 Re: Student Athletic Insurance 2023-24

Per the California Education Code, each student participating in athletic programs (including band, cheer, etc.,) must provide proof of medical insurance for accidental injuries. If a student needs coverage to participate, he/she may purchase coverage through Pacific Educators. Paper applications are available at your child's school office.

All plans are effective when envelopes are postmarked. **It is best for parents/students to turn in applications and payment directly to coaches or assistants, that way your player can participate on that same day.** If not, the student may be required to wait a few days before coverage can be verified by coaches.

The online payment system can be found at <http://www.peinsurance.com/signup> and provides parents with a policy number and paid invoice that they can show as proof of insurance.

NOW AVAILABLE AT NO COST – FREE PRESCRIPTION DRUG CARD – GET ONE AT YOUR CHILD'S SCHOOL OFFICE OR THE WEBSITE ABOVE.

### After School Sports

Students without medical insurance and participating in athletic programs at school are **required to purchase School Time Coverage**. This coverage **will** cover the Student for all sports practices, games, and travel in District vehicles. 24-Hour Coverage is also available for purchase and will give coverage to students whether or not the student is participating in school activities. (Please go to <http://www.peinsurance.com/> for more information.)
