

Dryden Community Schools

PLAN TO ADDRESS LEARNING LOSS

2023-2024

DRYDEN
ELEMENTARY
SCHOOL

INTERVENTIONS/INTERVENTIONISTS/COACHES

Interventions: Students received 20 minutes each of ELA and Math interventions daily- built into the daily schedule. Additionally, we had a school wide book for March is Reading Month. In April, we focused on math schoolwide. We have a Math Brag Board and other math activities for the students to participate in.

Interventionists: Karen Roys and Sheila James pull students for ELA interventions beginning the second/third week of school and continuing throughout the school year. Tracy Maday also worked directly with kids daily who needed Math Recovery support.

Coaches: Karen Roys and Kristal White (ISD) provided coaching support to teachers for interventions/instruction. Tracy Maday also supported teachers daily.

RISE UP

November 1, 2022 - June 1, 2023

After school support was provided for students in grades K-6th.

Students received support in ELA and math as well as assignment completion and study skills.

Team: Susan Raymer, Karen Roys, Breanne Palmerini, Lisa Birkett, and Kyrie Howell.

Rise Up

Homework Help/Tutoring/Study Skills

Signature of librarian: _____

Dryden Township Library 2023 Summer Reading Program ALL TOGETHER NOW

1. Turn in your Registration Form and Reading Contract to the Dryden Township Library and pick up your Reading Log.
 2. READ, READ, READ from June 15, 2023 through August 10, 2023.
 3. Turn in your Reading Log by August 10, 2023, to the Dryden Township Library.
- Celebrate your achievement at the ****Happy Camper Ice Cream Trailer on August 10, 2023, from 3:00 PM to 5:00 PM at the Dryden Township Library.**
- **NOTE: The Ice Cream Trailer is only for Dryden Township Library Summer Reading participants.**

ADDITIONAL PROGRAMS

Lapeer County Literacy Cohort Professional Learning Series- Shoring up foundational skills in students (specifically phonics and decoding; COVID created "swiss cheese" in students' foundational skills). Over 13 hours of professional learning with embedded book study of "How To Plan Differentiated Reading Instruction K-3" by Walpole and McKenna.

2nd grade Cohort 2021-22: Susan Raymer, Beth Highley, and Karen Roys attended. By implementing strategies from the professional learning cohort, our 2nd grade had a decrease in 25% at-risk readers from Fall to Spring. (63% of Dryden 2nd graders had IRIPs in fall of 2021, 38% in Spring; Dryden's 2nd grade showed the biggest gains/improvement over any other district's 2nd grade.)

1st and 3rd grade Cohort 2022-23: Jamie Adams, Rebecca Lowe, Jessica Bonesteel, and Breanne Palmerini. We are excited to expand the learning and continue shoring up foundational skills in all 1st, 2nd, and 3rd grade classrooms. (Beth is continuing to use strategies with resource students, as well as Karen with intervention students she sees.)

BK and Kindergarten Cohort 2023-24: Alayna Medley, Vanessa Campbell, and Alyssa Russell. We will learn more about foundational skills and Literacy Essentials #4 and #5 using research supported practices, K-PALS instructional resource, as well as a book study to target phonemic awareness and decoding to accelerate student learning.

Data Analysis Days w/ Teachers 3x a year- Facilitated by coaches Karen and Kristal, teachers have time to analyze student data, form flexible groups, and plan for intentional instruction.

Super Summer Success (reducing the summer slide)- students choose up to 6 books to take home for summer reading at the end of the school year; scheduled book swaps throughout the summer.

DES 2023-24

- Interventions/Interventionists/Coaches- 20 minutes each of ELA and math interventions daily along with coaching support- individual, classroom, and school wide initiatives.
- Launch a new ELA (Bookworms) and a new science (TCI) curriculum.
- School Improvement Data Analysis of NWEA and MSTEP.
- Rise Up will begin October 17 and run through May 30.
- Cardinal Camp preparations are underway to run a 6 week program for students BK-6th grade.
- Summer Reading Success- literacy and the library- is in the planning stages.
- Lapeer County Literacy Cohort Professional Learning Series BK-3. LETRS training through MDE.
- Data analysis days for teachers- three times a year.
- Planning for Parent Ed Camps are in progress .
- Additional programming to be determined.

DES PLANS 2024-25

- Continue interventions/interventionists/coaching- 20 minutes each of ELA and math interventions daily along with coaching support- individual, classroom, and school wide initiatives.
- Curriculum review for Social Studies and math
- School Improvement Data Analysis of NWEA and MSTEP
- Continue Rise Up
- Continue Cardinal Camp for students BK-6th grade.
- Continue Summer Reading Success- literacy and the library.
- Continue professional development in the county as well as through MDE (LETRS)
- Continue Data Days for teachers- three times a year.
- Continue Parent Ed Camps.
- Determine additional programming.

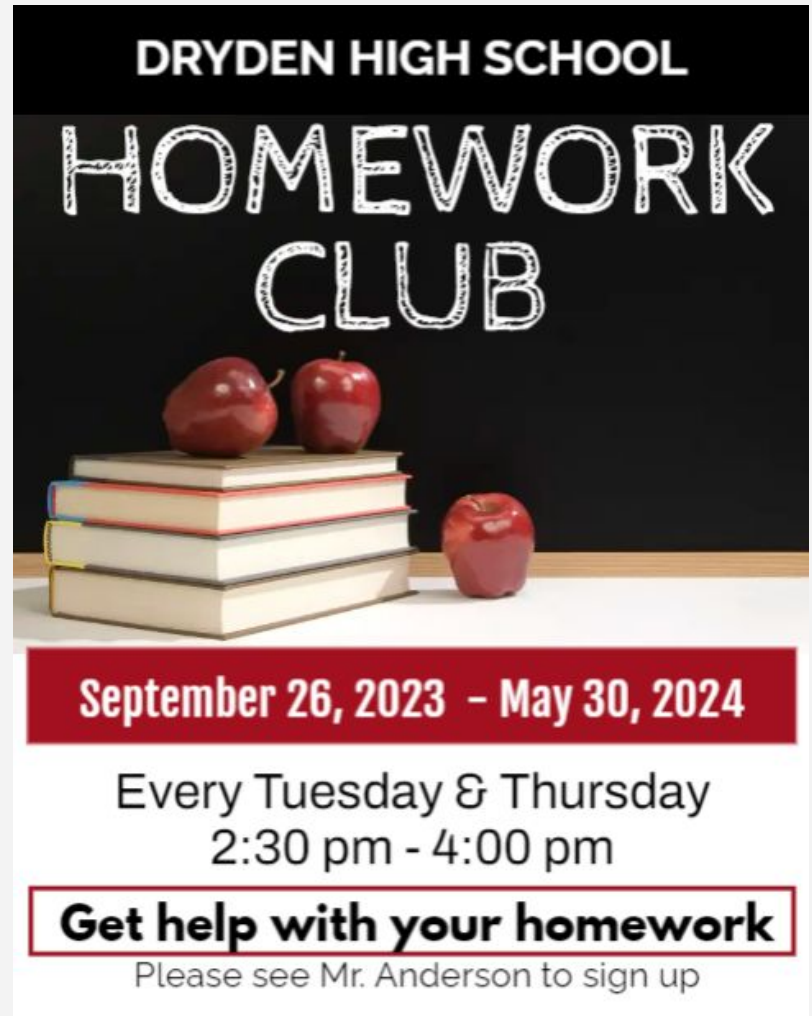

DRYDEN
HIGH
SCHOOL

HOMEWORK CLUB

September 26, 2023 - May 30, 2024

After school tutoring is provided for all students in grades 7-12.

Students receive support on assignment completion and study skills.

A promotional poster for the Dryden High School Homework Club. The top section has a black background with the school name in white. Below that, the words 'HOMEWORK CLUB' are written in a large, white, chalk-like font. The central image shows a stack of four books with three red apples on top and one apple to the side. A red banner at the bottom contains the dates. Below the banner, the meeting days and times are listed. At the very bottom, a red-bordered box contains the text 'Get help with your homework' in bold, with a smaller line of text below it.

SUMMER CREDIT RECOVERY & ADVANCEMENT

June 15, 2023 - August 3, 2023

An 8 week credit recovery program was offered for students to make up credit deficits, or for students to move ahead in their coursework.

Team: Daryl Anderson, Loraine Brinker, Sheryl Czerwinski, Mary Finnigan, Kim Fleming, Teresa Garcia, Tracy Maday, and Amy Yurk

2023 Dryden High School

Summer School Credit Recovery & Advancement Program

Dryden High School is offering online credit recovery and/or advancement for students enrolled in Dryden High School in order to provide students with a medium for achieving academic credit. This opportunity will allow students to work at their own pace to complete necessary academic requirements.

- Each online course is designed to be the equivalent of approximately 60 hours of instruction.
- Students will be required to attend ALL course sessions (3 hours per day) and spend at least 4 additional hours weekly working on course requirements. Late arrivals or early departures are considered an absence.
- Students must spend a minimum of ten hours (10) a week on their online course. However, performing well on the course "pre-test" can significantly reduce the number of hours necessary to complete the course.
- The coursework will be accessible within 24 hours of receiving completed paperwork.
- All coursework and assessments must be completed by the last session. If these are not completed, the student will not be allowed to take the final exam. There are no exceptions.
- If the course is not completed in the allotted number of days, the student will earn a failing grade. There will be no extensions or incompletes.

All sessions meet from 9 a.m. to 12 p.m. the following days (Tuesdays and Thursdays):

- June 15th
- June 20th and June 22nd
- June 27th and 29th
- July 6th (NO SCHOOL JULY 4th)
- July 11th and 13th
- July 18th and 20th
- July 25th and 27th
- August 1st and 3rd

(Final course exam will be taken no later than August 3rd)

Cost:

Each course is free for Dryden High School students. There is a fee of \$100 for any out of district students.

Additional Information:

- If students successfully complete a course early, they are no longer required to attend course sessions.
- Either Mrs. Fleming or Mrs. Finnigan must approve courses.

SUMMER CREDIT RECOVERY & ADVANCEMENT RESULTS FOR SUMMER 2023

of students taking college courses: 19

of courses successfully completed: 24

Total # of college courses attempted: 29

of students taking JH/HS courses: 43

of courses successfully completed: 70

Total # of courses attempted: 94 (24 classes not completed)

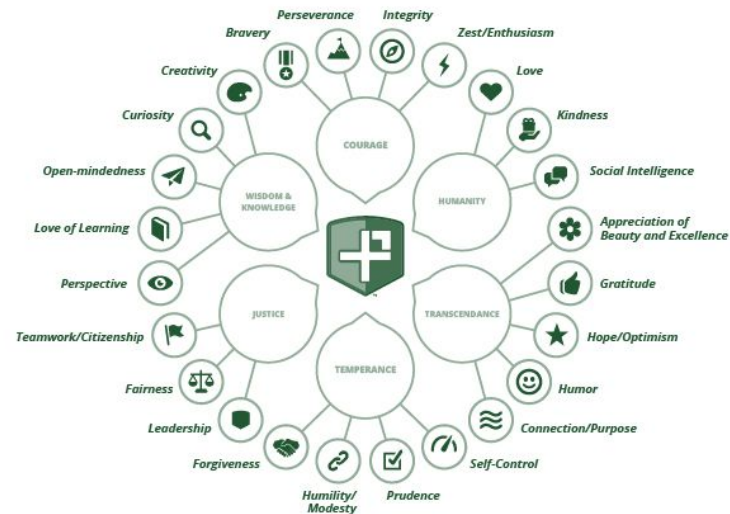

JUNIOR HIGH ADVISORY & HIGH SCHOOL SEMINAR

Each teacher meets with a small cohort of students for the first 15 minutes of each day to support Social and Emotional Learning. Students will be working through a series of lessons and journal activities in support of learning and practicing character strengths and virtues. These include topics such as kindness, integrity, teamwork, perspective, etc.

Each student is paired with a caring adult for the entire year.

CHARACTER STRENGTHS AND VIRTUES

EARLY COLLEGE PROGRAMS

Kory Lohrmann was hired in 2022-2023 as our new Director of Early College Programs to support student success in concurrent enrollment, dual enrollment, and early college programs.

So far, our students are taking 505 college credits for the Fall 2023 semester.

We are also offering nine onsite college courses this year.

transferrable credits, or a program
certificate while in high school.**

ENGLISH & MATH ESSENTIALS CLASSES

English & Math Essentials Courses were added for each 7th Grade student.

Each student will rotate through a series of four elective course during the 7th hour period: English Essentials, Math Essentials, Esports, and Physical Education

English Essentials will cover basic grammar, reading, and writing skills

Math Essentials will cover basic skills such as addition, subtraction, multiplication, division, fractions, decimals, percents, etc

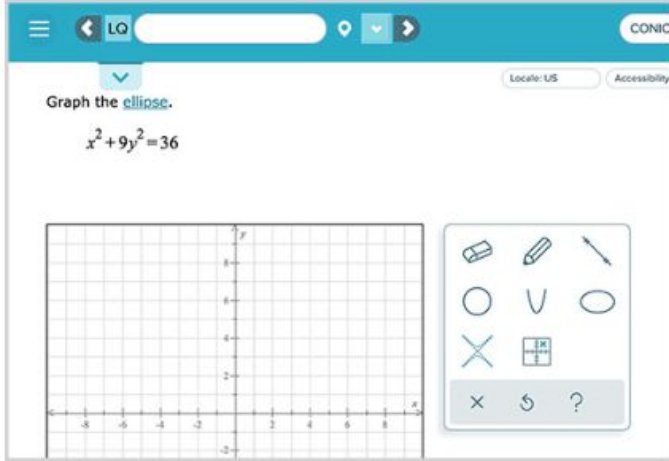

By double dosing students in these core classes we will help them build their skills and confidence in English and math.

ALEKS ADAPTIVE MATH PROGRAM

ALEKS helps students master course topics through a continuous cycle of mastery, knowledge retention, and positive feedback. Each student begins a new course with a unique set of knowledge and prerequisite gaps to fill. By determining the student's baseline of knowledge, ALEKS creates an individual and dynamic path to success where students learn and then master topics.

We are currently using ALEKS with all junior high students.

The screenshot displays the ALEKS interface for a graphing task. At the top, there is a navigation bar with a search bar containing "LO", a location dropdown, and a "CONIC" label. Below the navigation bar, the instruction "Graph the ellipse." is shown, followed by the equation $x^2 + 9y^2 = 36$. The main area features a coordinate plane with x and y axes ranging from -8 to 8. To the right of the graph is a toolbar with various drawing tools: an eraser, a pencil, a line tool, a circle tool, a parabola tool, an ellipse tool, a crosshair tool, and a grid tool. At the bottom of the toolbar are buttons for "x", "y", and "?".

DHS PLAN FOR 2023-24

- Homework Club will begin September 26, 2023 and run through May 30, 2023.
- Math & English Essentials courses for all 7th grade students
- Seminar & Advisory classes for all students to support social emotional learning
- Director of Early College Programs to support early college and dual enrollment student success
- Summer Credit Recovery & Advancement was offered in Summer 2023 (June 15-August 3)
- Department Meetings/Data analysis days for core teachers- 3 times a year
- SAT prep for English & Math
- Additional programming to be determined
