## Request to Address the Board of School Directors

The Board acknowledges the significance of public comment on educational issues and the involvement of the public in Board meetings for effective school governance. However, the Board also recognizes its responsibility for proper governance of the district and the need to conduct its business in an orderly and efficient manner. To ensure fairness and orderliness in the public comment period, the Board will provide a specific time period for public participation.

Public participation will be allowed during the beginning and end of each meeting as per the order of business procedures of the Board. The portion of the meeting during which the public can participate will be managed by the Board President. If you would like to address the Board of School Directors, please read the rules for public comment within school board policy 903
