

## **DISTRICT GOALS FOR THE 2023-24 SCHOOL YEAR**

“OUR CHILDREN” – Representing the values of our entire community and the formal and informal influence upon our children, our educational community will focus on student leadership and student decision-making in an effort to influence our culture and or our students’ civic responsibility.

- To offer all students within the Madison Public Schools with a comprehensive student centered and individualized academic support in alignment with the district’s Multi-Tiered System of Supports (MTSS) affording each child with an individualized approach within the teacher planned lesson design and organization.

- Utilizing formal observation data from the 2022-2023 school year, by May of 2024, the “setting of instructional outcomes” will be the designated area of observation foci as indicated by the district’s approved observation rubric.
