Newark Families and Staff,

Chapstick! We spend most of our day at NGS putting chapstick on little, chapped lips. If you have chapstick or vaseline at home, please feel free to send with your little one and we will help them in their classroom.

Great job on all 5th thingsNGS! 😊 MJH students - please check lost and found for your items!

Basketball registration for the 2024 Newark Lisbon Rec Association season is now open! Registration is open to Second year Pre-K to 4th grade students. Please visit [nlrecassociation.weebly.com](http://nlrecassociation.weebly.com) for more information and to register. Registration ends **December 15th.**

NGS Christmas Concert is on Thursday! Doors open at 5:30 pm at MJH. K - 4 students should arrive by 5:45. Flyer was sent home and is attached below. Thank you Mrs. Rowe! We are looking forward to the WNGS singing groups!

Sports Boosters - any spirit wear orders are due December 11th! (flyer below) And, Boosters Valentine's Day Raffle ticket sales have begun! All student athletes have raffle tickets for sale. 28 winners all through February with the big pot on Valentine's Day! All tickets are due in January.

Did you know that you cannot fly a drone over school property without permission? Last week, our 3rd graders and staff spotted a drone flying over the playground during recess time. This brought many concerns and the police were notified. If you know who was flying the drone, please let us know. Again, permission needs to be granted to fly a drone over school property according to FAA requirements.

Please welcome Molly Chapman as our morning crossing guard! Molly will be helping to cross students at the high school cross walk from 7:30 - 8:00 am. Ms. Gabby will walk students down from 3:05 - 3:15 pm. Please help us to keep all of our kids safe!

This week: Penguin Patch Holiday store (M-W). PTO meeting at 6:00 pm on Tuesday/Rosati's Time to Dine. We celebrate our 8th grade BBB and Cheer athletes, along with their families for 8th grade Night at MJH on Wednesday! Congratulations to our 8th grade athletes! Christmas Concert on Thursday. Check out our Student Council 12 Days of Christmas Dress Up Days starting on December 6th! It's a busy month ahead!

Be sure to check the website: [www.ngsd66.org](http://www.ngsd66.org) and the district APP to keep up with all the information! Wishing you a warmhearted week ahead!

Partners in Education,  
Mrs. Turman and Ms. Chase

# Giving Tree

The Holiday season is around the corner and for many of us is merry making time.

However, for some families, this is not the case. Every year, Newark District #66 extends the offer to families in need to list basic winter wishes for their children. Our school staff, outside agencies and PTO are involved in purchasing/donating funds for our families. This year, we are again extending the offer to our school community by setting up a Giving Tree, allowing everyone a chance to give this holiday season.

There will be a Giving Tree set up at Newark Grade School and Millbrook Jr. High with paper ornaments. If you wish to participate, please choose an ornament, which will have the students gender and wished-for gift. Please drop off the gift with the ornament attached as the gift tag to Newark Grade School by December 13th.

We are grateful for the community support this holiday season.

## Keeping your Kids Healthy during Cold and Flu Season

<https://www.mercyone.org/health-and-wellness/health-answers/pediatrics-care/keeping-your-kids-healthy-during-cold-and-flu-season#:~:text=Keeping%20the%20germs%20away,your%20mouth%2C%20nose%20and%20eyes.>

Winter weather means that snow, holidays and the common cold season are in full swing. Most winter illnesses are caused by viruses -- including RSV, influenza, and yes... COVID-19. While most cases of winter illness in children are mild, sometimes they can be severe or lead to complications. Thankfully, mild cases can be easily treated and prevented at home.

### Keeping the germs away

Do your best to avoid illness by preventing the spread of germs as much as possible. This includes washing hands often - especially after your child comes home from daycare or school. Cover your nose and mouth when coughing or sneezing. Similarly, avoid touching your mouth, nose and eyes. Many viruses can survive on dormant surfaces, so regularly disinfect hard surfaces, commonly touched objects (such as doorknobs and light switches) and toys. Do not share towels or wash cloths with a sick person.

### Symptoms and treatment

These viruses can lead to many symptoms ranging from a runny nose to difficulty breathing. It is also important to remember that for most instances of the common cold, antibiotics will not help as antibiotics are for a bacterial illness only. Here are symptoms to watch for:

#### Symptoms

Runny nose or nasal congestion

#### Treatment

For nasal congestion, use nasal saline drops before suctioning your little one's nose. Saline helps to loosen up the mucus and allow you to get more out when suctioning. This can be especially helpful before feeds or a nap.

For older children and adults, nasal saline sprays can also loosen nasal secretions and moisten the nasal lining. If tolerated, sinus rinses can be a great remedy to rid congestion.

Difficulty breathing, coughing and wheezing

A cough is the body's natural way of protecting the lungs from mucus build-up. **Do not** give cough suppressants to most children. If you are considering giving honey as a home remedy, remember that honey should never be given to a child less than one-years-old.

Sipping water or warm tea can help suppress a throat tickle.

If your child has a barky cough or is diagnosed with croup, try having them breathe in the cold air outside or from the freezer. Keep in mind that it is common for a cough to last weeks after initial illness; try to be patient.

Fever

Tylenol or Ibuprofen. Remember that fever is the body's mechanism for fighting a virus or bacterial infection. You do not need to treat the fever. Treat the child. If the child is uncomfortable with fever, treat with fever-reducing medicine. If they are not and the fever is not above 102 degrees rectal, you may not need to treat it. Let the fever do its work.

For more extensive discussion of fever in children and when to treat please see:

<https://www.mercyone.org/health-and-wellness/health-answers/pediatrics-care/keeping-your-kids-healthy-during-cold-and-flu-season>

**Do not give aspirin**

Dehydration

Increase intake of fluids like water. Make sure your child is urinating at least 3-4 times in a 24-hour period. If the child cannot drink without vomiting, try giving sips every 5 minutes. If vomiting continues, seek medical help

Loss of appetite

It is okay if your child does not want to eat solid foods, however it is important that they continue to drink plenty of fluids like water.

Sore throat

For the older kids, cough drops/lozenges and gargling salt water can help soothe sore throat

**Don't fall for common cold myths**

There are many myths that surround the common cold, so don't be fooled! The color or consistency of your child's mucus is not indicative of a bacterial infection. It is okay to receive vaccinations when mildly ill or with a low-grade temperature. And contrary to my own mother's advice, you don't catch a cold from simply going outside with wet hair and drinking a lot of orange juice will not prevent you from getting sick.

Most cases of the mild cold can be safely treated at home with a few easy remedies and supportive measures. The most common complications requiring immediate attention or evaluation include dehydration, respiratory distress or secondary infections. So, keep track of your child's urinary output and monitor for signs of increased difficulty breathing (including fast and heavy breathing, using the muscles between the ribs to breath or flaring of the nostrils). Bring your child in for evaluation if the illness lasts longer than two weeks, if fevers last longer than four days or if your child seemed to be doing better before they got worse again.

## Orders for Sports Booster Close on December 11th!

11/4/2023

Newark-Millbrook PTO  
503 Chicago Rd  
Newark, IL 60541

Dear Parents,

We are writing you on behalf of the Newark-Millbrook PTO to request donations for our annual Daddy/Daughter Dance scheduled for March 9, 2024. The donations are collected to make the raffle baskets and the sales of the tickets will go towards repairs to the school playground equipment, classroom supplies, and other essential educational materials for both the Newark Grade School and Millbrook Junior High.

We are creating gift baskets filled with fun merchandise, gift cards and services generously donated by local businesses (or parent donations) that will be part of the raffle ticket fundraiser at the event.

Should you make a cash donation or donation of goods or services, your business will be recognized at the Daddy/Daughter Dance as well as in the school Enews. We will also provide a donation receipt letter with the PTO's tax exempt ID number for your records.

Donations can be sent directly to Newark Grade School or Millbrook Junior High, or we can pick-up at your convenience. We ask that donations are received no later than Monday, January 29, 2024. If you have any questions or need further information, please contact Gilly Fordyce.

On behalf of the students, parents, and faculty of Newark Grade School and Millbrook Junior High, thank you for your consideration.

Sincerely,

Gilly Fordyce  
PTO President

Karen Greer  
PTO Vice President

## WHAT IS S.A.S.S.?

S.A.S.S. stands for Screening, Assessment and Support Services.

SASS provides emergency screenings to determine the level of care needed (Deflection, Partial Hospitalization Program, and inpatient hospitalization) along with follow up care. S.A.S.S. is a service for students who have Medicaid, a Medicaid Managed Care Plan, are uninsured or under insured only.

## FOLLOW UP CARE

After a child is assessed, regardless of the outcome of the assessment, the child is assigned a case worker for 90 days of service eligibility.

We encourage families to contact schools to continue follow up with the worker to coordinate care if child and parent were willing to sign consent at the time of assessment.

# MAKING A CONTACT/REFERRAL

1

## ASK ABOUT INSURANCE

- S.A.S.S. only covers Medicaid, Medicaid Managed Care Plans, uninsured, or under insured clients.
- If you have private insurance, the guardian may wish to take the student to a behavioral health intake department in their insurance network.

Naperville, IL 60540

Ascension Mercy Behavioral Health  
1330 North Lake Street  
Aurora, IL 60506

2

## PARENTAL CONSENT

- It is required that a parent/guardians be available to provide consent.
- Physical presence in the home by a parent/guardian is required. Be prepared to provide a time and location for evaluation.
- For non-english speaking families, a translator can be requested in your native speaking language.

3

## PROVIDE SAFE LOCATIONS

- Be aware that assessments can take several hours in some cases. Ensure that as the parent/guardian you are able to be near the child until the assessment and recommendations have been concluded.

4

## PLACING THE CALL

- Call CARES (1-800-345-9049).
- Provide detailed information about statements the child has reported or behaviors the child is presenting that warrant parent/guardian concern.
- Please share if the student has made any suicidal, homicidal, self-harm, or other threatening comments. Be specific with workers, quote or provide examples when able.
- If you are concerned that your child is using substances, be prepared to share specific information on regarding your concerns (behaviors, type of possible substance, if you have found substances)
- If you or your family feel unsafe with the child in the home, please share this information with the worker.

**If you feel this is a medical emergency or you are in immediate danger, please call 911**
