Create Student

If you cannot find your student's name after searching, you may need to manually **add** your student to your school. If you think there has been a mistake, please reach out to our support team using the green button in the bottom right corner or contact your school directly. You may need to manually **connect their profile and add them** to your school.

- If you are new to Bound and cannot find your child's name , you will need to follow the next step to add your child.
- If you're child is already on Bound, you will simply just select their name from the list.
- Click Register on next page when done and follow prompts to complete student's contact information to move on to uploading physicals and completing Concussion/Code of Conduct forms.

- These three documents need to be completed and/or uploaded before your child is eligible to participate in their activity.
