Welcome to St. Paul Elementary School! This handbook will help you learn more about the people, programs, and policies of St. Paul Elementary School. The topics are listed in alphabetical order so that you will be able to locate information quickly.

Letter from the Principal:

Dear Parents, Students, and all members of the St. Paul community.

The mission of our school is to provide a safe and progressive learning environment for every child that comes through our doors. In order for students to be successful academically, socially and emotionally they must first feel welcome and safe in their school environment. In order to help create these conditions our school follows the All-S.T.A.R. behavior model.

Student behavioral expectations will be reviewed by your classroom teacher and are posted throughout the building. This same information is provided to parents in this handbook. We hope as parents you can help reinforce the importance of All-STAR behavior for our students.

ADMISSION

A student seeking enrollment in the district for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy (JEC) and administrative regulations. Students and their parents should contact the office for admission requirements.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons law and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

Alternative education services may (at the discretion of the district) be provided to students expelled from another school district for violation of applicable state or federal weapon law and who subsequently become a resident of the district.

ATTENDANCE

Attendance and punctuality are important. The ability to be present and on time are good habits to reinforce at an early age. Students who are consistently late miss important elements of instruction.

Students are considered tardy if they are not in the classroom at 8:00 AM. If a student arrives at school after 8:00, he/she is to check in at the office with the parent prior to going to class.

If a student is going to be absent due to illness or other unexpected event, the parent should call the school by 8:15 am or bring a written note explaining the reason for the absence. These notes are saved as part of the public record.

If it is necessary for a student to attend a health care appointment during school hours, he/she must give a note from his/her parents to his/her teacher. Please notify the office and your child's teacher of all planned absences.

Students who have been absent for more than half of the school day are not eligible to take part in school activities or programs later that day or evening.

Students who are absent ten consecutive days will be dropped from the roll. Excessive or questionable absenteeism or tardiness may result in contact by the building administrator or the regional truant officer for a mandatory meeting or possible citation or other action. Parents may be contacted if their child's absenteeism is averaging more than one absence per month.

All students between the ages of 6 and 18, who have not completed grade 12, are required to attend school unless otherwise exempted by law. School staff will monitor and report violations of the state compulsory attendance law. Any parent who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student's failure to attend school. Failure to send a student to school is a Class C violation of law and is punishable by a court-imposed fine as provided by ORS 339.030.

The district will notify the parent in writing for the following:

1. Letter #1 will be sent after 8 half day absences or 4 full day absences in any consecutive four week period, or the combination of half and full days to reach the equivalent of 80%). The parents are notified and a copy is kept at the school.
2. Letter #2 will be sent if in two weeks the student still has irregular attendance (2 unexcused absences). The parents are notified and a copy of the letter is kept at the school. The school must require that the parent attend a conference within 1 week to discuss the student's attendance.
3. If the student's attendance fails to improve in 2 weeks after the conference (2 unexcused absences), a third letter will be sent to the parents. The parent is required to resolve the attendance issue within one week. Failure to comply and continued irregular attendance may result in a copy of the letter, along with a current printout of the student's attendance being sent to the Marion County Sheriff's Department so they may proceed with the citation process. The written notification will be in the native language of the parent.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may, under ORS 163.577 (1)(c), be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine of not more than \$600.

ABSENCE PROCEDURE

The procedure is the same for all absences, regardless of cause or length of time.

- The parent should call the school office before 8:15 a.m. on the day of the absence and every day after to inform the secretary. A message may be left on voicemail. If the parent does not call, the school will try to contact the parent by telephone.
- Upon the student's return to school, your child must go to the school office and present the written excuse (if a message was not left) which includes the student's name, reason for the absence, date(s) of absence, and the signature of the parent or guardian.
- A verbal or written excuse must be presented to the office within 48 hours or it will be unexcused.

CHECK-IN AND CHECK-OUT PROCEDURES

It is important that parents check in at the office with their children when they arrive after 8:00 AM or send a note explaining the reason for the tardiness.

Parents need to sign their children out of school anytime they take them from school during the school day. This is necessary for your child's protection as well as for the protection of the school. For safety, when you come to the school to pick up your child, please go to the office, not to your child's classroom. A staff member will go get your child from class or the playground. Many staff members do not recognize all the parents, so this will avoid any unnecessary problems in getting your child and ensure the safety of all children.

If you come to pick up your child before the end of the day, you will need to use the front doors near the office. All other exterior entrances to the buildings will be locked during the school day. Anyone coming into the building will need to come through the front doors.

At the end of the day, parents are asked to pick up their children on the bus porch in line. This helps us control the crowd of children leaving and parents coming.

When school is dismissed, students are to go directly home and not remain on the playground or school grounds. Any student who is going to a place other than his/her primary after school destination must provide a note, email, or phone call from the parent. The office will determine that permission has been granted before allowing the student to leave. A student will not be released to any person without the approval of his/her parents or as otherwise provided by law.

ADDRESS CHANGE

Address, telephone number and emergency information should be given to the office at the beginning of each school year. Any change to this information should be given to the office immediately for your child's records.

BIRTHDAY PARTIES AT SCHOOL

When your child has a birthday during the school year, please feel free to bring commercially prepared healthy treats to the classroom after checking with the classroom teacher as to the best time for the treats. We are trying to help students learn healthy eating habits. Alternative activities are available if you do not wish to have your child participate. Below is a list of ideas for healthy treats.

1. Frozen Fruit Bars (always a great choice!)
2. Fresh fruit slices (apples, oranges, bananas)
3. Snack mixes of cereal and dried fruit with a small amount of nuts and seeds (but make sure students do not have allergies)
4. Raisins and other dried fruit
5. Fresh vegetables

6. Fruit juice and vegetable juice (at least 50 percent full strength) and bottled water

7. Crackers or healthier cookies, such as fig bars or ginger snaps

8. Pretzels

9. Bread products (bread sticks, rolls, bagels, pita bread) with emphasis on whole grain products

10. String cheese

11. Granola bars made with unsaturated fat and zero trans fats

12. Low-fat or skim milk

13. Low fat or nonfat yogurt

14. Canned or fresh fruits

BIRTHDAY PARTIES OUT OF SCHOOL

If your child is inviting students to an outside-of-school party, please do not allow him or her to bring invitations to school to pass out to those invited, unless ALL students in the class are invited. This invariably causes hurt feelings. Please teach your child to be sensitive to the feelings of those not invited to the party and either hand deliver the invitations outside of school or mail them.

COMMUNICABLE DISEASES

Parents of a student with a communicable or contagious disease are asked to telephone the school office so that other students who have been exposed to the disease can be alerted. A student with certain school restricted diseases is not allowed to come to school while the disease is contagious. This restriction is removed by the written statement of the local health officer or a licensed physician (with the concurrence of the local health officer) that the disease is no longer communicable to others in the school setting. For those diseases indicated by an asterisk (*) below, the restriction may be removed by a school official. These diseases include chicken pox*, diphtheria, measles, meningitis, mumps*, whooping cough, plague, rubella, scabies*, staph infections*, strep infections*, tuberculosis, and Coronavirus (COVID-19)*. Parents with questions should contact the school office.

EMERGENCY MEDICAL TREATMENT

A student who becomes ill or is injured at school must notify his/her teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms and submitted by parents to the school. Parents are encouraged to update this information as often as necessary.

If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form. School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment.

HEALTH

Students should be excluded from school if they exhibit:

- Fever greater than 100.4; must be below for at least 24 hours without the use of fever-reducing medicine.
- Vomiting; must be symptom-free for 24 hours.
- Stiff neck or headache with fever; Symptom-free or **
- Any rash with or without fever; Symptom-free or **
- Unusual behavior change, such as irritability, lethargy, or sleepy; Symptom-free or **
- Jaundice (yellow color of skin or eyes); Symptom-free or **
- Diarrhea (3 watery or loose stools in one day with or without fever OR sudden onset of loose stools); must be symptom-free for 24 hours.
- Skin lesions that are “weepy” (fluid or pus-filled); Symptom-free or **
- Colored drainage from eyes; Symptom-free or **
- Brown/green drainage from nose with fever of greater than 100.4 F; Symptom-free or **
- Difficulty breathing or shortness of breath; serious, sustained cough; Symptom-free or **
- Strep Throat Diagnosed by Provider; Must have Antibiotics for 24 hours AND**
- Symptoms or complaints that prevent the student from participating in his/her usual school activities, such as persistent cough, with or without presence of fever, or
- A need for care that is greater than school staff can safely provide.

**** Must have physician clearance to return.**

It is also important for parents to encourage preventative measures.

1. Cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in the trash after you use it OR cough/sneeze into your sleeve.
2. Wash your hands often with soap and water, especially after you cough or sneeze. Alcohol-based hands cleaners are also effective.
3. Avoid touching your eyes, nose or mouth. Germs spread that way.
4. Stay home if you get sick. CDC recommends that you stay home from work or school and limit contact with others to keep from infecting them.

IMMUNIZATION

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical or religious reasons, the student should not be immunized. Proof of immunization may be personal records from a licensed physician or public health clinic.

Any student not in compliance with Oregon statutes and rules related to immunization may be excluded from school until such time as he/she has met immunization requirements. Parents will be notified of the reason for this exclusion. A hearing will be afforded upon request.

MEDICATION AT SCHOOL

The school district recognizes that it may be necessary for some students to take medicine during school hours when the failure to take such medication would jeopardize the health of the student or the student would not be able to attend school if the medication were not made available during school hours. Consequently, students may be permitted to take prescription or nonprescription medication at school with the following provisions:

1. All requests for district staff to administer medication to a student must be made by the parent in writing each school year. Medication Request Form is located at the end of this booklet (**Appendix A**)
2. All requests must include written instructions including the name of the student, name of the medication, route (i.e. oral, inhaler), dosage, frequency of administration and any other special instructions.
3. Written instructions for prescription medications must be made by the physician. A prescription label prepared by a pharmacist will be deemed sufficient for the written instructions only if it contains all of the required information. Any changes must be made by the physician in writing.
4. Written instructions for nonprescription medications will be made by the parent and must include all of the information. Any changes must be made in writing.
- 4A. For nonprescription medication that is not approved by the Federal Drug Administration (**such as essential oils**), a written order from the student's prescriber that includes the name of the student, name of the medication, dosage, method of administration, frequency of administration, a statement that the medication must be administered while the student is in school, any other special instructions, and the signature of the prescriber.
5. All medications are to be submitted in its original container. Prescription medicines are to be fully labeled by the pharmacist. Nonprescription medicines are to have the student's name affixed to the container.
6. All medication is to be brought to and returned from the school by the parent.
7. It is the parent's responsibility to ensure that an adequate amount of medication is on hand at the school for the duration of the student's need to take the medicine.
8. All medication will be kept in a locked container and all doses of medication administered will be documented.
9. Self-medication for students is not allowed except for medicines that must be with the student for emergency access. The necessary permission forms and instructions must be in place and the school nurse must make a nursing assessment and plan.
10. The district reserves the right to reject a request to administer medications when taking such medication during school hours is not necessary for the student to remain in school.

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM

The possession, selling and/or use of illegal and harmful drugs, alcohol and tobacco are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location and while being transported on district-provided transportation. Students in violation of the district's drug, alcohol and tobacco policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct.

Since drug, alcohol and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students, the district has a fundamental and ethical obligation to prevent drug, alcohol and tobacco use and to maintain a drug-free educational environment.

An aggressive intervention program to eliminate drug, alcohol and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol and tobacco prevention curriculum will be taught annually to all students.

The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of illegal drug, alcohol and tobacco use.

The district's drug, alcohol and tobacco prevention program will be reviewed and updated annually. Parents are encouraged to contact the counseling office for information on district and community resources available to assist students in need.

LOST AND FOUND

Any articles found in the school or on district grounds should be turned in to the school office. Unclaimed articles will be donated at the end of each semester. Loss or suspected theft of personal or district property should be reported to the school office.

PARENTAL INVOLVEMENT

Education succeeds best when there is a strong partnership between home and school. As a partnership thrives on communication, the districts ask parents to:

1. Encourage their students to put a high priority on their education and to commit themselves to making the most of the educational opportunities the district provides;
2. Keep informed on district activities and issues. The elementary newsletter is published weekly, "Back to School" information is sent in the fall, mailings, and PTC meetings provide opportunities for learning more about the district;

3. Become a district volunteer. For further information, contact the principal or classroom teacher;

4. Participate in district parent organizations. The activities are varied, ranging from fundraising to the building's site council, with its emphasis on instructional improvement.

PARENTAL RIGHTS

Parents of students may inspect any survey created by a third party before the survey is administered or distributed by the school to students. Parents may also inspect any survey administered or distributed by the district or school containing one or more of the following items:

- Political affiliations or beliefs of the student or the student's parent;
- Mental or psychological problems of the student or the student's parent;
- Sex behavior or attitudes;
- Illegal, anti-social, self-incriminating or demeaning behavior;
- Critical appraisals of other individuals with whom respondents have close family relationships;
- Legally-recognized privileged or analogous relationships such as those of lawyers, physicians or ministers;
- Religious practices, affiliations or beliefs of the student or the student's parents;
- Income, other than that required by law to determine eligibility for participation in a program or for receiving financial assistance.

A student's personal information (name, address, telephone number, social security number) will not be collected, disclosed or used for the purpose of marketing or for selling that information without prior notification, an opportunity to inspect any instrument used to collect such information and permission of the student's parent(s) or the student, if age 18 or older.

Instructional materials used as part of the school's curriculum may also be reviewed by the student's parent(s). Requests to review materials or to excuse students from participation in these activities, including any non-emergency, invasive physical examination or screenings administered by the school and not otherwise permitted or required by state law should be directed to the office during regular school hours.

PERSONAL BELONGINGS

All jackets, lunch pails, or any other items that might be lost through the school year, should have some identification on or in them. Many of the students' jackets are exactly the same and cannot be identified unless they are marked. Please check our Lost and Found bin if you are missing items.

Students are not to bring personal toys or entertainment devices on the bus or to school. These items serve as distractions to the learning process, and there is always the chance they will be damaged or end up missing.

RELEASE OF INFORMATION

The St. Paul School District has identified and may release the following information about a student to news organizations: student's name, address, telephone listing, date of birth, participation in officially recognized activities and sports, members of athletic teams, dates of attendance, degrees and awards received, honor roll, school photographs, and the most recent previous educational agency or institution attended by the student. A parent may, by written notice to the school, prevent the school from releasing any or all directory information relating to his/her child. See the school registration form for specific information.

RELEASE OF STUDENTS FROM SCHOOL

A student shall not be released from school at times other than regular dismissal hours except with the principal's permission or according to school sign-out procedures. The office will determine that permission has been granted before allowing the student to leave. A student will not be released to any person without the approval of his/her parents or as otherwise provided by law.

STUDENT EDUCATION RECORDS

The information contained below shall serve as the district's annual notice to parents of minors and eligible students (if 18 or older) of their rights, the location and district official responsible for education records. Notice will also be provided to parents of minor students who have a primary or home language other than English.

Education records are those records related to a student maintained by the district. A student's education records are confidential and protected from unauthorized inspection or use. All access and release of education records with and without parent and eligible student notice and consent will comply with all state and federal laws.

Personally identifiable information shall not be disclosed without parent or eligible student authorization or as otherwise provided by Board policy and law.

Education records are maintained in a minimum one-hour fire-safe place in the district office by the principal/counselor. Permanent records shall include:

1. Full legal name of student;
2. Name and address of educational agency or institution;
3. Student birth date and place of birth;
4. Name of parent/guardian;
5. Date of entry into school;
6. Name of school previously attended;
7. Course of study and marks received;

9. Credits earned;
10. Attendance;
11. Date of withdrawal from school;
12. Social security number;
13. Other information, i.e., psychological test information, anecdotal records, records of conversations, discipline records, IEP's, etc.

Memory aids and personal working notes of individual staff members are considered personal property and are not to be interpreted as part of the student's education records, provided they are in the sole possession of the maker.

VISITING SCHOOL

Throughout the year, parents are invited to attend school programs and our Fall Open House. Parents are also encouraged to visit their child's classroom for volunteering or observation. Advance notice for classroom visits is appreciated and volunteer times may be set up with the classroom teacher. All visitors must check in at the office. If you need to speak to your child during the school day, the secretary will have your child meet you in the office. Please do not go to your child's classroom to speak to your child as it is a disruption to the class. We DO NOT permit juvenile visitors to visit class at any time during the school day unless they are accompanied by their parents.

Please give at least one day's notice for a request for conferences or classroom visits. While teachers are available for conference by appointment, the principal may be contacted any time during the school day. It may be necessary to make an appointment with the principal if he/she is unavailable during the time you would like to meet.

For the protection of the students and security in the school, it is required that any person entering the building during the school day come directly to the office and sign in before going to any other part of the school. Visitors will wear an identifying badge while they are in the school building. The badges are located by the sign-in sheet.

VOLUNTEERS IN THE CLASSROOM

Teachers organize parent volunteers for their own classrooms.

Teachers depend on parent volunteers to assist with reading instruction as well as with other special projects and learning opportunities. If you have an hour a week you could regularly give to your child's classroom, the teacher would really appreciate the help. We consider our parent volunteers very important to the success of our overall program. All volunteers must fill out a background check each school year before beginning to volunteer. Volunteers need to sign up with a teacher or at the office to receive a schedule and a list of duties to assist with. Volunteers must sign in at the office when entering the building each day.

WITHDRAWAL

Whenever a student withdraws from school s/he must report to the office. With a written request from the parent or guardian stating s/he is withdrawing or transferring to another school. Library books and all textbooks must be returned and all obligations met before records are transferred to another school. Student records will be forwarded to another school upon notice from that school that the student has enrolled. The district will forward education records within 10 days of receiving the request for records. Please allow one full school day to complete the withdrawal process. At any time prior to transfer, a parent or guardian may inspect any of their student's records. Should a parent or guardian wish to challenge the accuracy of any records, a hearing will be scheduled within 45 days of receiving such challenge. The parent or eligible student has the right to file with the United States Department of Education a complaint under CFR S 99.64 concerning alleged failure by the district to comply with the requirement of federal law. The complete text of the district's student records policy is available upon request at the district office.

CURRICULUM / ALTERNATIVE EDUCATION / EDUCATION PROCESS

ALTERNATIVE EDUCATION PROGRAMS

Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon's academic content standards; when necessary to meet a student's educational needs and interests; to assist students in achieving district and state academic content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district will not provide alternative education programs for students expelled for violation of applicable state or federal weapons law.

In-District Alternative Education Programs

1. Tutorial instruction;
2. Instructional activities provided by other accredited institutions;
3. Independent study;
4. Others as approved by the district.

Parents may request additional in-district alternative education programs by submitting written requests to the principal.

COMPUTER USE

Students may be permitted to use the district's electronic communications system to conduct business related to the management or instructional needs of the district or to conduct research related to education consistent with the district's mission or goals. Personal use of district computers, including email access, is strictly prohibited.

The district's electronic communications system meets the following federal Children's Internet Protection Act requirements:

1. Technology protection measures have been installed and are in continuous operation to protect against Internet access by both adults and students to visual depictions that are obscene, child pornography or, with respect to the use of the computers by students, harmful to students;
2. The on-line activities of students are monitored;
3. Access by students to inappropriate matter on the Internet and World Wide Web is denied;
4. Procedures are in place to help ensure the safety and security of students when using electronic mail, chat rooms and other forms of direct electronic communications;
5. Unauthorized access, including so-called "hacking" and other unlawful activities by students on-line is prohibited;
6. Unauthorized disclosure, use and dissemination of personal information regarding students is prohibited;
7. Measures designed to restrict students' access to materials harmful to students have been installed.

The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted, received or contained in the district's information system is the district's property and are to be used for authorized purposes only. Use of district equipment or

software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district's system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including e-mail, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district's system, individuals consent to have that use monitored by authorized district personnel. The district reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned e-mail systems.

Students, who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of district system access up to and including permanent loss of privileges. Violations of law will be reported to law enforcement officials.

COUNSELING

The St. Paul School District offers counseling services for students. Students referred for routinely counseling services will need parent permission in order to receive counseling. Counseling services include, but are not limited to: friendship groups, social skill building, organizational skills, behavior management, coping skills and stress management. The counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, and alcohol or tobacco dependency. The counselor may also make available information about community resources to address personal concerns.

CURRICULUM

The curriculum is not the same for all grade levels, but in general it includes: Literacy/language arts (reading instruction, literature, writing, conventions, speaking), mathematics, science, social studies, health, physical education, art and music. Children are also given time to select and check out library books to read either at school or at home.

English Language Learners: All students complete a Home Language Survey when enrolling. If appropriate, students may be evaluated for proficiency in the English language and if necessary, offered instruction in that area. A student or parent with questions about these programs should contact the building administrator.

In conjunction with the school's language instruction educational program for limited English proficient and immigrant students, parents of limited English students identified for participation, or participating, in such a program will be informed of:

- The reasons for the identification of their student as limited English proficient and in need of placement in a language instruction educational program;
- The student's level of English proficiency, how such level was assessed and the status of the student's academic achievement;
- The methods of instruction used in the program, in which their student is or will be participating, and the methods of instruction used in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction;
- How the program, in which their student is or will be participating, will meet the educational strengths and needs of their students;
- How such program will specifically help their student learns English, and meets age-appropriate academic achievement standards for grade promotion and graduation;

- The specific exit requirements for the program, including the expected rate of transition from such program into classrooms that are not tailored for limited English proficient students, and the expected rate of graduation from secondary school for such programs;

- In the case of a student with a disability, how such program meets the objectives of the individualized education program (IEP) of the student;

- Parental rights that include written guidance:

- Detailing the right to have their student immediately removed from such program upon their request;

- Detailing the options that parents have to decline to enroll their student in such program or to choose another program or method of instruction, if available;

- Assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered by the district.

Talented and Gifted: Students who meet district/state qualifications for Talented and Gifted will have their academic needs met in the regular classroom through differentiated instruction.

Special Needs: Some students who have gone through an evaluation process may qualify for specialized instruction.

Title 1: Some students who have gone through an assessment process may qualify for intervention services in math or reading. The school provides special services for disadvantaged learners. Parents of eligible students are encouraged to become involved in the organized, ongoing planning, review and improvement of the school's Title I program efforts. Notification will be provided of meetings held to inform parents of participating students of the school's participation in and requirements of Title I. Students or parents with questions should contact a building administrator or counselor.

The school will also provide parents, upon request, information regarding the professional qualification of the student's classroom teachers, including, at a minimum, the following:

- Whether the teacher has met state qualification and licensing criteria of the grade levels and subject areas in which the teacher provides instruction;
- Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;
- The baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
- Whether the student is provided services by paraprofessionals and, if so, their qualifications.

Reasonable accommodations will be provided upon request and as required in accordance with the Americans with Disabilities Act of 1990. Disabled persons may contact St. Paul School District's

GRADING SYSTEM

For students in grades 4-6, grades are based upon achievement of common curriculum goals and other criteria as established by individual teachers in a given subject area. The system of grading used in the St. Paul Elementary School is:

A - Excellent

B - Above Average

C - Average

D - Below Average

F - Failure

P - Pass

I - Incomplete (if work is not completed in a reasonable time, an "I" becomes an "F")

For students in grades kindergarten-3rd, academic progress is proficiency based as a written narrative of students' progress in many selected categories.

HOMEWORK

The amount of work taken home will vary with each student according to his/her ability to organize and complete work during regular school hours. Some may seldom need to take school work home. Parents can help students who need to do work at home by doing the following:

1. Provide a study location, complete with needed supplies, as free as possible from interfering conditions.
2. Influence students to follow a regular study schedule.
3. Encourage students to keep up their assignments and not to allow book reports and special papers or projects to drag along only to pile up at the end of the grading period.
4. Balance a student's time so that a proper amount is devoted to study, family, school and community.
5. Take an active interest in the student's progress in school.
6. Contact your child's teacher for assistance in caring for problems relating to homework.
7. Encourage your student to read for pleasure every day of the week.

LEAVING THE SCHOOL GROUNDS

Children are not allowed to leave the school grounds during the school day without permission from the office, parent, and principal. Students are not allowed to go home with another student without **PRIOR WRITTEN PERMISSION** from the parent and such permission presented to the office in the morning.

Each student will have a **PRIMARY DESTINATION** and **METHOD** of **TRANSPORTATION** after school that must be designated by the parent at the beginning of each school year. The destination may be: home, childcare, neighbor's house or other. The method may be: parent/guardian pickup at school, other designee to pick up at school, ride the bus, walk, or bike.

If a student is going somewhere other than the **PRIMARY** or doing something other than the **PRIMARY METHOD** of **TRANSPORTATION**, then he/she needs to bring a note from the parent to the office on the morning of the change. Students who will be riding the same bus but need to get off at a stop other than the regular stop are considered changing their **PRIMARY DESTINATION**, and they also need to bring a note from their parents. Any student leaving the school grounds in a manner other than the usual needs to bring a note to the office from the parent so that we know this arrangement has parental approval.

Students will always be sent to their PRIMARY DESTINATION by their PRIMARY METHOD OF TRANSPORTATION unless we receive a parent note or parent phone call.

PROGRAM EXEMPTIONS

Students may be excused from a state-required program or learning activity for reasons of religion, disability or other reasons deemed appropriate by the district. An alternative program or learning activity for credit may be provided. All such requests should be directed to the principal by the parent in writing and include the reason for the request.

PROMOTION, RETENTION AND GRADE LEVEL PLACEMENT OF STUDENTS

A student shall be promoted from one grade to the next on the basis of academic, social and emotional development. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the student involved.

A decision to retain a student will be made only after prior notification and explanation to the student's parents. The final decision will rest with school authorities. Students in grades k-6 will be promoted or retained in accordance with state and district requirements.

Students will be placed in the grade level or course best suited to meet their needs, based on the district's evaluation of the student's transcript and/or other documentation, assessment, portfolio/work sample evidence, etc., as may be required by the district. If the student is unable to provide appropriate documentation, the building principal or designee will make the grade level or

course determination placement based on district-administered assessment(s) as deemed appropriate.

REPORTING SYSTEM

Report cards are issued every 9 weeks.

Parent conferences take place in November and April. To meet the needs of working parents, conferences in November start at 12:30 and end at 7:30. Conferences in April are from 7:30-3:30. Please make every effort to attend these conferences concerning your child.

SUPPLIES

Students provide themselves with pencils, pen, paper and such supplies as their teacher designates. A supply list will be posted on our website by the middle of June for the following school year in order to allow parents to take advantage of summer bargains.

TALENTED AND GIFTED PROGRAM

The district serves academically talented and gifted students in grades K-12, including talented and gifted (TAG) students from such special populations as ethnic minorities, the economically disadvantaged, the culturally different, the underachieving gifted and students with disabilities.

2. A nationally standardized mental ability test for assistance in identifying intellectually gifted students;
3. A nationally standardized academic achievement test for assistance in identifying academically talented students.

Identified students shall score at or above the 97th percentile on one of these tests. Only students who demonstrate the potential to perform at the eligibility criteria, as well as additional students who are talented and gifted, may be identified.

4. Parent(s) may be provided an opportunity to present additional evidence;
5. If deemed necessary, a formal hearing will be conducted by the district hearings officer utilizing the appropriate procedures;
6. A decision will be made within 20 working days after receipt of the written request for reconsideration. The parents shall be notified of the decision in writing and the decision shall be forwarded to the superintendent;
7. The decision may be appealed to the Board;
8. If the parent(s) is still dissatisfied, he/she has access to appeal to the State Superintendent of Public Instruction following the procedures outlined in the Oregon Administrative Rules (OAR). The district shall provide a copy of the appropriate OAR upon request.

Programs and Services

The district's TAG program and service options will be developed and based on the individual needs of the student.

Programs and Services Complaints

Individuals with complaints regarding the appropriateness of programs or services provided for TAG students should complete the TAG Standards Complaint form available through the school office. All complaints will be reported to the principal who will arrange for a review committee to meet within five school days of receiving the written complaint to review all pertinent information.

A recommendation will be submitted to the superintendent within 10 school days of receiving the original complaint. The superintendent will report the recommendation to the Board whose decision will be final.

The complainant may file an appeal with the State Superintendent of Public Instruction if dissatisfied with the decision of the Board or 45 or more days have elapsed since the original filing

of a written complaint alleging a violation of standards with the district. An appropriate copy of the OAR will be provided upon request.

TEXTBOOKS

Textbooks are loaned to students without charge on the condition that any loss or damage beyond normal wear shall be paid by the students. The loss or damage is assessed on the replacement cost of the book. Students are responsible to return the book issued to them to the issuing teacher.

TRANSCRIPT EVALUATION

Transfer credits/grade level and attendance may be accepted or rejected at the discretion of the district consistent with Oregon Administrative Rules and established district policy, administrative regulation and/or school rules.

DAMAGE TO DISTRICT PROPERTY

St. Paul staff and students are proud of the school and appreciate the investment made by the patrons of this community for its use. All students are to respect this tradition and refrain from marking or damaging any school property.

A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. The district will notify students and parents of all such charges. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and the student's grade reports and records may be withheld. See - Fee, Fines and Charges.

Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

Discipline matters will be handled in a fair, firm, objective manner. Every effort shall be made to have individual students accept the responsibility of their actions. Discipline shall be administered with each student in mind but all discipline problems shall be dealt with on the basis of sustaining a consistent adherence to school policies.

SEE Appendix B "Behavior Matrices" for further information.

Detention

A student may be required to serve a detention outside of school hours on one or more days if the student violates the Student Code of Conduct. Parents will be notified of the reason for the detention and arrangements made for the student's transportation on the day(s) of the detention.

- Detentions will be served at the Elementary School in the Supervising Staff's room.
- If a student does not show up for detention, he/she will not be able to participate in any school activities until cleared to do so by the principal.
- Parents will be responsible for transportation before or after the detention.
- Detentions may be given to students for any behavior that is disrespectful of other students, the school, teachers, and/or staff.
- During the detention students will not talk to others, will do their homework or read, will not be allowed to use a computer and will not be disruptive.

Community Service

Students who receive community service will be expected to perform janitorial type services on campus for a predetermined amount of time. These duties will be assigned by the principal. Parents will be notified prior to the start of service.

In-School Suspension (ISS)

Students who are in ISS will be subject to the following rules.

- No food or drink is allowed except during his/her lunch break
- Students are to remain in the ISS area at all times except to use the restroom. Students in ISS are not to leave during passing time, break, or while the other students are at lunch or recess.
- Students are to work on assignments. Students may read recreational materials only after all assignments are completed.
- Students are not to talk with other students at any time.
- At the end of ISS, students are to vacate the school premises immediately. If the ISS ends during the regular school day, students are to return to regular classes immediately. Students may not participate in any extracurricular activity the day of ISS.
- The suspension will end when the student returns to regular classes, usually the morning of the next school day.

- Students who do not follow the rules of ISS shall be liable for further discipline including detention, in/out of school suspension, or expulsion.

Suspension

A student may be suspended from school for up to and including 10 school days for willful violations of the Student Code of Conduct.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.

While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

Schoolwork missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up a missed test without an academic penalty.

Suspension/ISS and Activities

When a student is suspended from school whether it is ISS or out-of-school suspension, h/she is suspended from all school-sponsored activities. The time period is from:

- The end of the school day
- Or earlier, if h/she is sent home before the end of a school day
- If suspended on Friday, the student may not participate in any Friday night, Saturday or Sunday activities.

The suspension ends at the time the principal designates on the suspension letter unless another time has been approved by the principal.

Expulsion

A student may be expelled for severe or repeated violations of the Student Code of Conduct. No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent rights and alternative education provisions as required by law. See alternative education programs and alternative education notice in this handbook.

Discipline of Disabled Students

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a nondisabled student, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student's IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability; the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed.

The district may not suspend for more than 10 days or expel a disabled student or terminate educational services for any behavior, which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearing officer's order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. For the purpose of this request, "injurious behavior" is defined as behavior that is substantially likely to result in injury to the student or to others.

DRESS CODE

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption and avoid safety hazards. The appearance of a student is primarily the responsibility of the student and the parents. We expect students to maintain an appearance which is not distracting to teachers or other students or in any way disrupts the instructional program of the school. We are also concerned about clothing which may be hazardous to the health and safety of the student.

Clothing which is not appropriate for school wear includes, but is not limited to: halter tops, undershirts, shirts with offensive language or language which promotes drug or alcohol use, clothing which exposes the midriff, hats, beach attire, see through clothing/net fabrics, low-scoop shirts, shorts/skirts must be mid-thigh or longer, shoes with high heels or shoes that are floppy or extremely loose. Clothing that is way too big around the waist, drags on the floor or is so wide in the legs that it might impede a student's exit during an evacuation may not be worn to school. 5th and 6th grade students will also follow the Dress Code guidelines in the Middle/High School handbook. In addition the Oregon State Health Department requires that shoes be worn inside the school buildings.

What may be appropriate or safe in one class may not be acceptable in another class. If the dress or grooming of a student is inappropriate for the class, disrupts the educational climate or process, is discriminatory (promoting "hate"), torn, unclean, or is a threat to the health or safety of the

student or any other person, the school will require the student to change his or her dress/grooming and be given a verbal warning. Additional incidence of wearing inappropriate attire parents will be notified and appropriate consequences given.

It is important that students dress appropriately for the weather since much of the recess time is spent outside or under the covered play area. If it is below 50 degrees, only students with appropriate clothing and a coat will be allowed to go outside for recess.

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the principal and may be denied the opportunity to participate if those standards are not met.

The personal appearance of St. Paul Elementary School students is a direct reflection of the pride of the students in our school. Individual teachers or teaching situations may require different dress codes in accordance with safety and health considerations.

SKATEBOARDS, BIKES, SCOOTERS AND IN-LINE SKATES

Students are not to ride skateboards, bikes, scooters, heelys, or in-line skates on school grounds. If these are used for transportation to school, for safety students need to get off and walk once they are on the school grounds. A student may transport a skateboard on the school bus ONLY with special written permission from the principal. The skateboard will be checked with the driver, who will store it safely. Students may store skateboards on which they ride to school in their classroom. When your child uses any of these modes of transportation, please see that he/she is wearing all the appropriate and legal safety gear.

STUDENT SEARCHES

District officials may search the student, his/her personal property and property assigned by the district for the student's use at any time on district property or when the student is under the jurisdiction of the school. Such searches will be conducted only when there is reasonable suspicion to believe evidence of a violation of a school policy, a School Board policy or a law. Searches will not be excessively intrusive in light of the age, gender, or maturity of the student and nature of the infraction. Strip searches are prohibited by the district. District officials may also search when they have reasonable information that emergency/dangerous circumstances exist.

District-owned storage areas assigned for student use, such as cubbies and desks, may be routinely inspected at any time.

Such inspections may be conducted to ensure maintenance of proper sanitation, to check mechanical conditions and safety and to reclaim overdue library books, texts, instructional materials, property or equipment belonging to the district.

Items found which are evidence of a violation of school policy, or law may be seized and turned over to law enforcement or returned to the rightful owner, as appropriate.

Questioning

Should law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the principal or designee will be present, when possible. An effort will be made to notify the parent of the situation.

Parents are advised that in suspected child abuse cases, the Oregon Department of Human Services, Community Human Services, and/or law enforcement officials may exclude district personnel from the investigation procedures and may prohibit district personnel from contacting parents.

TRANSPORTATION OF STUDENTS

A student being transported on district-provided transportation is required to comply with the Student Code of Conduct. Any student who fails to comply with the student code of conduct may be denied transportation services and shall be subject to disciplinary action.

Students will be transported home by their regular bus unless we have written or verbal permission from their parents for them to do otherwise. Please send a note with your child or call the office before 2:00pm if he/she is to ride home with another child or adult. We cannot release your child to another adult without your written or verbal permission.

Bus routes and pickup/drop-off times will be available on the school district website or at the elementary office the week before school begins in the fall.

The first week or so of school, the bus times will be approximate until all variables are worked out for the bus runs. Parents should plan to have children at the bus stop at least five minutes prior to the time listed in the schedule. Parents wishing more detailed information are asked to call Oralia Vargas (Transportation Supervisor) at (503)633-2691.

Transportation Rules

The following rules shall apply to student conduct on district transportation:

1. Students being transported are under the authority of the bus driver;
2. Fighting, wrestling or boisterous activity is prohibited on the bus;
3. Students will use the emergency door only in case of emergency;

Disciplinary Procedures for Violations of Transportation Rules

The following procedures shall be followed when a discipline concern arises on a vehicle serving a regular route or an extracurricular activity:

1. First Citation: Warning: The driver verbally restates behavior expectations and issues a warning citation. The citation must be returned with the parent signature.
