Illinois 5Essential Survey is now open!

January 31 - March 29

Dear Families,

Beginning January 31, 2024, students and teachers across Illinois will have an opportunity to participate in the eleventh annual statewide Illinois 5Essentials Survey. This survey is designed to generate a detailed picture of the inner workings of your child's school. As a parent/guardian, this opportunity will allow you to share your thoughts on the important elements of school effectiveness in a survey about your child's school.

On behalf of the Illinois State Board of Education, the 5Essentials Survey will be administered online by [UChicago Impact](#) at the [University of Chicago](#). The survey gathers data related to five indicators that can predict important student outcomes, including improved attendance and larger test score gains. These five indicators that affect and predict school success are:

1. Effective Leaders
2. Collaborative Teachers
3. Involved Families
4. Supportive Environments
5. Ambitious Instruction

Prior research in more than 400 schools has shown that schools that were strong on at least three of these "5Essential" indicators were 10 times more likely to improve student learning gains in math and reading than those that were weak on three or more Essentials.

All teachers and **fourth through 12th grade students** will be responding to this survey. 5Essentials Reports will be generated for schools if their teachers and/or students meet the response rate threshold of 50 percent. These reports will be sent to schools and districts in May and will also be included in the State School Report Card.

Additionally, your district has chosen to provide the optional supplement parent survey. If at least 20 percent of Newark Grade School and Millbrook Jr. High parents/guardians complete this survey, a parent report will also be generated. The parent data will not be included on the State Report Card.

Your participation in the parent portion of the survey will help us understand the conditions at your child's school and guide improvement. Your identity and survey responses will be kept completely confidential and will never be connected to you or your child.

The Illinois 5Essentials Survey for students and teachers will be conducted January 31 - March 29. The Parent Survey Supplement will be conducted during that same period. To take the survey please visit <https://survey.5-essentials.org/illinois/> and select the appropriate survey to begin. For more information about the Illinois 5Essentials Survey, or to view previous years' Reports, please visit <https://www.5-essentials.org/illinois>. If you have any questions or concerns, please contact UChicago Impact Survey Support at 1-866-440-1874 or impact-surveys@uchicago.edu.

WHAT IS S.A.S.S.?

S.A.S.S. stands for Screening, Assessment and Support Services.

SASS provides emergency screenings to determine the level of care needed (Deflection, Partial Hospitalization Program, and inpatient hospitalization) along with follow up care. S.A.S.S. is a service for students who have Medicaid, a Medicaid Managed Care Plan, are uninsured or under insured only.

FOLLOW UP CARE

After a child is assessed, regardless of the outcome of the assessment, the child is assigned a case worker for 90 days of service eligibility.

We encourage families to contact schools to continue follow up with the worker to coordinate care if child and parent were willing to sign consent at the time of assessment.
