RE: Personal Finance Course Change

Good afternoon,

Due to a recent resignation of a math teacher, your student's Personal Finance course has changed from in person to online via Edgenuity effective this Monday, February 12th, 2024. The reason for the schedule change was to be sure that your student receives consistent instruction daily, rather than having various outside substitutes while we are waiting for applicants for the open position. There is no other impact to your student's class schedule and there will be a consistent teacher assigned to their classroom daily to assist them.

I have been in classrooms to talk personally to all students affected over the last week to explain the changes and allow students to ask questions. A certified Cros-Lex math teacher has been assigned to your student's course to provide support as needed and I have informed students that I am willing to come to the classroom as needed as well if they need assistance.

Should you have any questions, please feel free to contact me at the high school via email or phone.

Thank you and Go Pioneers!

Lisa Burns
