

Richfield Springs CSD
District Wide School Safety Plan

Board Approved:

Introduction

Emergencies and violent incidents in schools are critical issues that must be addressed in an efficient and thoughtful manner. Districts and BOCES are required to develop a District Wide School Safety Plan. The plan is designed to prevent or minimize the effects of serious violent incidents and emergencies, as well as facilitating the coordination of the district/BOCES with local, county, and state resources.

The District Wide Plan is responsive to the needs of all schools/buildings within the district/BOCES and is consistent with the more detailed Emergency Response Plans required at the building level. Districts/BOCES are at risk of a wide variety of acts of violence, natural, and technological disasters. To address these threats, the State of New York has enacted the Safe Schools Against Violence in Education (SAVE) law. This component of Project SAVE is a comprehensive planning effort that addresses risk reduction/prevention, response, and recovery with respect to a variety of emergencies in the districts.

Section I: General Considerations & Planning Guidelines

A. Purpose

The Richfield Springs Central School District (RSCSD) District Wide School Safety Plan was developed pursuant to Commissioner's Regulation 155.17. At the direction of the RSCSD Board of Education, the Superintendent appointed a District-Wide School Safety Team and charged it with the development and maintenance of the District Wide School Safety Plan.

B. Identification of School Teams

RSCSD has a District-Wide School Safety Team consisting of, but not limited to, representatives of the Board, students, teachers, administrators, parent organizations; school safety personnel; and, other school personnel. The members of the team and their positions/affiliations are as follows:

Member Name	Title
Chris Abbruzzese	Cafeteria Manager
Mariessa Brelinsky	Elementary Counselor
Jeff Busch	Secondary Counselor
Matthew St. Peter	Secondary Principal
Stan Grose	Transportation Supervisor
Matthew St. Peter	Athletics Coordinator
Heather Lamphere	Teacher
Tom Piatti	Superintendent of Schools
Kristi Effner	School Nurse
Patricia Fagan	Teacher
Marilyn Shaw	Administrative Assistant
Rob Walker	Buildings and Grounds Supervisor
René Wilson	Elementary Principal/Special Education Director

Board Approved:

The District-wide School Safety Team with assistance from the Herkimer-Fulton-Hamilton-Otsego (HFHO) BOCES Safety Service is responsible for the development, review, and update of the District Wide School Safety Plan. The Emergency Response Team will provide the initial response in all emergencies as defined in this plan. Members of the Post-Incident Response team, following an emergency, will take response actions.

C. Chief Emergency Officer

RSCSD Board of Education has designated a Chief Emergency Officer (CEO). The CEO is an RSCSD employee and is responsible for coordinating communication between staff and law enforcement and first responders and for ensuring staff understanding of the district-level safety plan. The CEO with assistance from the HFHO BOCES Safety Service shall also be responsible for ensuring completion and yearly update of building-level Emergency Response Plans and that all Safety Plans are submitted to New York State in a timely manner, as required by law.

D. Concept of Operations

The District Wide School Safety Plan shall be directly linked to each building's individual Emergency Response Plan. This District Wide School Safety Plan will guide the development and implementation of each building level Emergency Response Plan.

In the event of an emergency or violent incident, the initial response to all emergencies at an individual building will be by the School Emergency Response Team. Upon the activation of the School Emergency Response Team, the Superintendent or his/her designee will be notified and, where appropriate, local first responders will also be notified. Emergency response actions, including crisis response, may be supplemented by involving regional resources through established protocols.

E. Plan Review & Public Comment

This plan shall be reviewed and maintained by the District-Wide School Safety Team and reviewed on an annual basis on or before July 1st of each year. Pursuant to Commissioner's Regulation 155.17 (e)(3), this plan will be made available for public comment 30 days prior to its adoption. The plan must be formally adopted by the BOCES' Board of Education.

While linked to the District Wide School Safety Plan, Building Level Emergency Response Plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a (Building Level Emergency Response Plans are not subject to FOIL). Full copies of the District Wide School Safety Plan and any amendments will be submitted to the New York State Education Department within 30 days of adoption. Building Level Emergency Response Plans will be supplied to both local and State Police within 30 days of adoption.

Board Approved:

Section II: Risk Reduction/Prevention & Intervention

A. Prevention/Intervention Strategies

Initiatives that improve the culture and climate in our schools and improve communication at all levels can substantially enhance the ability to prevent negative events from happening. RSCSD has implemented initiatives that serve both as prevention and risk reduction strategies.

Program Initiatives

RSCSD utilizes programs and activities that improve the school climate and communication throughout the school community, and that encourage the reporting of potentially dangerous, suspicious or violent behavior. The following is a partial list of such initiatives:

- Behavior Intervention Planning
- Positive Behavior Interventions and Supports
- Threat Assessment Training
- School Safety Task Force Member

RSCSD encourages all divisions to develop strategies that support a positive and safe learning environment for students, such as community involvement, mentoring programs, and schedule adjustment to minimize potential for conflicts or altercations.

Training, Drills, & Exercises

RSCSD will ensure that each division conducts drills and exercises to test the components of their building level plans. Tabletop exercises conducted in coordination, if possible, with local and county level first responders and preparedness officials will be used when live drills are impractical or not sufficient to meet training goals.

As per regulation, four (4) Lockdown drills and eight (8) Fire Evacuation drills will be conducted each school year. Additional drills may be conducted for select response protocols including: Shelter-in-Place, Hold-In-Place, Lockout and Evacuation to Off Campus Location.

Staff Development

General staff awareness training conducted by HFHO BOCES Safety Service staff is held at the beginning of each school year and on a semi-monthly basis throughout the school year. The training focuses on the Shelter-in-Place, Hold-in-Place, Evacuation, Lockout, and Lockdown protocols.

Implementation of School Security

All staff is expected to be vigilant regarding threats against students and staff (i.e. bullying/harassment) and immediately report to their respective principal or supervisor any information they have received or observed regarding anything that

Board Approved:

could be *reasonably* expected to impact the safety and security of anyone in the school community.

Additional Security Implementations include:

- All RSCSD employees are issued photo ID badges that are to be displayed at all times while on school property to assist visitors, students, and staff in identifying employees as well as potential intruders.
- Each division/building will implement a standard procedure of limiting access to their building to the fewest exterior doors as possible.
- A digital video surveillance system is in service a RSCSD to assist in monitoring, deterring and recording activity in high use areas.
- A fob system is in place for access to the buildings from exterior doors.
- RSCSD has a Visitor Policy in place to record non-staff members who are present in each building. If an unannounced visitor is observed in the hallways without proper identification, staff may approach and inquire as to a subject's business or contact the main office.
- A fire detection alarm that is linked to a central monitoring station is in service at all district facilities. These alarms and fire response procedures are tested regularly and consistently with NYS Education Department regulations.
- A panic button system in several offices, which activates flashing blue lights to signify that the District is in a lockdown is in place.

Vital Educational Agency Information

RSCSD maintains information for each division/building in a central location, including: school population, number of staff, transportation needs, and the business and home numbers of key officials.

B. Early Detection of Potentially Violent Behaviors

RSCSD recognizes the importance of early recognition and intervention into conflicts and potentially violent or threatening behaviors (including suicide). Certain emotional and behavioral signs, when viewed in context, can signal a troubled student. Staff is trained to recognize the signs that can be used to signal a student who may need help. The more signs that a student exhibits the more likely it is that he/she may need intervention. Early warning signs could include, but are not limited to:

- Feeling very sad or withdrawn for more than two weeks
- Sudden overwhelming fear for no reason
- Involvement in many fights or desire to badly hurt others
- Severe out-of-control behavior that can hurt oneself or others
- Not eating, throwing up, or severe, visible, weight loss
- Intense worries or fears that get in the way of daily activities
- Extreme difficulty concentrating or staying still that puts the student in physical danger or causes problems in the classroom
- Use of drugs or alcohol
- Severe mood swings that cause problems in relationships

Board Approved:

- Drastic changes in the student's behavior or personality
- Preoccupation with illness, death, or catastrophic events

Students, parents, guardians, and/or persons in parental relation to the student, and staff are encouraged to share information regarding any student conflicts, threats, or troubling behaviors with the appropriate school administrator so that an investigation can commence in a timely fashion, if deemed necessary.

This communication may extend beyond RSCSD personnel to include law enforcement, mental health professionals, etc., when deemed appropriate and within existing legal parameters.

C. Hazard Identification

The list of sites of potential emergencies include: the Richfield Springs school building, playground, athletic fields, bus garage, buses, off-site field trips, and sites adjacent to district properties. Student-occupied sites have been assessed for unique hazards and documented in their respective Building Level plans.

Section III: Response

A. Notification & Activation

Incident Commanders are authorized to and will initiate contact with the appropriate first responders in the event of an emergency or violent incident. If appropriate the Incident Commander will call 911. In a crisis situation involving a violent incident, staff should call 911 and notify the Incident Commander.

The methods used for notifications of an emergency or an act of violence include the following possible forms of communication: Emergency Services, telephone, email, RSCSD Website, PA system, local media, and others as appropriate or necessary.

B. Situational Responses

Multi-Hazard Response

In the event of a catastrophic emergency (fire, building collapse, etc.) the evacuation of the building and the preservation of life is the only consideration. It is anticipated that specific procedures outlined in this plan, particularly as they relate to notifications, line of authority, etc. may be violated in cases involving catastrophic emergencies.

RSCSD has a Building Level Emergency Response Plan, which includes specific procedures for a variety of emergencies. However, there are many variables that could impact the manner in which the Building Level Emergency Response Team responds to a particular occurrence. Given these variables, it is impractical to attempt to anticipate the steps needed for a response to every conceivable scenario. Responses focus on a few critical decisions that need to be made in every emergency to prevent injury and loss of life.

Board Approved:

In the event that a situation poses a significant enough risk that evacuation of the building and remaining on school grounds is determined to not be adequate, students and staff will be evacuated to a pre-determined off-site location and reunification may not take place at a district-owned site.

Responses to Acts of Violence: Implied or Direct Threats

RSCSD has policies and procedures in place for responding to implied or direct threats of violence from students, teachers, other school personnel, as well visitors to RSCSD's facilities (this includes threats against themselves and threat of suicide); including a range of disciplinary action to be used when responding to such threats or acts. The following steps may be taken in the event of an implied or direct threat of violence:

- Use of staff trained in de-escalation techniques.
- Building Principal informed of implied or direct threat
- Level of threat determined with input from Superintendent/Designee.
- If necessary, law enforcement will be contacted.
- Monitor situation, adjust response if necessary, and possibly include Emergency Response Team.

Acts of Violence/Crises

RSCSD policies and procedures for responding to acts of violence/crises involving students, teachers, other staff, and visitors to RSCSD's facilities will be included in the Building-Level Emergency Response Plans. The following steps may be taken in the event of an act of violence or crisis:

- Inform Building Principal or appropriate administrator
- Determine level of threat with Superintendent/Designee.
- Isolate immediate area and evacuate, if appropriate and the situation warrants.
- Initiate Lockdown and contact appropriate first responders, if necessary.
- Monitor situation, adjust response if necessary, initiate early dismissal, sheltering, or evacuation, if appropriate.

Response Protocols

RSCSD selection of appropriate responses to emergencies, including potentially responding to situations like bomb threats, hostage taking, intrusions, kidnappings, power supply disruption, and severe weather may be included in the Building Level Emergency Response Plans. The following protocols are provided as possible examples:

- Identification of decision-makers
- Plans to safeguard students and staff
- Procedures to provide transportation, if necessary
- Procedures to notify parents, guardians, and/or persons in parental relation to the student, and the media
- Debriefing procedures

Board Approved:

Arrangements for Obtaining Emergency Assistance from Local Government

Arrangements for obtaining assistance during emergencies from first responders and local governmental agencies include contacting 911 immediately. Additional support can be obtained by contacting Otsego County Sheriff, the NYS Police, local Fire Departments, and Otsego County Emergency Services. Additionally, RSCSD has arranged for emergency responder access to locked buildings and grounds during emergencies.

Procedures for Obtaining Advice & Assistance from Local Government Officials

See Above

Resources Available for Use in an Emergency

RSCSD resources that may be available during an emergency include all of our facilities at the school and other vehicles and heavy equipment.

Procedures to Coordinate the Use of Resources & Manpower during Emergencies

RSCSD will use the Incident Command System to coordinate the use of resources and manpower during emergencies.

Protective Action Options

Plans for taking the following actions in response to an emergency where appropriate will be including in each building's Emergency Response Plan: school cancellations, early dismissal, evacuation, shelter-in-place, hold-in-place, lockout, and lockdown.

Section IV: Recovery

A. District Support for Buildings

After an incident, the appropriate Emergency Response Team will initiate the Crisis Plan. Necessary resources will be deployed in order to support the Emergency Response and Post-Incident Teams.

B. Disaster Mental Health Services

Specific mental health services will be addressed by the appropriate Emergency Response Team as outlined in the Crisis Plan, on an as-needed basis.
