

Help us bring internet service to ALL our residents and businesses in Mason County.

This market study, co-sponsored by Mason County Board, is a first step to bring better internet services to our region. High speed, reliable internet services are an essential to every aspect of our lives today including jobs, education, health care, and recreation.

Your participation in this study is critically important to our work. The more we know, the better positioned we will be to develop internet solutions for everyone in rural and urban areas alike.
