Dear Parent or Guardian:

We will be giving your child state-required assessment tests April 4th – April 19th. Students in grades three, four, five, six, seven and eight will be tested in reading and mathematics. In addition, 5th and 8th grades will perform three sections in Science. It is extremely important to have good attendance on testing days. MJH will be testing on April 9, 10, 11. NGS will be testing April 4 – 11.

The tests are a part of the Illinois Assessment of Readiness and are being given to all eligible students. Students will be challenged to apply their knowledge instead of just memorizing facts.

You can help your child do his/her best on these tests by following these guidelines:

- ✓ Make sure that your child attends school on all days of testing.
- ✓ Make sure your child gets a good night's sleep the night before testing.
- ✓ Provide a healthy breakfast on the mornings of testing.
- ✓ Remind your child to ask the teacher questions if he/she does not understand the test directions.
- ✓ Let your child know that you have confidence in his/her ability to do their best.
- ✓ Advise your child not to worry about the test - just do his/her best!
- ✓ Testing materials needed by grades three through eight students are: **Headphones, Number Two pencils and a calculator. (The calculator for grades 6th – 8th only CANNOT be on an electronic device such as a Kindle or iPod, or any kind of phone.)**
- ✓ **Students cannot have phones, smartwatches, or any other technology besides their district issued chrome book for testing.** Any smartwatches/devices can stay with the teacher in the classroom, but cannot be next to the student.
- ✓ Please bring a healthy snack and/or juice, water. We will have a break after testing.

Please contact your child's teacher if you want additional information or have further questions about these tests. We look forward to sharing the IAR results with you. Thank you for your continued support at home.

We're going paperless!

Dear HR Imaging Customer --

After receiving great feedback from our schools and families, we've decided to move to **online-only ordering** for your school for **Spring Portraits**. You'll no longer need to hand out paper order forms, collect returned forms, or send them back to us.

Here's how it will work:

- ▶ On picture day, students receive a take-home card instructing families to sign up for email notifications.
- ▶ Pictures are posted within 5-7 days.
- ▶ Families will have 2 weeks to pick backgrounds and order.
- ▶ After 2 weeks, orders will be printed and shipped to your school.
- ▶ Families can still order after delivery and have portraits shipped to their homes for an additional shipping charge.
- ▶ Families unable to order online can still purchase portraits.
 - ◆ Your school can print order forms from your myschool site.
 - ◆ Families may also contact us directly through our "Contact Us" form at hrimaging.com

If you have any questions, please contact your scheduling representative.
We'll see you soon!

Start Simple with MyPlate

Healthy eating is important at every age. Eat a variety of fruits, vegetables, grains, protein foods, and dairy or fortified soy alternatives. When deciding what to eat or drink, choose options that are full of nutrients and limited in added sugars, saturated fat, and sodium. Start with these tips:

Focus on whole fruits

Include fruit at breakfast! Top whole-grain cereal with your favorite fruit, add berries to pancakes, or mix dried fruit into hot oatmeal.

Vary your veggies

Cook a variety of colorful veggies. Make extra vegetables and save some for later. Use them for a stew, soup, or a pasta dish.

Vary your protein routine

Next taco night, try adding a new protein, like shrimp, beans, chicken, or beef.

Make half your grains whole grains

Add brown rice to your stir-fry dishes. Combine your favorite veggies and protein foods for a nutritious meal.

Move to low-fat or fat-free dairy milk or yogurt (or lactose-free dairy or fortified soy versions)

Enjoy a yogurt parfait for breakfast made with low-fat dairy milk or fortified soymilk. Top with fruit and nuts to get in two more food groups.

Drink and eat less added sugars, saturated fat, and sodium

Cook at home more often to limit added sugars, saturated fat, and sodium. Read the ingredients lists and use [Nutrition Facts labels](#) to compare foods.

Go to [MyPlate.gov](https://www.MyPlate.gov) for more information. USDA is an equal opportunity provider, employer, and lender.

WHAT IS S.A.S.S.?

S.A.S.S. stands for Screening, Assessment and Support Services.

SASS provides emergency screenings to determine the level of care needed (Deflection, Partial Hospitalization Program, and inpatient hospitalization) along with follow up care. S.A.S.S. is a service for students who have Medicaid, a Medicaid Managed Care Plan, are uninsured or under insured only.

FOLLOW UP CARE

After a child is assessed, regardless of the outcome of the assessment, the child is assigned a case worker for 90 days of service eligibility.

We encourage families to contact schools to continue follow up with the worker to coordinate care if child and parent were willing to sign consent at the time of assessment.
