarized as follows:

BOROUGH OF PALMYRA SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 20: FUND BALANCES (CONT'D)

General Fund

For Excess Surplus - In accordance with N.J.S.A. 18A:7F-7, as amended, the designation of restricted fund balance - excess surplus is the result of a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to restrict general fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The excess fund balance at June 30, 2023 is \$2,605,178, of which \$1,408,238 was assigned for utilization in the 2023-24 budget and \$1,196,940 will be utilized in the 2024-25 budget.

RESTRICTED (Continued)

For Capital Reserve Account - As of June 30, 2023, the balance in the capital reserve account is 1,750,320. These funds are restricted for future capital outlay expenditures for capital projects in the School District's approved Long Range Facilities Plan (LRFP).

For Maintenance Reserve Account - As of June 30, 2023, the balance in the maintenance reserve account is \$1,199,898. These funds are restricted for the required maintenance of school facilities in accordance with the Educational Facilities Construction and Financing Act (EFCFA) (N.J.S.A. 18A:7G-9) as amended by P.L. 2004, c. 73(S1701).

COMMITTED

As stated in Note 1, the committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which is the Board of Education. There were no specific commitments of the School District's fund balance at June 30, 2023.

ASSIGNED

As stated in Note 1, the assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. Specific assignments of the School District's fund balance are summarized as follows:

General Fund

For Subsequent Year's Expenditures - The District has appropriated and included as an anticipated revenue for the fiscal year ending June 30, 2024 \$781,591 of general fund balance at June 30, 2023.

Other Purposes - As of June 30, 2023, the School District had no encumbrances outstanding for purchase orders and contracts signed by the School District, but not completed, as of the close of the fiscal year.

BOROUGH OF PALMYRA SCHOOL DISTRICT NOTES TO FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2023

NOTE 20: FUND BALANCES (CONT'D)

UNASSIGNED

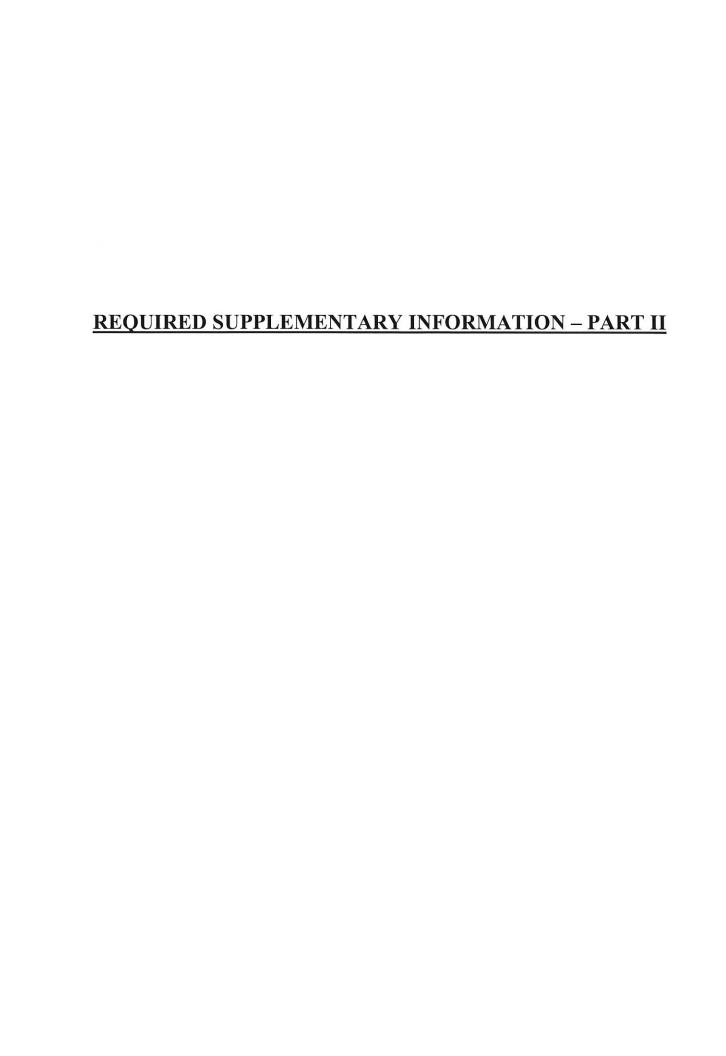

As stated in note 1, the unassigned fund balance classification represents fund balance that has not been restricted, committed, or assigned to specific purposes. The School District's unassigned fund balance is summarized as follows:

General Fund - As of June 30, 2023, the School District has a fund balance of \$341,319 in the general fund. See Note 19.

NOTE 21: SUBSEQUENT EVENTS

There were no other events noted, between the year-end and the date of the audit report, requiring disclosure.

Notes to Schedule:

Changes of Benefit Terms: The decrease in liability from June 30, 2020 to June 30, 2021 is due to employers adopting Chapter 44 provisions.

Differences Between Expected and Actual Experiences: The decrease in liability from June 30, 2020 to June 30, 2021 is due to changes in the census.

Changes in Assumptions: The increase in the liability from June 30, 2020 to June 30, 2021 is due to the combined effect of Trend Updates, Mortality Projection Scale Updates, Discount Rate Changes, and Salary Scale changes. Note: This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, this presentation will only include information for those years for which information is available.

OTHER SUPPLEMENTARY INFORMATION

SPECIAL REVENUE FUND DETAIL STATEMENTS The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

PROPRIETARY FUND DETAIL STATEMENTS

Proprietary Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises — where the intent of the district's board is that the costs of providing goods or services be financed through user charges.

Food Services Fund – This fund provides for the operation of food services in all schools within the school district.

Alternative High School Enterprise Fund – This fund provides for the operation of the District's Alternative High School.

Transportation Enterprise Fund – This fund provides for transportation services provided to other local educational associations.

Related Services Enterprise Fund – This fund provides for student support services which are provided to other local educational associations.

Source: Exhibit A-1

In accordance with GASB 65, effective for the fiscal year ended June 30, 2013, the method to expense debt issuance costs was changed.

For the fiscal year ended June 30, 2015, the School District adopted GASBS No's. 68 and 71, which required the School District to record its proportionate share of the net pension liability and related deferred out in the government-wide financial statements. Balances prior to June 30, 2015 are shown as originally reported and have not been restated for this adoption.

Source: Exhibit A-2

In accordance with GASB 65, effective for the fiscal year ended June 30, 2013, the method to expense debt issuance costs was changed.

For the fiscal year ended June 30, 2015, the School District adopted GASBS No's 68 and 71, which required the School District to record its proportionate share of the net pension liability and related deferred outflows and inflows of resources in the government-wide financial statements. Balances prior to June 30, 2015 are shown as originally reported and have not been restated for this adoption.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OFFINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable President and Members of the Board of Education Palmyra Borough School District County of Burlington, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards. issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Board of Education of the Palmyra Borough School District's basic financial statements, and have issued our report thereon dated November 15, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Palmyra Borough Board of Education's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Palmyra Borough Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Palmyra Borough Board of Education's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Palmyra Borough Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance, or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey and is described in the accompanying schedule of findings and questioned costs.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

NIGHTLINGER, COLAVITA & VOLPA, PA

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND NEW JERSEY OMB CIRCULAR 15-08

The Honorable President and Members of the Board of Education Palmyra Borough School District County of Burlington, New Jersey

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement and the New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's major federal and state programs for the year ended June 30, 2023. The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and as prescribed by the Office of School Finance, *Department of Education, State of New Jersey*, and New Jersey OMB 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and

appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, Uniform Guidance and New Jersey OMB 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, Uniform Guidance and New Jersey OMB 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and New Jersey OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of The Board of Education of the Palmyra Borough School District, in the County of Burlington, State of New Jersey's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and New Jersey OMB 15-08. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

NIGHTLINGER, COLAVITA & VOLPA, PA

Raymond Colavita, CPA Licensed Public School Accountant No. 915 November 15, 2023

The accompanying Notes to Financial Statements and Notes to Schedules of Expenditures of Federal Awards and State Financial Assistance are an integral part of this schedule.

BOROUGH OF PALMYRA SCHOOL DISTRICT NOTES TO THE SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE JUNE 30, 2023

NOTE 1: GENERAL

The accompanying schedules of expenditures of federal awards and state financial assistance include federal and state award activity of the Board of Education of the Borough of Palmyra School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies are included on the schedules of expenditures of federal awards and state financial assistance.

NOTE 2: BASIS OF ACCOUNTING

The accompanying schedules of expenditures of federal awards and state financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 2 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements 2 CFR 200- *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and New Jersey OMB 15-08. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The District has elected not to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

NOTE 3: RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the one or more deferred June state aid payments in the current budget year, which is mandated pursuant to N.J.S.A., 18A:22-44.2. For GAAP purposes payments are not recognized until the subsequent budget year due to the state deferral and recording of the one or more June state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis, which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the one or more state aid June payments in the current budget year, consistent with N.J.S.A., 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(127,388) for the general fund and \$(54,019) for the special revenue fund. See Exhibit C-3 (the Notes to Required Supplementary Information) for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented on the following page:

BOROUGH OF PALMYRA SCHOOL DISTRICT. NOTES TO THE SCHEDULES OF AWARDS AND FINANCIAL ASSISTANCE JUNE 30, 2023

NOTE 4: RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

	Federal	 State	Total
General Fund	\$ 28,134	\$ 10,681,259	\$ 10,709,393
Special Revenue Fund	1,888,684	453,139	2,341,823
Debt Service Fund		107,018	107,018
Food Service Fund	 319,876	8,915	328,791
Total Awards & Financial Assistance	\$ 2,236,694	\$ 11,250,331	\$ 13,487,025

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

NOTE 5: FEDERAL AND STATE LOANS OUTSTANDING

Borough of Palmyra School District had no outstanding loans at June 30, 2023.

NOTE 6: OTHER

Revenues and expenditures reported under the Food Distribution Program represent current year value received and current year distributions respectively. The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the District for the year ended June 30, 2023. TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2023.

NOTE 7: SCHOOLWIDE PROGRAM FUNDS

As the District's Federal Programs are on a targeted student group basis, there are no schoolwide programs in the District.

NOTE 8: MAJOR PROGRAMS

Major programs are identified in the Summary of Auditor's Results Section of the Schedule of Findings and Questioned Cost.

NOTE 9: ADJUSTMENTS

As of June 30, 2023, there was one immaterial adjustment reflected on Schedule A, in the amount of (\$1,874). There was no adjustment reflected on Schedule B.
