NOTES:

1) Current law does not allow districts that utilize an extended calendar to also utilize minutes versus days. Our current calendar is based on minutes and has 175 days. If the law stays the same, an extended calendar would have to include 178 days. Days for inclement weather would have to be made up at the end of the year
2) Current law for an extended year calendar requires that there can't be MORE than seven (7) weeks between the end of the previous year and the start of the next year. For this calendar, it would mean school must begin no later than July 20, 2026
