

# St. Paul High School Parking Permit 2023-2024

Parking Pass # \_\_\_\_\_

St. Paul High School requires parking passes each year to help keep track of our drivers and their vehicles. Please return this form to the office and pick up your parking pass during the first week of school. All students driving to school need to register their car(s) to be able to park on campus legally. Safe driving rules/regulations will be adhered to. Please refer to pages 23 & 24 in your student handbook. (Printed on the back of this page.)

## DRIVING RESPONSIBILITIES

Driving on school property is a privilege that may be revoked. Any **licensed driver** may drive a vehicle onto the school premises under the following conditions.

- ***All students MUST register their car with the office.***
- All students are to leave their cars locked and parked from the time they arrive in the morning until they leave the school grounds
- Faculty and other employees are assigned a parking area on the south and west side of the main building. Students are not allowed to park in these areas. All students are to park away from the building between 7:30 am and 3:30 pm. Failure to do so will result in disciplinary consequences.
- Students' cars are not to leave the school grounds during the lunch break or at any other time without prior parental permission and approval from the principal or designee. Students permitted to use their cars are not allowed to give rides to other students unless they are siblings.
- Violations of driving or parking regulations may result in the student being liable for forfeiture of the privilege to drive a vehicle on school district premises and or suspension from school.
- During school bus traffic, loading, and unloading, students shall avoid driving between the loading/unloading zones from the time school is dismissed until all buses have departed.
- The speed limit for vehicles on school property is 10 mph.
- Pedestrians have the right of way in the parking lot.
- Students are to keep away from all vehicles.
- Students will park in the designated area as well as in the proper lines.
- Students will not "rev" their engines, spin their tires, or drive in a manner that is perceived to be dangerous by others.
- Hunting rifles and other weapons are not to be brought to school and remain in a student's vehicle (i.e., weapons laws) Students who hunt should be mindful of this situation.
- It is not the intent of this policy to restrict students driving to school who need to do so, but it does propose to restrict unnecessary/unsafe driving at all times.
- Students who have questions concerning these restrictions should discuss their concerns with the school principal.
