

NEW ARRIVALS

Oatey Fix-It Repair Ring #52222

The Oatey® Fix-it Repair Ring securely repairs broken, cracked, or worn-out toilet mounting flanges without replacing the toilet flange. The universal design includes 14 mounting holes to fit all flange types and toilet installations. Works on all flooring types, including concrete.

FEATURES

- Mounting tabs fit under all toilets.
- Elongated slots allow for angled screws to grab flooring.
- Perfect length bolt slot prevents bending during installation for secure, level and leak-free repairs.
- Accommodates 1/4" or 5/16" closet bolts.

Beehive Mini Sink Plunger #68236

The BEEHIVE Mini Sink and Drain Plunger offers flexible power for fast, tough clog removals. Designed to eliminate clogs in sinks, with or without garbage disposals, shower drains, tubs, and bathroom and utility sinks. The t-handle and flexible beehive shape head design allow for an optimum grip and powerful plunge. The plunger head is designed to seal better while requiring less effort to plunge. For best results, we recommend covering other sink openings or vents.

FEATURES

- Made of non-marking rubber
- Compact design allows for easy storage under sink/vanity or in closet.
- **Made in the USA**

BEST FEATURED ITEMS

Hinge Tweakers

#99150642

Regular Duty (Red Tool)

#99150881

Heavy Duty (Blue Tool)

These Hinge Tweakers are a quick and easy solution to damaged hinges on commercial doors. Simply slide over the hinge to bend it back into shape, allowing the door to operate correctly. The Tweaker is a welded one-piece steel construction with a powder coated and an easy to hold, ergonomic rubber grip. pg. 18-74

SPECIFICATIONS	RED TOOL	BLUE TOOL
Hinge Weight	Standard Weight	Heavy Weight
Hinge Gauge	.134	.180
Barrel Diameter	3/4"	13/16"

High Speed Twist Drill Bit Assortment #23250

Contains 59 drill bits of all sizes for all your high-speed drilling needs. pg. 1-14

Plumber's Silicone Sealant 3 oz.

#61620 White

#61621 Clear

Chatham silicone sealant can be used for applications such as grouting ceramic tile, sealing shower/tub areas, and waterproofing kitchen and bathroom sinks. May be used indoors and out and will cure tack-free in less than one hour at room temperature after exposure to atmospheric moisture. Acetic acid is released during curing, but the odor will disappear after the cure is complete. After 24 hours it will be fully cured to a firm, rubbery solid. pg. 19-22

Closed for Maintenance Magnetic Banner

#61029

An innovative way to temporarily close off a room or space, this door barricade prevents patrons from walking through an opened doorway. These door banners are made to fit 51" wide metal door frames found in commercial facilities. The banners are lightweight, easy to use and connect in seconds. Exceptionally strong magnets are integrated at each end, so there's no twisting, pulling, or stretching involved. pg. 20-7

- Fabricated with durable, rot-resistant nylon materials.
- Conforms to OSHA standards.
- English/Spanish
