**CAPITAL PROJECT UPDATE**

# SOUTH SENECA CENTRAL SCHOOL DISTRICT CAPITAL PROJECT UPDATE

JAN - 2024

## **LETTER FROM THE SUPERINTENDENT**

Dear South Seneca Central School District  
Community Members,

Our timeline for the large capital project at South Seneca approved by voters in December 2022 has now reached the construction phase. Over the next few months, we will begin to see an impact in Ovid, and by summer time, in Interlaken as well. Here is what to expect:

### **FEBRUARY**

Construction begins at the future site of the new Transportation Facility, meaning the student parking lot at the north end of the Ovid campus will be closed. We'll see temporary fencing go up around the site, and steady progress through all of the calendar year 2024 as the new facility is built from the ground up.

### **SPRING**

Our capital outlay project this year is to replace the electronic sign in front of the Middle-High School, and the goal is to have the new sign in place by summer time. There will be some disruption in that corner of the front of the school as the weather gets warmer.

### **SUMMER**

The bulk of our construction on both campuses will take place this summer, as we work on the secure entryways in each building, continue the full scope of work at the Middle-High School, and address the full campus drainage issues we've struggled with for years in Interlaken. The goal of doing summer construction is to make disruptions to our regular programs as minimal as possible, and we will provide more specific updates as we get closer to June, July, and August. We have plans to replace the electronic sign in Interlaken as well, during the 2024-25 school year.

Please notice the yellow button labeled 'Capital Project 2022-24' on the front page of our website at southseneca.org and visit often as we capture regular updates there. We will of course be using the live feed on our South Seneca mobile app, as well as more targeted messages to groups on Parent Square.

Don't hesitate to reach out to either Main Office, or the District Office along the way to get your specific questions answered, and we'll look forward to bringing these important improvements to the district. Thank you in advance for your patience through construction!

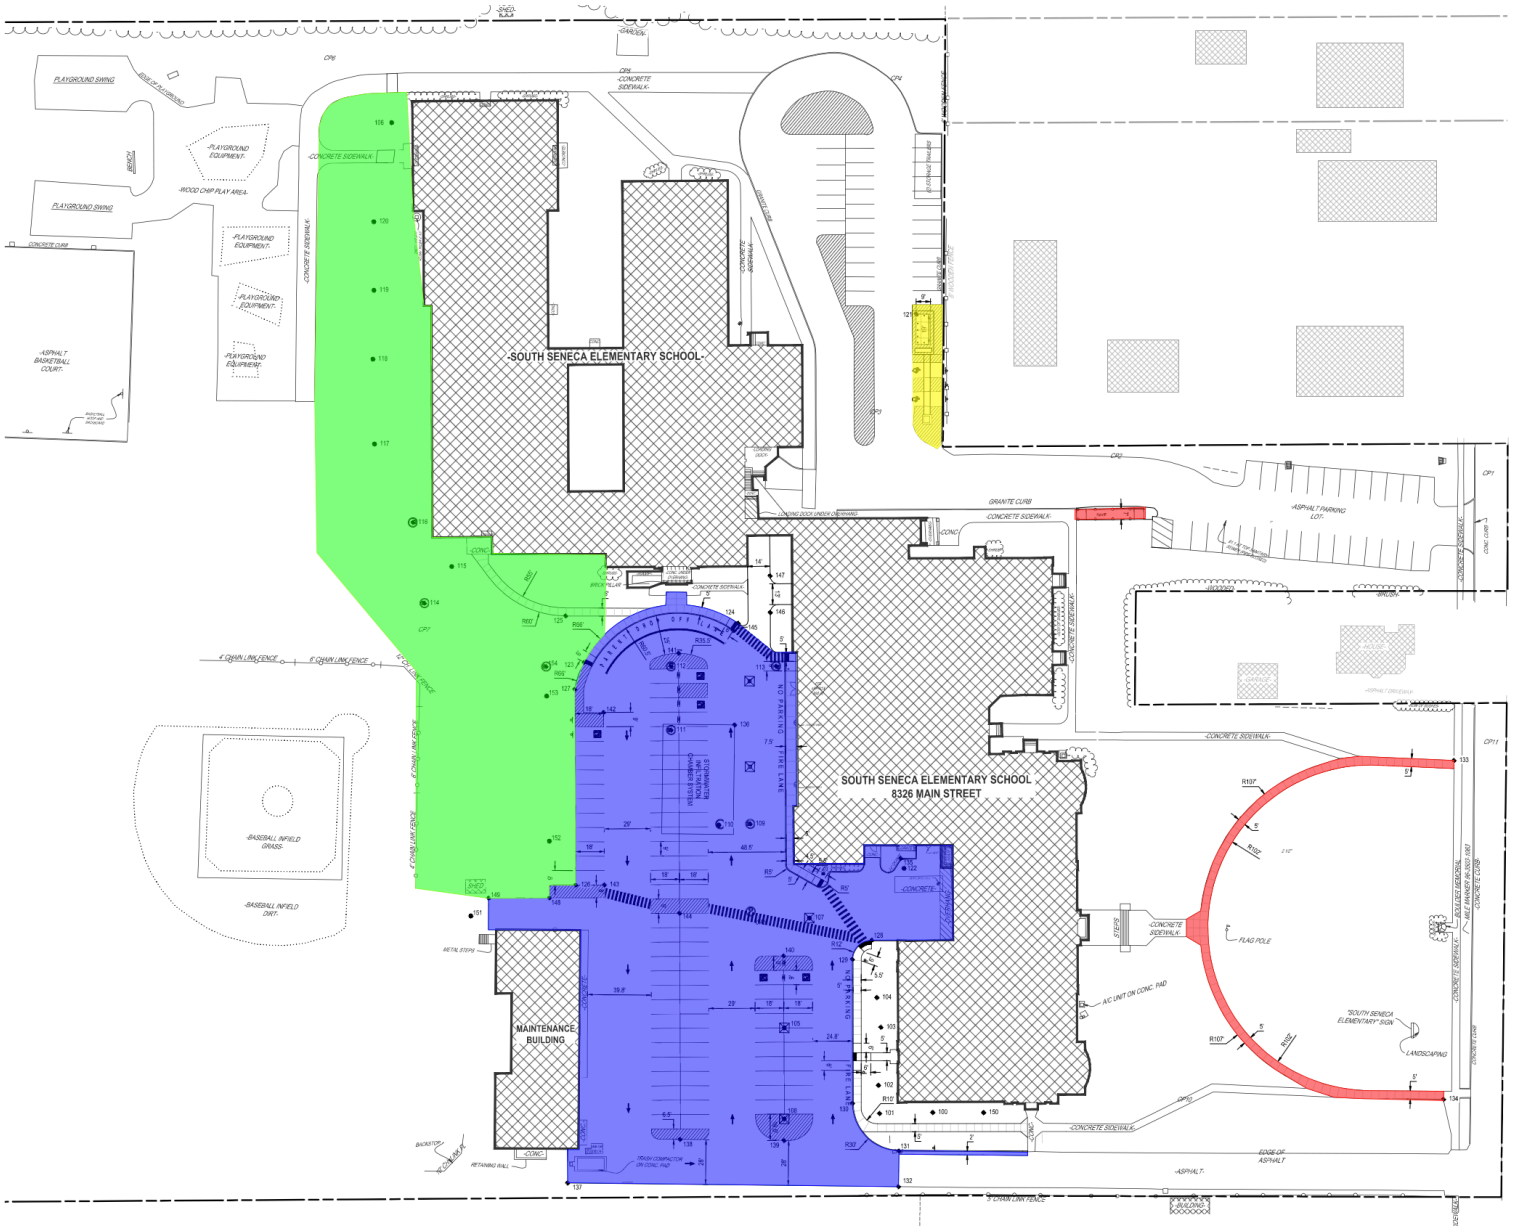

**Stephen Parker Zielinski**  
*Superintendent*

## **WHERE FUTURES ARE CREATED!**

# CAPITAL PROJECT UPDATE

**Generator Replacement (8/5/24 - 8/16/24)**

**Sidewalk Renovations (8/5/24 - 8/30/24)**
