

Bryant Public Schools Strategic Plan 2.0 Stakeholder Survey

Bryant Public Schools' first Strategic Plan went into effect for the 2017-18 school year. The current plan was meant to be a five year plan; however, COVID created gaps in data, so the decision was made to extend it one year.

For the past five years, the district has asked stakeholders to complete a survey to assist us with feedback on progress towards Goals and Priorities. Since the current plan is coming to an end, rather than complete the same survey from the past, it is our goal to obtain input from stakeholders on Goals and Priorities for the Strategic Plan 2.0, to carry us through the next five years.

Each stakeholder only needs to complete one survey. Email addresses are NOT being collected to ensure anonymity. The survey will close at 4pm on Friday, April 21.

We truly appreciate your time in providing input. Our goal is to draft a Strategic Plan 2.0 that reflects the Goals and Priorities of the majority of our students, parents, staff, and community members.
