

### **What is Feel the Power?**

Feel the Power is a nonprofit speaking event program for children and young adults that positively motivates them to make the kind of important daily choices that affirm the value they place in themselves and in others. You can find out more at [www.feelthepower.org](http://www.feelthepower.org).

**Jon Pritikin, from Feel the Power, will be visiting Coshocton Elementary School on Tuesday, September 12th.**

### **What can I expect during the assembly?**

Jon will be sharing from his heart through storytelling and feats of strength. Jon's goal is to empower and strengthen students, to help them consider their actions, and to motivate them to live life to its fullest.
